

Preface

This volume contains the papers presented at the Cyber-Physical Systems (CPS) Workshop 2018 (CPSWS18, <http://www.cpsschool.eu/cps-workshop>), an event held within the CPS Summer School "Designing Cyber-Physical Systems – From concepts to implementation" in Alghero, Italy, on September 17, 2018.

There were 8 submissions. Each submission was reviewed by at least three Program Committee members. The committee decided to accept 6 papers for presentation at CPSWS18.

We would like to thank Program Committee members and the external reviewers of the workshop for their work, as well as the authors who submitted their articles. Finally, we acknowledge the EasyChair team and CEUR-WS.org that helped us in organizing the workshop and producing the proceedings.

Alghero, September 2018

Francesca Palumbo, Christian Pilato,
Luca Pulina, Carlo Sau
Workshop Organizers

Program Chairs

Francesca Palumbo	University of Sassari (Italy)
Christian Pilato	Politecnico di Milano (Italy)
Luca Pulina	University of Sassari (Italy)
Carlo Sau	University of Cagliari (Italy)

Program Committee

João Canas Ferreira	University of Porto (Portugal)
Alessandro Cimatti,	FBK-IRST (Italy)
Eduardo de La Torre	Universidad Politécnica de Madrid (Spain)
Patricia Derler	National Instruments (USA)
Karol Desnos	IETR, INSA de Rennes (France)
Dip Goswami	Eindhoven University of Technology (Netherlands)
Eduardo Juarez	Universidad Politécnica de Madrid (Spain)
Toni Mancini	Sapienza University of Rome (Italy)
Paolo Meloni	University of Cagliari (Italy)
Roberto Passerone	University of Trento (Italy)
Maxime Pelcat	IETR/INSA (France)
Amir M. Rahmani	UC Irvine (USA) and TU Wien (Austria)
Francesco Regazzoni	ALaRI - USI (Switzerland)
Ruben Salvador	Universidad Politécnica de Madrid (Spain)
Armando Tacchella	Università di Genova (Italy)

Additional Reviewers

Iman Azimi	University of Turku (Finland)
Anil Kandur	University of Turku (Finland)
Federico Mari	Sapienza University of Rome (Italy)
Stefano Sinisi	Sapienza University of Rome (Italy)
