ACCESS TENDERS

Depending on the type of the tender, you can access the offers in two different ways:

- If the event is **open to all suppliers**, you have to follow all the procedures described in the next slides to access the event through the UNGM portal.
- In case of **limited tenders**, you will be **invited to the event** through an email from the e-Sourcing system, with a link to direct you to the page of the event (see slide 10).

Once in the platform you will find the events in the section **My RFX** or in **My RFI/EOI** and, in case of an open event, ➡ click on the tab **RFX Open to all suppliers**.

Follow these steps to respond to an RFX or an RFI/EOI as the steps are identical for both processes.

Please note that any reference to “Buyer” in this document is a reference to “WIPO”.

The screenshot shows the 'My RfXs' section of the WIPO e-Sourcing platform. The interface includes a sidebar with navigation icons (Home, Dashboard, Search, Profile) and a main content area. The main content area has a header with 'My RfXs' and 'RfXs Open to all Suppliers' tabs. Below the tabs is a filter section with a dropdown menu set to 'All RFQs' and a search input field labeled 'Enter Filter (type to start search)'. At the bottom, there is a table header with columns: Code, Title, Project Code, Closing Date, Status, Response Status, and Buyer Organisation.
