Grade: 7
Test Date: Spring 2022
School: Demo School (123-456)
District: Demo District (123)

West Virginia DEPARTMENT OF
EDUCATION

West Virginia General Summative
ELA & Mathematics
Assessment Results

In Spring 2022, Jennifer participated in the administration of the West Virginia General Summative Assessment. The West Virginia Department of Education is pleased to provide you this report on Jennifer's performance on the English language arts (ELA) and mathematics tests.

These online tests are designed to measure student performance on our ELA and mathematics standards in Grades 3-8.

The results from these assessments are an important component of how schools assess students' achievement from the previous school year and plan to assist students in the current school year.

This four-page report includes Jennifer's individual student reports for the ELA and mathematics tests taken this past spring. While information in this report is reflective of the last school year, the information is vital to improving Jennifer's achievement during this school year.

We encourage you to use this report to start a conversation about Jennifer's progress in school so together we can provide the best education for our students as we address learning gaps that might exist.

Sincerely,

W. Clayton Burch
State Superintendent of Schools

Frequently Asked Questions

Why is the West Virginia General Summative Assessment administered?
Each rigorous content area test is aligned to the state content standards and designed to provide information about students. The results from this test, along with your student's performance in the classroom, will give you a more accurate picture of your student's progress toward graduating high school equipped with the knowledge and skills necessary for success.

What information does the test provide?
The assessment is like an academic checkup. It helps teachers and parents/guardians see how students performed after a year of learning. The results can reveal areas where your student is excelling and where your student may need extra help. They also provide valuable information your student's school can use to improve student learning to ensure all students are ready for college and careers when they graduate high school.

Where can I find more information?
Information is available to help you better understand your student's test results. This information and additional resources are available from your student's school and by visiting <https://wvde.us/assessment/learn-more-about-testing>

How should I use this report?
The student report can provide a basis for conversations with your student's teachers. Now is a good time to work together with your student, student's teacher, and principal to utilize the results, along with a variety of other factors, for help in making instructional decisions. As parents and guardians, your involvement is key to your student's success in the classroom and beyond.
