1/ Budget Request includes amendments transmitted on
May 9, 2023

DIVISION C—COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES APPROPRIATIONS ACT, 2024

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in Senate Report 118-62 (“the Senate report”) carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement or the act. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. In cases where the Senate report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this act shall follow the directions set forth in this act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this act; unobligated balances from previous appropriations acts that are available for obligation or expenditure in fiscal year 2024; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2024. These procedures are specified in section 505 of this act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project, or activity cited in this explanatory statement, or in the Senate report and not changed by this act, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies shall not submit reprogramming notifications after July 1, 2024, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 528 of this act, each department and agency funded in this act shall submit spending plans, signed by the respective department or agency head, for the Committees’ review not later than 45 days after the date of enactment of this act.

The Government Accountability Office (GAO) shall conduct ongoing reviews of large National Aeronautics and Space Administration (NASA) projects and major research equipment and facilities construction at the National Science Foundation, with reports to the Committees on a semiannual basis. The agencies shall provide access to all necessary data, as determined by GAO, in order for these reviews to be completed and provided to the Committees in a timely manner.

The departments and agencies funded in this act are directed to submit reports by the deadlines detailed herein or to provide advance notification if there is sufficient reason why deadlines cannot be met, along with the expected date of submission.

Some enduring reporting requirements from previous appropriations laws may no longer be necessary for congressional oversight purposes. In the interest of reducing government waste and expediting responses to current report mandates, each department or agency is invited to submit a list of reporting requirements that it considers outdated or no longer relevant for the review of the Committees. Any list submitted for review shall cite the original authority, as well as a justification for eliminating each reporting requirement.

For fiscal year 2024, all agencies and departments funded in this act are directed to follow prior year direction adopted in Public Law 116-93, on the following topics for this fiscal year: “Fighting Waste, Fraud, and Abuse,” “Federal Vehicle Fleet Management,” “Reducing Duplication and Improving Efficiencies,” “Reprogrammings, Reorganizations, and Relocations,” “Congressional Budget Justifications,” “Reporting Requirements” and “Reductions-in-Force.”

The agreement urges the Departments of Commerce and Justice, the National Science Foundation, and NASA to work with the Office of Management and Budget to reduce printing and reproduction costs and directs each agency to report to the Committees within 60 days of enactment of this act on the steps it has taken to achieve this goal. The report should specifically identify how much funding each agency expects to save by implementing these measures.

The agreement directs each of the agencies funded by this act to comply with 31 U.S.C. 1115, including the development of their organizational priority goals and outcomes such as performance outcome measures, output measures, efficiency measures, and customer service measures. The agreement further directs agencies funded in this act to report on their plans to comply with the requirements of 31 U.S.C. 1115 within 90 days of enactment of this act.

Each agency funded in this act shall ensure that its employees understand and are in compliance with 5 C.F.R. 2635.101.

TITLE I

DEPARTMENT OF COMMERCE

INTERNATIONAL TRADE ADMINISTRATION OPERATIONS AND ADMINISTRATION

The agreement includes \$623,000,000 in total resources for the International Trade Administration (ITA). This amount is offset by \$12,000,000 in estimated fee collections, resulting in a direct appropriation of \$611,000,000.

For fiscal year 2024, ITA is directed to continue following the directive under the heading “Antidumping and Countervailing Duties (AD/CVD) Evasion” in the joint explanatory statement accompanying Public Law 117-328.

Travel and Tourism.—The agreement provides up to the requested level of \$3,500,000 for ITA to implement the “Visit America Act.”

Aluminum Import Monitoring (AIM).—The agreement encourages ITA to regularly consult with U.S. aluminum manufacturers to ensure the AIM system supports the full value chain of the U.S. aluminum industry.

Indo-Pacific Operations.—The agreement notes that trade is an area of cooperation frequently requested by Pacific Islands nations and provides an opportunity for the United States to reinforce itself as the partner of choice in a region with increasing competition from the People’s Republic of China (PRC). The agreement directs ITA to provide a report to the Committees, no later than 180 days after the enactment of this act, that summarizes Foreign Commercial Service (FCS) operations in the Indo-Pacific and details any proposals for increasing U.S. business and investment in the region.

State Department Coordination.—The agreement acknowledges the PRC’s unfair trade practices and economic coercion, in particular, as part of its Belt and Road Initiative. The agreement directs FCS to coordinate with the U.S. Department of State to ensure FCS officers are aligning their activities with U.S. foreign policy and located in regions critical to strategic competition, including competition with the PRC. The agreement further directs ITA to provide a report to the Committees, no later than 180 days after the enactment of this act, summarizing its coordination efforts with the State Department.

Ukraine.—The agreement directs ITA to provide a report to the Committees, no later than 180 days after enactment of this act, identifying ways to facilitate the expansion of U.S. economic engagement with Ukraine. The report should identify ways to increase direct engagement with Ukrainian businesses and ITA programs that could be harnessed to assist with Ukraine’s agricultural sector while enhancing U.S. export competitiveness.

Supply Chain Resilience.—The Senate report language under this same heading is clarified to encourage ITA, within the funds provided, to establish a supply chain resiliency office within Industry and Analysis. The agreement also encourages ITA, within funds provided, to prioritize efforts to support the resiliency of supply chains that are critical to U.S. national security and economic competitiveness.

United States-Mexico-Canada Agreement (USMCA) Secretariat.—The agreement provides up to the fiscal year 2023 enacted level for ITA to continue to support the U.S. Section of the Secretariat, authorized by the USMCA Implementation Act (Public Law 116-113).

Rural Export Assistance.—The agreement encourages ITA to prioritize expanding international trade opportunities for rural businesses. The agreement provides no less than the fiscal year 2023 enacted level for rural export centers (REC) and no less than \$1,500,000 for the national rural export center. Prior to obligating funds to open any new REC, hire additional staff based at such new centers, and modify existing rural export centers, ITA shall submit a detailed spending plan, which shall include a staffing plan and a justification for the establishment of any new center or modification of an existing center.

Section 232 Tariff Exclusions.—The Senate report language under this heading is clarified to provide up to the fiscal year 2023 enacted level to support the review of requests for exclusion from steel and aluminum tariffs applied under section 232 of the Trade Expansion Act of 1962.

BUREAU OF INDUSTRY AND SECURITY OPERATIONS AND ADMINISTRATION

The agreement includes \$191,000,000 for the Bureau of Industry and Security (BIS).

Supply Chain Security.—The agreement supports the enforcement and implementation of BIS’s responsibilities related to Executive Order 13873, “Securing the Information and Communications Technology and Services Supply Chain.”

Export Control Reform Act.—BIS is encouraged to identify emerging foundational technologies and establish appropriate controls pursuant to section 1758 of Public Law 115-232.

Multilateral Export Control Regimes.—The agreement directs BIS to report to the Committees, not later than 180 days after enactment of this act, on a strategy for working with partners and allies on a bilateral or plurilateral basis to secure binding commitments to control technologies of foreign adversaries that could support military modernization or human rights abuses.

BIS Efforts Relating to the PRC.—BIS is directed to report to the Committees, no later than 90 days after enactment of this act, on the resources, staffing, and operational capability needed to adequately conduct licensing, review, targeting, and enforcement activities as they relate to entities under the control of the PRC.

American Manufacturing.—The agreement encourages BIS to continue engagement with Congress on efforts to reinvigorate American manufacturing.

Export Control Regulatory Compliance Assistance.—In addition to the language in the Senate report under the same heading, the agreement clarifies that BIS shall also work with ITA U.S. Export Assistance Centers as BIS engages with small- and medium-sized exporters to conduct export control outreach and education events that target small- and medium-sized exporters.

ECONOMIC DEVELOPMENT ADMINISTRATION

The agreement includes \$468,000,000 for the programs and administrative expenses of the Economic Development Administration (EDA).

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

The agreement includes \$400,000,000 for Economic Development Assistance Programs. Any deviation of funds shall be subject to the procedures set forth in section 505 of this act. Funds are to be distributed as follows:

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS
(In thousands of dollars)

Program	Amount
Public Works	\$100,000
Partnership Planning	34,500
Technical Assistance	14,000
Research and Evaluation	2,000
Trade Adjustment Assistance	13,500
Economic Adjustment Assistance	33,000
Assistance to Indigenous Communities	5,000
Assistance to Coal Communities	75,000
Assistance to Biomass Communities	4,500
Regional Innovation Program Grants	50,000
Good Jobs Challenge	25,000
Regional Technology and Innovation Hubs	41,000
STEM Apprenticeship Program	2,500
Total, Economic Development Assistance Programs	\$400,000

Economic Assistance for Communities.—The agreement encourages EDA to treat as acceptable, any funding provided by other Federal programs that are explicitly authorized to be used for any required non-Federal share of the cost of a project so that funding from both agencies may be used if necessary and to the extent permitted by law.

Assistance to Coal Communities.—The agreement provides \$75,000,000 for Assistance to Coal Communities. To diversify and enhance economic opportunities within the Appalachian region and within other regions across the country that have been economically impacted by job losses in coal mining, plant operations, and related supply chains, the agreement expects EDA to work creatively to transform historic and transitioning coal communities.

Regional Innovation Program (RIP).—The agreement provides \$50,000,000 for RIP grants. The agreement also urges EDA to invest in university based, high-tech business incubators to diversify distressed manufacturing communities and legacy urban and rural communities by encouraging entrepreneurship and patent creation, and promoting technology commercialization through business startups. The agreement further encourages EDA to support the development of regional innovation clusters that focus on advanced wood products.

Regional Technology and Innovation Hubs (Tech Hubs).—The agreement provides \$41,000,000 for the Tech Hubs program and

clarifies that EDA may award planning grants and implementation grants. The agreement encourages EDA to support consortia that have developed proven regional strategies that bridge urban and rural economies to deliver innovative solutions in partnership with rural areas.

Working Waterfronts.—Working waterfronts have long been an important component of the U.S. economy supporting commercial and recreational activities. Within funding provided, no less than \$5,000,000 is for projects to revitalize, expand, and upgrade the physical infrastructure of working waterfronts to attract new industry, encourage business expansion, diversify local economies, and generate or retain long-term private sector jobs and investment.

SALARIES AND EXPENSES

The agreement includes \$68,000,000 for EDA salaries and expenses.

**MINORITY BUSINESS DEVELOPMENT AGENCY
MINORITY BUSINESS DEVELOPMENT**

The agreement includes \$68,250,000 for the Minority Business Development Agency (MBDA).

Business Center and Specialty Project Center Programs.—The agreement adopts the Senate language under the heading “Native Entities” and encourages MBDA to coordinate with the Department’s Office of Native American Business Development on these efforts.

ECONOMIC AND STATISTICAL ANALYSIS

SALARIES AND EXPENSES

The agreement includes \$125,000,000 for Economic and Statistical Analysis (ESA).

Data Transparency.—The agreement provides up to \$5,000,000 for private data acquisition and directs ESA to use a competitive process when soliciting private sector data.

BUREAU OF THE CENSUS

The agreement includes \$1,382,500,000 for the Bureau of the Census (“Census Bureau”). The agreement approves the requested technical adjustments (transfers) in the agency’s congressional budget submission.

Cyber Vulnerabilities.—The agreement directs the Census Bureau to prioritize cyber protections and high standards of data differential privacy, while also maintaining the accuracy of the data. The Census Bureau is expected to keep the Committees updated on these efforts.

CURRENT SURVEYS AND PROGRAMS

The bill provides \$328,500,000 for the Current Surveys and Programs account.

Population Estimate Challenge Program.—The agreement provides up to \$6,200,000 to support the Population Estimates program and to improve the annual estimates upon which communities across the country rely.

PERIODIC CENSUSES AND PROGRAMS

The bill provides \$1,054,000,000 in direct appropriations for the Periodic Censuses and Programs account.

Ask U.S. Panel Survey.—The Census Bureau is directed to provide a report to the Committees, no later than 90 days after enactment of this act, on the Ask U.S. Panel Survey’s methodology, data collection processes, implementation, incurred and projected costs, procurement strategy, and plans to address any recommendations made by the Department’s Office of Inspector General (OIG).

**NATIONAL TELECOMMUNICATIONS AND
INFORMATION ADMINISTRATION**

SALARIES AND EXPENSES

The agreement includes \$57,000,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA).

Advanced Communications Research.—The agreement provides up to the fiscal year 2023 enacted level for Advanced Communications Research.

Office of Internet Connectivity and Growth.—The agreement provides up to the fiscal year 2023 enacted level for the Office of Internet Connectivity and Growth.

Rural Broadband Coordination.—The agreement encourages NTIA to equally prioritize the deployment of the Nationwide Public Safety Broadband Network (NPSBN) in rural communities and in urban areas.

Broadband Equity, Access, and Deployment Program.—The agreement directs NTIA to conduct a cost-benefit analysis of the most efficient and economical means of broadband deployment to connect unserved rural areas and report to the Committees on its findings no later than 180 days after the enactment of this act.

FACILITIES MANAGEMENT AND CONSTRUCTION

The agreement includes \$2,000,000 for necessary expenses for the design, construction, alteration, improvement, maintenance, and repair of buildings and facilities managed by NTIA.

**UNITED STATES PATENT AND TRADEMARK
OFFICE**

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes language making available to the United States Patent and Trademark Office (USPTO) \$4,195,799,000, to be derived from offsetting fee collections estimated for fiscal year 2024 by the Congressional Budget Office.

**NATIONAL INSTITUTE OF STANDARDS AND
TECHNOLOGY**

The agreement includes \$1,460,000,000 for the National Institute of Standards and Technology (NIST).

**SCIENTIFIC AND TECHNICAL RESEARCH AND
SERVICES**

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$1,080,000,000 for NIST’s Scientific and Technical Research and Services (STRS) account. Unless otherwise specified, the agreement clarifies that all programs identified in the Senate report are funded up to the fiscal year 2023 enacted levels.

Forensic Sciences.—The agreement provides funding for forensic science research, including up to \$3,500,000 to support the Organization of Scientific Area Committees, up to \$1,500,000 for a competitive Standards Development Organization grant, and up to \$1,500,000 to support technical merit evaluations.

Digital Twins.—The agreement supports digital twins as a tool for intelligent decision-making in key U.S. industries and encourages NIST to partner with non-governmental organizations and other Federal agencies to create a testbed for development of best practices and interoperability standards for the implementation of digital twins throughout U.S. industry and across the Federal Government.

Synthetic Biology.—The agreement encourages NIST to sustain and expand its work to develop synthetic biology metrology and standards in alignment with Public Law 117–167. The agreement directs NIST to provide a report to the Committees, no later than 180 days after the enactment of this act, detailing its five-year plan to advance research innovation in synthetic biology and the resources required, including projected and out year costs, as well as staffing to implement this plan.

Cybersecurity and Privacy Standards.—The agreement supports the following areas up to

the fiscal year 2023 enacted level: vulnerability management; cryptography and privacy programs; identity and access management; software security; infrastructure with a particular focus on Domain Name System and Border Gateway Protocol security; improving usability of cybersecurity; the National Initiative for Cybersecurity Education with a particular focus on expanding the office and personnel capacity to support the workforce requirements authorized in Public Law 116-238; and Internet of Things security.

Critical and Emerging Technologies.—The agreement includes no less than the fiscal year 2023 enacted level to support NIST's standards development work across areas of critical and emerging technology. Within the funds provided, NIST is encouraged to increase support for the four areas outlined in the agency's budget submission: artificial intelligence, quantum information science, biotechnology, and advanced communications research and standards.

Cybersecurity Education.—In addition to the directive in the Senate report under the heading "Cybersecurity" the agreement encourages NIST to support regional alliances and multistakeholder partnerships as detailed in section 303(f) of the Cybersecurity Enhancement Act (Public Law 113-274). The agreement further encourages NIST to support national cybersecurity challenges as authorized in section 205 of the Cybersecurity Enhancement Act.

Cloud Computing.—The agreement encourages NIST to publish descriptions and definitions of the latest cloud characteristics, service models, deployment models, and multi-cloud. The agreement encourages NIST to include in its description of "multi-cloud" the characteristics of software technology that allow for data, application, and program portability. Additionally, the agreement encourages NIST to consider interoperability between multiple cloud computing software vendors and between public, private, and edge cloud environments.

Research on Age Verification and Age Estimation Technologies.—The agreement directs NIST, as part of its ongoing research and testing under sections 10226 and 10223 of Public Law 117-167, to include research and testing of age verification and age estimation technologies, in consultation with the Federal Trade Commission, and in compliance with all applicable laws.

Cybersecurity.—Consistent with the recommendations adopted in Public Law 117-328, the agreement encourages NIST to provide updates on reducing its Cryptographic Module Validation Program (CMVP) backlog. Additionally, the agreement urges NIST to consider liaising with or detailing qualified cryptographic professionals from other parts of the Federal Government. The current CMVP backlogs pose a potential security risk to Federal Information Processing Standards, which will only increase as emerging quantum computing challenges grow. The agreement encourages NIST to continue its ongoing efforts to streamline the review process and provide updates about planning for new announcements and future requirements.

Sustainable Mass Timber Construction Materials.—The agreement encourages NIST to continue support for emerging industries, including cross-laminated timber.

Artificial Intelligence (AI).—The agreement provides no less than the fiscal year 2023 enacted level for NIST's ongoing AI research and measurement science efforts and to execute its responsibilities pursuant to Executive Order 14110, "Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence." Within the funds provided, up to \$10,000,000 is available for the establishment of a U.S. AI Safety Institute.

Blockchain Research at the National Cybersecurity Center of Excellence (NCCOE).—The agreement encourages the NCCOE to research challenges with blockchain and distributed ledger technologies and to leverage the resources at the NCCOE to explore the advancement of distributed ledger technologies. Further, the agreement encourages the NCCOE to consider these technologies in relation to the competitive position of the United States, to research the ability to foster uniform standards that allow for global collaboration in communications and free trade, and to explore any government use cases with the potential for ancillary adoption by the private sector.

Addressing Wildfire Risks.—The agreement includes up to the fiscal year 2023 enacted level for Wildfire and the Wildland-Urban Interface-related research and directs NIST to develop improved Wildland-Urban Interface risk exposure metrics and tools to better assess and mitigate the fire vulnerability of structures to protect at-risk communities.

NIST Center for Neutron Research (NCNR).—The agreement provides up to the requested level for the NCNR for the development and operation of innovative advanced neutron instrumentation and expertise.

NIST STRS Community Project Funding/NIST External Projects.—The agreement includes \$222,841,000 for NIST STRS Community Project Funding/NIST External Projects. The agreement directs NIST to provide the funding for the projects listed in the table titled, "Community Project Funding/Congressionally Directed Spending" at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NIST to perform the same level of oversight and due diligence as with any other external partners.

INDUSTRIAL TECHNOLOGY SERVICES

The agreement includes \$212,000,000 for Industrial Technology Services (ITS), including \$175,000,000 for the Hollings Manufacturing Extension Partnership (MEP). The agreement also provides \$37,000,000 for the Manufacturing USA Program.

National Manufacturing Extension Partnership Supply Chain Database.—The agreement directs NIST to create a permanent, centralized database so that manufacturers have access to a comprehensive MEP database network, as required by Public Law 117-167.

Creating Helpful Incentives to Produce Semiconductors (CHIPS) Environmental Review Process.—The agreement urges NIST to continue exploring opportunities to expedite the National Environmental Policy Act (NEPA) review process to ensure grant funds are expeditiously distributed to qualified projects and semiconductor fabrication plant construction continues without delay. The agreement directs NIST to provide to the Committees, no later than 90 days after the enactment of this act, a report detailing a strategy that identifies potentially applicable NEPA categorical exclusions and streamlined environmental assessment procedures, including an analysis with criteria and funding thresholds, that details how NIST is determining which projects are covered under the definition of "major federal action," as amended by Public Law 118-5.

CHIPS Awards Supporting the Semiconductor Supply Chain.—The agreement encourages NIST to support geographically diverse investments in small- and medium-sized semiconductor companies as it continues advancing CHIPS incentive awards to develop domestic semiconductor manufacturing capability and its corresponding supply chain.

Reporting on CHIPS Awards Upside Sharing and Funding Milestones.—Within 60 days of the enactment of this act, the agreement directs NIST to provide a briefing on any up-

side sharing agreements made between NIST and a recipient of CHIPS funds, as detailed in the Department of Commerce's Notice of Funding Opportunity (NOFO) entitled, "CHIPS Incentives Program—Commercial Fabrication Facilities," and in compliance with all applicable laws. Further, the agreement directs NIST to provide quarterly reports to the Committees on any amounts received by the agency through upside sharing agreements, including a detailed description of how NIST plans to use these funds, and directs NIST to include in these reports updates on funds clawed back or withheld from an applicant due to a failure to meet designated milestones highlighted in the NOFO.

The National Semiconductor Technology Center (NSTC).—The agreement urges NIST to ensure the establishment of the NSTC is transparent, competitive, and operated by a qualified entity. The agreement directs NIST to consider the importance of geographic diversity in the selection of NSTC facilities and affiliated technical centers.

CONSTRUCTION OF RESEARCH FACILITIES

The agreement provides \$168,000,000 for NIST construction, of which \$87,758,000 is available for Safety, Capacity, Maintenance, and Major Repairs (SCMMR). The agreement acknowledges an additional \$57,400,000 is available through prior year unobligated balances for SCMMR in fiscal year 2024 and directs NIST to prioritize addressing the growing backlog of facilities maintenance and improvements, including those highlighted in the budget request.

NIST Extramural Construction.—The agreement includes \$80,242,000 for NIST Extramural Construction and directs NIST to provide the funding for the projects listed in the table titled, "Community Project Funding/Congressionally Directed Spending" at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NIST to perform the same level of oversight and due diligence as with any other external partners.

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

The agreement directs NOAA to incorporate the funding levels established in both the table and the narrative direction when executing its budget for fiscal year 2024.

OPERATIONS, RESEARCH, AND FACILITIES (INCLUDING TRANSFER OF FUNDS)

The agreement includes a total program level of \$4,946,007,000 under this account, for NOAA's coastal, fisheries, marine, weather, satellite, and other programs. This total funding level includes \$4,548,485,000 in direct appropriations, a transfer of \$369,522,000 from balances in the "Promote and Develop Fishery Products and Research Pertaining to American Fisheries" fund, and \$28,000,000 derived from recoveries of prior year obligations. The following narrative descriptions and tables identify the specific activities and funding levels included in this act.

Fire Weather.—The Senate language on "Fire Weather" is adopted. In addition, NOAA is encouraged to utilize and share its satellite imagery and weather forecasts with interested Federal, state, Tribal, and local partners, and land managers, to improve information dissemination related to wildfire events. Real-time data on wildfire smoke levels could improve Federal agencies' ability to develop strategies to mitigate smoke hazards and allow NOAA to issue more accurate and timely wildfire smoke alerts.

Management and Administrative Costs.—To ensure financial transparency, NOAA is strongly encouraged to limit management and administrative (M&A) and NOAA-wide support service costs charged to programs, projects, and activities (PPAs) to cover

shared expenses and administrative staff, with a goal of limiting to 5 percent of annual appropriations. As part of the spending plan, NOAA is directed to include the M&A and NOAA-wide support service amounts charged within each line office as well as the methodologies used to assess costs. Further, as part of the fiscal year 2025 budget request, NOAA is directed to include estimated costs as well as to propose how to consolidate these costs either through existing or new PPAs.

National Ocean Service (NOS).—\$671,502,000 is for NOS Operations, Research, and Facilities.

NATIONAL OCEAN SERVICE

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Navigation, Observations and Positioning:	
Navigation, Observations and Positioning	\$183,702
Hydrographic Survey Priorities/ Contracts	31,500
IOOS Regional Observations	42,500
Navigation, Observations and Positioning	257,702
Coastal Science and Assessment:	
Coastal Science, Assessment, Response and Restoration ...	95,500
Competitive Research	20,000
Coastal Science and Assessment	115,500
Ocean and Coastal Management and Services:	
Coastal Zone Management and Services	51,000
Coastal Zone Management Grants	81,500
National Oceans and Coastal Security Fund	32,000
Coral Reef Program	33,500
National Estuarine Research Reserve System	33,300
Sanctuaries and Marine Protected Areas	67,000
Ocean and Coastal Management and Services	298,300
Total, National Ocean Service, Operations, Research, and Facilities	\$671,502

Hydrographic Charting.—The Senate direction regarding “Hydrographic Charting” is adopted. Further, NOAA is encouraged to enter into charter agreements for the services of not less than two private sector vessels to supplement its charting and survey efforts to address the growing backlog of unfulfilled missions, particularly those in Arctic waters.

Marine Debris.—The agreement provides no less than the fiscal year 2023 enacted level for the Marine Debris Program.

In addition, the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117–58) provides \$150,000,000 over five years for marine debris assessment, prevention, mitigation, and removal, including \$30,000,000 in fiscal year 2024.

National Centers for Coastal Ocean Science (NCCOS).—The agreement adopts Senate direction and provides not less than \$54,500,000 for NCCOS.

Harmful Algal Blooms (HABs).—Within funding for Competitive Research, the agreement provides up to \$14,000,000 to accelerate deployment of effective methods of intervention and mitigation to reduce the frequency, severity, and impact of HAB events in marine and freshwater systems. Due to concern with duplication, incompatibility, and separation of data related to the causes and effects of HABs, NOAA is directed to submit a report, no later than 180 days after the enactment of this act, that includes a survey of all existing large freshwater body HAB-related data. NOAA is encouraged to include recommendations for streamlining access to this data, creating a centralized, all-in-one access point, and cost effective synthesis and hosting of disparate data sets.

National Harmful Algal Bloom Observing Network.—The agreement provides not less than \$3,500,000 for the National Harmful Algal Bloom Observing Network.

Gulf of Mexico Hypoxic Mapping.—The agreement provides up to \$1,500,000 for the annual Gulf of Mexico Hypoxic Zone Mapping Cruise.

Blue Carbon Research.—The agreement encourages NOAA to use previously appro-

priated funds to support a pilot program on blue carbon to advance NOAA’s work to assess the carbon sequestration potential of various coastal habitats, account for regional differences, and identify some of the biophysical, social, and economic pathways and impediments to coastal blue carbon ecosystem protection, management, or restoration.

Coral Reef Conservation Act.—The agreement adopts the Senate direction regarding “Coral Reef Program” and directs NOAA to report to the Committees not later than 60 days after enactment of this act on the establishment of the Atlantic Reef Research Coordination Institute and the Pacific Reef Research Coordination Institute, as required under section 212 of the Reauthorization of the Coral Reef Conservation Act of 2000 (title C of division J of Public Law 117–263).

NERRS Blue Ribbon Panel.—The agreement acknowledges the National Estuarine Research Reserve System (NERRS) Blue Ribbon Panel recommendations and directs NOAA to report to the Committees, not later than 180 days after the enactment of this act, on the number of research reserves that are unable to meet Federal match requirements.

National Marine Fisheries Service (NMFS).—\$1,113,797,000 is for NMFS Operations, Research, and Facilities.

NATIONAL MARINE FISHERIES SERVICE

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Protected Resources Science and Management:	
Marine Mammals, Sea Turtles, and Other Species	\$175,455
Species Recovery Grants	7,250
Atlantic Salmon	8,000
Pacific Salmon	75,000
Protected Resources Science and Management	265,705
Fisheries Science and Management:	
Fisheries and Ecosystem Science Programs and Services ...	161,500
Fisheries Data Collections, Surveys, and Assessments	205,851
Observers and Training	58,383
Fisheries Management Programs and Services	147,250
Aquaculture	24,000
Salmon Management Activities	65,250
Regional Councils and Fisheries Commissions	44,297
Interjurisdictional Fisheries Grants	3,377
Fisheries Science and Management	709,908
Enforcement	82,000
Habitat Conservation and Restoration	56,184
Total, National Marine Fisheries Service, Operations, Research, and Facilities	\$1,113,797

Marine Mammal Unusual Mortality Event (UME) Contingency Fund.—Given the high number of active UMEs for marine mammals, NMFS is encouraged to request funding for the Fund as part of the fiscal year 2025 budget request.

Vessel Strike Reduction Actions.—NMFS issued a proposed rule to amend the North Atlantic right whale (NARW) vessel strike reduction rule in August 2022 (87 FR 46921). Separately, in October 2023, NMFS denied a petition to establish vessel speed measures to protect the Rice’s whale in the Gulf of Mexico. As directed in the Senate report, before NOAA issues interim or final rules to protect endangered whales, the agency shall engage with affected stakeholders and incorporate relevant comments, including the U.S. Coast Guard and U.S. Maritime Administration, as appropriate, consistent with requirements under the Administrative Procedure Act (Public Law 79–404).

In addition, NOAA is encouraged to use previously appropriated funds to support a near real-time monitoring and mitigation pilot program for NARWs as authorized under section 11303 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263). NOAA is further encouraged to work with other Federal agencies, including the Office of Naval Research, the U.S. Coast Guard, and the Bureau of Ocean Energy Management, as well

as industry and academia, to support technology development, test and evaluation of whale monitoring technologies through the National Oceanographic Partnership Program. NOAA is encouraged to include funding for a pilot program and a research and development initiative as part of the fiscal year 2025 budget request.

Fishery Survey Contingency Fund.—The Senate language regarding “Fishery Survey Contingency Fund” is adopted, and the agreement provides \$1,000,000 for this purpose.

Recreational Fishery Data.—The Senate language regarding “Data Collection for Recreational Fisheries” is adopted, and the agreement directs NOAA to provide updates on the agency’s efforts to improve fishery data and modernize stock assessments as part of NMFS quarterly briefings.

South Atlantic Reef Fish.—The Senate language regarding “South Atlantic Reef Fish” is adopted, and the agreement further directs NMFS to prioritize the incorporation of data from the South Atlantic Great Red Snapper Count into the agency’s stock assessment expeditiously to better inform fishery management decisions. NOAA shall provide the Committees with a progress update no later than 90 days after enactment of this act.

State Management for Recreational Red Snapper.—In lieu of the Senate language regarding “State Management for Recreational Red Snapper”, the agreement supports the full integration of the Great Red Snapper Count data and Gulf States catch data into stock assessment and directs NMFS to continue to work with the Gulf States to ensure successful implementation of state management for red snapper.

Gulf of Mexico Fisheries Research.—The Senate language on “Gulf of Mexico Fisheries Research” is amended to include not less than \$5,000,000 for fishery-independent grants to academic partners.

Infrastructure to Support Sustainable Fisheries.—The Senate language on “North Atlantic Right Whales” is clarified to provide \$36,000,000 to states through the Atlantic States Marine Fisheries Commission, of which, given the impacts of coastal erosion and increasing frequency and severity of coastal storms, \$10,000,000 shall be provided through Fisheries Management Programs and Services to be used to repair and renovate infrastructure to support more sustainable fisheries.

Seafood Import Monitoring Program (SIMP).—The agreement provides not less than the fiscal year 2023 enacted level for SIMP.

Habitat Conservation and Restoration.—The agreement provides \$1,500,000 for management, intervention, and mitigation of invasive European green crab. The Senate report language on “Northwest Straits Initiative” is also adopted.

Office of Oceanic and Atmospheric Research (OAR).—\$656,053,000 is for OAR Operations, Research, and Facilities.

OFFICE OF OCEANIC AND ATMOSPHERIC RESEARCH

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Climate Research:	
Climate Laboratories and Cooperative Institutes	\$104,102
Regional Climate Data and Information	47,932
Climate Competitive Research	72,116
Climate Research	224,150
Weather and Air Chemistry Research:	
Weather Laboratories and Cooperative Institutes	90,156
U.S. Weather Research Program	39,100
Tornado Severe Storm Research/Phased Array Radar	20,916
Joint Technology Transfer Initiative	12,000
Weather and Air Chemistry Research	162,172
Ocean, Coastal, and Great Lakes Research:	
Ocean Laboratories and Cooperative Institutes	39,500
National Sea Grant College Program	80,000

OFFICE OF OCEANIC AND ATMOSPHERIC RESEARCH—
Continued

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Sea Grant Aquaculture Research	14,000
Ocean Exploration and Research	46,000
Integrated Ocean Acidification	17,000
Sustained Ocean Observations and Monitoring	52,500
National Oceanographic Partnership Program	2,500
Ocean, Coastal, and Great Lakes Research	251,500
Innovative Research and Technology:	
High Performance Computing Initiatives	18,231
Innovative Research and Technology	18,231
Total, Office of Oceanic and Atmospheric Research, Operations, Research, and Facilities	\$656,053

VORTEX-USA.—The agreement provides \$11,000,000 for the Verification of the Origins of Rotation in Tornadoes Experiment (VORTEX)-USA, including no less than \$10,500,000 for VORTEX-Southeast.

