About the Workshop

Call for Papers for “Workshop on Applied Computing” soliciting research and good review papers was circulated through emailers and social media platforms. The workshop received seventeen papers and the Technical Program Committee accepted eight papers for oral presentation. Initial screening was done using Turnitin Plagiarism software. The papers were evaluated on the basis of completeness, relevance to the workshop, originality, novelty, technical quality, structure and presentation of the paper and adequate references to previous work. Every paper was reviewed by 3 reviewers and the review comments were shared with the authors for incorporating the suggestions and comments.

The organizers hosted the workshop in online mode from Chennai, India. Workshop was attended by 32 participants in total from India, Peru, Italy, Australia, Morocco, Spain and Egypt.

We are thankful to the CEUR Workshop Proceedings (CEUR-WS.org) advisory and management team for publishing this open access conference proceedings. We thank all the Committee members for their valuable inputs and time, for making this workshop very successful. We thank all the authors and presenters for disseminating their research outcomes through this workshop. We appreciate each and everyone involved to make this conference meaningful.
