CERT

CERT Disaster Response Best Practices

The Region II National Preparedness Division in collaboration with the National Community Emergency Response Team (CERT) Association held a webinar on CERT Disaster Response Best Practices. This webinar featured speakers from CERT programs across the country who have deployed to disasters.

Recording link: <https://fema.connectsolutions.com/p3l0otgl33tx/>

Effective Interpersonal Communications for CERT Teams

Effective communication skills are the pillars of building relationships, fostering teamwork, and increasing productivity and resilience. Raquelle Solon from FEI Workforce provides information and tools to enhance and improve your communications between each other and for those you serve.

Recording link: <https://icpd.adobeconnect.com/paf1yzreezxd/>

Helping Helpers

Disaster plans primarily focus on how to help crisis survivors, but who's helping the helpers? The police, first responders and CERTs who help people get back on their feet after a disaster need help too. Raquelle from FEI Workforce, a company with a long history in enhancing workforce resiliency, offers insights on how to support first responders.

Recording link: <https://icpd.adobeconnect.com/pyn1ms6psw4v/>

Psychological First Aid for CERT Teams

Join this deep-dive session to learn strategies on how to address psychological stress in yourself, coworkers, or general public during the course of your emergency response.

Recording link: <https://icpd.adobeconnect.com/p1rnz0fody27/>

Trauma-Informed Management of People in Crisis for CERT Teams

What is "trauma" from a psychological standpoint? Find out the answer to this question and how crises effect individuals. Webinar attendees will gain a better understanding of how to recognize signs of stress in coworkers, the general public, or themselves; and develop approaches on how to effectively manage them.

Recording link: <https://icpd.adobeconnect.com/pk9w7lpsodga/>

Children, Youth and Families

Helping Children Cope During COVID-19

The COVID-19 pandemic has brought out emotional reactions in children that may be difficult to cope with. In this webinar, we will discuss strategies and activities to promote positive coping in children. This webinar featured guest speaker, Dr. Ivelisse Morales from AmeriCares Puerto Rico, and was delivered in Spanish.

Recording Link Spanish: <https://icpd.adobeconnect.com/ph7pdkoq5gfg/>

Recording link English: <https://icpd.adobeconnect.com/pb6che1b40ui/>

Safe Learning for Kids

As schools reopen with a virtual learning component, students are spending more time online and are vulnerable to cyber threats. Guest speakers from the Federal Trade Commission discuss cybersecurity for children and offer tips on dealing with cyberbullying. A guest speaker from the Administration for Children and Families discusses how to prepare students for returning to the classroom in a COVID-19 environment.

Recording link: <https://fema.connectsolutions.com/p0vhrf25w2sr/>

Youth Can Help with Preparedness

National Preparedness Month is held every September to promote the way families and communities engage in disaster and emergency planning. One of this year's themes was "Teach Youth to Prepare for Disasters." This webinar includes discussion on how Youth Preparedness Councils (YPCs) can have an impact on improving community resilience and how new emergency and disaster readiness tools and programs geared toward kids are now available online.

Recording link: <http://icpd.adobeconnect.com/p3akzkooqjhz/>

Youth Preparedness and Best Practices

FEMA Region II, along with guest speakers from the State of New Jersey, Burlington, Middlesex and Salem counties discuss how they engage youth in preparedness. Each speaker highlights programs that have proven successful including Youth Preparedness Councils, Teen CERT, Preparedness Summer Camps and more.

Communications

Amateur "HAM" Radio for Emergency Managers

Learn how an amateur or "HAM" radio can be a useful tool before, during and after disasters. "HAM" radio has proven to be indispensable in the aftermath of major hurricanes such as Katrina, Irma and Maria and has historically been a valuable resource in the Response and Recovery phases of many disasters. "HAM" service provides viable communications when standard public safety and commercial telecommunications infrastructure has been severely impacted. This webinar helps to establish a NIMS compliant, AUXCOMM (Auxiliary Communications) program as part of your Emergency Operation Plan.

Create Messaging that Sticks and Helps Inspire Action

Convincing people to plan for and protect themselves from devastating events is not an easy task. Dealing with threats with low probability and high impact can result in indifference to dealing with associated risks. Raising awareness by simply providing information is not enough.

Recording link: <https://fema.connectsolutions.com/ph886kbo57t2/>

Powerful Presentations: Communication Fundamentals to Fully Engage an Audience

Improve your public speaking skills and learn how to effectively engage an audience. Learn techniques to improve presentation skills through audience role play.

Recording link: <https://fema.connectsolutions.com/pn1v121yxwzm/>

Powerful Presentations: Deep Dive Session on Introductions

This webinar is part of a series of communications series that cover techniques to improve public speaking skills on topics in emergency management. This session focuses on how to open a presentation with a well thought-out introduction and how to pique interest with your first words.

Recording link: <https://fema.connectsolutions.com/p389aazx0um1/>

Continuity of Operations (COOP)

Continuity: Why You Should Care and How We Can Help

Continuity ensures that the whole community plans for ways to provide essential services and conduct those functions when normal operations are disrupted. FEMA National Continuity Programs can help you and your organization prepare yourselves to be able to help create a more resilient nation equipped to sustain essential functions and deliver critical services under all conditions.

Recording link: <https://icpd.adobeconnect.com/pimbo13scejk/>

The Continuous Improvement Process: How Your Organization Can Document Lessons Learned from COVID-19

Continuous Improvement (CI) can improve operational and programmatic outcomes by building upon what is going well and correcting what needs to be fixed. Learn what it takes to conduct CI related activities, including how to prepare for and facilitate an After-Action Review. Features representatives from the CI team who also provide real-world examples.

Cybersecurity

Avoiding COVID-19 Cyber Threats

This webinar provided information about various COVID-19 related cyber threats including targeting of remote access services, distribution of phishing campaigns, and compromised websites. Krista Valenzuela, Cyber Threat Intelligence and Analysis Bureau, New Jersey Cybersecurity and Communications Integration Cell covers best practices and provides recommendations to reduce victimization.

Recording link: <https://icpd.adobeconnect.com/pb0w9u5viwtc/>

Cybersecurity and Other Scams Targeting Small Businesses

Often, after a disaster small businesses become targets for fraudulent scams that claim to provide assistance after an emergency. In this webinar FEMA's federal partners provide information on different types of scams and how to avoid them. Additional resources are also provided.

Recording link English: <https://icpd.adobeconnect.com/pcs5p5o2qcft/>
Recording link Spanish: <https://fema.connectsolutions.com/pw383v1y7h73/>

Cybersecurity Essentials and General User Awareness

Now more than ever, due to present circumstances amid COVID-19, we all must depend and rely more on technology for information sharing. This webinar discussed those essential considerations for information technologies with regards to user and system security protection against digital attacks. Guest speakers from our federal partner Cybersecurity and Infrastructure Security Agency (CISA) will join us to discuss this very relevant topics.

Recording link English: <https://icpd.adobeconnect.com/pcs5p5o2qcft/>