Genomics.—The Senate language regarding “Genomics” is adopted, and the agreement provides not less than the fiscal year 2023 enacted level to support ongoing initiatives, including for extramural grants, to explore the deep oceans, collect large numbers of biological samples, and to sequence their genomes to advance pharmaceutical discovery.

American Lobster Research.—The Senate language on “American Lobster Research” is clarified to note that research and extension activities should focus on stock, fishery, and socioeconomic resilience in the face of environmental and management changes, with the purpose of informing stock assessment and future management actions.

National Weather Service (NWS).—\$1,247,393,000 is for NWS Operations, Research, and Facilities.

NATIONAL WEATHER SERVICE

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Observations	\$251,462
Central Processing	110,500
Analyze, Forecast and Support	589,500
Dissemination	116,979
Science and Technology Integration	178,952
Total, National Weather Service, Operations, Research, and Facilities	\$1,247,393

National Mesonet Program.—The agreement adopts Senate language on the “National Mesonet Program” and provides not less than the fiscal year 2023 enacted level and up to \$30,000,000 for the continuation and expansion of the Program.

Advanced Hydrologic Prediction Services.—The proposed elimination of the Advanced Hydrologic Prediction Services System expansion is not accepted.

Hydrology and Water Resource Programs.—The agreement provides not less than the fiscal year 2023 enacted level for NOAA to support the Cooperative Institute for Research to Operations in Hydrology (CIROH), including for the Water in the West Initiative.

Weather Gaps.—The agreement acknowledges the precarious state of the Colorado River and the Great Salt Lake and encourages NOAA to request funding to fill gaps in addressing severe weather and spring run-off issues in the western United States.

Data Assimilation.—The Senate report language on “Data Assimilation” is clarified to provide no less than the fiscal year 2023 enacted level to support the Joint Effort for Data Assimilation Integration at the Joint Center for Satellite Data Assimilation.

National Environmental Satellite, Data and Information Service (NESDIS).—\$380,765,000 is for NESDIS Operations, Research, and Facilities.

NATIONAL ENVIRONMENTAL SATELLITE, DATA AND INFORMATION SERVICE

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Environmental Satellite Observing Systems:	
Office of Satellite and Product Operations	\$250,165
Product Development, Readiness and Application	59,850
U.S. Group on Earth Observations	750
Environmental Satellite Observing Systems	310,765
National Centers for Environmental Information	70,000
Total, National Environmental Satellite, Data and Information Service, Operations, Research, and Facilities	\$380,765

NESDIS Regional Support.—The agreement encourages NESDIS to consider deploying more of its subject matter expertise regionally to demonstrate new uses of satellite data and integrated information systems. NESDIS should educate and partner with scientists and users in local communities who can use and expand the applications of the data and learn from those community users in the process.

National Centers for Environmental Information (NCEI).—The Senate language on NCEI is adopted, and NOAA is encouraged to fully support critical international partnerships, including the Global Climate Observing System.

Mission Support.—\$407,321,000 is for Mission Support Operations, Research, and Facilities.

MISSION SUPPORT

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Mission Support Services:	
Executive Leadership	\$31,743
Mission Services and Management	181,436
IT Security	16,393
Payment to the DOC Working Capital Fund	71,299
Facilities Maintenance	6,000
Office of Space Commerce	65,000
Mission Support Services	371,871
Office of Education:	
BWET Regional Programs	8,700
José E. Serrano Educational Partnership Program with Minority Serving Institutions	20,750
NOAA Education Program Base	6,000
Office of Education	35,450
Total, Mission Support, Operations, Research, and Facilities	\$407,321

Office of Marine and Aviation Operations (OMAO).—\$329,677,000 is for OMAO Operations, Research, and Facilities.

OFFICE OF MARINE AND AVIATION OPERATIONS

Operations, Research, and Facilities
(In thousands of dollars)

Program	Amount
Marine Operations and Maintenance	\$204,000
Aviation Operations and Aircraft Services	40,500
Autonomous Uncrewed Technology Operations	21,677
NOAA Commissioned Officer Corps	63,500
Total, Office of Marine and Aviation Operations	329,677

Autonomous and Uncrewed Technology Operations.—The agreement provides no less than the fiscal year 2023 enacted level and up to \$12,500,000 for agency-wide data acquisition from commercial uncrewed maritime systems in support of relevant operational missions.

NOAA Community Project Funding/NOAA Special Projects.—The agreement directs NOAA to provide funding for the projects listed in the table titled “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts, consistent with NOAA’s existing authorities, jurisdictions, and procedures, as appropriate. NOAA shall perform the same level of oversight and due diligence regard-

ing these projects as with any other external partners.

PROCUREMENT, ACQUISITION AND CONSTRUCTION
(INCLUDING TRANSFER OF FUNDS)

The agreement includes a total program level of \$1,776,866,000 in direct obligations for NOAA Procurement, Acquisition and Construction (PAC). The following narrative and table identify the specific activities and funding levels included in this act.

PROCUREMENT, ACQUISITION, AND CONSTRUCTION

Geostationary Extended Observations (GeoXO).—NOAA is directed to focus the delivery of the next-generation geostationary satellite fleet, known as GeoXO, on improved data for its weather forecasting missions, and to leverage private sector advancements and innovative solutions to the greatest extent possible. NOAA is encouraged to continue partnering with NASA on the Geostationary Littoral Imaging and Monitoring Radiometer (GLIMR) mission to de-risk the ocean color instrument, as appropriate, for the GeoXO program.

Systems/Services Architecture and Engineering.—The agreement provides \$500,000 above the fiscal year 2023 enacted level for the commercial data purchase and commercial weather data pilot programs, which is to be divided between the two programs as deemed appropriate. NOAA is encouraged to evaluate commercial capabilities for hyperspectral microwave sounder data through the commercial weather data pilot program.

Vessel Recapitalization and Construction.—The Senate language on “Vessel Recapitalization and Construction” is clarified to direct NOAA to design the Class C vessels to meet primary mission requirements for fishery surveys and avoid additional requirements that add to complexity and cost of the vessels. NOAA is encouraged to work with the regional fishery commissions to conduct an independent analysis to assess other fishery survey architectures that can improve

the reliability and resiliency of data acquisition via partnerships with industry, academia, and states.

Aircraft Recapitalization.—In lieu of the funding level in the Senate report for the replacement of the WP-3D Hurricane Hunter aircraft, the agreement supports NOAA's acquisition of two green aircraft to replace the existing WP-3D Hurricane Hunter aircraft and expects the fiscal year 2025 budget request to include sufficient funding for the modification and instrumentation of those green aircraft.

PACIFIC COASTAL SALMON RECOVERY

The agreement includes \$65,000,000 for the Pacific Coastal Salmon Recovery Fund (PCSRF) and directs that funds will be available to Tribes without a matching requirement. NOAA is directed to report on how its current priorities meet the intent of the PCSRF to support the recovery and protection of all declining salmon stocks.

FISHERIES DISASTER ASSISTANCE

The agreement provides \$300,000 for Fisheries Disaster Assistance.

FISHERMEN'S CONTINGENCY FUND

The agreement includes \$349,000 for the Fishermen's Contingency Fund.

FISHERIES FINANCE PROGRAM ACCOUNT

The agreement includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$150,000,000 for traditional direct loans.

RECREATIONAL QUOTA ENTITY FUND

The agreement allows for the establishment of a halibut recreational quota entity as authorized under section 106 of the Driftnet Modernization and Bycatch Reduction Act (title I of division S of Public Law 117-328).

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

The agreement includes \$94,500,000 for Departmental Management salaries and expenses.

United States-Ukraine Infrastructure Task Force.—The agreement encourages the Department, in coordination with the Departments of Transportation and State, to submit an update to the Committees on the status of the potential U.S.-Ukraine Infrastructure Task Force, specifically detailing: (1) activities the U.S.-Ukraine Infrastructure Task Force is considering to address Ukraine's immediate and long-term infrastructure and reconstruction needs, including the identification of any gaps or needs for infrastructure projects and associated investment estimates, 27 with a focus on Ukraine's transportation infrastructure; (2) analysis of how U.S. private sector infrastructure stakeholders can be further leveraged, including consideration of possible private sector development initiatives; and (3) any barriers preventing the Department from working with relevant agencies on these tasks.

National Strategy to Combat Antisemitism.—The agreement directs the Secretary to continue supporting the National Strategy to Combat Antisemitism released on May 25, 2023.

RENOVATION AND MODERNIZATION

The agreement includes a total of \$1,142,000 for the Renovation and Modernization account.

OFFICE OF INSPECTOR GENERAL

The agreement includes a total of \$48,000,000 for the Office of Inspector General (OIG).

GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Commerce:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest.

Section 102 makes appropriations for Department of Commerce salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15 days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides congressional notification requirements for NOAA satellite programs and includes life cycle cost estimates for certain weather satellite programs.

Section 105 provides for reimbursement for services within Department of Commerce buildings.

Section 106 clarifies that grant recipients under the Department of Commerce may deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 107 provides the NOAA Administrator with the authority to avail NOAA of resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 108 prohibits the National Technical Information Service from charging for certain services.

Section 109 allows NOAA to be reimbursed by Federal and non-Federal entities for performing certain activities.

Section 110 provides the Economics and Statistics Administration certain authority to enter into cooperative agreements.

Section 111 allows the Secretary of Commerce to waive up to 50 percent of the cost sharing requirements for funds provided in this act under section 315 of the Coastal Zone Management Act of 1972.

Section 112 sets limitations on the Department's ability to obligate unobligated balances of expired discretionary funds transferred to the Nonrecurring Expenses Fund.

Section 113 allows for the establishment of Cooperative Aviation Centers to aid in the recruitment of aviators for the NOAA Commissioned Officer Corps.

Section 114 allows for the modification of the Ketchikan port facility.

Section 115 allows the NOAA Administrator to establish an alternative or fixed rate for relocation allowance, including permanent change of station allowance.

TITLE II

DEPARTMENT OF JUSTICE

JUSTICE OPERATIONS, MANAGEMENT, AND ACCOUNTABILITY

SALARIES AND EXPENSES

The agreement includes \$142,000,000 for Justice Operations, Management, and Accountability.

For fiscal year 2024, the agreement adopts the language in the joint explanatory statement accompanying Public Law 117-103 on "Office of Legal Counsel (OLC) Opinions." In lieu of language in the Senate report directing that funding for programs, projects, and activities, across all Department of Justice (DOJ) appropriations accounts, is provided at no less than the fiscal year 2023 enacted levels, the agreement directs the Department to prioritize such programs, projects, and activities to the extent practicable.

Protecting Children from Online Predators.—The agreement directs the Department to report to the Committees, within 120 days of the enactment of this act, its recommendations for a coordinated approach between the Department, other government entities, technology companies, and victim services providers to address the rising prevalence of the production and distribution of online child sexual abuse materials (CSAM). Additionally, the agreement encourages the Department to include in the report recommendations on victim-centered policing strategies, a general assessment of the resource needs of the Department and its State, local, and Tribal law enforcement partner agencies to identify and rescue victims of CSAM, and recommendations for other strategies and best practices.

Combating Domestic Terrorism.—In lieu of Senate report language under this same heading, the agreement directs the Department to brief the Committees, within 90 days of the enactment of this act, on the Department's assessment and analysis, as previously directed in Senate Report 116-127, under "Combating Domestic Terrorism," and adopted by Public Law 116-93.

Human Rights Crimes.—The agreement directs the Criminal Division (CRM) and the U.S. Attorneys Offices (USAO) to increase efforts to investigate and prosecute human rights violations, including genocide, torture, use or recruitment of child soldiers, war crimes, and other crimes committed by human rights violators, particularly to support the newly-established War Crimes Accountability Team's efforts to respond to war crimes and other atrocities committed during Russia's invasion of Ukraine, efforts to investigate and prosecute war crimes committed during Hamas' October 7, 2023, attack on Israel, and the added responsibilities of CRM to prosecute war criminals under the Justice for Victims of War Crimes Act (Public Law 117-351). For this purpose, the agreement supports continued funding for CRM and USAO to investigate and prosecute these cases.

The agreement directs the Department to report to the Committees, within 120 days of enactment of this act, on all investigations and prosecutions of human rights offenses and other offenses committed by serious human rights violators within each of the last five fiscal years, including the efforts of CRM and USAO to increase the number of prosecutions. The report should also include any organizational or legal impediments to investigating and prosecuting more human rights violators.

Combating Violent Crime in Indian Country.—The agreement encourages the USAO to prioritize efforts to investigate and prosecute violent crimes within their jurisdiction against Native Americans and Alaska Natives that occur in Indian Country, to maintain communication with victims and family members about the status of ongoing investigations and cases, and to provide as much information as possible on any declinations. The agreement encourages DOJ and the Federal Bureau of Investigation (FBI), in consultation with the Bureau of Indian Affairs and state, local, and Tribal law enforcement agencies, to notify the Committees of necessary resources and cost estimates, including additional FBI agents, to investigate, respond to, and prevent crimes in Indian Country. The agreement further encourages the FBI to increase recruitment, retention, and placement efforts in order to fill existing positions in areas with large land-based Tribes or with high instances of missing and murdered Indigenous persons cases.

Emmett Till Unsolved Civil Rights Crimes Act.—The agreement directs that the Department provide up to \$14,500,000 for Emmett

Till Act activities, including up to \$10,000,000 for the FBI and the Civil Rights Division's Cold Case Initiative; up to \$1,500,000 for the Community Relations Service to partner with law enforcement agencies and communities to help resolve conflicts resulting from the investigation of unsolved civil rights era cases; and \$3,000,000 for grants to State and local law enforcement agencies for the use of modern DNA and forensic tools to aid civil rights era cold case investigations.

McGirt v. Oklahoma.—The agreement directs the Department to ensure all *McGirt*-related needs are met, and further directs the Department to allocate no less than the fiscal year 2023 enacted levels for *McGirt*-related activities, by component. The Department is directed to keep the Committees apprised of any additional resources or needs relating to *McGirt*, and, within 90 days of enactment of this act, the Department shall update and submit the report required under this heading in the joint explanatory statement accompanying Public Law 117-328.

Voting Rights and Election Administrator Threats.—The agreement encourages the Department to devote appropriate resources to investigate credible threats made against individuals associated with the electoral process, such as election administrators, and encourages the Department to make all policies and procedures related to the rights and protections offered to such individuals publicly available on its website. The agreement further encourages the Attorney General to provide appropriate resources to ensure voting rights are protected, pursuant to the U.S. Constitution, Federal law, and proper adherence to the precedents of the U.S. Supreme Court.

Analysis of Digital Evidence.—The agreement adopts the directive under this heading in the Senate report, and further directs the Department to brief the Committees, no later than 90 days after the enactment of this act, regarding the use of evidence from digital devices in the course of its investigations.

Illegal Gambling.—In addition to the directive in the Senate report under this same heading, the Department is encouraged to pursue cases against illegal online sportsbooks and casinos, as appropriate.

Update on Required Agency Research.—Consistent with the directive contained under this heading in House Report 117-395, as adopted by Public Law 117-328, the agreement directs the Department to update the Committees on the progress toward expanded researcher access to samples and strains of marijuana for scientific research on marijuana-impaired driving. The agreement expects the Department to provide the briefing to the Committees, no later than 60 days after the enactment of this act, and in advance of the publication of the report, and recommendations required by Public Law 117-58.

Third Party Settlements.—The agreement directs the Department to report to the Committees, no later than 30 days after the end of fiscal year 2024, on each settlement negotiated or concluded by the Department during fiscal year 2024 that includes terms requiring the defendant to donate or contribute funds to an organization or individual.

Felony Convictions.—The agreement directs the Department to provide a briefing to the Committees, no later than 180 days after the enactment of this act, on the number of Department employees who have been convicted of a felony since January 1, 2017, and of that number, how many remain employed and how many have been terminated by the Department.

Federal Law Enforcement Operations in the U.S. Caribbean.—The agreement acknowl-

edges the elevated homicide rates in Puerto Rico and the U.S. Virgin Islands, and the link of such crimes to illegal narcotics trafficking in the region. The agreement expects the Department and the Organized Crime Drug Enforcement Task Forces (OCDETF) to continue prioritizing resources and joint operations to dismantle and prosecute drug trafficking and money laundering organizations in the region, including through the Caribbean Corridor Strike Force.

Blockchain Analysis Tools.—In an effort to reduce crimes involving the illicit use of cryptocurrency, the agreement encourages the Department to acquire blockchain analysis tools, attributed blockchain data, training on cryptocurrency-related investigations, and cryptocurrency-related investigative and analytical support. The agreement directs the Department, including the FBI, the United States Marshals Services, and the Asset Forfeiture Program, to provide a briefing on its cryptocurrency-related activities within 90 days of the enactment of this act.

Department of Justice Recusal Policies.—The agreement directs the Department to continue implementing the policies and procedures specified under this heading in the joint explanatory statement accompanying Public Law 117-328. The Department is further directed to continue to submit, no later than 60 days after the enactment of this act, the annual report as specified under this heading in the joint explanatory statement accompanying Public Law 117-103. The agreement clarifies that these policies and procedures are to pertain to attorney recusals, formal or informal, predicated on statutory, regulatory, and professional responsibility requirements, conflicting financial interests, or concerns related to impartiality or the appearance of impartiality.

Office of Inspector General (OIG) Referrals.—The agreement adopts the language in the joint explanatory statement accompanying Public Law 117-103 under the same heading. In addition, the Department is directed to review the data provided by OIG under section 405(b)(17) of title 5, United States Code. OIG is directed, in its transmission of the semiannual report under section 405(c) of title 5, United States Code, to provide a statistical table showing the number of OIG referrals that were declined for prosecution, including, if practicable, an explanation of why cases were declined for prosecution.

Countering Antisemitism.—The Department is directed to report, within 60 days of the enactment of this act, its plans to implement the National Strategy to Counter Antisemitism released May 25, 2023.

Department of Justice Firearms and Ammunition.—The agreement directs the Government Accountability Office to update its 2018 report "Purchases and Inventory Controls of Firearms, Ammunition, and Tactical Equipment" (GAO-19-175), as it pertains to the Department.

Savanna's Act.—The agreement directs the Department to provide recommendations on how data collection on missing or murdered Indigenous people can be improved, consistent with Savanna's Act (Public Law 116-165), and, within 90 days of enactment of this act, directs the Department to brief the Committees on its progress in implementing this legislation.

State Regulatory Frameworks.—The agreement urges the Department, in coordination with the Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau, and other agencies which may have relevant regulatory expertise, to coordinate an assessment of the adequacy of State marijuana regulatory frameworks, including commonalities and novel approaches to enforcement and oversight.

Illegal Vaping Products from the People's Republic of China.—The agreement directs the

Department, in coordination with U.S. Customs and Border Protection, the Food and Drug Administration, and other relevant agencies, to submit a report, within 180 days of the enactment of this act, on enforcement actions taken to halt, reduce, and prevent illegal electronic nicotine delivery system (ENDS) products from entering the stream of commerce within the United States. The report shall assess: (1) all civil or criminal actions filed in Federal court; (2) the volume of ENDS products seized at ports of entry; and (3) civil monetary penalties imposed.

Wildlife Trafficking.—In lieu of the Senate report language, the agreement encourages the Attorney General to continue submitting an annual report on the specific steps the Department is taking to further address wildlife trafficking and the illegal natural resources trade. The agreement further encourages the Department to continue to provide dedicated resources for investigating and prosecuting wildlife trafficking crimes.

Recorded Law Enforcement Interviews.—The agreement directs the Department to submit a report to the Committees, within 90 days of the enactment of this act, on the feasibility of implementing procedures and protocols for conducting recorded interviews using electronic audio and video recording equipment of a target, subject, witness, or victim in connection with an investigation of a Federal offense, or an investigation in which a Department component is assisting a state, local or Tribal law enforcement agency. The report shall be specific to each of the Department's Federal law enforcement components in terms of types of investigations, interviewee notifications and consent requirements, and exceptions required for those investigations, including when audio- or video-recorded interviews are not practicable, would interfere with the conduct of the investigation, or would compromise the life or safety of the interviewee. Finally, the agreement directs the Department to include in the report cost estimates and timelines associated with implementation, including equipment and data storage.

DOJ Grants Oversight.—The agreement directs the Department to provide, in the fiscal year 2024 spend plan submitted pursuant to section 528 of this act, a clear explanation of how each solicitation for funds reserved under section 506(b)(1) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10157) satisfies the requirement that such funds be used "to combat, address, or otherwise respond to precipitous or extraordinary increases in crime, or in a type or types of crime."

District of Columbia Resources.—The agreement directs the Department to submit to the Committees, within 90 days of enactment of this act, a report on the Department's investments in addressing increased crime in the District of Columbia, as announced by the Department in January 2024. The report should include data over the last five fiscal years regarding prosecution rates for the offenses of homicide, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, carjackings, and arson in the District of Columbia.

JUSTICE INFORMATION SHARING TECHNOLOGY
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$30,000,000 for Justice Information Sharing Technology.

EXECUTIVE OFFICE FOR IMMIGRATION REVIEW
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$844,000,000 for the Executive Office for Immigration Review (EOIR), of which \$4,000,000 is derived by a transfer from the U.S. Citizenship and Immigration Services Immigration Examinations Fee Account.

Disposition of EOIR Adjudications.—The agreement adopts the directive in the Senate report under this heading. In addition, the agreement directs EOIR to report to the Committees, monthly throughout fiscal year 2024, the number of cases, disaggregated by category, that have been terminated, administratively closed, or dismissed.

Immigration Judge Training.—EOIR is directed to follow the directive in the joint explanatory statement accompanying Public Law 117–103 under this heading. In addition, the agreement directs EOIR to ensure consistency in its training for all current and new immigration judges (IJs).

Immigration Judge Hiring.—EOIR is directed to follow the directive in the joint explanatory statement accompanying Public Law 117–103 under this heading. In addition, the agreement directs EOIR to report the number of IJs who did not hear cases during the preceding month.

Immigration Case Backlog.—In addition to the directives under “Case Backlog and Reporting Requirements” in the Senate report, the agreement directs EOIR to report to the Committees where and when the hiring procedures referred to in the directive have been posted. The agreement further directs EOIR to provide, no later than 120 days after the enactment of this act, and monthly thereafter throughout fiscal year 2024, all data from the IJ performance dashboard from fiscal years 2020 through 2024. The agreement also notes that EOIR’s backlog of cases delays due process and justice—in many cases, for years—for those who have a valid claim to immigration benefits. Given the impact of the current backlog of over 2,300,000 cases on EOIR’s workforce, the agreement directs EOIR to implement a performance appraisal program for IJs, Assistant Chief IJs, and Appellate IJs, consistent with recommendations made by the Government Accountability Office (GAO–23–105431) with respect to workforce planning and management best practices and OPM guidance. EOIR shall submit a report to the Committees on the results of the performance appraisal program and any modifications made following the evaluation. Additionally, to assist with the backlog reduction effort, the agreement directs EOIR to utilize Assistant Chief IJs in the same capacity as IJs for the purposes of maintaining a docket for master and individual hearing cases, and further directs the Attorney General to ensure that IJs hired in fiscal year 2024 will adjudicate cases as their primary function.

EOIR Personnel Practices.—The agreement directs EOIR to provide the Committees a report, no later than 90 days after enactment of this act, on the practices related to the hiring and terminations of IJs.

Legal Orientation Program (LOP).—In lieu of the Senate language under the same heading, the agreement provides no less than \$28,000,000 for services provided by LOP. The agreement requests an evaluation of the resources necessary to provide LOP services at additional sites and notes the particular need for legal services at more remote immigration detention sites that are far from legal service providers in urban centers. The agreement directs the Department to utilize all appropriated funds solely for legitimate program purposes.

Videoteleconferencing (VTC).—The agreement adopts the Senate language under the same heading but does not adopt the recommendation that EOIR work in conjunction with a stakeholder working group in its creation of uniform standards for VTC procedures.

GAO Update on VTC Data.—In lieu of the Senate language under the heading “VTC Data and Reporting”, the agreement directs the Government Accountability Office to up-

date the VTC portion of its 2017 report “Immigration Courts: Actions Needed to Reduce Case Backlog and Address Long-Standing Management and Operational Challenges” (GAO–17–438).

Unified Immigration Portal (UIP).—The agreement acknowledges ongoing investments by the Department of Homeland Security (DHS) in technology and data integration, including UIP data sharing. Such investments improve the business process between DHS and EOIR through operational efficiencies, potential cost and time savings in court scheduling, and the elimination of mismatched data. The agreement directs EOIR to provide a status update on its UIP-related efforts no later than 60 days after the enactment of this act.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$139,000,000 for the Office of Inspector General.

Audits of Grant Programs.—The agreement directs the OIG to thoroughly audit the Department’s grant making components and provide quarterly reports to the Committees regarding the Department’s implementation of grant programs.

UNITED STATES PAROLE COMMISSION

SALARIES AND EXPENSES

The agreement includes \$14,000,000 for the salaries and expenses of the United States Parole Commission.

LEGAL ACTIVITIES

SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$1,090,000,000 for General Legal Activities. For fiscal year 2024, the agreement adopts the language in House Report 117–395 on “Deinstitutionalization.”

Office of Immigration Litigation (OIL) Performance.—The agreement directs OIL, District Court and Appellate Sections, no later than 120 days after the enactment of this act, to provide the Committees all training materials for OIL trial attorneys, special litigation counsels, and assistant directors. The agreement further directs the Appellate Section to provide, no later than 90 days after the date of enactment of this act, a report, with data from fiscal year 2018 through fiscal year 2024 year to date, that includes the number of cases that the OIL District and Appellate Sections agreed to resolve through judicial administrative closure, Jacobson remand, or dismissal without prejudice.

U.S. Forest Service Litigation.—The agreement encourages the Department to provide dedicated resources for litigation regarding national forest restoration projects of the U.S. Forest Service. The agreement further encourages the Department to prioritize efforts based on regions of the U.S. Forest Service with high volumes of litigation and to draw from litigators with experience with national forest restoration projects.

VACCINE INJURY COMPENSATION TRUST FUND

The agreement includes a reimbursement of \$22,700,000 for Department expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660).

SALARIES AND EXPENSES, ANTITRUST DIVISION

The agreement includes \$233,000,000 for the Antitrust Division. This appropriation reflects a current estimated projection of actual fee collections for fiscal year 2024.

Pre-merger Filing Fees.—In lieu of language in the Senate report under the same heading, the agreement acknowledges the inherent structural challenges of providing predictable, sustainable appropriations to fee-funded agencies, including the Antitrust Divi-

sion, as fee collections are inherently unpredictable and vary based on economic conditions and other factors. The agreement recognizes the importance of predictable, sustainable funding for the Antitrust Division, and encourages the Department to work with Congressional committees of jurisdiction to address such challenges.

SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

The agreement includes \$2,611,000,000 for the Executive Office for United States Attorneys and the 94 United States Attorneys’ offices.

UNITED STATES TRUSTEE SYSTEM FUND

The agreement includes \$245,000,000 for the United States Trustee Program.

SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

The agreement includes \$2,504,000 for the Foreign Claims Settlement Commission.

FEES AND EXPENSES OF WITNESSES

The agreement includes \$270,000,000 for Fees and Expenses of Witnesses. The agreement expects that no funds will be obligated for expert witness services, including the payment of fees and expenses of expert witnesses, from any other DOJ accounts other than Fees and Expenses of Witnesses.

SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$24,000,000 for the Community Relations Service.

ASSETS FORFEITURE FUND

The agreement includes \$20,514,000 for the Assets Forfeiture Fund.

UNITED STATES MARSHALS SERVICE

SALARIES AND EXPENSES

The agreement includes \$1,692,000,000 for the salaries and expenses of the United States Marshals Service (USMS).

International Megan’s Law.—Within the funding provided, the agreement supports the enforcement of laws relating to international travel of sex offenders, including through the Angel Watch Center.

Judicial Security and Protective Operations.—The agreement acknowledges USMS’ important responsibility to protect the life and safety of Federal judges, their families, and Federal judiciary employees. The agreement directs the USMS to fully enforce all applicable laws to provide for the appropriate protection of the Federal judiciary. Within the funds provided, the agreement expects the USMS to dedicate the requisite resources for this protection mission. The agreement further supports USMS implementation of its responsibilities described in section 5936(b) of the Daniel Aderl Judicial Security and Privacy Act of 2022 (Public Law 117–263), within funds provided.

Regional Fugitive Task Forces (RFTF).—The agreement directs the USMS to submit an updated report on the expansion of the RFTF program. In contemplating the establishment of new RFTFs, the USMS is encouraged to give consideration to regions of the United States that are not currently served by a RFTF including the Midwest and New England.

CONSTRUCTION

The agreement includes \$15,000,000 for construction and related expenses in space controlled, occupied, or utilized by the USMS for prisoner holding and related support.

FEDERAL PRISONER DETENTION

The agreement includes \$2,100,000,000 for Federal Prisoner Detention.

NATIONAL SECURITY DIVISION
SALARIES AND EXPENSES
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$128,000,000 for the salaries and expenses of the National Security Division (NSD).

Countering Espionage by the People's Republic of China (PRC).—The agreement directs the NSD to provide a report to the Committees, within 60 days of enactment of this act, outlining all efforts undertaken to continue the identification and prosecution of espionage efforts against American businesses, research institutions, and academia emanating from the PRC.

INTERAGENCY LAW ENFORCEMENT
ORGANIZED CRIME DRUG ENFORCEMENT TASK
FORCES

The agreement includes \$547,000,000 for the Organized Crime Drug Enforcement Task Forces.

FEDERAL BUREAU OF INVESTIGATION
SALARIES AND EXPENSES

The agreement includes \$10,643,713,000 for the salaries and expenses of the Federal Bureau of Investigation (FBI).

Field Integration Study.—The agreement directs the FBI to conduct a study and provide a report to the Committees, no later than 270 days after the enactment of this act, on the feasibility of expanding the FBI operations in regional offices around the country. Such study should also examine the existing resources and infrastructure of FBI facilities with the capacity for expansion throughout the United States. The agreement directs the FBI to include in the report an assessment of the utility and costs associated with such expansions of resources and personnel.

National Instant Criminal Background Check System.—Within the amounts provided, the agreement expects the FBI to allocate the full amount of resources necessary for all statutorily required firearm background checks through its National Instant Criminal Background Check System (NICS).

Network Investigative Techniques.—The agreement directs the FBI to provide the Committees, not later than 90 days after the date of the enactment of this act, a classified briefing that addresses the following matters, over the last three fiscal years: (1) the number of operations in which the FBI has used network investigative techniques; (2) the number of such instances that were court-authorized; (3) the number of such instances that were authorized by the Foreign Intelligence Surveillance Court; and (4) the number of individuals, devices, and accounts that were searched remotely by the FBI.

Targeting Fentanyl.—The agreement directs the FBI, within funds provided, to allocate the maximum amount of available resources, as practicable, to support a comprehensive, multi-pronged criminal enterprise strategy to target fentanyl and opioid trafficking on Darknet and Clearnet, enhance intelligence and anti-money laundering activities, and support investigations that focus on identifying, targeting, disrupting, degrading, and dismantling transnational criminal organizations (TCOs).

TCOs and Counternarcotics Investigations.—The agreement urges the FBI to continue its efforts to address TCOs and counternarcotics investigations in Central America.

Child Exploitation and Trafficking.—The agreement acknowledges the increased use of digital services for child exploitation and trafficking. The agreement encourages the FBI to consider using a biometric identification system to bridge current information gaps and enhance investigation efforts within the FBI, through the procurement of a software-related database to share informa-

tion across law enforcement agencies. The system should create a standardized vetting process and provide data visualization tools to help expedite and recover victims of exploitation.

Terrorist Explosive Device Analytical Center (TEDAC) and Hazardous Device School (HDS).—The agreement provides up to the fiscal year 2023 enacted levels for TEDAC and HOS.

National Bioforensic Analysis Center (NBFAC).—The agreement provides up to \$21,840,000 for the FBI's role at the NBFAC.

Combatting Modern Slavery and Human Trafficking.—The agreement directs the FBI to allocate additional staff dedicated to human trafficking at its field offices with the largest geographic areas of responsibility.

CONSTRUCTION

The agreement includes \$30,000,000 for FBI construction.

DRUG ENFORCEMENT ADMINISTRATION
SALARIES AND EXPENSES

The agreement includes a direct appropriation of \$2,567,000,000 for the salaries and expenses of the Drug Enforcement Administration (DEA). In addition, DEA expects to derive \$620,000,000 from fees deposited in the Diversion Control Fee Account to carry out the Diversion Control Program, resulting in \$3,187,000,000 in total spending authority.

Digital Evidence to Combat the Fentanyl Crisis.—The agreement urges DEA to establish and formalize a tiered digital evidence enterprise program. The agreement directs DEA to report to the Committees on the cost of establishing and formalizing a tiered digital evidence program encompassing the entire digital evidence workflow in which DEA personnel would uniformly deploy digital evidence technical capabilities and training across all 23 DEA divisions. The agreement further directs DEA to report to the Committees on its strategic plan on the utilization of established internationally and nationally recognized training programs and policy and procedures development utilizing already established national best practices. Finally, the agreement directs the DEA to report its strategic plan on its current state and future state partnerships with state and local digital laboratories and to develop a collaborative and comprehensive best practices document.

Supply Shortage of Amphetamine Formulations.—The agreement directs DEA to issue a report to the Committees, no later than 90 days after the enactment of this act, on the impact DEA production quotas are having on the current supply shortage, and whether such production quotas will, or should, be modified.

Opioid Takeback Programs.—The agreement encourages DEA to consider updating regulations within its jurisdiction to enhance and expand opioid takeback programs, thereby improving the options for safely disposing unused opioid medications.

Appropriations Liaison.—The agreement directs DEA to maintain a dedicated appropriations liaison office within the Office of the Chief Financial Officer.

Counter Threat Teams.—The agreement directs DEA, within funding provided, to continue developing its Counter Threat Teams (CTT) initiative. DEA is further directed to submit a report on all associated costs to fully implement this initiative nationwide and the costs associated with implementation in the current fiscal year within 90 days of enactment of this act. The agreement directs DEA to brief the Committees no later than 120 days after the enactment of the act on the CTTs.

BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND
EXPLOSIVES
SALARIES AND EXPENSES

The agreement includes \$1,625,000,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Electronic Forms ("eForms") Application Process.—The agreement strongly urges ATF to provide a mechanism for allowing eForms applicants to correct mistakes without having to resubmit their application.

National Firearms Act Application Processing Times.—The agreement directs ATF and the FBI to continue collaboration to improve the process for consideration of applications to address ongoing delays in application processing times.

National Integrated Ballistic Information Network (NIBIN).—The agreement directs the continued expansion of NIBIN, including additional entry stations, additional law enforcement coordination, expanded training and technology investments to Tribal law enforcement, within funds provided. The agreement directs that ATF examine ways to expand access to NIBIN to state and local agencies in the New England and southwest border regions.

Enhancing Capacity of Ballistic Matches.—Within the funds provided, the agreement encourages ATF to prioritize the development and implementation of technologies that enhance the efficiency and accuracy of ballistics imaging triage, reduce turnaround times for analysis of ballistics evidence, and improve the sharing of information and data among law enforcement agencies. ATF is further encouraged to prioritize the implementation of currently available technologies that enhance the efficiency and accuracy of bullet imaging comparisons. The agreement encourages ATF to ensure such efforts support NIBIN and Crime Gun Intelligence Center (CGIC) initiatives to address gun violence. The agreement further encourages ATF to coordinate with state and local law enforcement agencies on the adoption of technology that aligns with their needs. Finally, the agreement directs ATF to report to the Committees, no later than one year after the date of the enactment of this act, on the availability and viability of such technology, including by assessing its effectiveness in providing real-time forensic-based intelligence to law enforcement and any challenges associated with its adoption, and any recommendations for improvements.

Facilities.—In lieu of Senate report language regarding the National Services Center, the agreement directs ATF to submit a report to the Committees, within 120 days of enactment of this act, on the needs, including occupational hazards and risks as well as impact on ATF's mission, associated with mission-critical facilities.

FEDERAL PRISON SYSTEM
SALARIES AND EXPENSES
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$3,392,588,000 for the salaries and expenses of the Federal Prison System. Of the amount made available under this heading, no less than the fiscal year 2023 level shall be used for land mobile radio (LMR) communication and video security upgrades. The 44 agreement recommends no less than fiscal year 2023 enacted levels to sustain and increase Bureau of Prisons (BOP) hiring efforts.

Report on Sexual Harassment.—The agreement directs BOP to submit a report, no later than 90 days after the enactment of this act, on its continued efforts to address sexual harassment and assault of female inmates in BOP facilities, resources necessary to keep female inmates safe, and other measures to ensure all BOP employees are aware of their responsibilities.

Hiring and Vacancies.—The agreement adopts the directive in the Senate report on “Hiring and Staff Reports.” In addition, the agreement directs the Department to coordinate with the Office of Personnel Management (OPM) to enable expedited hiring for BOP facilities with vacancy rates exceeding 10 percent and to make use of recruitment and retention bonuses. The agreement instructs BOP to describe such efforts in the report.

Staffing at Medium Security Institutions.—The agreement encourages BOP to increase the number of correctional officers at medium-security institutions. The agreement further encourages BOP to add one additional officer per two housing units, per shift, per day, at all medium-security institutions and institutions housing female inmates. The agreement further encourages BOP to supplement current staffing numbers and encourages BOP to staff all housing units or occupied parts of the housing units. The agreement further urges BOP to cease the practice of vacating housing units after-hours while offenders are secure in cells.

Augmentation.—The agreement adopts the directives in the Senate report under the same heading, and directs BOP to submit a report outlining the agency’s augmentation usage practices, no later than 60 days after the enactment of this act. The agreement further directs BOP to provide a briefing regarding the report no later than 15 days after its submission.

Officer Pay.—The agreement directs BOP to share with the Committees the results of its review required under the heading “Direct Hire Authority” in the Senate report on correctional officer pay scales immediately upon its completion.

Overtime Pay Rate.—In lieu of the directive in the Senate report under the same heading, the agreement adopts the directives in the joint explanatory statement accompanying Public Law 117–103 on “Overtime Pay Rate.”

First Step Act (FSA) Staffing.—The agreement encourages BOP to hire additional programming staff to successfully provide these key programs and ensure that each facility has a Special Education Teacher on staff. The agreement further encourages BOP to hire a Special Populations Manager at each BOP institution to ensure that additional FSA programming can be provided. Positions that are vital to the FSA should be added to institution staffing requirements and not taken from existing staffing complements.

Restrictive Housing.—The agreement encourages BOP to significantly reduce the number of Federal inmates in restricted housing, including by opening transition units and other specialized units for populations often sent to restricted housing, and by working with regional directors and wardens to address the widespread reliance on restricted housing.

Open GAO Recommendations.—The agreement directs BOP to provide to the Committees, no later than 180 days after the enactment of this act, a report that: (1) identifies all BOP-related recommendations issued by the GAO over the last ten fiscal years that remain open; and (2) describes the steps BOP is taking to implement all recommended actions and close out each open recommendation.

Camera and Radio Systems in Federal Prison Facilities.—The agreement directs BOP to submit, no later than 90 days after the enactment of this act, a three-year plan to upgrade its security camera, LMR communication, and public address (PA) systems at all BOP correctional facilities. Such plan should address current system deficiencies, including a lack of functioning systems, blind spots, or radios lacking a “man down” function; the need for, and cost of, planned sys-

tem maintenance and upgrades, including analog-to-digital system conversion; needed upgrades to ensure storage, logging, preservation, and accessibility of records for investigators or courts; and any other enterprise-wide considerations for such technologies and systems. Additionally, the agreement directs BOP to incorporate into the plan a cost projection and prioritization of facilities for security camera, LMR, and PA system upgrades.

Government Identification.—The agreement directs the BOP to identify key stakeholders and leverage their expertise to help ensure that BOP maximizes the potential uses of the new Federal ID card. Further, the agreement directs BOP to provide a report, no later than 180 days after the enactment of this act, on its efforts to leverage stakeholder expertise to ensure the rollout of the new Federal ID card is successful.

Healthcare Reentry.—The agreement directs BOP to conduct a comprehensive assessment of the effectiveness of BOP’s policies and procedures for facilitating enrollment in Medicaid or other health care coverage for inmates nearing reentry, and for helping to ensure continuity of care upon release from BOP custody. The agreement directs BOP to report on these efforts no later than 90 days after the enactment of this act. The agreement further directs BOP to assess the effectiveness of Federal prison healthcare, including any targeted assistance for facilitating enrollment in Medicaid or other health coverage for inmates nearing reentry. The agreement also encourages BOP to establish a communication or coordination mechanism with state Medicaid agencies, or the Centers for Medicare & Medicaid Services, to facilitate the application and enrollment process for individuals leaving incarceration.

Social Workers.—The agreement encourages BOP to establish procedures to improve the staffing levels for social workers, including by working with OPM.

Staffing Shortages.—The agreement adopts the directive in the Senate report under this same heading. In addition, as part of the report required under such directive, the agreement directs BOP to research the feasibility of a retention incentive, not to exceed 10 percent, for no-supervisory law enforcement employees nearing retirement.

Naloxone.—The agreement directs BOP to develop policies and procedures to train all staff in administering naloxone. The agreement further directs BOP to provide a report, no later than 180 days after the enactment of this act, detailing all efforts to train BOP employees to administer naloxone, how many BOP employees carry naloxone, how many times naloxone has been administered in BOP facilities during the previous 12 months, and how many overdoses occurred in BOP facilities during the previous 12 months.

Inmate Treatment.—The agreement encourages BOP to make abstinence-based relapse prevention treatment options available to inmates with a history of opioid dependence.

Mail Scanning.—The agreement directs BOP to submit a report to the Committees, no later than 60 days after the enactment of this act, detailing the cost of deploying digital mail scanning technology at all BOP detention facilities, including potential cost savings or benefits that may result from having fewer staff involved in the mail scanning process.

Inmate Trust Accounts.—The agreement directs the Department to report to the Committees, no later than 180 days after the enactment of this act, on the number of inmate trust fund accounts with a balance over \$5,000.

Roadmap to Reentry.—The agreement encourages BOP to reestablish the principles identified in the Justice Department’s

“Roadmap to Reentry,” and to begin the process of implementing these principles to improve the correctional practices and programs, including providing the following: (1) individualized reentry plans for individuals; (2) access to education, employment training, life skills, substance abuse, mental health, and other programs; (3) resources and opportunities to build and maintain family relationships; (4) individualized continuity of care; and (5) comprehensive reentry-related information and access to resources.

Swift-Certain-Fair (SCF) Model in the Federal Prison System.—The agreement encourages the BOP to establish SCF pilot programs in BOP housing units based upon best practices developed by other applicable corrections agencies, and to collect data on the effectiveness of the program. The agreement directs BOP to provide, within 90 days of the enactment of this act, a report evaluating the pilot and making recommendations on its replication.

BUILDINGS AND FACILITIES

The agreement includes \$179,762,000 for the construction, acquisition, modernization, maintenance, and repair of prison and detention facilities housing Federal inmates.

Modernization and Repair of Existing Facilities.—The agreement expects BOP to apply funds provided in fiscal year 2024 to reduce its longstanding Modernization and Repair (M&R) backlog and directs BOP to prioritize funding for repairs that protect life and safety. The agreement further directs BOP to continue providing a schedule and timeline for repairs of facilities with geological and seismic deficiencies, and to include updates in the monthly M&R reports.

Taft, California.—The agreement encourages the BOP to expeditiously advance repairs at this facility consistent with the timeline established in 2021. Accordingly, the agreement directs BOP to provide the Committees, no later than 60 days after the enactment of this act, a detailed timeline of all work related to repairing, rebuilding, renovating, or otherwise required for this facility.

Deferred Maintenance and FSA Needs.—The agreement directs BOP to provide to the Committees, no later than 180 days after the enactment of this act, a facilities investment plan to address BOP’s current facility requirements. The agreement further directs BOP to include in such plan an assessment of the condition of all BOP facilities, any BOP plans to address deferred maintenance backlogs with repair estimates broken out by priority categories, explanations of how appropriated funding will be applied in fiscal year 2024 to address the backlog, and a multi-year outlook on investment in its current facilities. The agreement encourages BOP to also include details on how Public Law 115–391 impacts building and facility requirements and reentry program implementation.

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

The agreement includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

STATE AND LOCAL LAW ENFORCEMENT ACTIVITIES

In total, the agreement includes \$4,501,377,000 for state and local law enforcement and crime prevention programs. This amount includes \$4,247,377,000 in discretionary budget authority, \$80,000,000 derived by transfer from the Crime Victims Fund, and \$174,000,000 scored as mandatory for Public Safety Officer Benefits. The Department is directed to submit an annual report on grant programs that have not received a sufficient number of qualified applicants.

Bipartisan Safer Communities Act.—In addition to the resources provided in this act,

the agreement recognizes that additional funds have been made available to certain grant programs by Public Law 117-159.

STOP School Violence Act.—The agreement directs the Department to continue following the directives in the joint explanatory statement accompanying Public Law 117-103 under the heading “STOP School Violence Act.” Additionally, the agreement directs BJA to prioritize mental health crisis intervention, applicants from rural and low-resourced school districts, and applicants incorporating crisis centers and evidence-based trainings for students and staff within their anonymous reporting systems, as permitted under the act. Recognizing that the STOP School Violence Act was enacted in 2018, BJA is directed to report, no later than 180 days after the enactment of this act, on the demographics of recipient schools, strategies employed to reach low-resourced communities (such as microgrants), and efforts to improve technical assistance in support of grantee capacity.

Grant Programs Crosswalks.—The Department is directed to provide the Committees, as part of the spend plan submitted pursuant to section 528 of this act, a crosswalk of the Office on Violence Against Women (OVW), Office of Justice Programs (OJP), and Community Oriented Policing Services Office (COPS) grant program solicitations, which includes the same level of information and detail as was provided to the Committee with respect to the solicitations of the Department’s grant program offices in fiscal year 2023.

Improving Grant Reporting.—The agreement notes the recent GAO report entitled, “Grants Management: Actions Needed to Improve Agency Reporting of Expired Grants,” and highlights the recommendation that the Department “should resume reporting on undisbursed balances from expired grants in its annual Agency Financial Report or Performance and Accountability Report and annual performance plan,” as required by section 524 of this act. The Department is expected to fulfill this recommendation and to resume reporting this information.

Tribal Grants and Victim Assistance.—The agreement provides a total of \$118,000,000 in discretionary grant funding for Tribes as follows: \$50,000,000 within the Office of Justice Programs (OJP) for Tribal assistance; \$16,000,000 for a Tribal youth program within the Office of Juvenile Justice and Delinquency Prevention (OJJDP); \$34,000,000 for Tribal resources and \$4,000,000 for a Tribal Access Program within the COPS Office; and \$11,000,000 for a special domestic violence criminal jurisdiction program and \$3,000,000 for a Special Assistant U.S. Attorney on Tribal land program within the OVW. In addition, a total of \$67,650,000 is provided to Tribal governments and Tribal coalitions in OVC funding as part of set-asides determined by program statute. For fiscal year 2024, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116-260 for “Tribal Grants and Victim Assistance.”

OFFICE ON VIOLENCE AGAINST WOMEN
VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS
(INCLUDING TRANSFERS OF FUNDS)

The agreement includes \$713,000,000 for the Office on Violence Against Women. These funds are distributed as follows:

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS
(In thousands of dollars)

Program	Amount
STOP Grants	\$255,000

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS—Continued
(In thousands of dollars)

Program	Amount
Sexual Assault Survivors’ Bill of Rights	(10,000)
Transitional House Assistance	50,000
Research and Evaluation on Violence Against Women	2,500
Consolidated Youth Oriented Programs	17,000
Engaging Men and Youth in Prevention	(3,500)
Improving Criminal Justice Responses	60,500
Homicide Reduction Initiative	(4,000)
Domestic Violence Lethality Reduction Initiative	(4,000)
Policing and Prosecution Initiative	(8,000)
Sexual Assault Services Program	78,500
Rural Domestic Violence and Child Abuse Enforcement	50,000
Violence on College Campuses	25,000
HBCU, HSI, and Tribal Colleges and Universities	(12,500)
Legal Assistance for Victims	55,000
Abuse Later in Life Program	9,000
Justice for Families Program	22,000
Disabilities Program	12,000
National Resource Center on Workplace Responses	1,000
Research on Violence Against Indian Women	1,000
Indian Country Sexual Assault Clearinghouse	500
Tribal Special Domestic Violence Criminal Jurisdiction	11,000
Rape Survivor Child Custody Act	1,500
Sec. 41801 of Pub. L. No. 103-322	15,000
Culturally Specific Services	11,000
Tribal Special Assistant U.S. Attorneys	3,000
Sec. 206 of Pub. L. No. 107-103	1,000
Underserved Populations Program	5,000
Financial Assistance Program	4,000
Abby Honold Act	5,000
Access to Sexual Assault Nurse Exams	10,000
Cybercrime Enforcement	5,500
Total, Violence Against Women Prevention and Prosecution Programs	\$713,000

To minimize fraud, waste, and abuse in these programs, OVW is encouraged to implement any open recommendations of the Department’s OIG with respect to the recipients of grants under these programs.

Crime Victims Fund.—The agreement allows for obligations of \$1,353,000,000 from the Crime Victims Fund, \$153,000,000 above the amount requested by the Department for fiscal year 2024. In an effort to appropriately balance support for the breadth of victims and related services, the agreement provides \$80,000,000 of this amount to support Violence Against Women Prevention and Prosecution Programs. The agreement underscores this one-time transfer is not intended as a funding mechanism in future years but as a means to provide critical support for victims in the current fiscal environment.

Access to Sexual Assault Nurse Exams.—The agreement includes \$10,000,000 for grants for regional sexual assault nurse examiner (SANE) training, salaries for SANEs and sexual assault forensic examiners (SAFEs), and technical assistance and resources to increase access to SANEs and SAFEs, as authorized by the Violence Against Women Act of 2022 (division W of Public Law 117-103). OVW is further directed to follow the directives described in the Senate report under the same heading.

Sexual Assault Survivors’ Bill of Rights.—The agreement again provides \$10,000,000 as part of the STOP grants for the recently enacted Sexual Assault Survivors’ Bill of Rights, a new and consequential grant program that incentivizes states to codify and standardize survivor rights. OVW did not request funding for this new program in fiscal year 2024, and the agreement notes this gap in funding and OVW’s reported challenges in implementing this new program. The agreement directs the Department to submit a report to the Committee, within 120 days of enactment of this act, detailing any applicants deemed by OVW as ineligible for this funding and the reasons for the ineligibility.

Suicide Prevention.—The Department is directed to report to the Committees regarding its efforts, in consultation with the Substance Abuse and Mental Health Services Administration, to establish best practices to prevent suicide by survivors of sexual assault, domestic violence, dating violence, and stalking.

Statutory Set-Asides.—The underlying statutes for several grant programs, including Services, Training, Officers, and Prosecutors (STOP) Grants and Sexual Assault Services Program (SASP) grants, outline set-asides for Tribal governments and coalitions, culturally specific community-based organizations, and organizations providing services to underserved populations. These set-asides provide a total of \$88,998,535 for fiscal year 2024, with \$65,513,535 for Tribal governments and coalitions, \$17,175,000 for culturally specific organizations, and \$6,310,000 to meet the needs of underserved populations. OVW shall ensure that the full amounts provided for in the authorizing statutes are awarded expeditiously.

**OFFICE OF JUSTICE PROGRAMS
RESEARCH, EVALUATION AND STATISTICS**
The agreement provides \$65,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

RESEARCH, EVALUATION AND STATISTICS
(In thousands of dollars)

Program	Amount (\$000)
Bureau of Justice Statistics	\$35,000
National Institute of Justice	30,000
Research on Multidisciplinary Partnerships	(1,500)
Forensic Research	(1,500)
Total, Research, Evaluation and Statistics	\$65,000

Research at National Institute of Justice (NIJ).—In addition to \$3,500,000 transferred from the OVW for research and evaluation on violence against women and Indian women, the agreement provides \$1,500,000 for a study on the current landscape of multidisciplinary teams working on sexual exploitation crimes against children as described in the Senate report under the heading, “Study on Multidisciplinary Teams.” Further, the agreement includes no less than \$1,500,000 for NIJ to research forensic science for criminal justice purposes.

Bail and Pretrial Release Statistics.—The Bureau of Justice Statistics (BJS) is directed, within 90 days of the enactment of this act to provide a report, if feasible, containing information relating to individuals granted bail and pretrial release that are charged with one or more violent felony offenses. The report shall include data on bail or pretrial release as follows: (1) the number of individuals that are charged with one or more violent felony offenses that are granted bail or pretrial release, (2) the number of individuals who, after being granted bail or pretrial release, are rearrested or charged with an additional violent felony offense, (3) the percentage of individuals granted bail or pretrial release who are charged with a violent felony offense and have a prior arrest or conviction for a violent felony offense, (4) the number of missed court appearances by such individuals charged with a violent felony offense and (5) the classification of the violent felony offenses. In addition, the report shall detail the National Pretrial Reporting Program’s work on this issue and provide an accounting of the amounts spent on this in fiscal year 2023, including transfers. Further, the report shall include information on bail and pretrial release, including any grants or contracts awarded for that purpose, and the amount and purpose of each grant or contract.

Forensic Science Operational Needs Assessment.—NIJ shall provide a report to the Committees on the projected workload, backlog, personnel, workforce, resources, necessary turnaround times for law enforcement officers and officers of the court, and equipment needs of forensic science providers and forensic medical service providers, no later than

180 days after the enactment of this act. The report should be conducted in conjunction with the Forensic Laboratory Needs Technology Working Group and the Federal Interagency Medicolegal Death Investigation Working Group. Further, the Department shall consider in its reporting the most recent BJS census reports on publicly funded forensic science service providers, digital forensic science service providers, and medical examiner and coroner offices; the NIJ report entitled, "Report to Congress: Needs Assessment of Forensic Laboratories and Medical Examiner/Coroner Offices" and any other relevant studies; and the practical and applied implications of any other scientific reports on forensic science with relevance to the operational, quality management, and practical needs of the forensic science community.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$2,475,061,000 for State and Local Law Enforcement Assistance programs. These funds are distributed as follows:

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE
(In thousands of dollars)

Program	Amount (\$000)
Byrne Memorial Justice Assistance Grants	924,061
Officer Robert Wilson III VALOR Initiative	(13,000)
NamUs	(3,000)
Officer Training for Responding to People with Mental Illness or Disabilities	(10,000)
John R. Justice Grant Program	(3,000)
Prison Rape Prevention and Prosecution	(15,500)
Kevin and Avonte's Law	(3,000)
Project Safe Neighborhoods	(19,000)
Capital Litigation and Wrongful Conviction Review	(12,000)
National Center (as authorized by Pub. L. No. 117-328)	(3,000)
Ashanti Alert Network	(1,000)
Family-Based Alternative Sentencing Pilot Programs	(3,500)
Child Advocacy Training	(1,000)
Rural Violent Crime Initiative	(7,000)
Missing Persons and Unidentified Remains Act	(5,000)
Forensic Ballistics Programs in Higher Education	(1,500)
Pilot Program as authorized by Sec. 1506 of VAWA Reauth	(3,000)
Presidential Nominating Conventions (total described below)	(125,000)
Byrne Discretionary Community Project Funding/Byrne Discretionary Grants	(350,028)
State Criminal Alien Assistance Program	234,000
Victims of Trafficking Grants	88,000
Economic, High-tech, White Collar, and Cybercrime Prevention	12,000
Intellectual Property Enforcement Program	(2,500)
Internet of Things Training Modules	(2,000)
Adam Walsh Implementation	19,000
National Sex Offender Public Website	1,000
Patrick Leahy Bulletproof Vest Partnership Grant Program	30,000
Transfer to NIST/OLES	(1,500)
National Instant Criminal Background Check System (NICS) Initiative	88,000
NICS Acts Record Improvement Program	(25,000)
Paul Coverdell Forensic Science	34,000
DNA Initiative	153,000
Debbie Smith DNA Backlog Grants	(120,000)
State and Local Forensic Activities	(15,000)
Kirk Bloodworth Post-Conviction DNA Testing Grants	(14,000)
Sexual Assault Forensic Exam Program Grants	(4,000)
Sexual Assault Kit Initiative (SAKI)	51,500
Court Appointed Special Advocates (CASA)	14,000
Tribal Assistance	50,000
Second Chance Act/Offender Re-entry	117,000
Smart Probation	(8,000)
Children of Incarcerated Parents Demo Grants	(5,000)
Pay for Success	(7,500)
Project HOPE Opportunity Probation with Enforcement	(5,000)
Crisis Stabilization and Community Re-entry	(10,000)
Anti-Opioid and Substance Abuse Initiative	420,000
Drug Courts	(89,000)
Mentally Ill Offender Act	(40,000)
Residential Substance Drug Treatment	(35,000)
Veterans Treatment Courts	(32,000)
Prescription Drug Monitoring	(35,000)
Comprehensive Opioid, Stimulant, and Substance Use Disorder Program	(189,000)
Keep Young Athletes Safe Act of 2018	2,500
STOP School Violence Act	82,000
Emmett Till Act Grants	3,000
Hate Crime Prevention Act Grants	17,000
Community-Based Approaches (as authorized by Pub. L. No. 117-328)	9,000
Jabara-Heyer NO HATE Act	9,000
Community Trust Initiative	114,000
Body Worn Camera Partnership Program	(32,000)
Justice Reinvestment Initiative	(32,000)
Community Violence Intervention and Prevention	(50,000)
Emergency Federal Law Enforcement Assistance	3,000
Total, State and Local Law Enforcement Assistance	\$2,475,061

Edward Byrne Memorial Justice Assistance Grant Program.—The Department is directed to continue following the directives in House Report 117-97 adopted by Public Law 117-103 on "Byrne Memorial Justice Assistance Grant (Byrne JAG) Formula program", and in the joint explanatory statement accompanying Public Law 117-103 on "Uses of Byrne-JAG Funds." The agreement reinforces that Byrne JAG funds may be used by state, local, and Tribal law enforcement to combat and prevent hate crimes, to hire and train cybercrime personnel, and to train law enforcement and emergency dispatch personnel in cybercrime and encourages the use of these funds to support canine programs. The agreement urges the Department to release Byrne JAG funds as expeditiously as possible and clarifies that Byrne JAG funding may not be made available for luxury items, real estate, or construction projects.

Medication-assisted Treatment.—The agreement acknowledges concern about the impact of the growing epidemic of opioid and synthetic drug abuse and misuse on the law enforcement community and supports the use of Byrne JAG funds for the implementation of medication-assisted treatment programs to assist individuals in maintaining abstinence from all abused or misused drugs.

Forensic Genetic Genealogical (FGG) DNA Analysis.—Within amounts provided for the Office of Justice Programs, the agreement directs the Department to support efforts to use FGG to investigate unsolved violent crimes, without regard to the status of an applicant agency's sexual assault kit inventory. The Department is directed to track and report regularly on the number of FGG samples analyzed, the types of DNA technology deployed, and the number of perpetrators or human remains identified as a result. Further, the Department is encouraged to fund additional grants for the use of FGG technology under other appropriate programs including, but not limited to, the National Missing and Unidentified Persons System (NamUs) program.

Body-worn Camera Policy and Implementation Program.—The agreement encourages the Department to prioritize body-worn camera grant funding for agencies serving jurisdictions with populations of less than 50,000.

Rapid DNA at Booking Stations.—The agreement recognizes that the implementation of booking station Rapid DNA programs are an eligible use of Byrne JAG and SAKI funds and strongly supports the allocation of funds for this purpose within the funds provided and at a level not less than fiscal year 2023. The agreement directs the Department to assist with the initial costs associated with updating criminal history systems, integration with booking station systems, and purchasing new technologies associated with Rapid DNA.

Prescription Drug Monitoring Programs.—The agreement strongly supports the goals of the Harold Rogers Prescription Drug Monitoring Program and is concerned that a recent BJA reinterpretation of grant rules has effectively prohibited states from using PDMP grant funding to operate their PDMPs by requiring states to connect to a specific data hub solution in order to receive funding. The agreement notes that this is not consistent with allowing states to choose and operate the PDMP and data sharing hubs of their choice and directs BJA to allow states to utilize PDMP grant funding from the Harold Rogers Prescription Drug Monitoring Program to finance the PDMP of their choice and to connect to the interstate data exchange hub of their choice.

Mentally Ill Offender Act.—The Department is encouraged to prioritize Mentally Ill Offender Act grant funds for the operational expenses of mental health centers that assist

those with severe mental health needs who are at risk of recidivism, such as crisis care, residential treatment, outpatient mental health and primary care services, and community re-entry support, and supports funding levels for grants be commensurate with demonstrated community needs.

De-escalation Technology.—The agreement supports the advancement of de-escalation technology that can better equip law enforcement officers to utilize less-than-lethal force in appropriate circumstances.

Drug Court Grants.—When administering drug court grants, the Department is encouraged to prioritize grants in rural and low-income areas with high rates of substance abuse and the Department is directed to submit a report, no later than 90 days after the enactment of this act, on the distribution of drug court grants authorized by Public Law 114-198, and that details the number of applications for awards, the grantees, and the funding levels of awards from fiscal years 2019 to 2024.

Addressing Data Gaps on Missing and Murdered Indigenous Women and Girls.—The agreement directs the Department, in collaboration with relevant Federal agencies, to report to the Committees, no later than 90 days after the enactment of this act, on a plan to update publicly available data on the crisis of missing and murdered Indigenous women and girls, the steps taken to implement ongoing analyses of relevant data, as well as education and outreach to improve future data. The agreement further directs the Department to, no later than 120 days after the enactment of this act, issue a public report and analysis of up-to-date data on missing and murdered Indigenous women and girls.

Justice Reinvestment Initiative.—The agreement provides \$32,000,000 for the Justice Reinvestment Initiative (JRI) and notes that OJP does not plan to support a program that promotes the closing or repurposing of youth detention facilities in fiscal year 2024. The agreement emphasizes that the Department should clearly detail how grant funds are being used in its spend plan prior to allocation, including JRI funds, and notify the Committees within 30 days of any intention to deviate from the previously proposed spend plan.

Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP).—The agreement provides \$10,000,000 within COSSUP for grants to local nonprofits preventing substance use and misuse. BJA shall provide awards to local nonprofits working with law enforcement and community coalitions to educate youth in schools and in extracurricular programming on drug prevention. The agreement further directs the Department to prioritize nonprofit organizations with comprehensive approaches to combating substance use, including investigations, treatment, and education.

Daniel Anderl Act.—The agreement directs OJP to begin the implementation of the grant program described in section 5934(c) of the Daniel Anderl Judicial Security and Privacy Act of 2022 (Public Law 117-263). The agreement further directs OJP to submit a report, within 180 days of the enactment of this act, on its progress in implementing this program.

Presidential Nominating Conventions.—The agreement includes a total of \$150,000,000 for host cities of the 2024 presidential nominating conventions by providing \$125,000,000 within Byrne JAG and an additional \$25,000,000 from the unobligated balances in the Presidential Election Campaign Fund established by section 9006(a) of title 26, United States Code.

Byrne Discretionary Community Project Grants/Byrne Discretionary Grants

(“projects”).—The agreement provides \$350,028,000 for projects to prevent crime, improve the criminal justice system, provide victim services, and for other related activities. The agreement directs the Department to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts, which are incorporated by reference in this act.

JUVENILE JUSTICE PROGRAMS

The agreement includes \$375,000,000 for Juvenile Justice programs. These funds are distributed as follows:

JUVENILE JUSTICE PROGRAMS

(In thousands of dollars)

Program	Amount (\$000)
Part B—State Formula Grants	\$65,000
Emergency Planning—Juvenile Detention Facilities	(500)
Youth Mentoring Grants	104,000
Title V—Delinquency Prevention Incentive Grants	55,000
Prevention of Trafficking of Girls	(4,000)
Tribal Youth	(16,000)
Girls in the Justice System	(4,500)
Opioid Affected Youth Initiative	(10,500)
Children Exposed to Violence	(9,000)
Victims of Child Abuse Programs	41,000
Missing and Exploited Children Programs	103,000
Training for Judicial Personnel	4,500
Juvenile Indigent Defense	2,500
Total, Juvenile Justice Programs	\$375,000

Internet Crimes Against Children (ICAC) Task Forces.—The agreement supports the ICAC program and encourages the Department to prioritize proactive investigations of suspects possessing, distributing, or producing violent child sexual abuse imagery.

Preventing Trafficking of Girls.—The agreement encourages the Department to make grants to nonprofits and other non-governmental entities that have undergone rigorous evaluation and have a successful track record of administering research-based prevention and early intervention programs for girls who are vulnerable to trafficking, at a state level, and to scale up and replicate these programs.

PUBLIC SAFETY OFFICER BENEFITS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$208,800,000 for the Public Safety Officer Benefits program for fiscal year 2024.

COMMUNITY ORIENTED POLICING SERVICES

COMMUNITY ORIENTED POLICING SERVICES PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$664,516,000 for Community Oriented Policing Services (COPS) programs, as follows:

COMMUNITY ORIENTED POLICING SERVICES

(In thousands of dollars)

Program	Amount
COPS Hiring Program	\$256,169
Tribal Resources Grant Program	(34,000)
Regional Information Sharing Activities	(44,000)
Tribal Access Program	(4,000)
Law Enforcement Mental Health and Wellness Act	(10,000)
Collaborative Reform Model	(7,500)
Community Policing Development	25,000
POLICE Act	12,000
Anti-Methamphetamine Task Forces	16,000
Anti-Heroin Task Forces	35,000
STOP School Violence Act	53,000
Law Enforcement Officer De-escalation Training Act	20,000
COPS Technology and Equipment Community Projects	\$247,347
Total, Community Oriented Policing Services	\$664,516

Additional Technical Assistance.—The Committee urges the COPS Office to provide increased technical assistance to applicants who have not previously received COPS grants or otherwise indicate that they are newly established community-oriented policing programs.

Community Oriented Policing Services, Technology and Equipment Community Projects/COPS Law Enforcement Technology and Equipment (“projects”).—The agreement provides \$247,347,161 for grants to state, local, Tribal, territorial, and other entities to develop and acquire effective equipment, technologies, and interoperable communications that assist in responding to and preventing crime. The agreement notes that the projects included in this statement should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve. Equipment funded under this program should meet any applicable requirements of the National Institute of Standards and Technology’s Office of Law Enforcement Standards. The agreement directs the Department to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts, which are incorporated by reference in this act.

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFERS OF FUNDS)

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or incest, or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes that the Director of the Bureau of Prisons is obliged to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

Section 207 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious, or educational purposes.

Section 208 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 209 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts specified in this title or the reuse of specified deobligated funds provided in previous years.

Section 210 prohibits the use of funds for A-76 competitions for work performed by employees of BOP or Federal Prison Industries, Inc.

Section 211 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 212 permits up to 2 percent of grant funds made available to be used for criminal justice research, evaluation and statistics by the National Institute of Justice and the Bureau of Justice Statistics and designates up to 2 percent of grant funds for training and technical assistance.

Section 213 provides cost-share waivers for certain grant programs.

Section 214 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 215 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facilitate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 216 places limitations on the obligation of funds from certain DOJ accounts and funding sources.

Section 217 allows certain funding to be made available for use in Performance Partnership Pilots.

Section 218 establishes reporting requirements for the Department’s Crime Victims Fund, the Working Capital Fund, the Three Percent Fund, and the Asset Forfeiture Fund.

Section 219 places limitations on the Department’s performance of live tissue training.

Section 220 prohibits the Department from targeting or investigating parents who peacefully protest at school board meetings and are not suspected of engaging in unlawful activity.

Section 221 prohibits the Department from investigating or prosecuting religious institutions on the basis of their religious beliefs.

Section 222 provides for a transfer of \$25,000,000 from the fund established by section 9006(a) of title 26, United States Code.

TITLE III

SCIENCE

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

The agreement includes \$7,965,000 for the Office of Science and Technology Policy (OSTP).

Extreme Weather.—The agreement urges OSTP to ensure that existing government efforts to address extreme weather form a cohesive, lasting strategic approach to manage the risks posed by extreme weather across Federal activities, including financial risks, and risks to agriculture, infrastructure, commerce, and human safety.

Tribal Nations and Indigenous People.—OSTP shall provide the Committees with a briefing, no later than 120 days after the enactment of this act, regarding efforts of Federal agencies to (1) grow or maintain mutually beneficial relationships with Tribal Nations and Indigenous peoples to understand Indigenous knowledge and (2) incorporate or apply Indigenous knowledge in Federal research, policies, and decision-making.

National Engineering Biology Research and Development Initiative.—The agreement directs OSTP to establish the Initiative Coordination Office (ICO), to support the National Engineering Biology Research and Development Initiative, as directed under Public Law 117-167. The agreement recommends that ICO represent the variety of stakeholders across the Federal Government, including agencies that promote economic development, sponsor fundamental research, facilitate technology commercialization, focus on safety and security, or engage in workforce training.

Alternative Protein Research.—The agreement directs OSTP to ensure that alternative protein research is coordinated across the Federal Government to avoid duplication and overlap.

Open Access.—The agreement directs OSTP to produce an in-depth financial analysis of

the August 25, 2022, Memorandum to Executive Departments and Agencies titled, “Ensuring Free, Immediate, and Equitable Access to Federally Funded Research” including the policy’s anticipated impact on Federal research investments, research integrity, and the peer review process, as was previously directed in House Report 117–395, no later than 100 days after the enactment of this act. If OSTP fails to provide the Committees with the report within 100 days, then OSTP must pause implementation of the memorandum until the agency produces the report.

NATIONAL SPACE COUNCIL

The agreement includes \$1,965,000 for the activities of the National Space Council.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The agreement includes \$24,875,000,000 for the National Aeronautics and Space Administration (NASA).

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
(In thousands of dollars)

Program	Amount (\$000)
Science:	
Earth Science	\$2,195,000
Planetary Science	2,716,700
Astrophysics	1,530,000
Heliophysics	805,000
Biological and Physical Science	87,500
Total, Science	7,334,200
Aeronautics:	
Space Technology	935,000
Exploration	1,100,000
Space Operations	7,666,200
Science, Technology, Engineering, Mathematics (STEM)	4,220,000
Safety, Security, and Mission Services	143,000
Construction and Environmental Compliance and Restoration	3,129,000
Office of Inspector General	300,000
	47,600
Total, NASA	\$24,875,000

SCIENCE

The agreement includes \$7,334,200,000 for Science and directs NASA to provide funding as described in the table above and text below.

University Small Satellite Missions.—The agreement supports NASA’s collaborative efforts with U.S. colleges and universities to conduct research through small spacecraft missions and provides not less than \$30,000,000 for these missions.

Earth Science.—In lieu of the funds designated in the Senate report for Earth Science, the agreement provides up to the request level for Plankton, Aerosol, Cloud, ocean Ecosystem (PACE), Earth System Explorers, the four Earth System Observatory missions, and Commercial SmallSat Data Acquisition. Further, as recommended in the 2023 Senior Review, NASA is directed to continue supporting the Terra, Aqua, and Aura missions at a level sufficient to provide high quality data to the scientific community.

Space-Based Wildfire Detection Technologies.—The Senate language is clarified to provide up to the fiscal year 2023 enacted level for space-based wildfire detection and warning systems.

Geosynchronous Littoral Imaging and Monitoring Radiometer (GLIMR).—The Senate language regarding GLIMR is adopted.

Planetary Science.—The agreement provides the request level for Planetary Defense, including \$209,700,000 for the Near Earth Object Surveyor Mission, and up to the fiscal year 2023 enacted level for New Frontiers, including not less than \$360,000,000 for Dragonfly.

Mars Sample Return (MSR).—The Senate language on “Mars Sample Return” is not adopted. MSR is the highest priority of the 2022 Planetary Science Decadal Survey but there is concern that the expected launch schedule continues to slip. The agreement notes that there has not been consultation

with some Members of Congress about NASA’s decision to move forward with workforce reductions before a fiscal year 2024 bill was enacted and notes concern that NASA’s actions have contributed to serious losses in NASA’s high-skilled workforce.

The Independent Review Board did not recommend cancelling MSR, and NASA has convened a MSR Independent Review Board Response Team (MIRT) to determine a revised architecture for this Decadal Survey flagship mission. The agreement directs NASA to report no later than 60 days following completion of the MIRT report on the recommended path forward for MSR, within a balanced Science portfolio. The report should include a year-by-year funding profile for MSR and any necessary reprogramming or transfer requests to support the re-scoped MSR program in fiscal year 2024. The agreement further directs NASA to not engage in further workforce reductions of the MSR program until such report is provided and directs NASA to provide at least 30 days of advance notification of such actions to the Committees. The agreement provides no less than \$300,000,000, and up to the President’s budget request level, to support the MSR program pursuant to these directives in fiscal year 2024.

MSR Receiving Facility.—The MSR program is under review following an Independent Review Board report. In addition, the MSR receiving facility requirements are also under review by NASA. Given this, the agreement directs NASA to consider how changes to the scope of the MSR program will impact the needs and qualifications of a MSR receiving facility.

In lieu of the direction in the Senate report to submit a plan on the MSR facility, the agreement directs NASA to provide the Committees a plan, not later than 60 days after the conclusion of the MSR Independent Review Board Response Team report, outlining the updated MSR receiving facility requirements, including the factors NASA is weighing for the site selection, potential partnering approaches, an expected construction schedule, the estimated cost, and any other criteria that will be used to determine the facility location.

Small Innovative Missions for Planetary Exploration (SIMPLEx).—The agreement continues support for SIMPLEx and encourages NASA to consider a second SIMPLEx mission and to develop a five-year plan to increase the volume of solicitations in support of the program. NASA shall brief the Committees, no later than September 1, 2025, on a plan for increasing the volume of solicitations.

Venus Emissivity, Radio Science, InSAR, Topography, and Spectrometry (VERITAS) Mission.—The agreement supports the Discovery Program, including competitively selected missions such as VERITAS. As part of the fiscal year 2025 budget request, the agreement encourages NASA to request sufficient funding to ensure a launch by the end of the decade. Further, no later than 180 days after the enactment of this act, the agreement directs NASA to provide a budget profile and schedule for the VERITAS mission.

Small Satellite Platforms.—The agreement directs NASA to assess the feasibility of utilizing small satellites for missions of greater complexity and importance, including flagship class objectives in furtherance of decadal science priorities. If feasible, the agreement directs NASA to identify a mission that could be accomplished through this type of architecture, and to report on such findings to the Committees no later than 180 days after the enactment of this act.

Geostationary Carbon Cycle Observatory (GeoCarb).—The agreement encourages NASA to work with the GeoCarb mission’s

science team on pre-flight testing and characterization of the instrument upon its delivery to NASA, to store it appropriately, and to develop and execute a plan to obtain a cost-effective launch.

Habitable Worlds Observatory.—The Senate report language regarding “Habitable Worlds Observatory” is adopted, and the agreement provides no less than \$10,000,000 for the mission. In addition, the agreement directs NASA to establish a Habitable Worlds Observatory project office at Goddard Space Flight Center to leverage existing expertise in astrophysics and segmented mirror technology.

Heliophysics.—In lieu of the funds designated within the Senate report for Heliophysics, the agreement provides no less than the fiscal year 2023 enacted level for Heliophysics Research, Space Weather, and Heliophysics Technology. Further, the agreement provides up to the fiscal year 2023 enacted level for Solar Terrestrial Probes, including up to \$26,000,000 for the Magnetospheric Multiscale mission. The agreement also directs NASA to make awards under the announcement of opportunity for the Dynamic Neutral Atmosphere-Ionosphere Coupling (DYNAMIC) mission.

Heliophysics Explorers.—The agreement provides no less than \$215,000,000 for Heliophysics Explorers to achieve flagship level science through the program. This amount includes no less than the request level for HelioSwarm.

Geospace Dynamics Constellation (GDC).—Not later than 180 days after the enactment of this act, the agreement directs NASA to provide the Committees with a schedule and budget profile to launch the GDC mission by the end of the decade to fulfill the recommendations of the Heliophysics decadal survey through improved understanding of the variability of the space weather environment surrounding Earth.

Biological and Physical Science.—The Senate report language on “Biological and Physical Science” is adopted, and the agreement provides \$2,500,000 to establish a consortium including academic institutions with demonstrated expertise within the human health, animal, and plant sciences.

AERONAUTICS

The agreement includes \$935,000,000 for Aeronautics.

Advanced Air Mobility Systems.—The agreement includes up to the request level for the Advanced Air Vehicles Program and the Advanced Air Mobility (AAM) National Campaign, including no less than \$5,000,000 for safe autonomous flight enabling infrastructure.

Vertical Lift Research.—The agreement supports NASA’s Vertical Lift Research Centers of Excellence (VLRCOE) cooperative agreements to advance fundamental research at universities across the country and directs NASA to continue its work with government agencies, academia, and industry to build and maintain a modeling and simulation environment to analyze various aviation demand scenarios and associated supply chain ecosystem needs. Additionally, the agreement directs NASA to provide a report on these actions to the Committees no later than 180 days after the enactment of this act. In developing this report, NASA is encouraged to consult with government, academia, and industry to identify any policy recommendations.

Trusted Autonomy-enabled Technologies Flight Demonstrator.—The agreement supports the Integrated Aviation Systems Program and directs NASA to allocate up to \$10,000,000 for the continued development and flight testing of technologies necessary to support a trusted, semi-autonomous aircraft

architecture with aviation safety management system capabilities.

Electric Air Flight.—The agreement encourages NASA to strengthen its collaborations with the Department of Energy, national laboratories, and universities to overcome energy storage challenges for mobility technologies such as electric air flight including through the Electrified Powertrain Flight Demonstration project.

Advanced Technologies for Sustainable Aviation.—The Senate language regarding “Sustainable Aviation” is adopted. In addition, the agreement encourages NASA to prioritize funding for Advanced Engine and Vehicle Technologies for Sustainable Aviation initiatives, including Electrified Aircraft Propulsion activities, the Hybrid Thermally Efficient Core (HyTEC) project, the Advanced Aircraft Concepts for Environmental Sustainability (AACES) studies, and the advancement of sustainable aviation fuels.

Hypersonic Technology Program (HTP).—The agreement supports the HTP and encourages NASA to advance hypersonic research and strengthen commercial hypersonic capabilities. The agreement provides up to \$15,000,000 to establish the Making Advancements in Commercial Hypersonics (MACH) Program and directs NASA to submit a report, no later than 60 days after the enactment of this act, that details a strategy and efforts to consult and collaborate with the Department of Defense on hypersonic technology. The agreement also provides up to \$10,000,000 for collaborative work between industry and academia for carbon/carbon material testing and up to \$5,000,000 to develop and mature automation of high-temperature ceramic matrix composites.

Revitalization of High-performance Chase Aircraft and Infrastructure.—The agreement directs NASA to provide regular updates to the Committees on its chase aircraft fleet; engage in regular consultations with the Department of Defense on strategies to improve the fleet including through aircraft transfers; and evaluate administrative and legislative steps to facilitate such actions, including through the interagency and budget processes. Additionally, the agreement directs NASA to provide the Committees with a report, no later than 60 days after the enactment of this act, outlining plans to improve the Aeronautics Research Mission Directorate’s physical infrastructure, including hangars, runways and taxiways, research facilities, and other structures and equipment.

SPACE TECHNOLOGY

The agreement includes \$1,100,000,000 for Space Technology.

Regional Economic Development.—The Senate language regarding “Regional Economic Development” is adopted, and the agreement provides up to \$10,000,000 for the Regional Economic Development Initiative.

Space Nuclear Propulsion Program Office.—The agreement notes the intent of the Space Technology Mission Directorate to establish a Space Nuclear Propulsion Technology Program Office, to coordinate the development and demonstration of Nuclear Thermal Propulsion (NTP) and Nuclear Electric Propulsion (NEP) capabilities. The agreement encourages the Space Technology Mission Directorate to expedite the establishment of this important Program Office.

Nuclear Thermal Propulsion.—The agreement provides \$110,000,000 for NTP, including not less than \$10,000,000 to continue to accelerate the development of an operational system with commercial partners as directed in the Senate report. Subsequent NASA budget submissions and future year projections should reflect the urgency that this program’s objectives and goals demand over the

next 48 months. In addition, NASA is directed to provide a detailed spending plan for NTP as well as a plan for the design of a flight demonstration.

Nuclear Electric Propulsion.—The agreement includes up to \$50,000,000 for NEP to continue efforts toward the development of a high-power nuclear electric propulsion demonstration, of which up to \$10,000,000 is for the design of test articles to enable a flight demonstration. The agreement supports the commencement of accelerated development of this technology, consistent with the recommendations of the National Academies of Sciences.

Lunar Surface Power.—The agreement provides up to \$40,000,000 and no less than the fiscal year 2023 enacted level for Lunar Surface Power, including up to \$20,000,000 for Fission Surface Power. NASA is directed to use Lunar Surface Power demonstration funding for payload development and associated delivery services via the Commercial Lunar Payload Services program.

On-Orbit Servicing, Assembly, and Manufacturing-1 (OSAM-1).—In lieu of the Senate report language, the agreement provides \$227,000,000 for OSAM-1 to adjust the mission to ensure a 2026 launch within the cost profile assumed in the fiscal year 2024 budget request. Consistent with recommendations by the OSAM-1 Standing Review Board, NASA is directed to reduce testing requirements and make the necessary technical decisions, including potential de-scoping of some non-essential capabilities, to meet these launch and budget requirements. If this is not possible, NASA should initiate another Continuation Review in September 2024. Further, NASA is directed to work with the Department of Defense on a plan for a potential use, as practicable, of OSAM-1 for space mobility capability, and to provide the Committees with the plan not later than 180 days after enactment of this act.

Small Business Innovation Research (SBIR).—In lieu of Senate direction regarding SBIR, NASA shall continue to fulfill statutory obligations for SBIR funding and place an increased focus on awarding SBIR awards to firms with fewer than 50 employees.

Flight Opportunities Program.—The agreement includes not less than \$27,000,000 for the Flight Opportunities Program, including up to \$5,000,000 to support payload development and flight of K-12 and collegiate educational payloads.

Alternative Propellants and Multimode Propulsion.—The United States is overly reliant on xenon and krypton for in-space propulsion which are in limited supply, extremely expensive, and produced in China and Russia. The agreement encourages investments in innovative small spacecraft propulsion to achieve in-flight demonstrations of alternative propellants and turn-key multimode in-space propulsion as soon as practicable, including, as practicable, those that use domestically produced fuel and cathode-less electric propulsion technology.

Autonomous System Modeling and Simulation.—NASA is commended for its partnerships with educational institutions for the purpose of developing more reliable autonomous capabilities at NASA facilities. The agreement recommends NASA continue to fund these programs.

Tipping Point Program.—NASA is directed to meet all contractual obligations for the Tipping Point program in fiscal year 2024. In addition, NASA is encouraged to continue funding for capability development that grows in-Earth orbit platform ecosystems.

Innovative Nanomaterials.—The Senate language regarding “Innovative Nanomaterials” is clarified to provide up to \$5,000,000 to advance large scale production and use of inno-

vative nanomaterials. In addition, NASA is directed to submit a report to the Committees, no later than 180 days after the enactment of this act, detailing a plan to ensure mission critical systems utilize and leverage carbon nanotube technology.

Orbital Debris Inspection Mission.—In lieu of the Senate language on “Orbital Debris Removal”, the agreement provides up to \$5,000,000 for the development of an Orbital Debris Inspection mission, in partnership with the private sector, to demonstrate technologies that track, characterize, and inspect multiple objects in space.

EXPLORATION

The agreement includes \$7,666,200,000 for Exploration and notes the strong support for the Artemis missions that will establish the first long-term human presence on the Moon, accomplishing the Presidential direction carried in Space Policy Directive-1. In lieu of the amounts provided in the Senate report within Exploration, the agreement provides up to the fiscal year 2023 enacted level for the Orion Multi-purpose Crew Vehicle and the Space Launch System (SLS), including up to \$600,000,000 for the SLS Block 1B Development.

Human Landing System (HLS).—The agreement provides up to \$1,880,500,000 for the HLS program, including full funding for NASA to meet all contractual obligations for both HLS providers in fiscal year 2024.

Next Generation Extravehicular Activity (EVA) Spacesuits.—The agreement provides up to \$379,900,000 for the Extravehicular Activity and Human Surface Mobility program to maintain schedule for the International Space Station and Artemis missions. NASA is encouraged to support competition and redundancy for future Artemis missions by providing the Committees with a plan, including a task order and funding roadmap, to have both EVA spacesuits developed and certified for lunar surface missions in time for the selection of the EVA space suit for the Artemis IV mission.

Fabrication Laboratory (FabLab) Demonstration.—NASA is encouraged to provide up to \$10,000,000 for the FabLab demonstration of metal and electronic manufacturing in space.

Exploration Review.—In January 2024, NASA announced a delay of the Artemis II and Artemis III missions to September 2025 and September 2026, respectively. With all elements necessary to achieve a successful return to the Moon under development, the agreement requests a review by NASA to ensure the current mission schedule can be achieved, while ensuring astronaut safety.

The agreement directs NASA to provide this review to the Committees no later than 270 days of enactment of this act. The review should focus on NASA’s ability to coordinate the schedule and milestones for each Artemis program element to ensure mission success in the current constrained fiscal environment. The review should also include an analysis and evaluation of both current and future workforce requirements and supply chain management needs to ensure the program elements are aligned in a manner that reduces technical, cost, and schedule risk.

SPACE OPERATIONS

The agreement provides \$4,220,000,000 for Space Operations, which includes sufficient funding for the continuation of International Space Station and Human Space Flight Operations and directs NASA to maintain its high-skilled workforce for the support of human space flight.

Payload Processing Capacity.—The Senate language regarding “Payload Processing Capacity” is adopted within Space Operations.

21st Century Launch Complex Program.—The agreement includes up to the fiscal year 2023

enacted level for the 21st Century Launch Complex Program.

Suborbital Crew.—The Senate report language regarding “Suborbital Crew” is clarified such that NASA shall continue its Suborbital Crew Office to perform safety assessments to enable NASA personnel to procure flights for civil servants on licensed U.S. suborbital vehicles.

Small Satellite Cross-Link Systems.—The agreement includes \$15,000,000 to align NASA’s relay networks to transmit large volumes of science and Earth remote sensing data to users via high-speed (V-band), low latency links. This should provide an expanded educational opportunity for individuals studying SmallSat Cross-Link Systems.

SCIENCE, TECHNOLOGY, ENGINEERING, AND
MATHEMATICS ENGAGEMENT

The agreement includes \$143,000,000 for Science, Technology, Engineering, and Mathematics (STEM) Engagement. Of this amount, \$58,000,000 is for the Space Grant Program, \$26,000,000 is for the Established Program to Stimulate Competitive Research (EPSCoR), and \$45,500,000 is for the Minority University Research and Education Project.

SAFETY, SECURITY AND MISSION SERVICES

The agreement includes \$3,129,000,000 for Safety, Security and Mission Services (SSMS).

NASA Community Projects/NASA Special Projects.—Within the appropriation for SSMS, the agreement provides \$56,673,000 for NASA Community Projects/NASA Special Projects. The agreement directs NASA to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NASA to perform the same level of oversight and due diligence as with any other external partners.

CONSTRUCTION AND ENVIRONMENTAL
COMPLIANCE AND RESTORATION

The agreement includes \$300,000,000 for Construction and Environmental Compliance and Restoration. Senate language regarding Exploration and Space Operations Construction of Facilities is not adopted.

Center Commodity Infrastructure.—Within available funds, NASA is encouraged to upgrade pipelines and supporting commodities infrastructure in fiscal year 2024.

Hypersonic Flight Capability Ground Infrastructure.—The agreement recognizes the planned testing of the low boom flight demonstrator hypersonic vehicle in fiscal year 2024 and encourages NASA to identify necessary improvements associated with planned hypersonic test flight and ground infrastructure.

Wallops PFAS Contamination.—The Senate language is modified to clarify that not later than 180 days after the enactment of this act, NASA shall provide a status report to the Committees regarding the plan by the Town of Chincoteague to identify and acquire suitable property for location and construction of new drinking water wells under administrative control and lease, ownership or easement, of the Town of Chincoteague, and NASA’s plan to reimburse the Town of Chincoteague for costs directly associated with the removal and relocation of those drinking water wells subject to enactment of proposed legislative authority.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$47,600,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

The agreement allows for certain transfers of funds.

The agreement includes a provision providing NASA the authority to combine amounts from one or more of its Science, Aeronautics, Space Technology, Exploration, and Space Operations appropriations with amounts from the STEM Engagement appropriation to jointly fund discrete projects or activities, through contracts, grants, or cooperative agreements, that serve these purposes. NASA is directed to provide notification of the Agency’s intent to award a contract, grant, or cooperative agreement that would be jointly funded under this authority, no less than 15 days prior to award.

The agreement permits a transfer of funds into NASA’s Working Capital Fund.

The agreement includes two provisions to extend the period of availability for certain funds.

NATIONAL SCIENCE FOUNDATION

The agreement includes \$9,060,000,000 for the National Science Foundation (NSF).

RESEARCH AND RELATED ACTIVITIES

The agreement includes \$7,176,500,000 for Research and Related Activities (R&RA). In developing the spending plan, the agreement encourages NSF to equitably distribute funding to support all basic research directorates within R&RA, as well as the Technology, Innovation and Partnerships Directorate.

Artificial Intelligence (AI).—In lieu of the AI funding level in the Senate report, the agreement supports AI related grants and interdisciplinary research initiatives to maintain leadership in AI. Senate language on “Transparency, Interpretability, and Explainability of AI” is adopted, and the agreement reiterates the encouragement for NSF to invest in research to better understand how and why models arrive at their outputs. Further, the agreement supports the National Artificial Intelligence Research Resource pilot to increase access to the compute resources needed for AI research.

Quantum Science.—In lieu of the funding level in the Senate report, the agreement provides up to the budget request for quantum information science research to support basic interdisciplinary quantum information science and engineering research and encourages NSF to support National Quantum Information Science Research Centers as authorized in section 302 of the National Quantum Initiative Act (Public Law 115-368).

Astronomy and Astrophysics Decadal Survey Priority Facilities.—The agreement adopts the Senate direction and funding regarding “Astronomy”. Additionally, the agreement directs NSF to present the U.S. Extremely Large Telescope (USELT) Program to the National Science Board (NSB) at their next meeting for consideration for inclusion in the Major Research Equipment and Facilities Construction (MREFC) account. The agreement strongly encourages the NSB to ensure that the USELT Program includes a two-observatory footprint with a mechanism to guarantee robust community access. The agreement directs NSF to regularly brief the Committees on the status of the USELT program.

Sustainable Chemistry Research.—The agreement supports the Sustainable Chemistry Basic Research program and encourages NSF to continue coordinating with OSTP to implement provisions in subtitle E of title II of Public Law 116-283. The agreement directs NSF to report, no later than 180 days after the enactment of this act, on its activities for this program.

Established Program to Stimulate Competitive Research.—The agreement provides \$250,000,000 for the EPSCoR program and reiterates direction in the Senate report regarding supporting projects in EPSCoR states across all initiatives and centers. Additionally, the agreement encourages NSF to

increase investment in statewide research capacity development through the EPSCoR Collaborations for Optimizing Research Ecosystems Research Infrastructure Improvement (E-CORE RII) program.

Regional Innovation Engines (NSF Engines).—In lieu of the funding specified in the Senate report, the agreement supports the NSF Engines and notes the recent award of the first Type-2 projects.

Daniel K. Inouye Solar Telescope (DKIST).—The agreement adopts Senate direction regarding DKIST and provides up to the request level for the telescope operations.

Green Bank Observatory (GBO).—The agreement provides up to the fiscal year 2023 enacted level to support operations and maintenance at GBO through multi-agency plans, or directly through the Foundation.

Mid-scale Research Infrastructure.—In lieu of the funding level in the Senate report, the agreement supports the Mid-scale Research Infrastructure program.

Immersive Technology.—The agreement encourages NSF to support interdisciplinary research related to immersive technology.

National Center for Science and Engineering Statistics (NCSES).—The agreement supports the work of the NCSES, and encourages the NCSES to identify, compile, and analyze existing nationwide data and conduct survey research to better understand the national cyber workforce and to support additional NCSES personnel to ensure adequate staffing for this research.

Reducing Reliance on Chinese-made Plastics.—The agreement encourages NSF to support research exploring domestically grown hemp as a robust plastic alternative to reduce the domestic reliance on Chinese-made plastics and directs NSF to report to the Committees on best practices for facilitating the cost-efficient use of plastic alternatives in government produced or funded materials.

Wildfire Research.—The agreement encourages NSF to increase support for air quality and wildfire research.

Arecibo Observatory (AO).—The Senate language regarding the “Arecibo Observatory” is adopted. In addition, the agreement encourages NSF to retain the scientific mission of the AO facility.

Harmful Algal Blooms (HABs).—The agreement supports the work of the Oceans and Human Health program to support research into the human health impacts of HABs in marine coastal regions, the Great Lakes Basin, and freshwater systems. The agreement further encourages research to better understand how the influx of nutrients, including dissolved nitrogen and phosphorous, contribute to HAB outbreaks.

Dyslexia.—The agreement encourages NSF to support research on learning disabilities, including dyslexia. The agreement recognizes the critical importance of research on the early identification of dyslexia, professional development for teachers and administrators of students with dyslexia, curricula and educational tools needed for children with dyslexia, and implementation and scaling of successful models for dyslexia intervention.

International Ocean Discovery Program (IODP).—The agreement supports up to the budget request level for IODP and directs NSF to support, at minimum, a full three JOIDES Resolution expeditions in fiscal year 2024. Given the growing threat from China and the national security importance of retaining U.S. leadership in this space, the agreement directs NSF to provide, within 180 days of enactment of this act, a comprehensive plan that provides, at a minimum, timelines, milestones, and funding requirements for the future of U.S. scientific ocean drilling, and NSF’s plan to maintain U.S. leadership in scientific ocean drilling and

minimize the gap in scientific drilling capabilities.

Secure Computing Enclaves Pilot Program.—The agreement supports the secure computing enclave pilot program to protect sensitive Federally funded research, as authorized by section 10374 of Public Law 117–167.

MAJOR RESEARCH EQUIPMENT AND FACILITIES
CONSTRUCTION

The agreement provides \$234,000,000 for Major Research Equipment and Facilities Construction to support the Vera C. Rubin Observatory, the High Luminosity-Large Hadron Collider Upgrade, the Antarctic Infrastructure Recapitalization, the Leadership Class Computing Facility, and Mid-scale Research Infrastructure.

STEM EDUCATION

The agreement includes \$1,172,000,000 for STEM Education. In lieu of the funding amounts specified in the Senate report, NSF is directed to continue support for STEM Education programs at no less than the fiscal year 2021 enacted amounts.

STEM Workforce.—The agreement supports investments in STEM education in regions of the country that have historically faced challenges, including lower educational attainment and higher rates of poverty, recognizing that STEM education can contribute to the economic development of such regions by fostering a skilled workforce and diversifying the economies of the region. The agreement encourages NSF to support funding for programs that create partnerships between NSF and local community colleges to promote STEM education.

National STEM Teacher Corps.—The agreement adopts Senate direction and funding under the heading “National STEM Teacher Corps”.

CREATING HELPFUL INCENTIVES TO PRODUCE
SEMICONDUCTORS (CHIPS) FOR AMERICA
WORKFORCE AND EDUCATION FUND

Division A of Public Law 117–167 established the CHIPS for America Workforce and Education Fund. The agreement allocates the funds according to the amounts listed in the following table:

NATIONAL SCIENCE FOUNDATION ALLOCATION OF FUNDS:
CHIPS ACT FISCAL YEAR 2024
(In thousands of dollars)

Account—Project and Activity	Amount (\$000)
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Workforce and Education Fund	\$25,000
Research and Related Activities	(12,500)
STEM Education	(12,500)
Total	\$25,000

AGENCY OPERATIONS AND AWARD MANAGEMENT

The agreement includes \$448,000,000 for Agency Operations and Award Management.

OFFICE OF THE NATIONAL SCIENCE BOARD

The agreement includes \$5,090,000 for the National Science Board.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$24,410,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS
(INCLUDING TRANSFER OF FUNDS)

The agreement includes two administrative provisions. The first establishes thresholds for the transfer of funds. The second provision is regarding notification prior to acquisition or disposal of certain assets.

TITLE IV

RELATED AGENCIES
COMMISSION ON CIVIL RIGHTS
SALARIES AND EXPENSES

The agreement includes \$14,350,000 for the Commission on Civil Rights.

EQUAL EMPLOYMENT OPPORTUNITY
COMMISSION

SALARIES AND EXPENSES

The agreement includes \$455,000,000 for the Equal Employment Opportunity Commission (EEOC).

Use of Advanced Technology.—In addition to the directive in the Senate report under the heading “Artificial Intelligence and Algorithmic Fairness,” the agreement directs the EEOC to include in its report to the Committees on instances the EEOC consults with artificial intelligence experts and its plans for the issuance of any technical assistance to employers.

INTERNATIONAL TRADE COMMISSION
SALARIES AND EXPENSES

The agreement includes \$122,000,000 for the International Trade Commission (ITC). The Senate report language is not adopted.

Litigation Transparency.—The agreement directs the ITC to brief the Committees, within 60 days of the enactment of this act, on investigations undertaken by the ITC regarding real parties in interest, current disclosure requirements, remedial measures available, and any recommendations to address such concerns without overburdening litigants or creating unintended consequences.

LEGAL SERVICES CORPORATION
PAYMENT TO THE LEGAL SERVICES
CORPORATION

The agreement includes \$560,000,000 for the Legal Services Corporation (LSC).

ADMINISTRATIVE PROVISION

The bill includes language permitting LSC grantees to operate with boards of directors composed of no less than 33 percent attorneys without requiring appointment by bar associations.

MARINE MAMMAL COMMISSION
SALARIES AND EXPENSES

The agreement includes \$4,500,000 for the Marine Mammal Commission.

OFFICE OF THE UNITED STATES TRADE
REPRESENTATIVE

The agreement includes a total of \$74,000,000 for the Office of the U.S. Trade Representative (USTR). For fiscal year 2024, USTR is directed to continue following the requirements in the joint explanatory statement accompanying Public Law 117–103 under the heading “Quad Strategic Partnership.”

Bilateral Trade Discussions.—As USTR continues bilateral trade discussions on behalf of the United States with various countries, including China and India, the agreement encourages USTR to continue to prioritize key U.S. export markets to ensure U.S. exporters are treated fairly. The agreement urges USTR to continue to prioritize fair treatment for American companies and enforcement of all of our trading partners’ obligations.

Section 301 Exclusion Processes.—The agreement encourages USTR to increase transparency and consistency in its section 301 exclusion process and to make the process less cumbersome to navigate, especially for small- and medium-sized businesses.

SALARIES AND EXPENSES

The agreement includes \$59,000,000 for the salaries and expenses of USTR.

TRADE ENFORCEMENT TRUST FUND
(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities and transfers authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

STATE JUSTICE INSTITUTE
SALARIES AND EXPENSES

The agreement includes \$7,640,000 for the State Justice Institute.

TITLE V

GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF
FUNDS)

The agreement includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in this act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects, or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a “Made in America” label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this act. The section further provides that to the extent practicable, with respect to purchases of promotional items, funds made available under this act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this act resulting from, or to prevent, personnel actions taken in response to funding reductions in this act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this act from being used to promote the

sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 stipulates the obligations of certain receipts deposited into the Crime Victims Fund.

Section 511 prohibits the use of DOJ funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in this agreement to any department, agency, or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this agreement or any other appropriations act.

Section 513 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this act.

Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds to include certain language in trade agreements.

Section 517 prohibits the use of funds in this act to authorize or issue a National Security Letter (NSL) in contravention of certain laws authorizing the FBI to issue NSLs.

Section 518 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation, or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of 10 percent or more.

Section 519 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2024.

Section 520 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has no unpaid Federal tax assessment.

(RESCISSIONS)

Section 521 provides for rescissions of unobligated balances. Subsection (d) requires the Departments of Commerce and Justice to submit a report on the amount of each rescission. These reports shall include the distribution of such rescissions among decision units, or, in the case of rescissions from grant accounts, the distribution of such rescissions among specific grant programs, and whether such rescissions were taken from re-

coveries and deobligations, or from funds that were never obligated.

Section 522 prohibits the use of funds in this act for the purchase of first class or premium air travel in contravention of the Code of Federal Regulations.

Section 523 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees, who are stationed in the United States, at any single conference outside the United States, unless the conference is: (1) a law enforcement training or operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States; (2) a scientific conference for which the department or agency head has notified the House and Senate Committees on Appropriations that such attendance is in the national interest, along with the basis for such determination.

Section 524 requires any department, agency, or instrumentality of the United States Government receiving funds appropriated under this act to track and report on undisbursed balances in expired grant accounts.

Section 525 requires, when practicable, the use of funds in this act to purchase light bulbs that have the "Energy Star" or "Federal Energy Management Program" designation.

Section 526 prohibits the use of funds by NASA, OSTP, or the National Space Council (NSC) to engage in bilateral activities with China or a Chinese-owned company or effectuate the hosting of official Chinese visitors at certain facilities unless the activities are authorized by subsequent legislation or NASA, OSTP, or NSC have made a certification pursuant to subsections (c) and (d) of this section.

Section 527 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement and victim assistance purposes.

Section 528 requires the departments and agencies funded in this act to submit spending plans.

Section 529 prohibits funds to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract. The heads of executive branch departments, agencies, boards, and commissions funded by this act are directed to require that all contracts within their purview that provide award fees link such fees to successful acquisition outcomes, specifying the terms of cost, schedule, and performance.

Section 530 prohibits the use of funds by DOJ or DEA in contravention of a certain section of the Agricultural Act of 2014.

Section 531 prohibits DOJ from preventing certain states from implementing state laws regarding the use of medical marijuana.

Section 532 requires quarterly reports from the Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation of travel to China.

Section 533 requires 10 percent of the funds for certain programs be allocated for assistance in persistent poverty counties.

Section 534 prohibits the use of funds in this act to require certain export licenses.

Section 535 prohibits the use of funds in this act to deny certain import applications regarding "curios or relics" firearms, parts, or ammunition.

Section 536 prohibits funds from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 537 prohibits the use of funds to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

Section 538 includes language regarding detainees held at Guantanamo Bay.

Section 539 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Section 540 extends the availability of certain funds.

Section 541 provides that the Department of Commerce and FBI may utilize funding to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020.

Section 542 is a new provision regarding administrative resources for Department of Commerce broadband programs.

Section 543 prohibits the use of funds made available by this act to move a Bureau of Alcohol, Tobacco, Firearms and Explosives facility.

Section 544 amends section 1001 of title X of division FF of Public Law 116-260.

Section 545 makes amendments to the Trafficking Victims Protection Act of 2000.

Section 546 sets certain requirements for the allocations of funds related to the CHIPS Act of 2022 (Public Law 117-167).

CREATING HELPFUL INCENTIVES TO PRODUCE SEMICONDUCTERS (CHIPS) FOR AMERICA FUND

Division A of Public Law 117-167 established the CHIPS for America Fund. The agreement allocates the funds according to the amounts listed in the following table.

DEPARTMENT OF COMMERCE ALLOCATION OF NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY FUNDS: CHIPS ACT FISCAL YEAR 2024

(In thousands of dollars)

Account—Project and Activity	Amount (\$000)
Section 9902:	
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Fund	\$5,000,000
Secure Enclave	(1,500,000)
Administrative Expenses	(100,000)
Office of the Inspector General, Salaries and Expenses	(3,900)
Total, Section 9902	\$5,000,000
Section 9906:	
Industrial Technology Services	\$1,245,000
National Semiconductor Technology Center	(1,100,000)
Advanced Packaging Manufacturing Program	(95,000)
Manufacturing USA Institute	(50,000)
Scientific and Technology Research and Services	55,000
NIST Metrology Program	(29,000)
Administrative Expenses	(26,000)
Office of the Inspector General, Salaries and Expenses	(1,100)
Total, Section 9906	\$1,300,000

DEPARTMENT OF COMMERCE ALLOCATION OF NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY FUNDS: CHIPS ACT FISCAL YEAR 2025

(In thousands of dollars)

Account—Project and Activity	Amount (\$000)
Section 9902:	
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Fund	\$1,500,000
Secure Enclave	(1,500,000)

DEPARTMENT OF COMMERCE ALLOCATION OF NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY FUNDS: CHIPS ACT FISCAL YEAR 2026

(In thousands of dollars)

Account—Project and Activity	Amount (\$000)
Section 9902:	
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Fund	\$500,000
Secure Enclave	(500,000)

Periodic Briefings.—Beginning in June, and quarterly thereafter, the Department of Commerce, Department of Defense and the

Office of the Director of National Intelligence, shall provide briefings to the congressional defense and intelligence committees, the Senate Committee on Commerce, Science, and Transportation, the House Energy and Commerce Committee, the House Committee on Science, Space, and Technology, the majority leader of the Senate, the minority leader of the Senate, the Speaker of the House of Representatives, and the minority leader of the House of Representatives on Secure Enclave. Such briefings shall include updates on cost, schedule and performance and any other matters

deemed appropriate by the congressional oversight committees listed above.

DISCLOSURE OF EARMARKS AND
CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of juris-

diction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION D—ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2024

The following statement to the House of Representatives and the Senate is submitted in explanation of the agreed upon Act making appropriations for energy and water development for the fiscal year ending September 30, 2024, and for other purposes.

The explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 118-126 and Senate Report 118-72 carries the same weight as the language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. Additionally, where this explanatory statement states that the “agreement only includes” or “the following is the only” direction, any direction included in the House or Senate report on that matter shall be considered as replaced with the direction provided within this explanatory statement. In cases where the House, the Senate, or this explanatory statement has directed a briefing or the submission of a report, such briefing or report is to be submitted to the Committees on Appropriations of both Houses of Congress, hereinafter referred to as the Committees. House or Senate reporting requirements with deadlines prior to or within 15 days of enactment of this Act shall be submitted not later than 60 days after enactment of this Act. All other reporting deadlines not changed by this explanatory statement are to be met.

Funds for the individual programs and activities within the accounts in this Act are displayed in the detailed table at the end of the explanatory statement for this Act. Funding levels that are not displayed in the detailed table are identified in this explanatory statement.

In fiscal year 2024, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), the following information provides the definition of the term “program, project, or activity” for departments and agencies under the jurisdiction of the Energy and Water Development and Related Agencies Appropriations Act. The term “program, project, or activity” shall include the most specific level of budget items identified in the Energy and Water Development and Related Agencies Appropriations Act, 2024 and the explanatory statement accompanying this Act.

**TITLE I—CORPS OF ENGINEERS—CIVIL DEPARTMENT OF THE ARMY
CORPS OF ENGINEERS—CIVIL**

The summary tables included in this title set forth the dispositions with respect to the individual appropriations, projects, and activities of the Corps of Engineers (Corps). Additional items of this Act are discussed below.

Advanced Funds Agreements.—The agreement reiterates Senate direction.

Beneficial Use of Dredged Material.—The agreement reiterates Senate direction.

Continuing Contracts.—The agreement reiterates House and Senate direction.

Invasive Carp.—Congress has provided consistent funding to develop the program au-

thorized in section 509 the Water Resources Development Act (WRDA) of 2020 and is frustrated with the lack of progress. The Corps is expected to finalize this program in fiscal year 2024. The agreement reiterates House and Senate direction with respect to this program and efforts to prevent invasive carp from reaching the Great Lakes.

Program Delivery.—The agreement reiterates House direction.

Reporting Requirement.—The agreement reiterates Senate direction.

ADDITIONAL FUNDING

In lieu of all House and Senate direction—under any heading—regarding additional funding, new starts, and the fiscal year 2024 work plan, the Corps shall follow the direction included in this explanatory statement.

The executive branch retains discretion over project-specific allocation decisions, subject to only the direction here and under the heading “Additional Funding” or “Additional Funding for Ongoing Work” within each of the Investigations, Construction, Mississippi River and Tributaries, and Operation and Maintenance accounts. The Administration is reminded that these funds are in addition to the budget request, and Administration budget metrics shall not be a reason to disqualify a study or project from being funded. A study or project may not be excluded from evaluation for funding due to being “inconsistent with Administration policy.”

The agreement reiterates House direction regarding voluntary funding in excess of legally required cost shares.

It is expected that all of the additional funding provided will be allocated to specific programs, projects, or activities, and the allocation process shall favor the obligation, rather than expenditure, of funds. Additionally, the Administration shall consider the extent to which the Corps is able to obligate funds as it allocates the additional funding. The Corps shall evaluate all studies and projects only within accounts and categories consistent with previous congressional funding.

A project or study shall be eligible for additional funding within the Investigations, Construction, and Mississippi River and Tributaries accounts if: (1) it has received funding, other than through a reprogramming, in at least one of the previous three fiscal years; (2) it was previously funded and could reach a significant milestone, complete a discrete element of work, or produce significant outputs in fiscal year 2024; or (3) as appropriate, it is selected as one of the new starts allowed in accordance with this Act and the additional direction provided below. None of the additional funding in any account may be used for any item where funding was specifically denied or for projects in the Continuing Authorities Program (CAP). Funds shall be allocated consistent with statutory cost share requirements. The agreement reiterates Senate direction regarding allocating funds to projects consistent with categories and sub-categories of Additional Funding provided.

Work Plan.—The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a work plan consistent with House and Senate direction regarding what information the work plan shall include. Such work plan shall also in-

clude a delineation of funds that were made available from Public Law 117-58, and in what amounts, to projects listed in the table titled “Corps of Engineers—Construction.” The agreement reiterates Senate direction with respect to apportioning funding for Congressionally Directed Spending. The Corps is directed to include with the work plan and future budget requests a list of studies and projects with adjusted cost share using the definition issued pursuant to section 160 of WRDA 2020 and the applicable cost share.

New Starts.—In addition to individual new starts specifically identified in this Act, the agreement includes three additional new starts in Investigations and one in Construction. The three new starts in Investigations shall be for flood and storm damage reduction studies that were authorized in WRDA 2022 and are in states that had a Federal Disaster Emergency declared in 2022. The new construction start shall be for flood and storm damage reduction. No further additional new starts are provided for in this Act.

The Corps is directed to notify the Committees at least seven days prior to execution of an agreement for construction of any project except environmental infrastructure projects and projects under the CAP. Neither study nor construction activities related to individual projects authorized under section 1037 of Water Resources Reform and Development Act of 2014 shall require a new start or new investment decision; these activities shall be considered ongoing work. No new start or new investment decision shall be required when moving from feasibility to preconstruction, engineering, and design (PED). The initiation of construction of an individually authorized project funded within a programmatic line item may not require a new start designation provided that some amount of construction funding under such programmatic line item was appropriated and expended during the previous fiscal year. No new start or new investment decision shall be required to initiate work on a separable element of a project when construction of one or more separable elements of that project was initiated previously, it shall be considered ongoing work. A new construction start shall not be required for work undertaken to correct a design deficiency on an existing federal project, it shall be considered ongoing work.

The Corps is directed to propose a single group of new starts as a part of the work plan. The Corps may not change or substitute the new starts selected once the work plan has been provided to the Committees. The Administration is reminded that only new starts with a willing and able non-federal sponsor should be included in the work plan.

INVESTIGATIONS

(INCLUDING RESCISSION OF FUNDS)

The agreement includes \$142,990,000 for Investigations. The agreement also includes a rescission of \$11,413,000 of unused, previously appropriated funds, for a net appropriation of \$131,577,000.

The allocation for studies, projects and activities within the Investigations account is shown in the following table:

~ Funded in remaining items.

^ Funded in another account.

* Includes funds requested in Projects Listed Under States within this account.

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding.—The Corps is expected to allocate the additional funding provided in this account primarily to specific feasibility and PED phases, rather than to remaining items as has been the case in previous work plans. The Corps shall include appropriate funding for studies initiated in fiscal year 2023.

Of the additional funding provided in the PED column in the table in this account, \$7,000,000 shall be for Flood Risk Management PED activities.

The agreement reiterates House and Senate direction regarding priorities to be considered.

Arkansas Red River Chloride.—For the third consecutive year, the agreement rejects the budget request proposal to fund a disposition study for the Arkansas Red River Chloride Control project. The Corps is reminded that a project for which the agreement has explicitly denied funding shall not continue during the period covered by the most recently enacted appropriations bill or a subsequent continuing resolution.

Buffalo Bayou Tributaries and Resiliency Study.—The Corps is directed to provide not later than 60 days after enactment of this Act a briefing to the Committees on a final plan, cost estimate, and schedule for completion of the study.

Planning Support Program.—The agreement includes no direction.

Preconstruction, Engineering, and Design (PED).—The agreement recognizes a fundamental flaw with the current policies the Corps uses to plan and design projects. Specifically, the Corps shifts risk to PED to comply with study duration and cost metrics. At the same time water resources development projects are increasingly com-

plex and more frequently multi-billion dollar projects. The combination of these two phenomena produces significant cost inaccuracies and uncertainties that are not discovered nor addressed until after a project is authorized, or worse, after construction begins. The budget recommendations fail to address or acknowledge this flaw because sufficient PED has not been completed to reduce risk before construction. Rather, the willingness to advance Chief's reports and move projects into construction with minimal design in order to keep an artificial cap on the Investigations account exacerbates increased costs over the duration of a construction project. The Corps is expected to make changes that address these challenges in order for non-federal sponsors, the Corps, and the Committees to have more clarity of project scope, challenges, and cost estimates before construction commences.

The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a briefing on technical information related to study and project execution specific to PED. The briefing shall address the appropriate level of design during feasibility studies, the appropriate level of PED required before a construction new start, and how cost estimate classifications may best be adjusted for changing environments. Finally, the briefing should address any system or database challenges that could hinder execution of these necessary changes.

Project Cost Updates.—Corps policy requires regular updates of the economics and costs of authorized projects that have not yet received construction funds, but such updates are not feasible without dedicated funds. The agreement provides funding for updates to authorized projects that have not received construction funds where those updates are necessary to recertify project costs or verify economic justification. The Corps is encour-

aged to recommend funding in future budget submissions for these activities.

Research and Development.—The agreement provides \$4,000,000 to continue the modernization of existing Corps coastal and hydraulics models.

Research and Development, Biopolymers.—The agreement provides \$6,000,000 to complete this effort.

Research and Development, Flood and Coastal Systems.—The agreement provides \$5,000,000 to complete efforts to research and develop automated assessment and inspection of flood control systems, for the purpose of identifying levee deficiencies.

Research and Development, Modeling.—The agreement funds this effort in the Operation and Maintenance account, under the heading "Regional Sediment Management, Geophysical Modeling."

Research and Development, Urban Flood Damage Reduction.—The agreement funds this effort in the Operation and Maintenance account, under the heading "Water Operations Technical Support, Urban Flood Damage Reduction and Stream Restoration in Arid Regions."

CONSTRUCTION

(INCLUDING RESCISSION OF FUNDS)

The agreement includes \$1,854,688,000 for Construction. The agreement also includes a rescission of \$9,678,000 of unused, previously appropriated funds, for a net appropriation of \$1,845,010,000. The agreement also includes \$1,434,500,000 from the use of prior-year balances from Public Law 117-58. Of the funds made available from Public Law 117-58, not less than \$113,537,000 shall be allocated to inland navigation purpose construction projects named in the following table.

The allocation for projects and activities within the Construction account is shown in the following table:

* Includes funds requested in other accounts.

~ Funded in remaining items.

Includes funds requested in a Harbor Maintenance Trust Fund account.

^ Includes funds requested in Projects Listed Under States within this account

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding.—Of the additional funding provided in this account for flood and storm damage reduction, the Corps shall allocate not less than \$30,000,000 to additional nonstructural flood control projects and continue construction of projects that principally address drainage in urban areas, of which not less than \$20,000,000 shall be for projects that principally include improvements to rainfall drainage systems that address flood damages.

Of the additional funding provided in this account, the Corps shall allocate not less than \$20,000,000 to projects with riverfront development components.

Of the additional funding for other authorized project purposes and environmental restoration or compliance, the Corps shall allocate not less than \$20,000,000 for execution of comprehensive restoration plans developed by the Corps for major bodies of water. The Corps is reminded that shore protection projects are eligible to compete for additional funding for flood and storm damage reduction.

Of the additional funding provided for Environmental Infrastructure, not less than \$11,000,000 shall be for a multi-state environmental infrastructure program.

When allocating the additional funding provided in this account, the Corps is en-

couraged to evaluate authorized reimbursements in the same manner as if the projects were being evaluated for new or ongoing construction. The agreement reiterates House and Senate direction regarding priorities to be considered.

Aquatic Plant Control Program.—The agreement includes additional funding of \$9,000,000 for watercraft inspection stations and related monitoring, consistent with Senate direction; \$1,000,000 for activities related to monitoring, surveying and control of hydrilla verticillate and flowering rush; \$5,000,000 for nationwide research; and \$5,000,000 to address infestations of hydrilla in Lake Champlain and the Connecticut River basins. The agreement notes that there is no additional capability for activities authorized pursuant to section 509 of WRDA 2020; the agreement expects swift progress on these efforts using existing funds.

Aquatic Plant Control Program, Mississippi River Basin.—The agreement includes \$150,000 consistent with Senate direction.

Charleston Harbor.—The funding provided is for reimbursement of the advanced funds provided by the non-federal sponsor.

Chicago Sanitary and Ship Canal Dispersal Barrier, Illinois.—The agreement reiterates Senate direction.

Environmental Infrastructure.—Funding is provided under the heading “Additional Funding.”

Levisa and Tug Forks and Upper Cumberland River, VA, WV, & KY.—The funding is provided to initiate the Detailed Project Report for McDowell County, WV.

Prior-year Balances (CAP).—Prior-year balances shall be derived from unobligated, previously appropriated CAP funds.

Real Estate Requirements for Shore Protection Projects.—The agreement notes ongoing obstacles to carrying out authorized shore protection projects in the South Atlantic Division. The lack of progress is concerning. The Corps is directed to review its existing real estate policies that were developed to ensure compliance with WRDA 1986. Not later than 90 days after enactment of this Act the Corps shall provide to the appropriate committees of Congress a briefing that recommends alternatives to existing real estate requirements that would enable expeditious construction of delayed projects and incorporates the views of non-federal sponsors.

MISSISSIPPI RIVER AND TRIBUTARIES

(INCLUDING RESCISSION OF FUNDS)

The agreement includes \$368,037,000 for Mississippi River and Tributaries. The agreement also includes a rescission of \$1,110,000 of unused, previously appropriated funds, for a net appropriation of \$366,927,000.

The allocation for projects and activities within the Mississippi River and Tributaries account is shown in the following table:

~ Includes funds requested in remaining items.

Includes funds requested in a Harbor Maintenance Trust Fund account.

^ Funded under projects listed under states.

Additional Funding for Ongoing Work.— When allocating the additional funding provided in this account, the Corps shall consider giving priority to completing or accelerating ongoing work that will enhance the nation's economic development, job growth, and international competitiveness or for studies or projects located in areas that have suffered recent natural disasters. While this funding is shown under remaining items, the

Corps shall use these funds in Investigations, Construction, and Operation and Maintenance, as applicable. When allocating additional funds recommended in this account, the Corps is directed to consider cooperative projects addressing watershed erosion, sedimentation, flooding, and environmental degradation.

OPERATION AND MAINTENANCE
(INCLUDING RESCISSION OF FUNDS)

The agreement includes \$5,552,816,000 for Operation and Maintenance. The agreement also includes a rescission of \$30,000 of unused, previously appropriated funds, for a net appropriation of \$5,552,786,000.

* Includes funds requested in other accounts.

^ Funded under projects listed under states.

~ Requested in remaining items.

Includes funds requested in a Harbor Maintenance Trust Fund account.

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding for Ongoing Work.—The agreement reiterates House and Senate direction regarding priorities to be considered.

Of the additional funding provided in this account for navigation maintenance, the Corps shall allocate not less than \$350,000 for the purpose of completing the report required in section 8205 of WRDA 2022. It is expected that completion of this report will enable Corps Districts to readily develop work packages for Harbor Maintenance Trust Fund (HMTF)-eligible work that reflects maintenance to authorized dimensions instead of historical maintenance levels.

Of the additional funding provided in this account for other authorized project purposes, \$200,000 shall be to provide a report consistent with the direction under the heading “Levee Rehabilitation Projects in the Northwestern Division.”

Of the additional funding provided in this account for other authorized project purposes, \$2,600,000 shall be for cooperation and coordination with the Great Lakes States to develop sediment transport models for Great Lakes tributaries that discharge to federal navigation channels and for water control manual updates for non-Corps owned high hazard dams where: (1) the Corps has a responsibility for flood control operations under section 7 of the Flood Control Act of 1944; (2) the dam requires coordination of water releases with one or more other high-hazard dams for flood control purposes; and (3) the dam owner is actively investigating the feasibility of applying forecast-informed reservoir operations.

The Corps shall allocate the additional funding provided in this account consistent with the direction under the headings “Donor & Energy Transfer Ports” and “Harbor Maintenance Trust Fund Targets.”

Aquatic Nuisance Control Research Program.—The agreement provides \$5,000,000 to supplement activities related to harmful algal bloom research and control, consistent with House direction; \$3,500,000 to develop next generation ecological models, consistent with House and Senate direction; \$5,000,000 to continue work on the Harmful Algal Bloom Demonstration Program, as authorized by WRDA of 2020; and \$4,000,000 to work with university partners, consistent with Senate direction.

Asset Management/Facilities and Equipment Maintenance (FEM).—The agreement provides \$2,000,000 to continue research on novel approaches to repair and maintenance practices that will increase civil infrastructure intelligence and resilience.

Asset Management/FEM, Structural Health Monitoring.—The agreement includes \$5,000,000 to support the structural health monitoring program to facilitate research to maximize operations, enhance efficiency, and protect asset life through catastrophic failure mitigation.

Coastal Inlets Research Program.—The agreement includes \$14,200,000 in addition to the budget request for the Corps-led, multi-university effort to identify engineering frameworks to address coastal resilience needs; to develop adaptive pathways that lead to coastal resilience; for efforts that measure the coastal forces that lead to infrastructure damage and erosion during extreme storm events; to improve coupling of terrestrial and coastal models; and to continue work with the National Oceanic and Atmospheric Administration’s National Water Center on protecting the nation’s water resources.

Coastal Ocean Data System (CODS).—The agreement includes \$9,800,000 to continue

CODS base program activities, of which not less than \$6,000,000 for long-term coastal wave and coastal sediment observations, research, and data products that support sustainable coastal and navigation projects.

Donor & Energy Transfer Ports.—The agreement directs the Corps to allocate any work plan HMTF funding for Donor and Energy Transfer Ports consistent with section 102 and section 104 of WRDA 2020. The Corps is reminded that Donor and Energy Transfer Ports are eligible to receive additional funding recommended in the deep-draft harbor and channel funding line for expanded uses.

Engineering With Nature.—The agreement includes \$5,000,000 to support ongoing research with university partners and \$5,000,000 to support research, development, and design of natural infrastructure solutions for the nation’s bays and estuaries, consistent with House and Senate direction, as applicable.

Harbor Maintenance Trust Fund Targets.—The agreement expresses disappointment that the Corps has twice failed to recommend HMTF work to meet the section 102 WRDA 2020 targets and encourages the Corps to include full funding in future budget submissions. Donor and energy transfer ports are critical to the national supply chain and fundamental to maintaining international competitiveness. Stable HMTF funding for expanded uses can assist with capital improvements at these critical ports, which already pay a significant share of the collected tax. The agreement expects the Corps to meet the donor and energy target in the fiscal year 2024 work plan. In conjunction with the fiscal year 2024 work plan, the Corps is directed to provide to the Committees a list of all projects with HMTF funding amounts for each section 102 WRDA target, including expanded uses.

Inland Water Navigation Charts.—The agreement reiterates Senate direction.

Lake Sidney Lanier, GA.—The agreement notes local frustration stemming from the threat of closing campgrounds and other recreational services in the vicinity of Lake Lanier at the start of peak recreation season. The Corps is expected to partner and collaborate with local communities and stakeholders to find creative opportunities to maximize recreation opportunities.

Levee Safety.—The agreement includes \$1,000,000 to meet the requirements of section 131 of WRDA 2020. The agreement notes that the Corps has paused the formation of the Levee Safety Committee to better incorporate the views of levee sponsors. The Corps is directed to provide a briefing to the Committees at least 30 days prior to resuming these efforts.

Levee Rehabilitation Projects in the Northwestern Division.—The agreement reiterates Senate direction. Funding for this work in the amount of \$200,000 is provided under the heading “Additional Funding for Ongoing Work”.

Monitoring of Completed Navigation Projects, Fisheries.—The Corps is directed to continue ongoing research. The agreement includes \$3,000,000 for research to assist the Corps across all waterways, lock structures, lock operation methods, and fish species and that will more fully inform the Corps’ operations. Additionally, the agreement provides \$1,500,000 for the National Information Collaboration on Eco-hydraulics effort to research the impact of reduced lock operations on riverine fish, consistent with House and Senate direction, as applicable.

Monitoring of Completed Navigation Projects, Structural Health Monitoring.—Funding is provided under the heading “Asset Management/Facilities and Equipment Maintenance (FEM).”

North Atlantic Division Report on Hurricane Barriers and Harbors of Refuge.—Within avail-

able funds for “Reducing Civil Works Vulnerabilities”, the agreement includes \$700,000 for the report mandated under section 1218 of America’s Water Infrastructure Act (AWIA) of 2018.

Regional Dredge Contracting.—The agreement notes that the Corps has utilized regional dredge contracting in various regions but not in New England. The Corps is encouraged to enter into regional contracts to support increased efficiencies in the deployment of dredges for navigation projects in the New England region. The Corps is directed to brief the Committees not later than 45 days after enactment of this Act on the opportunities to implement regional dredge contracting processes in the New England region.

Regional Sediment Management.—The agreement includes \$6,000,000 to develop integrated tools that build coastal resilience across navigation, flood risk management, and ecosystem projects within the program.

Regional Sediment Management, Geophysical Modeling.—The agreement reiterates Senate direction.

Water Operations Technical Support (WOTS), Forecast Informed Reservoir Operations (FIRO).—The agreement includes \$10,000,000 to continue progress.

Water Operations Technical Support, Urban Flood Damage Reduction and Stream Restoration in Arid Regions.—The agreement reiterates Senate direction.

Water Operations Technical Support, Water Control Manual Updates.—Funding is provided under the heading “Additional Funding for Ongoing Work.”

REGULATORY PROGRAM

The agreement includes \$221,000,000 for the Regulatory Program.

FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM

The agreement includes \$300,000,000 for the Formerly Utilized Sites Remedial Action Program.

FLOOD CONTROL AND COASTAL EMERGENCIES

The agreement includes \$35,000,000 for Flood Control and Coastal Emergencies.

EXPENSES

The agreement includes \$216,000,000 for Expenses. The agreement reiterates Senate direction with respect to an Office of Congressional Affairs and the purpose of funding provided. The agreement reiterates House direction with respect to responsiveness to congressional inquiries. The agreement includes no additional direction.

OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

The agreement includes \$5,000,000 for the Office of the Assistant Secretary of the Army for Civil Works. The agreement includes a restriction on the obligation of funds related to written recommendations.

A timely and accessible executive branch in the course of fulfilling its constitutional role in the appropriations process is essential. The requesting and receiving of basic, factual information, such as budget justification materials and statutorily required reports, including execution reports and damage repair estimates, are vital in order to maintain a transparent and open governing process. The agreement recognizes that some discussions internal to the executive branch are pre-decisional in nature and, therefore, not subject to disclosure. However, the access to facts, figures, and statistics that inform these decisions are not subject to this same sensitivity and are critical to the appropriations process. The Administration shall ensure timely and complete responses to these inquiries. While the agreement notes initial progress in providing the

required reports, the regression to significant delays was swift and conspicuous. It is imperative that these reports are provided on a regular basis here forward.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

The agreement provides \$7,200,000 for the Water Infrastructure Finance and Innovation Program Account, including \$5,000,000 for program development, administration, and oversight and \$2,200,000 for the financial assistance authorized by the Water Infrastructure Finance and Innovation Act (Public Law 113-121) program.

GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes a provision relating to reprogramming.

The agreement includes a provision regarding the allocation of funds.

The agreement includes a provision prohibiting the use of funds to carry out any contract that commits funds beyond the amounts appropriated for that program, project, or activity.

The agreement includes a provision regarding funding transfers to the Fish and Wildlife Service.

The agreement includes a provision regarding certain dredged material disposal activities. The Corps is directed to brief the Committees not later than 90 days after enactment of this Act on dredged material disposal issues.

The agreement includes a provision regarding reallocations at a project.

The agreement includes a provision regarding eligibility for additional funding. Whether a project is eligible for funding under a particular provision of additional funding is a function of the technical details of the project; it is not a policy decision. The Chief of Engineers is the federal government's technical expert responsible for execution of the Civil Works program and for offering professional advice on its development. Therefore, the provision in this agreement clarifies that a project's eligibility for additional funding shall be solely the professional determination of the Chief of Engineers.

The agreement includes a provision related to eligibility for participation in the Public Law 84-99 program.

The agreement includes a provision related to the use of previously appropriated funds.

The agreement includes a provision directing the use of previously appropriated funds.

The agreement includes a provision related to eligibility of certain projects for funding.

The agreement includes a provision related to the use of previously appropriated funds.

TITLE II—DEPARTMENT OF THE INTERIOR

CENTRAL UTAH PROJECT

CENTRAL UTAH PROJECT COMPLETION ACCOUNT

The agreement includes a total of \$23,000,000 for the Central Utah Project Completion Account.

BUREAU OF RECLAMATION

In lieu of all House and Senate direction regarding additional funding and the fiscal year 2024 work plan, the agreement includes direction under the heading "Additional Funding for Ongoing Work" in the Water and Related Resources account.

WATER AND RELATED RESOURCES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,751,698,000 for Water and Related Resources.

The agreement includes legislative language, in accordance with Public Law 114-322, to allow the use of certain funding provided in prior fiscal years.

The agreement for Water and Related Resources is shown in the following table:

Additional Funding for Ongoing Work.—The agreement includes funds above the budget request for Water and Related Resources studies, projects, and activities. This funding is for additional work that either was not included in the budget request or was inadequately budgeted. Priority in allocating these funds should be given to advance and complete ongoing work, including preconstruction activities and where environmental compliance has been completed; improve water supply reliability; improve water deliveries; enhance national, regional, or local economic development; promote job growth; advance tribal and nontribal water settlement studies and activities; or address critical backlog maintenance and rehabilitation activities.

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$134,000,000 shall be for water storage projects as authorized in section 4007 of the Water Infrastructure Improvements for the Nation (WIIN) Act (Public Law 114-322).

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$50,000,000 shall be for implementing the Drought Contingency Plan in the Lower Colorado River Basin to create or conserve recurring Colorado River water that contributes to supplies in Lake Mead and other Colorado River water reservoirs in the Lower Colorado River Basin or projects to improve the long-term efficiency of operations in the Lower Colorado River Basin, consistent with the Secretary’s obligations under the Colorado River Drought Contingency Plan Authorization Act (Public Law 116-14) and related agreements. None of these funds shall be used for the operation of the Yuma Desalting Plant and nothing in this section shall be construed as limiting existing or future opportunities to augment the water supplies of the Colorado River.

Of the additional funding provided under the heading “Water Conservation and Delivery”, not less than \$20,000,000 shall be for the planning, pre-construction, or construction activities related to projects found to be feasible by the Secretary and that are ready to be initiated for the repair of critical Reclamation canals where operational conveyance capacity has been seriously impaired by factors such as age or land subsidence, especially those that would imminently jeopardize Reclamation’s ability to meet water delivery obligations in drought-prone states, of which not less than \$5,000,000 shall be for the Friant-Kern Canal, San Luis Canal, and Delta Mendota Canal.

Of the additional funding provided under the heading “Water Conservation and Delivery”, not less than \$10,000,000 shall be allocated to aquifer recharge projects. Reclamation is reminded that projects authorized pursuant to section 40910 of Public Law 117-58 are eligible to compete for these funds.

Of the additional funding provided under the heading “Fish Passage and Fish Screens”, \$6,000,000 shall be for the Anadromous Fish Screen Program.

Of the additional funding provided under the heading “Environmental Restoration or Compliance”, not less than \$20,000,000 shall be for activities authorized under sections 4001 and 4010 of the WIIN Act (Public Law 114-322) or as set forth in federal-state plans for restoring threatened and endangered fish species affected by the operation of Reclamation’s water projects.

Not later than 45 days after enactment of this Act, Reclamation shall provide to the Committees a report delineating how the additional funds in this account are to be distributed, in which phase the work is to be accomplished, and an explanation of the criteria and rankings used to justify each allocation.

Reclamation is reminded that voluntary funding in excess of legally required cost shares for rural water projects is acceptable but shall not be used by Reclamation as a criterion for allocating additional funding provided in this agreement or for budgeting in future years.

Reclamation is reminded that the following activities are eligible to compete for funding under the appropriate heading: activities authorized under Indian Water Rights Settlements; all authorized rural water projects, including those with tribal components, those with non-tribal components, and those with both; water storage and beneficial use; ongoing work, including preconstruction activities, on projects that provide new or existing water supplies through additional infrastructure; and activities authorized under section 206 of Public Law 113-235.

Aquatic Ecosystem Restoration Program.—The agreement includes an additional \$3,250,000 for studies or projects that will develop alternative pumping sites in a location to produce multiple benefits including dewatering of river segments, improved water quality, and reliable water delivery.

Land Resources Management Program.—The agreement includes no direction.

Research and Development: Desalination and Water Purification Program.—The agreement includes \$12,000,000 for desalination projects as authorized in section 4009(a) of the WIIN Act (Public Law 114-322). Reclamation shall not impose administrative project cost caps and shall use the statutory Federal cost share for section 4009(a) projects.

Research and Development: Science and Technology Program.—The agreement provides \$5,000,000 for Reclamation’s Airborne Snow Observatory (ASO) program to support implementation of ASO flights and \$1,500,000 for continued collaboration with the U.S. Department of Agriculture and the National Oceanic Atmospheric Administration on efforts to improve real-time and derived snow water information.

WaterSMART Program: Open Evapotranspiration System.—The agreement reiterates Senate direction and notes concerns related to privacy, data quality, and potential regulatory impacts. The briefing shall also include Reclamation’s assessment of these concerns and any potential solutions.

WaterSMART Program: Title XVI Water Reclamation & Reuse Program.—The agreement includes \$20,000,000 for water recycling and reuse projects as authorized in section 4009(c) of the WIIN Act (Public Law 114-322).

CENTRAL VALLEY PROJECT RESTORATION FUND

The agreement provides an indefinite appropriation, which allows Reclamation to expend funds collected in fiscal year 2024. The estimate of collections in fiscal year 2024 is \$48,508,000.

CALIFORNIA BAY-DELTA RESTORATION (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$33,000,000 for the California Bay-Delta Restoration Program.

POLICY AND ADMINISTRATION

The agreement provides \$66,794,000 for Policy and Administration.

ADMINISTRATIVE PROVISION

The agreement includes a provision limiting Reclamation to purchase not more than thirty passenger vehicles for replacement only.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

The agreement includes a provision outlining the circumstances under which the Bureau of Reclamation may reprogram funds.

The agreement includes a provision regarding the San Luis Unit and Kesterson Reservoir in California.

The agreement includes a provision regarding section 9504(e) of the Omnibus Public Land Management Act of 2009 (Public Law 111-11).

The agreement includes a provision regarding the Calfed Bay-Delta Authorization Act.

The agreement includes a provision regarding section 9106(g)(2) of the Omnibus Public Land Management Act of 2009.

The agreement includes a provision regarding the Reclamation States Emergency Drought Relief Act of 1991.

The agreement includes a provision regarding section 9503(f) of the Omnibus Public Land Management Act of 2009.

TITLE III—DEPARTMENT OF ENERGY

The agreement provides \$50,246,754,000 for the Department of Energy to fund programs in its primary mission areas of science, energy, environment, and national security.

Staff Augmentation.—The Department is directed to provide to the Committees not later than 60 days after enactment of this Act a report detailing the number, position, assignment duration, and cost, if reimbursable by the Department, of laboratory contractor employees and Intergovernmental Personnel Act assignees augmenting senior federal and political appointee positions.

CROSSCUTTING INITIATIVES

The agreement notes that the funding levels specified in the Crosscutting Initiatives are an estimate of directives included in specific accounts across the Department.

Carbon Dioxide Removal.—The agreement provides not less than \$118,000,000 for carbon dioxide removal technologies, including not less than \$23,000,000 from the Office of Energy Efficiency and Renewable Energy (EERE), not less than \$70,000,000 from Office of Fossil Energy and Carbon Management (FECM), and not less than \$25,000,000 from the Office of Science.

The agreement includes funding and direction on a competitive purchasing pilot program within the FECM account.

Critical Minerals.—The agreement provides not less than \$380,000,000 for critical minerals, including not less than \$150,000,000 from EERE, not less than \$70,000,000 from FECM, not less than \$136,000,000 from the Office of Nuclear Energy (NE), and not less than \$24,000,000 from the Office of Science.

Energy Storage.—The agreement provides not less than \$580,500,000 for energy storage, including not less than \$330,000,000 from EERE, not less than \$92,500,000 from the Office of Electricity, not less than \$5,000,000 from FECM, not less than \$23,000,000 from NE, and not less than \$130,000,000 from the Office of Science.

Hydrogen.—The agreement provides not less than \$396,000,000 for hydrogen, including not less than \$205,000,000 from EERE, not less than \$120,000,000 from FECM, not less than \$21,000,000 from NE, and not less than \$50,000,000 from the Office of Science.

The agreement provides funding for technologies to advance hydrogen use for heavy-duty transportation, industrial, and hard-to-electrify transportation applications including trains, maritime shipping, and aviation within the EERE account.

Industrial Decarbonization.—The agreement provides not less than \$953,000,000 for industrial decarbonization, including not less than \$580,000,000 from EERE, not less than \$245,000,000 from FECM, not less than \$62,000,000 from NE, and not less than \$66,000,000 from the Office of Science.

ENERGY PROGRAMS

ENERGY EFFICIENCY AND RENEWABLE ENERGY

The agreement provides \$3,460,000,000 for Energy Efficiency and Renewable Energy.

Within available funds, the agreement provides up to \$35,000,000 for the Lab-Embedded Entrepreneurship Program.

SUSTAINABLE TRANSPORTATION

Vehicle Technologies.—The agreement provides not less than \$190,000,000 for Battery and Electrification Technologies.

The agreement provides up to \$6,000,000 for a competitive solicitation for university-led teams to develop vehicle or structural level strategies to reduce the likelihood of the cascading effects of electric vehicle fires.

The agreement provides not less than \$100,000,000 for Vehicle Technology Integration and Deployment.

The agreement provides not less than \$5,000,000 for electric vehicle workforce development activities, including building upon existing partnerships with the GridEd workforce training program.

The agreement provides not less than \$40,000,000 for Energy Efficient Mobility Systems.

The agreement provides up to \$10,000,000 for research and development on improved recycling of batteries collected through battery recycling programs such as the Battery Recycling Retail Initiative. The agreement encourages the Department to continue research on understanding and mitigating the risks during battery recycling collection, storage, and transportation to enable stores to meet state-level fire standards for battery recycling such as those in California.

Hydrogen and Fuel Cell Technologies.—The agreement provides not less than \$50,000,000 for Hydrogen Technologies.

The agreement provides not less than \$60,000,000 for technologies to advance hydrogen use for hard-to-electrify transportation applications, including locomotives, maritime shipping, and aviation.

The agreement provides \$10,000,000 for hydrogen delivery, storage, and release technologies, including carriers.

The agreement provides up to \$20,000,000 for Safety, Codes, and Standards.

RENEWABLE ENERGY

Solar Energy Technologies.—The agreement provides up to \$60,000,000 for Concentrating Solar Power.

The agreement provides not less than \$45,000,000 for Balance of System Soft Costs and reiterates Senate direction.

The agreement provides not less than \$25,000,000 for research, development, and demonstration activities related to cadmium telluride and not less than \$25,000,000 for perovskites.

Wind Energy Technologies.—The agreement provides not less than \$18,000,000 for distributed wind technologies.

Within available funds for offshore wind, the agreement provides up to \$6,000,000 for Centers of Excellence focused on the offshore wind energy engineering, infrastructure, supply chain, transmission, and other pertinent issues required to support offshore wind in the United States.

The Department is directed to support an at-scale floating wind turbine demonstrator.

The agreement continues to support efforts to develop a university-based testing facility for industrial prototyping and manufacturing of turbine systems capable of producing upwards of 30 megawatts of power per unit and grid integration efforts for offshore wind turbine capabilities.

Water Power Technologies.—The agreement provides \$59,000,000 for hydropower and pumped storage activities and up to \$141,000,000 for Marine Energy.

The agreement includes funding for the purposes of section 242 of the Energy Policy Act of 2005 within the Grid Deployment account.

The agreement provides not less than \$10,000,000 for continuation of foundational

research activities led by the National Marine Energy Centers and affiliated universities and research institutions.

Within available funds for Marine Energy, the agreement provides not less than \$43,300,000 to address infrastructure needs at marine energy technology sites, including \$21,300,000 for the Department's Marine and Coastal Research Laboratory.

The agreement provides up to \$35,000,000 for competitive solicitations to support university- and industry-led projects to rapidly design, fabricate, and test marine energy systems, subsystems, and components.

Geothermal Technologies.—The agreement provides up to \$100,000,000 for enhanced geothermal system demonstrations and next-generation geothermal demonstration projects in diverse geographic areas.

The agreement provides up to \$40,000,000 for FORGE.

ENERGY EFFICIENCY

Advanced Manufacturing (Industrial Efficiency and Decarbonization Office and Advanced Materials and Manufacturing Technologies Office).—The agreement provides \$50,000,000 for critical materials and up to \$60,000,000 for Energy Technology Manufacturing.

The agreement provides \$5,000,000 for advanced manufacturing of large offshore wind blades and turbines.

Building Technologies.—The agreement provides not less than \$70,000,000 for Commercial Buildings Integration, not less than \$60,000,000 for Residential Buildings Integration, and not less than \$75,000,000 for Equipment and Building Standards.

The agreement provides not less than \$15,000,000 for Building Energy Codes.

The agreement provides not less than \$15,000,000 and up to \$50,000,000 for research, development, demonstration, and commercial application activities related to advanced solid-state lighting technology development.

CYBERSECURITY, ENERGY SECURITY, AND EMERGENCY RESPONSE

The agreement provides \$200,000,000 for Cybersecurity, Energy Security, and Emergency Response.

The agreement provides funding for the Eagle-I activity within the Response and Restoration control point instead of the Risk Management Technology and Tools control point.

Risk Management Technology and Tools.—The agreement reiterates House direction regarding efforts to integrate cybersecurity into the designs of energy delivery systems and does not include direction on funding for the Energy Cybersecurity Center of Excellence.

The agreement provides \$10,000,000 to support a regional pilot to foster partnerships between national laboratories, universities, electricity sector utilities, and state and local government entities to identify and mitigate the prevalent and constantly evolving national security threats to regional infrastructure.

ELECTRICITY

The agreement provides \$280,000,000 for Electricity.

Transmission Reliability and Resilience.—The agreement includes \$3,000,000 to support university-based research partnerships to develop and deploy advanced data analytics and predictive models that incorporate human operator behavior to better understand, predict, prevent, and mitigate cascading failures in power grids.

Resilient Distribution Systems.—The agreement includes up to \$10,000,000 to support the COMMANDER National Test Bed.

The agreement provides up to \$15,000,000 to public utility commissions and state energy

offices for technical assistance in understanding distribution planning, interconnection, and modeling of distributed energy sources with their utilities, their customers, and the broader wholesale market.

GRID HARDWARE, COMPONENTS, AND SYSTEMS

Energy Storage.—The agreement includes \$4,800,000 for operational support of the Grid Storage Launchpad.

The agreement provides not less than \$20,000,000 for a competitive pilot demonstration grant program, as authorized in section 3201 of the Energy Act of 2020, for energy storage projects that are wholly U.S.-made, sourced, and supplied.

Transformer Resilience and Advanced Components.—The agreement provides funding for research in silicon carbide and gallium nitride power electronics within the Transformer Resilience and Advanced Components control point instead of the Energy Delivery Grid Operations Technology control point.

GRID DEPLOYMENT

The agreement provides \$60,000,000 for Grid Deployment.

Transmission Planning and Permitting.—The Department is directed to consider designating transmission facilities as being in the national interest under section 216a of the Federal Power Act through the issuance of facility-specific or route-specific national interest electric transmission corridors.

Distribution and Markets.—The agreement includes up to \$10,000,000 to provide technical assistance and guidance for Public Utility Commissions and Regional Transmission Organizations to model the operating behavior of, and develop rate or market designs, to incorporate expanded integration of Long Duration Energy Storage resources on the grid.

NUCLEAR ENERGY

The agreement provides \$1,685,000,000 for Nuclear Energy.

NEUP, SBIR/STTR, and TCF.—The agreement provides \$6,630,000 for the University Nuclear Leadership Program, previously funded as the Integrated University Program. The agreement does not provide funds for the planning and construction of new university nuclear reactors.

Workforce Training.—Section 311 of the agreement provides up to \$100,000,000 to implement a new nuclear safety training program. The Department is directed to make one or more cost-shared awards not later than 180 days after enactment of this Act. The program shall require cost share of at least 50 percent of the total program costs. The cost share must come from non-federal sources unless otherwise allowed by law. In implementing the program, the Department shall give priority to universities located within 50 miles of reactors that were constructed prior to 1980 and have had significant safety issues in the last five decades. A successful applicant shall have clearly defined goals and objectives; identify and address the gap between available skilled workers and the demand for the training program; and lead to an industry recognized nuclear reactor safety credential to meet demand.

NUCLEAR ENERGY ENABLING TECHNOLOGIES

The agreement provides \$16,000,000 for integrated energy systems, including projects with hydrogen co-located with nuclear.

Nuclear Science User Facilities.—The agreement provides not less than \$12,000,000 for computational support.

FUEL CYCLE RESEARCH, DEVELOPMENT, AND DEMONSTRATION

Advanced Nuclear Fuel Availability.—The agreement provides \$100,000,000. Additionally, section 312 of the agreement provides up to \$2,720,000,000 for nuclear fuel availability derived from unobligated appropriations.

Material Recovery and Waste Form Development.—The agreement provides not less than \$27,000,000 for EBR-II Processing for HALEU and \$7,000,000 for the ZIRCEX process.

Accident Tolerant Fuels.—The agreement provides not less than \$25,000,000 for further development of silicon carbide ceramic matrix composite fuel cladding for light water reactors. The agreement reiterates Senate direction to provide a multi-year plan to phase out the program.

Fuel Cycle Laboratory R&D.—The agreement provides up to \$15,000,000 for an advanced metallic fuels program.

REACTOR CONCEPTS RESEARCH, DEVELOPMENT,
AND DEMONSTRATION

Advanced Small Modular Reactor RD&D.—The agreement supports the budget request which provides no further funding for the existing cooperative agreement DENE0008928.

Section 311 of the agreement also includes funding for small modular reactor development and deployment activities derived from unobligated appropriations.

The agreement provides up to \$800,000,000 for not more than two near term utility commercial deployments of a Generation 3+ small modular reactor technology in the United States.

The Department, through the Office of Clean Energy Demonstrations, is directed to make not more than two cost-shared awards not later than 270 days after enactment of this Act, with a utility cost share of not less than 50 percent. The selection requirements shall be consistent with the process outlined in section 959A of the Energy Policy Act of 2005. A successful applicant shall have an expected orderbook of deployments.

The agreement provides \$100,000,000 for one or more competitive awards with a 50 percent cost share to support design, licensing, supplier development, and site preparation of a grid-scale Generation 3+ reactor design that can be deployed no later than 2030. The Department is directed to award this funding not later than 90 days after enactment of this Act to support rapid domestic deployment of small modular reactors and supplier development to fabricate nuclear components for both U.S. and export markets.

Advanced Reactor Technologies.—The agreement provides not less than \$20,000,000 for MARVEL.

ADVANCED REACTOR DEMONSTRATION PROGRAM

The agreement reiterates Senate direction requiring a report on cost impacts of the Advanced Reactor Demonstration Program (ARDP) projects.

Risk Reduction for Future Demonstration.—The agreement provides \$137,222,000 for the Risk Reduction Program.

Regulatory Development.—In lieu of House direction, the agreement provides \$10,000,000 for the Advanced Nuclear Licensing Energy Cost-Share Grant Program as authorized under 42 U.S.C. 16280 for technology diversity, including spent nuclear fuel reprocessing.

INFRASTRUCTURE

The agreement does not include funds for the Reactor Fuels Research Capability.

PROGRAM DIRECTION

The agreement includes funding for International Nuclear Energy Cooperation activities within Program Direction.

FOSSIL ENERGY AND CARBON MANAGEMENT

The agreement provides \$865,000,000 for Fossil Energy and Carbon Management.

In lieu of House and Senate direction, the agreement supports and provides funding for industrial emission reduction, decarbonization, and combustion-centric activities that advance new technologies and improve the current utilization of generation fuels.

The agreement includes not less than \$5,000,000 to continue efforts to support natural gas demand response pilot programs.

Solid Oxide Fuel Cell Systems & Hydrogen.—The agreement provides not less than \$100,000,000 for the research, development, and demonstration of solid oxide fuel cell systems and hydrogen production, transport, storage, and use systems.

University Training and Research.—The agreement includes no direction regarding funding within the University Training and Research program.

Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization.—The agreement directs the working group to convene relevant stakeholders to discuss waterway freight diversification and economic development in the Ohio, Allegheny, and Monongahela River Corridor.

CARBON MANAGEMENT TECHNOLOGIES

The agreement recognizes the benefits of a clear regulatory process for ocean carbon dioxide removal pathways and provides \$250,000 to work with other appropriate federal agency and industry partners to develop, test, and evaluate ocean-based carbon dioxide removal technologies.

Carbon Dioxide Removal.—The agreement provides \$10,000,000 for research, development and demonstration related to biological carbon sequestration in deep ocean water through macroalgae and other living marine resources.

The agreement includes \$20,000,000 to continue the competitive purchasing pilot program that was directed to be established in the fiscal year 2023 Act, consistent with Division D of Public Law 117-328. The Department is directed to provide to the Committees not later than 180 days after enactment of this Act a report on the progress of the competitive purchasing pilot program.

Carbon Transport and Storage.—The agreement provides not less than \$35,000,000 for CarbonSAFE and not less than \$25,000,000 for the Regional Carbon Sequestration Partnerships.

RESOURCE TECHNOLOGIES AND SUSTAINABILITY

Advanced Remediation Technologies.—The agreement provides \$15,000,000 for university research and field investigations in the Gulf of Mexico to confirm the nature, regional context, and hydrocarbon system behavior of gas hydrate deposits.

The agreement provides \$8,000,000 for the Risk Based Data Management System.

Methane Mitigation Technologies.—The agreement provides \$5,000,000 for advanced observational technologies, as validated in peer-reviewed publications, to globally identify and mitigate methane and volatile organic compound emissions.

ENERGY PROJECTS

The agreement provides \$83,724,000 for the Energy Projects account for Congressionally Directed Spending at the Department for the following list of projects.

CONGRESSIONALLY DIRECTED SPENDING FOR ENERGY PROJECTS

(Amounts in Thousands)

Project Name	Final Bill
Allegheny County Airport Authority Neighborhood 91 Project Funding, PA	1,000
ASU: Center for Clean Energy Materials, AZ	3,000
Biochar Characterization Study, NM	200
Boat Energy Transition Feasibility Study, AK	514
Canal-Mounted Rural Solar, Bonneville Environmental Foundation, OR	1,850
Carlton County Justice Center Geothermal Heat and Solar Field, MN	2,000
Center for Applied Research & Technology (CART) Carbon-Managed Distributed Energy System, WV	656
Center for Clean Hydrogen, DE	3,987
Center for Nanotechnology, MD	2,175
Central Peninsula Landfill Gas Collection System Project, AK	2,744
City of Melrose Net Zero Police Station Design, MA	3,000
City of Radford Smart Power Metering Implementation, VA	500
Clemson University—Electrical Grid Integration, SC	2,000
Clemson University Next-Generation Hydrogen Technologies, SC	2,900
County Sanitation District No. 2 for Biomethane Interconnection Project, CA	2,500
Dairyland Power Cooperative Prentice Electric Vehicle Charger with Solar and Battery Storage, WI	2,028
Desert Research Institute—Lithium Resource Mapping, NV	1,632
Enabling High Penetration of Renewables with Synchronous Condenser Conversion Technology, HI	1,325
High Temperature Fuel Cells, CO	3,000
HyPower: Demonstration of Offshore Wind Generated Hydrogen Usage for Domestic Heating and Power, NY	1,000
Jicarilla Apache Nation Design Study of a Clean Hydrogen Production System, NM	80
Kit Carson Electric Cooperative, Inc.—Kit Carson Electric Cooperative-Questa Green Hydrogen Project, NM	500
Kotzebue Energy Sustainability and Resilience Project, AK	3,000
Millinocket Renewable Energy, ME	1,950
Mobile Charger with Zero-emission Power Generation System, CA	500
Morgantown Monongahela River Trash Removal Initiative, WV	375
NMSU Energy Cybersecurity Penetration Testing Center, NM	1,200
Parrott Creek Battery Storage Project, OR	900
Plymouth State University Energy Transition, NH	4,675
Project CleanMI, MI	2,250
Purple Lake Hydro Feasibility Study, AK	166
Renewable Heating Technology to Decarbonize High-Temperature Foundry Processes, NM	128

CONGRESSIONALLY DIRECTED SPENDING FOR ENERGY PROJECTS—Continued

(Amounts in Thousands)

Project Name	Final Bill
Research Environment for the Advancement of Clean Hydrogen (REACH), LA	4,000
Resilient Recreation Centers, RI	1,025
Solar Energy Demonstration Using Domestically Sourced, and Michigan-built, 100% Reusable Commercial-Scale Lead Battery, MI	600
Sparkling Progress in Battery Manufacturing, GA	3,800
Twin Lakes Reservoir Floating Solar Project, OH	2,000
UMaine BioHome3D Research and Development, ME	4,000
UMaine Semiconductor Research and Development, ME	750
University of Connecticut for Resilient Grid Systems and Offshore Wind Power Integration, CT	1,300
University of South Carolina—Battery Innovation, SC	2,160

WVU Remote Sensing Tools for Climate Change Abatement Research, WV	280

NAVAL PETROLEUM AND OIL SHALE RESERVES

The agreement provides \$13,010,000 for the operation of the Naval Petroleum and Oil Shale Reserves.

STRATEGIC PETROLEUM RESERVE

The agreement includes \$213,390,000 for the Strategic Petroleum Reserve.

The Department is directed to continue its efforts to refill the Strategic Petroleum Reserve expeditiously and to provide to the Committees not later than 90 days after enactment of this Act, and quarterly thereafter, a briefing on its plans to refill the Strategic Petroleum Reserve.

SPR PETROLEUM ACCOUNT

The agreement provides \$100,000 for the SPR Petroleum Account.

NORTHEAST HOME HEATING OIL RESERVE

The agreement provides \$7,150,000 for the Northeast Home Heating Oil Reserve.

ENERGY INFORMATION ADMINISTRATION

The agreement provides \$135,000,000 for the Energy Information Administration.

NON-DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$342,000,000 for Non-Defense Environmental Cleanup.

Small Sites.—The agreement provides \$108,435,000 for Small Sites cleanup. Within this amount, \$18,000,000 is for the Energy Technology Engineering Center, \$11,500,000 is for Idaho National Laboratory, \$6,000,000 is for work at the Lawrence Berkeley National Laboratory, \$67,000,000 is for Moab, and \$5,935,000 is for excess Office of Science facilities.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

The agreement provides \$855,000,000 for activities funded from the Uranium Enrichment Decontamination and Decommissioning Fund.

SCIENCE

The agreement provides \$8,240,000,000 for Science.

The Department is directed to provide not later than 90 days, and quarterly thereafter, a briefing on its actions to progressively move to fully funding research awards of \$2,500,000 or less.

Artificial Intelligence and Machine Learning.—The agreement includes not less than \$135,000,000 for Artificial Intelligence and Machine Learning across the Office of Science Programs.

Energy Earthshots.—The agreement reiterates House direction.

Quantum Information Sciences.—The agreement provides not less than \$245,000,000 for quantum information science, including not less than \$120,000,000 for research and \$125,000,000 for the five National Quantum Information Science Research Centers.

The agreement includes funding at the fiscal year 2023 levels for the RENEW and FAIR initiatives.

ADVANCED SCIENTIFIC COMPUTING RESEARCH

The agreement provides not less than \$219,000,000 for the Argonne Leadership Computing Facility, \$255,000,000 for the Oak Ridge Leadership Computing Facility, \$135,000,000 for the National Energy Research Scientific Computing Center at Lawrence Berkeley National Laboratory, and \$91,000,000 for ESnet.

The agreement provides not less than \$290,000,000 for Mathematical, Computational, and Computer Sciences Research.

BASIC ENERGY SCIENCES

The agreement provides \$704,134,000 for facilities operations of the nation's light sources, \$373,163,000 for facilities operations of the high-flux neutron sources, and \$150,880,000 for facilities operations of the Nanoscale Science Research Centers.

BIOLOGICAL AND ENVIRONMENTAL RESEARCH

The agreement includes not less than \$420,000,000 for Biological Systems Science and not less than \$430,000,000 for Earth and Environmental Systems Sciences.

The agreement provides up to \$20,000,000 to re-establish a low-dose radiation research pilot program in coordination with the Office of Environment, Health, Safety, and Security and the Office of Nuclear Energy.

The agreement provides not less than \$115,000,000 for the four Bioenergy Research Centers to accelerate research and development needed for advanced fuels and products.

The agreement provides not less than \$125,000,000 for Foundational Genomics Research.

The agreement reiterates House direction on key cloud, aerosol, precipitation, and radiation processes and a related pilot program.

FUSION ENERGY SCIENCES

The agreement provides \$98,100,000 for NSTX-U.

The agreement provides \$131,500,000 for DIII-D.

The agreement includes \$40,000,000 for the Milestone-Based Development Program. The agreement reiterates House direction regarding the management of the Milestone-Based Development Program.

The agreement reiterates Senate direction regarding the High-Energy-Density Laboratory Plasmas program.

The agreement includes up to \$20,000,000 for Inertial Fusion Energy.

The agreement provides \$25,000,000 for the Materials Plasma Exposure eXperiment.

The agreement includes up to \$10,000,000 for future facilities studies.

The agreement includes not less than \$20,000,000 for materials and fusion nuclear science.

HIGH ENERGY PHYSICS

The agreement provides not less than \$35,000,000 for the Sanford Underground Research Facility and not less than \$5,000,000 for the Accelerator Controls Operations Research Network.

NUCLEAR PHYSICS

In lieu of House direction regarding facility operations, the agreement directs the Department to give priority to optimizing operations for all Nuclear Physics user facilities, including Relativistic Heavy Ion Collider, Continuous Electron Beam Accelerator, Facility for Rare Isotope Beams, and Argonne Tandem Linac Accelerator System.

NUCLEAR WASTE DISPOSAL

The agreement provides \$12,040,000 for Nuclear Waste Disposal for Nuclear Waste Fund (NWF) oversight activities, which is derived from the NWF.

TECHNOLOGY TRANSITIONS

The agreement provides \$20,000,000 for Technology Transitions.

The agreement provides not less than \$2,500,000 to support the Energy Program for Innovation Clusters Program.

The agreement provides \$3,500,000 for the creation of a non-governmental Foundation for Energy Security and Innovation, which includes \$1,500,000 to establish the Foundation and \$2,000,000 to initially carry out its activities.

CLEAN ENERGY DEMONSTRATIONS

The agreement provides \$50,000,000 for Clean Energy Demonstrations.

The agreement includes funding for demonstration projects previously selected prior to the date of enactment of this Act.

The agreement includes funding for Demonstration Planning and Analysis as requested.

The agreement reiterates House direction regarding the management of the Milestone-Based Development Program.

ADVANCED RESEARCH PROJECTS AGENCY—ENERGY

The agreement provides \$460,000,000 for the Advanced Research Projects Agency—Energy.

TITLE 17 INNOVATIVE TECHNOLOGY LOAN GUARANTEE PROGRAM

The agreement provides a net appropriation of \$0 for the Title 17 Innovative Technology Loan Guarantee Program.

ADVANCED TECHNOLOGY VEHICLES MANUFACTURING LOAN PROGRAM

The agreement provides \$13,000,000 for the Advanced Technology Vehicles Manufacturing Loan Program.

TRIBAL ENERGY LOAN GUARANTEE PROGRAM

The agreement provides \$6,300,000 for the Tribal Energy Loan Guarantee Program.

INDIAN ENERGY POLICY AND PROGRAMS

The agreement provides \$70,000,000 for Indian Energy Policy and Programs.

DEPARTMENTAL ADMINISTRATION

The agreement provides \$286,500,000 for Departmental Administration.

Control Points.—The following is the only direction for control points. The agreement continues funding for functions within Departmental Administration in the fiscal year 2023 Act and adds a new activity for Industrial Emissions and Technology Coordination. The Department is directed to continue to submit a budget request that proposes a separate funding level for each of these activities.

Office of the Secretary.—The agreement includes no direction for the Office of the Secretary.

Industrial Emissions and Technology Coordination.—The agreement reiterates Senate direction regarding coordination of clean industrial research, development, demonstrations, and deployments and the development of a Multi-Year Program Plan. The agreement reiterates Senate direction regarding the alignment, simplification, and consolidation of coordinating mechanisms for cross-cutting initiatives into one function. The agreement reiterates Senate direction regarding a briefing. The agreement directs the Department to include in future budget requests funding breakdowns by account, subprogram, and congressional control point for each of the crosscutting initiatives. The agreement includes no direction regarding a list of crosscutting initiatives.

Other Departmental Administration.—The following is the only direction for Other Departmental Administration. The Department shall allocate funds sufficient for staffing and operational needs for Management, Project Management Oversight and Assessments, Chief Human Capital Officer, and General Counsel. The agreement includes Senate language regarding the Arctic Energy Office and the U.S. energy employment report. The agreement includes House and Senate language on the Israel Binational Industrial Research and Development (BIRD) Foundation and the U.S. Israel Center of Excellence in Energy Engineering and Water Technology.

OFFICE OF THE INSPECTOR GENERAL

The agreement provides \$86,000,000 for the Office of the Inspector General (OIG).

The Inspector General has requested extensive payroll and other sensitive and personally identifiable information from multiple Department contractors, spanning multiple years and covering thousands of employees. Subsequent to these requests, the Department published a proposed rulemaking in the

Federal Register on November 27, 2023, seeking to exempt the System of Records (SOR) in which this sensitive data would be maintained from certain protections of the Privacy Act, which it would otherwise be obligated to follow. Among the provisions the Department seeks to exempt are 5 U.S.C. 552a(e)(5), which requires the agency to “maintain all records which are used by the agency in making any determination about any individual with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to assure fairness to the individual in the determination”; and (e)(1), which requires the agency to “maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required to be accomplished by statute or by executive order of the President.”

The agreement expresses concern over both the breadth of the data collected and how the Department has proposed to store it. There is also concern over the lack of transparency about the source and amounts of funding that would be required in FY24 and subsequent fiscal years to maintain such a system, including providing adequate safeguards for the data, any required infrastructure, and dedicated FTEs. Accordingly, prior to obligating any funds provided in this Act to modify the SOR or collect additional data to populate it, the Department and OIG shall provide to the Committees a report, which shall include at a minimum:

- The specific purposes for the information collected;
- The estimated cost and sources of funds for such data collection and storage prior to the date of enactment of this Act;
- An estimate, by fiscal year and source, of costs associated with collecting, analyzing, securing, and maintaining the data proposed to be stored in the SOR, including costs (maintenance or otherwise) of any infrastructure;
- A detailed description of the safeguards the Department and OIG will use to protect the sensitive data;
- Any applicable policies that exist to protect the sensitive data from abuse or disclosure, including limits on accessing the data only for official purposes;
- An estimate of the length of time the Department and OIG proposes to retain the collected data; and
- Whether the aggregation of data may require additional safeguards.

ATOMIC ENERGY DEFENSE ACTIVITIES NATIONAL NUCLEAR SECURITY ADMINISTRATION

The agreement provides \$24,135,000,000 for the National Nuclear Security Administration (NNSA).

The agreement reiterates House direction on an independent review team for projects more than \$750,000,000.

The agreement reiterates House direction on GAO open priority recommendations.

The agreement does not include a limitation of funds related to the report on requirements.

WEAPONS ACTIVITIES

The agreement provides \$19,108,000,000 for Weapons Activities.

The agreement directs NNSA to seek to enter into an agreement with the scientific advisory group known as JASON to conduct an assessment of the report entitled, “Research Program Plan for Plutonium and Pit Aging”.

The agreement provides \$690,000,000 for the Inertial Confinement Fusion campaign. Within available funds, the agreement provides not less than \$410,000,000 for the National Ignition Facility (NIF), not less than

\$99,400,000 for OMEGA, not less than \$85,000,000 for the Z Facility and not less than \$30,000,000 for Los Alamos National Laboratory. The agreement provides not less than \$42,000,000 for target research, development, and fabrication.

DEFENSE NUCLEAR NONPROLIFERATION

The agreement provides \$2,581,000,000 for Defense Nuclear Nonproliferation.

The agreement recognizes the challenges inherent in commercializing Molybdenum-99 production technologies and encourages a whole-of-government collaboration regarding the financial sustainability of domestic production of this medical isotope. The agreement therefore provides \$50,000,000 for existing or new Laboratory and Partnership Support agreements to expedite the establishment of stable domestic sources of Molybdenum-99 without the use of highly enriched uranium.

The agreement provides funds for the Nonproliferation Stewardship Program for a uranium test bed to evaluate, explore, and test emerging technologies and to maintain core competencies through enhanced, hands-on training.

NAVAL REACTORS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$1,946,000,000 for Naval Reactors.

The agreement reiterates House direction to provide a project data sheet for SSNX with future year budget submissions.

FEDERAL SALARIES AND EXPENSES

The agreement provides \$500,000,000 for Federal Salaries and Expenses.

ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$7,285,000,000 for Defense Environmental Cleanup.

Future Year Budgets.—The agreement reiterates direction for the Department to include out-year funding projections in the annual budget request for Environmental Management, and an estimate of the total cost and time to complete each site.

Hanford.—Not later than 30 days after enactment of this Act, the Department shall provide to the Committees a briefing on the findings of the “Follow-on Report of Analysis of Approaches to Supplemental Treatment of Low-Activity Waste at the Hanford Nuclear Reservation” completed by the federally funded research and development center and the “Review of the Continued Analysis of Supplemental Treatment Approaches of Low-Activity Waste at the Hanford Nuclear Reservation: Review #3” completed by the National Academies of Sciences, Engineering, and Medicine in 2023 pursuant to section 3125 of the FY2021 National Defense Authorization Act.

Containment Ventilation Systems.—The agreement provides up to \$7,000,000 for work on qualification, testing, and research to advance the state-of-the-art containment ventilation systems.

The agreement provides up to \$5,000,000 to leverage the DOE Scholars Program to enable the training of technicians, engineers, and scientists to support cleanup and remediation activities across the program.

The agreement provides up to \$5,000,000 for continued independent review, analysis, and applied research to support cost-effective, risk informed cleanup decision making.

DEFENSE URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$285,000,000 for Defense Uranium Enrichment Decontamination and Decommissioning.

OTHER DEFENSE ACTIVITIES

The agreement provides \$1,080,000,000 for Other Defense Activities.

POWER MARKETING ADMINISTRATIONS BONNEVILLE POWER ADMINISTRATION FUND

The agreement provides no appropriation for the Bonneville Power Administration, which derives its funding from revenues deposited into the Bonneville Power Administration Fund.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

The agreement provides a net appropriation of \$0 for the Southeastern Power Administration.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

The agreement provides a net appropriation of \$11,440,000 for the Southwestern Power Administration.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE, WESTERN AREA POWER ADMINISTRATION

The agreement provides a net appropriation of \$99,872,000 for the Western Area Power Administration.

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

The agreement provides a net appropriation of \$228,000 for the Falcon and Amistad Operating and Maintenance Fund.

FEDERAL ENERGY REGULATORY COMMISSION SALARIES AND EXPENSES

The agreement provides \$520,000,000 for the Federal Energy Regulatory Commission (FERC). Revenues for FERC are set to an amount equal to the budget authority, resulting in a net appropriation of \$0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes a provision prohibiting the use of funds provided in this title to initiate requests for proposals, other solicitations, or arrangements for new programs or activities that have not yet been approved and funded by Congress; requires notification or a report for certain funding actions; prohibits funds to be used for certain multi-year “Energy Programs” activities without notification; and prohibits the obligation or expenditure of funds provided in this title through a reprogramming of funds except in certain circumstances. The notification requirements in the provision also apply to the modification of any grant, contract, or Other Transaction Agreement where funds are allocated for new programs, projects, or activities not covered by a previous notification.

The agreement includes a provision prohibiting the use of funds in this title for capital construction of high hazard nuclear facilities, unless certain independent oversight is conducted.

The agreement includes a provision prohibiting the use of funds in this title to approve critical decision-2 or critical decision-3 for certain construction projects, unless a separate independent cost estimate has been developed for that critical decision.

The agreement includes a provision for oversight of large construction projects.

The agreement includes a provision to prohibit certain payments.

The agreement includes a provision regarding Stockpile Management.

The agreement includes a provision to make additional funds available to the Office of the Inspector General for oversight of Public Law 117-58 and Public Law 117-169.

The agreement includes a provision to address regional petroleum product reserves.

The agreement includes a provision to establish criteria for the sale of petroleum

products from the Strategic Petroleum Reserve.

The agreement includes a provision to address research security.

The agreement includes a provision to make certain funds available under Public

Law 117-58 for nuclear activities and workforce.

The agreement includes a provision to make certain funds available under Public Law 117-58 for uranium.

The agreement includes a provision for oversight of National Laboratory employees.

The agreement includes a provision regarding Department of Energy implementation.

TITLE IV—INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

The agreement provides \$200,000,000 for the Appalachian Regional Commission.

The agreement includes direction in both House and Senate reports. The agreement also includes not less than \$15,000,000 for counties within the Northern Appalachian region to support economic development, manufacturing, and entrepreneurship.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD
SALARIES AND EXPENSES

The agreement provides \$42,000,000 for the Defense Nuclear Facilities Safety Board (DNFSB).

The agreement provides \$1,520,000 within the Office of Inspector General of the Nuclear Regulatory Commission (NRC IG) to provide the DNFSB inspector general services.

DELTA REGIONAL AUTHORITY
SALARIES AND EXPENSES

The agreement provides \$31,100,000 for the Delta Regional Authority.

DENALI COMMISSION

The agreement provides \$17,000,000 for the Denali Commission.

NORTHERN BORDER REGIONAL COMMISSION

The agreement provides \$41,000,000 for the Northern Border Regional Commission (NBRC).

SOUTHEAST CRESCENT REGIONAL COMMISSION

The agreement provides \$20,000,000 for the Southeast Crescent Regional Commission.

SOUTHWEST BORDER REGIONAL COMMISSION

The agreement provides \$5,000,000 for the Southwest Border Regional Commission.

GREAT LAKES AUTHORITY

The agreement provides \$5,000,000 for the Great Lakes Authority.

NUCLEAR REGULATORY COMMISSION
SALARIES AND EXPENSES

The agreement provides \$928,317,580 for the Nuclear Regulatory Commission. This amount is offset by estimated revenues of \$794,341,580, resulting in a net appropriation of \$133,976,000.

(Dollars)	
Account	Final Bill
Nuclear Reactor Safety	\$522,011,400
Integrated University Program	16,000,000
Nuclear Materials and Waste Safety	124,214,700
Decommissioning and Low-Level Waste	26,537,800
Corporate Support	301,554,000
Use of Prior-Year Balances	-62,000,320
Total, Nuclear Regulatory Commission	928,317,580

OFFICE OF INSPECTOR GENERAL

The agreement provides \$15,769,000 for the Office of Inspector General in the Nuclear Regulatory Commission. This amount is offset by revenues of \$12,655,000, resulting in a net appropriation of \$3,114,000.

The agreement provides \$1,520,000 to provide inspector general services for the Defense Nuclear Facilities Safety Board.

NUCLEAR WASTE TECHNICAL REVIEW BOARD
SALARIES AND EXPENSES

The agreement provides \$4,064,000 for the Nuclear Waste Technical Review Board to be derived from the Nuclear Waste Fund.

GENERAL PROVISIONS—INDEPENDENT
AGENCIES

The agreement includes a provision instructing the Nuclear Regulatory Commission on responding to congressional requests for information.

The agreement includes a provision related to reprogrammings.

TITLE V—GENERAL PROVISIONS
(INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision relating to lobbying restrictions.

The agreement includes a provision relating to transfer authority. No additional transfer authority is implied or conveyed by this provision. For the purposes of this provision, the term “transfer” shall mean the shifting of all or part of the budget authority in one account to another.

The agreement includes a provision prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The agreement includes a provision regarding access to nuclear weapons production facilities.

DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

ENERGY AND WATER DEVELOPMENT

[Community Project Funding/Congressionally Directed Spending]

Amounts shown over the presidential budget request level ("Additional Amount" column) are considered Community Project Funding and Congressionally Directed Spending for purposes of House and Senate rules.

Agency	Account	Project Name; Recipient	Budget Request	Additional Amount	Total Amount Provided	Requestor(s)		Origination

DIVISION E—DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2024

The following statement is an explanation of the effects of Division E, which provides appropriations for the Department of the Interior, the Environmental Protection Agency (EPA), the Forest Service, the Indian Health Service, and related agencies for fiscal year 2024.

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 118-155 and Senate Report 118-83 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where the House Report, Senate Report, or this joint explanatory statement direct the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. Where this joint explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Interior, Environment, and Related Agencies and the Senate Subcommittee on Interior, Environment, and Related Agencies.

Each department and agency funded in this Act is directed to follow the directions set forth in this Act and the accompanying statement and to not reallocate resources or reorganize activities except as provided herein or otherwise approved by the House and Senate Appropriations Committees through the reprogramming process as referenced in this Act. This joint explanatory statement addresses only those agencies and accounts for which there is a need for greater explanation than provided in the Act itself. Funding levels for appropriations by account, program, and activity, with comparisons to the fiscal year 2023 enacted level and the fiscal year 2024 budget request, can be found in the table at the end of this division.

Unless expressly stated otherwise, any reference to “this Act” or “at the end of this statement” shall be treated as referring only to the provisions of this division.

Bighorn Sheep.—The Committees are aware that the Forest Service and the Bureau of Land Management use the Western Association of Fish and Wildlife Agencies’ occupied bighorn habitat maps, telemetry data, and recent bighorn observations in conducting Risk of Contact analyses and that risk of contact models are currently being run on a State-wide basis where sufficient data exists. The Committees direct the agencies to complete Risk of Contact analyses using the Western Association of Fish and Wildlife Agencies’ data where it exists. The Committees expect the agencies to continue to share findings transparently and promptly with other Federal land management agencies, State and local governments, State wildlife agencies, and State and Federal animal health professionals, including the Agricultural Research Service, permittees, and stakeholders.

Gay Mine Superfund.—The Bureau of Indian Affairs, the Environmental Protection Agency, and the Bureau of Land Management are directed to collaborate to provide a status update to the Committees on reclamation efforts at the site and potential reclamation solutions, as well as their efforts to ensure engagement with the Shoshone-Bannock Tribes and industry stakeholders, within 90 days of enactment of this Act.

Grizzly Bears.—Not less than 90 days after the date of enactment of this Act, the Fish and Wildlife Service and the National Park Service are directed to provide an in-depth briefing regarding the draft environmental impact statement and the accompanying 10(j) proposal under the Endangered Species Act on the Establishment of a Nonessential Experimental Population of Grizzly Bear in the North Cascades Ecosystem. The Fish and Wildlife Service and the National Park Service must also brief on their plans to work collaboratively with Tribes, other Federal agencies, States, local communities, and landowners on recovery actions for this species.

Lake Boehmer.—The Committees are concerned about high levels of arsenic and radionuclide in Lake Boehmer and direct the Department of the Interior and the Environmental Protection Agency to provide a report within 90 days of enactment of this Act identifying potential opportunities within their existing authorities to work with the State of Texas and the Middle Pecos Groundwater Conservation District to assess the public health concerns at Lake Boehmer and remediate the damage.

Land Use.—The Committees direct the Bureau of Land Management and other land management agencies to follow the multiple use mandate, as required by Federal Land Policy and Management Act (FLPMA), when developing resource management plans (RMPs). During the RMP development process, land management agencies are to take into account the long-term needs of future generations for renewable and nonrenewable resources including, but not limited to, recreation, range, timber, minerals, watershed, wildlife and fish, natural scenic, scientific and historical values. Additionally, plans should be developed in close coordination and consultation with local communities, State and Tribal governments, and other stakeholders.

Litigation.—The agreement does not include the language in House Report 118-155 in the third paragraph under the heading “Cost of Litigation and Lack of Transparency.”

National Parks and Public Land Legacy Restoration Fund.—The Committees emphasize that, pursuant to the Great American Outdoors Act, project allocations are final and must be adhered to.

Onshore and Offshore Leasing.—The agreement does not include the language in House Report 118-155 under the headings “Onshore and Offshore Leasing and Permitting Transparency”; “Pending Applications for Permits to Drill”; “Staff Planning”; and “Public Availability of Data.”

Procurement of Personal Protective Equipment (PPE).—The Department of the Interior Office of Wildland Fire and the Forest Service are directed to evaluate the provision of supplies during this fire season and provide a briefing to the Committees within 90 days of enactment of this Act on any issues related to cost trends, supply chain or other challenges to providing the appropriate materials. Additionally, the briefing should cover the standard list of PPE, any trends of regions with higher than average replacement needs, regions with current higher than average outstanding replacement needs and how replacement of such is managed by the two agencies.

Transportation Initiatives.—The agreement does not include the funding direction in House Report 118-155 under the headings “Light-Duty Vehicle Fleet.”

Water Rights.—The Committees direct the Forest Service and the Department of the Interior to provide a briefing within 90 days of enactment of this Act on current authorities and practices related to agency actions and

water rights granted under state law, including engagement with local landowners and other constituents.

LAND AND WATER CONSERVATION FUND

With enactment of the Great American Outdoors Act (GAOA) (Public Law 116-152), Congress provided a permanent appropriation of \$900,000,000 per year from the Land and Water Conservation Fund (LWCF). Along with other mandatory appropriations, LWCF programs are subject to a 5.7 percent sequestration, with those sequestered amounts becoming available in the subsequent fiscal year. GAOA also mandated that account allocations and detailed project information be proposed by the administration each year through the President’s annual budget submission, and that such allocations, following review by the Committees on Appropriations, may be modified through an alternate allocation.

A detailed table accompanying this explanatory statement shows the LWCF allocation for fiscal year 2024 by agency, account, activity, and project, including lists of specific Federal land acquisition projects and Forest Legacy Program projects. Additional tables provide details for the reallocation of unobligated balances appropriated in previous years to projects that have been completed, deferred, or terminated and are being transferred to currently viable projects.

The agencies are expected to continue to follow the directions included in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260) under General Implementation. The Committees continue to monitor the Department of the Interior and the Forest Service’s progress to ameliorate concerns with the appraisal process and expect regular updates on these efforts.

U.S. Fish and Wildlife Service.—Fiscal year 2024 funds provided to the Fish and Wildlife Service for the Flint Hills Conservation Area shall only be used to acquire land easements in areas which lie North of Township 22 South and/or East of Range 13 East, as well as those in Township 22 South and Range 3 East through Range 9 East, all of the Sixth Principal Meridian within the U.S. Public Lands Survey System.

The Service is expected to provide outreach to all units of the National Wildlife Refuge System, including Clarks, Edwards, Green River, Loxahatchee, McKinney, and Ottawa, to ensure these refuges are accessing all available funding tools, including recreational access and inholdings. The Service is strongly encouraged to begin due diligence work on the accumulating backlog of parcels available at Clarks River National Wildlife Refuge.

National Park Service.—The Committees are aware of unobligated discretionary balances not associated with any state or specific project within the Service’s state assistance programs. Further, since this discretionary funding has passed the three-year time period for obligation, a portion has been rescinded in this bill. Sufficient funding is available for programs to continue at current levels. Along with balances of prior year discretionary funding, the Committees are also aware mandatory funds are starting to accrue beyond the three-year window for formula grant obligation and a reasonable timeframe for competitive grant obligation. The Service is directed to brief the Committees within 30 days of enactment of this Act regarding the status of the mandatory balances and how reallocating unobligated formula funding as part of the annual allocation to states in the subsequent year could reduce those balances.

Forest Legacy Program.—The Forest Service is directed to use unobligated balances as

needed to complete all of the projects listed in the table accompanying this explanatory statement.

REPROGRAMMING GUIDELINES

The following are the procedures governing reprogramming actions for programs and activities funded in the Department of the Interior, Environment, and Related Agencies Appropriations Act. The agencies funded in this Act are reminded that these reprogramming guidelines are in effect, and must be complied with, until such time as the Committees modify them through bill or report language.

Definitions.—“Reprogramming,” as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item, or program area to another within any appropriation funded in this Act. In cases where either the House or Senate Committee on Appropriations report displays an allocation of an appropriation below that level, the more detailed level shall be the basis for reprogramming.

For construction, land acquisition, and forest legacy accounts, a reprogramming constitutes the reallocation of funds, including unobligated balances, from one construction, land acquisition, or forest legacy project to another such project.

A reprogramming shall also consist of any significant departure from the program described in the agency’s budget justifications. This includes all proposed reorganizations or other workforce actions detailed below which affect a total of 10 staff members or 10 percent of the staffing of an affected program or office, whichever is less, even without a change in funding. Any change to the organization table presented in the budget justification shall also be subject to this requirement.

Agencies are reminded that this agreement continues longstanding General Guidelines for Reprogramming that require agencies funded by this Act to submit reorganization proposals for the Committees’ review prior to their implementation. It is noted that such reprogramming guidelines apply to proposed reorganizations, workforce restructuring, reshaping, transfer of functions, or bureau-wide downsizing and include closures, consolidations, and relocations of offices, facilities, and laboratories. In addition, no agency shall implement any part of a reorganization that modifies regional or State boundaries for agencies or bureaus that were in effect as of the date of enactment of this Act unless approved consistent with the General Guidelines for Reprogramming procedures specified herein. Any such reprogramming request submitted to the Committees on Appropriations shall include a description of anticipated benefits, including anticipated efficiencies and cost-savings, as well as a description of anticipated personnel impacts and funding changes anticipated to implement the proposal.

General Guidelines for Reprogramming.—

(a) A reprogramming should be made only when an unforeseen situation arises, and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.

(b) Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming, but instead, funds should again be sought for the deferred project or activity through the regular appropriations process.

(c) Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.

(d) Reprogramming proposals submitted to the House and Senate Committees on Appropriations for approval will be considered as expeditiously as possible, and the Committees remind the agencies that in order to process reprogramming requests, adequate and timely information must be provided.

Criteria and Exceptions.—A reprogramming must be submitted to the Committees in writing prior to implementation if it exceeds \$1,000,000 annually or results in an increase or decrease of more than 10 percent annually in affected programs or projects, whichever amount is less, with the following exceptions:

(a) With regard to the Tribal priority allocations of the Bureau of Indian Affairs (BIA) and Bureau of Indian Education (BIE), there is no restriction on reprogrammings among these programs. However, the Bureaus shall report on all reprogrammings made during a given fiscal year no later than 60 days after the end of the fiscal year.

(b) With regard to the EPA, the Committees do not require reprogramming requests associated with the States and Tribes Partnership Grants or up to a cumulative total of \$5,000,000 from carryover balances among the individual program areas delineated in the Environmental Programs and Management account, with no more than \$1,000,000 coming from any individual program area. No funds, however, shall be reallocated from individual Geographic Programs.

(c) With regard to the National Park Service, the Committees do not require reprogramming requests associated with the park base within the Park Management activity in the Operation of the National Park System Account. The Service is required to brief the House and Senate Committees on Appropriations on spending trends for the park base within 60 days of enactment of this Act.

Assessments.—“Assessment” as defined in these procedures shall refer to any charges, reserves, or holdbacks applied to a budget activity or budget line item for costs associated with general agency administrative costs, overhead costs, working capital expenses, or contingencies.

(a) No assessment shall be levied against any program, budget activity, subactivity, budget line item, or project funded by the Interior, Environment, and Related Agencies Appropriations Act unless such assessment and the basis therefor are presented to the Committees in the budget justifications and are subsequently approved by the Committees. The explanation for any assessment in the budget justification shall show the amount of the assessment, the activities assessed, and the purpose of the funds.

(b) Proposed changes to estimated assessments, as such estimates were presented in annual budget justifications, shall be submitted through the reprogramming process and shall be subject to the same dollar and reporting criteria as any other reprogramming.

(c) Each agency or bureau which utilizes assessments shall submit an annual report to the Committees, which provides details on the use of all funds assessed from any other budget activity, line item, subactivity, or project.

(d) In no case shall contingency funds or assessments be used to finance projects and activities disapproved or limited by Congress or to finance programs or activities that could be foreseen and included in the normal budget review process.

(e) New programs requested in the budget should not be initiated before enactment of the bill without notification to, and the approval of, the Committees. This restriction applies to all such actions regardless of whether a formal reprogramming of funds is required to begin the program.

Quarterly Reports.—All reprogrammings between budget activities, budget line-items, program areas, or the more detailed activity levels shown in this agreement, including those below the monetary thresholds established above, shall be reported to the Committees within 60 days of the end of each quarter and shall include cumulative totals for each budget activity or budget line item, or construction, land acquisition, or forest legacy project.

Land Acquisitions, Easements, and Forest Legacy.—Lands shall not be acquired for more than the approved appraised value, as addressed in section 301(3) of Public Law 91-646, unless such acquisitions are submitted to the Committees on Appropriations for approval in compliance with these procedures.

Land Exchanges.—Land exchanges, wherein the estimated value of the Federal lands to be exchanged is greater than \$1,000,000, shall not be consummated until the Committees have had 30 days in which to examine the proposed exchange. In addition, the Committees shall be provided advance notification of exchanges valued between \$500,000 and \$1,000,000.

Budget Structure.—The budget activity or line item structure for any agency appropriation account shall not be altered without advance approval of the Committees.

TITLE I—DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

Management of Lands and Resources.—The bill provides \$1,294,916,000 for the Management of Lands and Resources appropriation. The Bureau is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118-155 and Senate Report 118-83 unless otherwise specified below.

Wild Horse and Burro Management.—The agreement provides \$141,972,000 for wild horse and burro activities, including up to \$11,000,000 to continue implementation of a robust and humane fertility control strategy of reversible immunocontraceptive vaccines. The Bureau will follow the directives included in the House and Senate Reports and the explanatory statement accompanying Public Law 117-103. The Committees appreciate the Bureau’s commitment to quarterly briefings on the state of the program and direct that these briefings continue in fiscal year 2024.

Land Management Priorities.—The bill provides \$150,000 for congressionally directed spending in this program. A detailed list of projects is included in the “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” table accompanying this explanatory statement.

Wildlife Habitat Management.—The agreement provides \$142,980,000, which includes \$20,600,000 for Plant Conservation and Restoration, \$71,000,000 for sage-grouse habitat, and \$34,000,000 for Threatened and Endangered Species.

Legacy Wells.—The bill provides no less than \$18,500,000 for legacy well remediation to continue progress toward cleanup of the next cluster of legacy wells in need of remediation.

Resource Management Planning.—The bill provides \$68,000,000, which maintains \$10,000,000 for sage-grouse.

National Conservation Lands.—The agreement provides \$59,135,000, which includes \$11,000,000 for the National Scenic and Historic Trails program.

Aquifer Recharge.—The Committees continue to direct the Bureau to work with the State of Idaho to provide appropriate access to Federal lands for the purposes of recharge projects.

Caldwell Canyon Project.—To address deficiencies identified in Case No. 4:21–CV–00182–BLW and allow the project, if authorized, to move forward in a timely manner, the Committees direct the Secretary to consider issuing an updated Record of Decision for the project by December 31, 2024.

Domestic Coal.—The Bureau is directed to brief the Committees regarding barriers to finalizing pending lease applications for metallurgical (met) coal within 60 days of enactment of this Act. The Bureau should include a discussion of distinctions between how current policies impact met coal and thermal coal.

Local Governments.—The agreement does not include the House direction on Local Governments.

Oregon/Washington State Office.—The Bureau is reminded to follow and implement the directives included in the previously referenced House and Senate Reports, including on the Western Oregon Operating Plan fire protection agreement.

Consultation.—Prior to the finalization of the Proposed Rule for Management and Protection of the National Petroleum Reserve in Alaska (Fed. Register Number 2023–18990), the Committees direct the Secretary to consider engaging in additional meaningful, in-person consultations with any federally recognized Tribes and Alaska Native Claims Settlement Act Corporations affected by the proposed rule.

OREGON AND CALIFORNIA GRANT LANDS

The bill provides \$115,521,000 for the Oregon and California Grant Lands appropriation. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. The Bureau shall utilize balances in the Forest Ecosystem Health and Recovery Fund as necessary to continue the activities funded within this account. The Bureau is reminded to follow the directives under this heading included in previously referenced House and Senate Reports.

RANGE IMPROVEMENTS

The bill provides \$10,000,000 to be derived from public lands receipts and Bankhead-Jones Farm Tenant Act lands grazing receipts.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The bill provides an indefinite appropriation estimated to be \$30,000,000 for Service Charges, Deposits, and Forfeitures.

MISCELLANEOUS TRUST FUNDS

The bill provides an indefinite appropriation estimated to be \$26,000,000 for Miscellaneous Trust Funds.

UNITED STATES FISH AND WILDLIFE SERVICE RESOURCE MANAGEMENT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,520,273,000 for Resource Management. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118–155 and Senate Report 118–83 unless otherwise specified below. All programs and activities are funded at the amounts enacted in fiscal year 2023 unless otherwise specified below or in the table at the end of this division, and account levels are achieved through adjustments in General Program Activities.

Planning and Consultation.—The agreement provides \$118,191,000, which maintains \$4,000,000 for Gulf Coast restoration activities, \$1,000,000 for pesticide consultations and provides \$93,706,000 for general program activities.

Conservation and Restoration.—The agreement provides \$37,571,000 for conservation and restoration activities, which maintains the enacted level for Marine Mammals which

includes \$500,000 for the Alaska Nannut Co-management Council (ANCC) and \$250,000 for the Eskimo Walrus Commission (EWC); and provides \$14,538,000 for candidate conservation.

Recovery.—The agreement provides \$110,522,000 for activities in support of the recovery and delisting of threatened and endangered species, which includes \$10,500,000 for Recovery Challenge grants and maintains the enacted allocation between continuing partnerships and new partnerships; \$4,750,000 for the State of the Birds; \$2,300,000 for the Prescott Grant program; \$1,000,000 for the wolf-livestock demonstration program; \$350,000 for Florida Grasshopper Sparrow; and \$83,590,000 for general program activities.

Habitat Conservation.—The agreement provides \$72,000,000 for habitat conservation programs, of which \$59,000,000 is for the Partners for Fish and Wildlife program including \$3,200,000 for the nutria eradication project; \$1,285,000 for Klamath River Habitat Restoration and \$1,285,000 for Washington Regional Fisheries; and \$48,740,000 for general program activities. The bill provides \$13,000,000 for the Coastal Program, including \$11,778,000 for general program activities.

National Wildlife Refuge System.—The agreement provides \$527,035,000 for the National Wildlife Refuge System.

Wildlife and Habitat Management.—The agreement provides \$3,000,000 for nutria eradication; \$16,925,000 for invasive species to focus on high priority invasive species including nutria and cheatgrass; \$25,924,000 for inventory and monitoring; \$2,500,000 for Marine National Monuments adhering to direction in House Report 118–155 for the Northeast Canyons and Seamounts Marine National Monument; and \$500,000 to help refuges improve water efficiency in order to maintain, improve, replace and upgrade refuge infrastructure on areas such as the Quivira National Refuge.

Subsistence Management.—The Office of Subsistence Management function and funding has been moved from the Service and is provided for within the Office of the Secretary.

Visitor Services.—The agreement includes \$76,000,000, which includes \$7,000,000 for the Urban Wildlife Refuge Partnership program; \$2,500,000 for Youth and Careers in Nature including \$500,000 for Arctic Youth.

Conservation and Enforcement.—The agreement provides \$173,664,000 for other conservation and enforcement programs as described below.

Migratory Bird Management.—The agreement provides \$53,212,000 which includes \$30,400,000 for Conservation and Monitoring; \$5,400,000 for Permits; \$591,000 for the Federal Duck Stamp program; and \$16,821,000 for the North American Waterfowl Management Plan/Joint Ventures program.

Law Enforcement.—The agreement provides \$91,859,000 for law enforcement activities, including \$3,500,000 to continue the Service's work with the Indian Arts and Crafts Board to combat international trafficking of counterfeit arts and crafts and to conduct criminal investigations of alleged violations of the Indian Arts and Crafts Act (Public Law 101–644), maintains \$8,500,000 for Wildlife Trafficking, and \$910,000 for equipment replacement.

International Affairs.—The agreement provides \$28,593,000, which includes \$9,900,000 for International Conservation and maintains \$2,500,000 for Wildlife Trafficking, and \$18,693,000 for International Wildlife Trade which includes \$8,700,000 for permit modernization and \$793,000 for Wildlife Trafficking.

Fish and Aquatic Conservation.—The agreement provides \$226,793,000 for fish and aquatic conservation programs.

National Fish Hatchery System Operations.—The agreement provides \$75,105,000, which includes: \$1,200,000 for Aquatic Animal Drug Approval Partnership; \$3,750,000 for Klamath Basin restoration activities; \$4,700,000 for mitigation of the Pacific Salmon Treaty and directs the Service to follow the guidance outlined in Senate Report 118–83; and \$8,000,000 for the Warm Springs Fish Health Center. The Theodore Roosevelt Genius Prize is maintained at the fiscal year 2023 enacted level.

Habitat Assessment and Restoration.—The agreement provides \$47,832,000, which includes \$268,000 for the Chehalis Fisheries Restoration Program; \$11,500,000 to implement the Delaware River Basin Conservation Act; \$15,000,000 for the National Fish Passage Program following the guidance outlined in Senate Report 118–83; \$9,750,000 to implement Klamath Basin restoration activities; and \$200,000 for the Truckee River Operating Agreement.

Population Assessment and Cooperative Management.—The agreement provides \$28,613,000, which includes \$1,600,000 for Alaska Fisheries Subsistence; \$1,000,000 for Great Lakes Consent Decree; \$3,000,000 for Great Lakes Fish and Wildlife Restoration Act grants; and \$818,000 for the Lake Champlain Sea lamprey program.

Aquatic Invasive Species.—The agreement includes \$50,143,000 for aquatic invasive species programs, of which \$5,038,000 is to implement subsection 5(d)(2) of the Lake Tahoe Restoration Act; \$2,749,000 is for Prevention; \$31,000,000 is for invasive carp as outlined in Senate Report 118–83 including not less than \$4,000,000 for contract fishing; \$2,834,000 for National Invasive Species Act of 1996 (NISA) State Plans and \$1,566,000 for NISA implementation which help control the spread of invasive carp; \$3,500,000 is to prevent the spread of quagga and zebra mussels allocated per the enacted levels; \$1,500,000 is for research on hydrilla, eel, and milfoil invasive grasses; and \$1,011,000 is for Great Lakes Sea Lamprey administration costs.

Science Support.—The agreement provides \$33,781,000 for Science Support which includes \$24,931,000 for Science Partnerships and \$8,850,000 for Service Science. The bill provides \$1,931,000 for Gulf Coast ecosystem restoration; \$8,000,000 for Chesapeake WILD; and \$3,500,000 for white-nose syndrome.

Stewardship Priorities.—The agreement provides \$44,920,000 in congressionally directed spending for stewardship projects to further conservation goals. A detailed list of projects is included in the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” accompanying this explanatory statement.

Everglades.—The agreement continues support for the Everglades at not less than the fiscal year 2023 enacted level.

American Bison.—The Committees direct the Department to provide a comprehensive briefing within 90 days of enactment of this Act detailing plans regarding the possible introduction of bison to the Charles M. Russell National Wildlife Refuge and actions related to Secretarial Order 3410, including consultations with the State of Montana and Tribal governments. The briefing should also highlight the implications for elk and other wildlife, grazing lands, and the safety of the general public.

Ecosystem Restoration Infrastructure Improvements.—Critical components of salmon and steelhead hatcheries, adult fish traps, and juvenile release facilities along the lower Snake River and in the Columbia River Basin are aging and in need of repair and improvement. The Committees encourage the Service to continue dialogue with its partners to come to a workable solution on these improvements in fiscal year 2024.

Employee Assistance.—The Committees direct the Service to provide a briefing within 90 days of enactment of this Act on the virtual workshops titled “Acknowledging Ecological Grief and Building Resiliency.”

Endangered Species Act.—The Committees understand that the listing of such species including the Lesser Prairie-Chicken, Northern Long-eared Bat, Dunes Sagebrush Lizard, and the Texas Kangaroo Rat under the Endangered Species Act (ESA) may have on-the-ground impacts. The Committees direct the Service to continue to collaborate with local communities, States, Federal agencies, Tribal governments, and stakeholders on improving voluntary solutions to conserve species with the goal of avoiding the necessity of listing the aforementioned species under the ESA and provide the Committees with a briefing on such efforts within 90 days of enactment of this Act.

CONSTRUCTION

The bill provides \$19,280,000 for Construction, which includes \$11,265,000 for line-item construction projects. The agreement continues to support the Service’s objective priority-setting process and expects the Service to follow the priority list and submit a spend plan to the Committees within 90 days of enactment of this Act for how it plans to allocate the funds provided in the bill. No funding is provided for fleet related infrastructure and field communication modernization. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

COOPERATIVE ENDANGERED SPECIES CONSERVATION FUND

The bill provides \$23,000,000 in discretionary funding from the Cooperative Endangered Species Conservation Fund for conservation grants, habitat conservation planning grants, and program administration. In addition, the bill allocates \$40,606,999 in mandatory funding from the Land and Water Conservation Fund for species recovery and habitat conservation plan land acquisitions. Detailed tables of funding allocations below the account level are provided at the end of this explanatory statement.

NATIONAL WILDLIFE REFUGE FUND

The bill provides \$13,228,000 for payments to counties from the National Wildlife Refuge Fund.

NORTH AMERICAN WETLANDS CONSERVATION FUND

The bill provides \$49,000,000 for the North American Wetlands Conservation Fund.

NEOTROPICAL MIGRATORY BIRD CONSERVATION FUND

The bill provides \$5,000,000 for the Neotropical Migratory Bird Conservation Fund.

MULTINATIONAL SPECIES CONSERVATION FUND

The bill provides \$20,500,000 for the Multinational Species Conservation Fund. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

STATE AND TRIBAL WILDLIFE GRANTS

The bill provides \$72,384,000 for State and Tribal Wildlife Grants. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The bill provides \$2,888,424,000 for Operation of the National Park System (ONPS). For this and all other Service accounts funded in this bill, the Service is expected to comply with the instructions and requirements at the beginning of this division, in

House Report 118-155, and in Senate Report 118-83, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

The Service is expected to execute its spending at the levels provided. The Service may not redistribute the allocations in a fiscal year 2024 operating plan. The Service is directed to continue to refine the Operation of the National Park Service Realignment and collaborate with the Committees with the goal of developing an updated methodology to improve the budgeting process.

Additional funding guidance is provided below.

Resource Stewardship.—The bill provides \$398,820,000 for Resource Stewardship, including: \$5,300,000 for the Partnership Wild & Scenic Rivers program and other similarly managed rivers; \$2,000,000 for Active Forest Management at national parks; \$6,500,000 for Quagga and Zebra Mussel programs; \$800,000 for Cave and Karst Ecosystem Research; \$400,000 for Recreational Access—Support Alaska Subsistence; \$18,856,000 for the National Trails System; and \$2,500,000 for socioeconomic monitoring. The Committees continue the directive provided in the Joint Explanatory Statement accompanying Public Law 117-328 regarding the distribution of funds for the National Networks.

Visitor Services.—The bill provides \$277,635,000 for Visitor Services, including no less than \$2,000,000 for efforts to expand recreational fishing, camping, and instruction focusing on introductory recreation experiences in parks throughout the year in a variety of recreational activities such as paddling, climbing, hiking, cycling, and snowshoeing. Funding is also provided at not less than the enacted level for the Indian Youth Service Corps, and the enacted level for the volunteers in parks program, interpretation and education program, and the youth partnership program.

National Capital Area Performing Arts Program.—Funding is provided at the enacted level and the Service is reminded to follow the directives contained in the fiscal year 2024 House and Senate Reports regarding the National Capital Area Performing Arts Program.

Facilities Operations and Maintenance.—The agreement recommends \$188,184,000 for cyclic maintenance, and \$110,980,000 for repair and rehabilitation projects.

Park Protection.—The bill provides \$426,076,000 for park protection, including \$950,000 for veterans’ fire corps.

National Park Foundation.—The agreement provides \$10,000,000 for the National Park Foundation and encourages investments focused on housing deficiencies.

Additional Guidance.—The following additional guidance is included:

Air Tours.—The Committees are aware that the Service is evaluating plans to limit the number of air tours at certain parks. The Service is reminded that these are public lands, and ensuring access for all people, including disabled veterans and the elderly, is an important aspect of the Service’s mission. No steps should be taken to reduce the number of air tours in the absence of meaningful justifications.

Glacier National Park.—The Committees are concerned about the potential impacts the Service’s vehicle reservation system at Glacier National Park may have. The Service is directed to brief the Committees no later than 90 days after the enactment of this Act on what alternative approaches to visitor management could be used that prioritize and enhance opportunities for local residents and communities to access the park.

Pilot Program.—In lieu of the language in House Report 118-155, under the heading

“Pilot Program,” the agreement notes that the Service should consider conducting pilot programs for the purpose of improving and increasing access for U.S. military members and their dependents, Gold Star Families, and military veterans with a Military Lifetime or Annual Pass at parks that require a reservation for park entrance. The Service shall update the Committees on an ongoing basis.

Roosevelt-Campobello International Park Commission.—Funding for the Roosevelt Campobello International Park is supported at no less than the fiscal year 2023 level. The Service is directed to continue to follow the direction contained in the statement of managers accompanying the Consolidated Appropriation Act, 2016 (Public Law 114-113) concerning the submission of future budget requests for the Roosevelt-Campobello International Park.

NATIONAL RECREATION AND PRESERVATION

The bill provides \$91,233,000 for national recreation and preservation. The amounts recommended by the Committees compared with the budget estimates by activity are shown in the table at the end of this explanatory statement.

The bill provides \$13,000,000 for the Rivers, Trails, and Conservation Assistance Program; \$3,027,000 for Chesapeake Bay Gateways and Trails; \$3,407,000 for Native American Graves Protection and Repatriation Grants; \$4,655,000 for Japanese Confinement Site Grants; \$4,000,000 for the competitive grant program, as authorized by the 9/11 Memorial Act (Public Law 115-413); \$3,592,000 for grants administration, and other cultural programs are funded at the enacted level.

Cultural Programs.—The Committees recognize the importance of supporting Native culture and arts development, which contributes to maintaining the cultural diversity of the Nation and the cultural survival of the regional indigenous populations. Funding is provided for grants to nonprofit organizations or institutions for the purpose of supporting programs for Native Hawaiian or Alaska Native culture and arts development at a total program level of \$2,750,000.

Heritage Partnership Programs.—The bill provides \$29,232,000 for Heritage Partnership Programs. The Committees provide sufficient funding for each heritage area to receive no less than the amount provided in fiscal year 2023. The directive contained in the explanatory statement that accompanied Public Law 116-6 with regards to funding distribution is continued.

HISTORIC PRESERVATION FUND

The bill provides \$188,666,000 for historic preservation.

Competitive Grants.—The bill provides \$24,000,000 for the African American Civil Rights Grants, equal to the enacted level. Additionally, \$5,000,000 is provided for the History of Equal Rights grants and \$1,250,000 for grants to underrepresented communities.

Paul Bruhn Historic Revitalization Grants.—The bill provides \$10,000,000 for historic revitalization grants and retains the directives regarding the distribution of funding included in Senate Report 116-123.

Save America’s Treasures.—The bill provides \$25,500,000 for the Save America’s Treasures program. The Committees support this program because of its important role in providing preservation and conservation assistance to nationally significant historical properties and collections, including historic courthouses.

Semiquincentennial Preservation Grants.—The bill provides \$7,000,000 for the Service to assist states in preparing for the upcoming Semiquincentennial celebration and to celebrate the Nation’s history. The Committees retain the directives regarding the distribution of funding included in Senate Report 118-83.

CONSTRUCTION

The bill provides \$172,255,000 for construction.

Line-Item Construction.—Funding for line-item construction projects is provided as outlined in the table contained in this statement. Project allocations are based on updated information provided by the Service

(In thousands of dollars)

State	Unit or Program	Project	Funding Amount
OR	Crater Lake NP	Rehabilitate Cleetwood Trail and Marina	49,300
HI	Kalaupapa NHP	Install Fuel Tanks to Ensure Park Continued Operation	9,700
DC	White House	Upgrade Utilities Project F, and Project G—Phase II	15,600
Total			74,600

Emergency and Unscheduled Projects.—The bill provides a total of \$3,848,000 in funding for emergency and unscheduled projects within base funding, equal to the enacted level. These funds support the Service in responding after facilities and resources are damaged or destroyed in emergencies.

CENTENNIAL CHALLENGE

The bill provides \$12,000,000 for the Centennial Challenge matching grant program.

ADMINISTRATIVE PROVISIONS—NATIONAL PARK SERVICE

(INCLUDING TRANSFER AND RESCISSIONS OF FUNDS)

The bill rescinds unobligated balances from the “Construction” account from fiscal year 2021 or prior.

The bill rescinds unobligated balances from the “Construction” account for equipment replacement from fiscal year 2023.

UNITED STATES GEOLOGICAL SURVEY SURVEYS, INVESTIGATIONS, AND RESEARCH (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,455,434,000 for Surveys, Investigations, and Research of the U.S. Geological Survey (USGS, or the Survey). All programs and activities are funded at the amounts enacted in fiscal year 2023 unless otherwise specified below or in the table at the end of this division, along with any necessary funding reductions to be taken from general program activities. The Survey is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118-155 and Senate Report 118-83 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

Environmental Health Program.—The agreement provides \$29,543,000 for Environmental Health which includes funding for Harmful Algal Blooms and PFAS Research, including research in the Ceded Territories of the Great Lakes, at the fiscal year 2023 enacted level.

Species Management Research Program.—The agreement provides \$62,348,000 and maintains funding at the fiscal year 2023 enacted level for the U.S. National Phenology Network and Hawaiian Forest Birds. The Committees direct USGS to provide a report within 180 days of enactment of this Act on other potential geographic or mission areas that could help to address gaps in the Survey’s research goals, including examining those areas without a wildlife Cooperative Research Unit (CRU), those in the Appalachian Mountain and Mississippi Delta region, or those that could support the work of interstate and/or international fishery commissions. Further, language related to interstate/international fishery commissions under the paragraph titled Cooperative Research Units Program in Senate Report 118-83 only applies to this program.

Land Management Research Program.—The agreement provides \$52,000,000, which supports activities in the Chesapeake Bay and

all priority geographic landscapes and ecosystems, including the Everglades, at the fiscal year 2023 enacted level.

Biological Threats and Invasive Species Research Program.—The agreement provides \$44,500,000, including funding for research on European Green Crab, Coral Disease, phytoplankton changes in the Great Lakes, and Chronic Wasting Disease at the fiscal year 2023 enacted level. The Committees maintain \$11,000,000 for research of invasive carp, of which \$3,000,000 is for research on containing or eradicating grass carp.

Climate Adaptation Science Center and Land Change Science Program.—The agreement provides \$82,780,000 of which \$63,115,000 is for the National and Regional Climate Adaptation Science Centers (CASC) and \$19,665,000 is for Land Change Science.

USGS is directed to provide a report to the Committees within 180 days of enactment of this Act on the benefits and costs associated with creating a distinct center that would focus on and address threats to ecosystems in the Great Basin but would not duplicate the work of the Southwest CASC.

Cooperative Research Units Program.—Cooperative Research Units (CRUs) are funded at \$28,206,000 in accordance with the specifications outlined in House Report 117-400.

Great Lakes Science.—Funding for the Great Lakes Science Center is maintained at the fiscal year 2023 enacted level.

Energy and Mineral Resources.—The agreement provides \$101,093,000 for Energy and Mineral Resources. Mineral Resources is funded at \$68,729,000. The critical minerals Earth Mapping Resources Initiative (Earth MRI) and critical mineral mapping efforts in Alaska are funded at the fiscal year 2023 enacted level.

The Committees encourage USGS to develop comprehensive geologic mapping to conduct a study on lithium resources and recovery, including in those areas of the United States with a large concentration of lithium resources and the infrastructure to develop those resources.

Energy Resources is funded at \$32,364,000 and the agreement maintains funding at the fiscal year 2023 enacted level for the understanding of alkalinity sources for carbon mineralization with a focus on mapping and assessing resources along with associated impacts.

Natural Hazards.—The agreement provides \$198,636,000 for the Natural Hazards Program, including \$92,651,000 for earthquake hazards. Within this funding, \$28,600,000 is provided for continued development and expansion of the ShakeAlert West Coast earthquake early warning (EEW). The Committees direct USGS to work with States to secure any additional funding necessary.

The agreement continues the enacted level of funding for the national seismic hazard map, including for expansion to Puerto Rico and the U.S. Virgin Islands, and for regional seismic networks including operating and maintaining USArray stations, Subduction Zone science, and earthquakes in Alaska.

The agreement provides \$37,500,000 for volcano hazards. Funding for the National Vol-

cano Early Warning and Monitoring System (NVEWS) and Volcanic Hazard Assessments is maintained at the fiscal year 2023 enacted level.

The agreement includes \$14,432,000 for Landslide Hazards, which includes funding at the fiscal year 2023 enacted levels for Cooperative Landslide Hazards and Assessment Competitive Grant Program, Actionable Landslide Hazard Data and Science, and Landslide Hazard Assessments in Alaska as outlined in Senate Report 118-83.

The agreement provides \$5,198,000 for Geomagnetism including no less than the fiscal year 2023 enacted level for the magnetotelluric survey to advance the collection of magnetotelluric observations of the Earth’s naturally occurring electric and magnetic fields in the U.S. regions.

Water Resources.—The agreement provides \$288,772,000 for Water Resources, and maintains \$66,529,000, the fiscal year 2023 enacted level, for activities associated with the Cooperative Matching Funds. Water Availability and Use Science is funded at \$67,296,000, which funds Integrated Water Prediction, Open ET software system, the Mississippi Alluvial Plan (MAP) for a groundwater decision support system, an Integrated Water Availability Assessment (IWAA) study on hydrology of saline lakes, the U.S. Mexico Transboundary Aquifer, and streamflow permanence modeling in the Pacific Northwest at the fiscal year 2023 enacted levels.

USGS is directed to continue its efforts to establish the Hydrologic Science Talent Pipeline and to use \$2,000,000 within the Water Availability and Use Science Program and \$2,000,000 within the National Groundwater and Streamflow Information Program to continue to pursue cooperative research agreements with an emphasis on locations where USGS has pending hydrological facilities and where there are other Federal operational hydrologic resources. The Committees encourage USGS to consider universities in Western States to support building capacity and expertise in groundwater hydrologic sciences.

The Committees also encourage USGS to provide a report within 180 days of enactment of this Act outlining the costs and benefits of developing a training and development program to attract, train, and develop early career researchers and a workforce that can engage with Tribal groups and local stakeholders in addressing pressing water issues, including in the Western Great Basin and Sierra Nevada.

Groundwater and Streamflow Information is funded at \$109,976,000, which supports Federal Priority Streamgages, Ohio River Supergages, Streamgages for Transboundary Rivers, including the Unuk River gage, Kootenai watershed, and the Klamath Basin at the fiscal year 2023 enacted level. Funding for the Next Generation Water Observing System (NGWOS) is included at the fiscal year 2023 enacted level to continue work with universities and other partners to develop innovative water resource sensor technologies that are scalable to regional and national monitoring networks.

The agreement includes \$96,000,000 for the National Water Quality program which includes \$7,490,000 for harmful algal bloom research.

Water Resources Research Act Program.—The agreement provides \$15,500,000, maintaining the enacted level of funding and distribution. The Committees direct USGS to provide a briefing within 180 days of enactment of this Act on grant allocations.

Special Initiatives.—The agreement provides an additional amount of \$5,237,000 in congressionally directed spending for Special Initiatives projects. Further detail on these projects is located in the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” accompanying this explanatory statement.

Core Science Systems.—The agreement provides \$273,221,000.

The National Geospatial program is funded at \$89,650,000 and maintains funding at the fiscal year 2023 enacted level for the 3D National Topography Model, 3D Elevation Program (3DEP) including for Federal lands in western states, and Alaska Mapping and Modernization, and the National Digital Trails project.

The National Land Imaging program is funded at \$115,071,000 which includes \$95,334,000 for Satellite Operations and \$1,456,000 for the Remote Sensing State Grants program.

Science Support.—The agreement includes \$105,000,000 which provides \$81,500,000 for Administration and Management, of which \$2,667,000 is for scientific integrity, and \$23,500,000 is for Information Services.

BUREAU OF OCEAN ENERGY MANAGEMENT
OCEAN ENERGY MANAGEMENT

The bill provides \$211,162,000 for the Ocean Energy Management appropriation, which is partially offset through the collection of rental receipts and cost recovery fees totaling \$56,000,000, resulting in a net appropriation of \$155,162,000. Specific allocations at the activity level are contained in the table accompanying this explanatory statement.

Geologic Carbon Sequestration.—The agreement includes not less than \$2,000,000 for geologic carbon sequestration on the Outer Continental Shelf as authorized by the Infrastructure Investment and Jobs Act (Public Law 117–58; 43 U.S.C. 1337(p)(1)(E)). As noted in the House Report, the Committees expect the Bureau to prioritize finalizing regulations for geologic carbon sequestration.

Decommissioning Account.—The bill includes a provision establishing a new separate Treasury account to facilitate the transfer of financial assurance funds between the Bureau of Ocean Energy Management, which is responsible for calling bonds and collecting associated funds, and the Bureau of Safety and Environmental Enforcement, which is responsible for ensuring the decommissioning work occurs.

BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT
OFFSHORE SAFETY AND ENVIRONMENTAL ENFORCEMENT

The bill provides \$205,330,000 for the Offshore Safety and Environmental Enforcement appropriation. This amount is partially offset through the collection of rental receipts, cost recovery fees and inspection fees totaling \$66,000,000, resulting in a net appropriation of \$139,330,000. Specific allocations at the activity level are contained in the table accompanying this explanatory statement.

OIL SPILL RESEARCH

The bill provides \$15,099,000 for Oil Spill Research.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT

REGULATION AND TECHNOLOGY

The bill provides \$116,186,000 for the Regulation and Technology appropriation.

ABANDONED MINE RECLAMATION FUND

The bill provides \$162,546,000 for the Abandoned Mine Reclamation Fund appropriation. Of the funds provided, \$32,546,000 shall be derived from the Abandoned Mine Reclamation Fund and \$130,000,000 shall be derived from the General Fund.

Abandoned Mine Land Economic Revitalization (AMLER).—The bill provides a total of \$130,000,000 for direct payments to States and federally recognized Indian Tribes for the reclamation of abandoned mine lands in conjunction with economic and community development and reuse goals. For fiscal year 2024, \$86,000,000 shall be divided equally between the three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; \$33,000,000 shall be divided equally between the next three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; and \$11,000,000 shall be for direct payments to federally recognized Indian Tribes. The Committees expect the Office to improve collaboration with States and Tribes and to process outstanding proposed projects in a timely and transparent manner. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

INDIAN AFFAIRS

BUREAU OF INDIAN AFFAIRS

OPERATION OF INDIAN PROGRAMS
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,898,550,000 for Operation of Indian Programs. All Tribal Priority Allocation (TPA) programs and Public Safety and Justice programs are continued at the fiscal year 2023 enacted level and dispositions of other programs and activities are specified below or reflected in the table accompanying this joint explanatory statement. Internal transfers within the accounts proposed in the fiscal year 2024 budget request have been accepted. For this and all other Bureau accounts funded in this bill, Indian Affairs is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118–155 and Senate Report 118–83, unless otherwise specified below. Additional details, instructions, and requirements are included below and in the table at the end of this division. Indian Affairs is reminded of the importance of meeting reporting requirement deadlines so that the Committees can properly evaluate programs. Failure to do so could negatively impact future budgets.

Fort Hall Indian Reservation Boundary Investigation.—The Committees understand the Bureau of Indian Affairs (BIA or Bureau) is actively engaging in discussions with the Shoshone-Bannock Tribes of Fort Hall regarding the Bureau of Land Management’s Fort Hall Indian Reservation Boundary Investigation of June 1, 2018. The Committees direct BIA to provide a status update on these engagements and potential solutions within 90 days of enactment of this Act.

Tribal Government.—The agreement provides \$398,987,000 for Tribal Government programs. The Committees encourage the Bureau to provide technical assistance to the maximum extent practicable to recently federally recognized Tribes on how best to leverage funding through existing programs.

The agreement includes \$39,190,000 for the Road Maintenance program, which continues

funding at the 2023 enacted level for school bus roads and the NATIVE Act (Public Law 114–22).

Human Services.—The bill provides \$163,747,000 for Human Services programs. The agreement provides funding for the Housing Improvement Program and Indian Child Welfare Act (ICWA) activities equal to the fiscal year 2023 enacted level. The Committees direct the Bureau to work closely with the Administration for Children and Families (ACF) to help State agencies maintain and improve upon their responsibilities required by 42 USC 622(b)(9) to Indian children under ICWA. The Bureau should provide a briefing to the Committees within 180 days of enactment of this Act on its interagency work with ACF and Tribal consultations, including identifying any hurdles and obstacles to improving State agencies’ compliance with ICWA.

For fiscal year 2024, the Committees expect funding to existing Tiwahe pilot programs to continue in the same amounts to the same recipients including funding to support women’s and children’s shelters.

Within 90 days of enactment of this Act, the Committees direct the Bureau to provide a report of those Tribes that have not been able to receive BIA social services activities pursuant to a self-determination contract or self-governance compact. The report should include the amount of additional funding required to provide parity in funding with other Tribes.

Trust-Natural Resources Management.—The bill provides \$322,349,000 for Natural Resources Management programs. The agreement provides \$34,291,000 for competitive awards to support critically vulnerable coastal Tribal communities and Alaska Native Villages that experience severe weather-related conditions jeopardizing public safety and health and supports the eligibility of all Tribes for funding.

For the Tribal Management/Development Program, the Committees expect the Bureau to provide no less than the fiscal year 2023 enacted level for the existing programs including fish and wildlife conservation efforts in the Northwest and Great Lakes regions, Salmon Steelhead Inventory and Assessment program, InterTribal Buffalo Council, and other bison and buffalo projects.

It is the Committees’ expectation that within the funding provided, pilot projects and programs for Alaska subsistence will continue at the fiscal year 2023 enacted level. The Bureau is directed to report to the Committees within 60 days of enactment of this Act on a distribution plan for these funds.

The Committees support the request to move the land acquisition funding line from the Natural Resources (TPA) budget subactivity to a separate line within the Trust-Real Estate Services subactivity to offer Tribes greater flexibility. The agreement maintains funding at the authorized and the fiscal year 2023 enacted level.

The agreement provides \$49,200,000 for Rights Protection Implementation (RPI), which maintains funding for law enforcement needs, operations and maintenance needs, implementation of the Columbia River In-Lieu, Treaty Fishing Access Sites Improvement Act (Public Law 116–99), and the U.S. Canada Pacific Salmon Treaty at the fiscal year 2023 enacted level.

The agreement provides funding at the fiscal year 2023 enacted level for Agriculture and Range programs, which includes the invasive species program and supports efforts to address the problem of the European Green Crab that are impacting marine resources for Tribal communities in the Pacific Northwest.

The agreement provides the fiscal year 2023 enacted level for Tribal priority allocations

for Forestry, Water Resources, and Energy and Minerals budget lines along with adjustments to those budget lines which are grant or project based. Fish, Wildlife, and Parks activities are maintained at the fiscal year 2023 enacted level.

Trust-Real Estate Services.—The bill provides \$165,887,000 for Trust-Real Estate Services which includes the internal transfers of \$7,096,000 from the Bureau of Trust Funds Administration for the Office of Hearings and Appeals Probate Hearings Division and \$2,000,000 for land acquisition as previously discussed. Funding is continued at the fiscal year 2023 enacted level for the Land Title and Records Offices and for the Alaska Native Claims Settlement Act, which includes funding for historical places.

Public Safety and Justice.—The bill provides \$555,559,000 for Public Safety and Justice programs. Funding is maintained at the fiscal year 2023 enacted level for Criminal Investigations and Police Services, including the nationwide body worn camera program, the advanced training facility, the Indian Police Academy, and Detentions/Corrections. The agreement maintains \$62,000,000 to implement public safety changes resulting from the *McGirt v. Oklahoma* Supreme Court decision.

For Tribal Justice Support, \$34,836,000, the fiscal year 2023 enacted level, is provided, which maintains funding to implement and ensure compliance with the Violence Against Women Act. Funding for PL 280 Tribal courts is maintained at the fiscal year 2023 enacted level and should be distributed in a manner consistent to prior years as outlined in Senate Report 118-83.

The agreement provides funding at the fiscal year 2023 enacted level for the Safeguarding Tribal Objects of Patrimony (STOP) Act and other related laws.

The agreement continues funding at the fiscal year 2023 enacted level for the Missing and Murdered Indigenous Women (MMIW) Tribal Public Safety initiative, Tiwahe recidivism initiative, equipment to collect and preserve evidence at crime scenes, and victim witness specialists. Funding for MMIW cold cases, background checks to hire more law enforcement officers, and law enforcement to implement the Native American Graves Protection and Repatriation Act (NAGPRA) is continued at the fiscal year 2023 enacted level. The Committees remain concerned about theft, looting, and trafficking of sacred objects and items of cultural patrimony and note the importance of enforcing NAGPRA and related laws.

Public Law 83-280 Needs.—The Committees note that a number of States with large Indian populations have no law enforcement presence in Tribal communities and Alaska Native Villages despite high crime rates; however, these Tribes are not eligible for certain Native justice funding simply because they are located in Public Law 280 States. Within 180 days of enactment of this Act, the Bureau is directed to conduct Tribal consultation on the budgetary needs of Tribal law enforcement, including wellness courts and other essential judicial needs for the Tribes in these States, and report back to the Committees on the available Federal funding, within the Department of the Interior or elsewhere, for these Tribes or outlining the barriers to the development of such funding.

Community and Economic Development.—The bill provides \$30,546,000 for Community and Economic Development programs, which maintains funding at the fiscal year 2023 enacted level for language immersion grants. The agreement also maintains funding at the fiscal year 2023 enacted level for business incubators, which includes the \$500,000 increase provided in fiscal year 2023.

NATIVE Act Implementation.—The Committees emphasize the language in Senate Report 118-83 regarding implementation of the NATIVE Act and direct BIA to recognize its role in strengthening and coordinating Native American tourism programs within relevant Federal agencies, in accordance with the underlying statute. Within 90 days of enactment of this Act, the Committees direct BIA to provide a briefing on how it is engaging qualified Native-led non-profit organizations, how it will implement a NATIVE Act MOU, and plans to improve Native tourism collaboration within the Federal government in future years.

Executive Direction and Administrative Services.—The bill includes \$260,634,000 for Executive Direction and Administrative Services, including maintaining the fiscal year 2023 enacted level for the Native boarding school initiative. The bill includes \$841,000 for Special Initiatives identified in the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” accompanying this explanatory statement.

INDIAN LAND CONSOLIDATION

The bill provides \$4,000,000 for Indian Land Consolidation.

CONTRACT SUPPORT COSTS

The bill provides an indefinite appropriation for contract support costs, consistent with fiscal year 2023 and estimated to be \$342,000,000 in fiscal year 2024. The bill does not include the budget proposal to make these costs mandatory.

PAYMENTS FOR TRIBAL LEASES

The bill provides an indefinite appropriation for payments under section 105(l) of the Indian Self-Determination and Education Assistance Act, consistent with fiscal year 2023 and estimated to be \$64,000,000 in fiscal year 2024. The bill does not include the budget proposal to make these costs mandatory.

CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$133,780,000 for Construction. The detailed allocation of funding is included in the table at the end of this explanatory statement.

Other Program Construction.—The bill provides funding at the fiscal year 2023 enacted level for the project at Fort Peck.

The Committees are aware of challenges with the ability of the San Carlos Irrigation Project’s power system to purchase power when there are fluctuations in market conditions. The Bureau should keep the Committees updated regarding challenges of the project to purchase power.

INDIAN LAND AND WATER CLAIM SETTLEMENTS AND MISCELLANEOUS PAYMENTS TO INDIANS

The bill provides \$976,000 for Indian Land and Water Claim Settlements and Miscellaneous Payments to Indians.

INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

The bill provides \$13,329,000 for the Indian Guaranteed Loan Program Account to facilitate business investments in Indian Country. Additional details are included in the bill language.

BUREAU OF INDIAN EDUCATION

OPERATION OF INDIAN EDUCATION PROGRAMS

Bureau of Indian Education.—The bill includes \$1,131,617,000 for Bureau of Indian Education (BIE) Operation of Indian Education Programs. All programs, projects, and activities are maintained at fiscal year 2023 enacted levels and all internal transfers proposed in the fiscal year 2024 budget request are accepted. Native immersion grants are funded at the fiscal year 2023 enacted level. For this and all other Bureau accounts funded in this bill, the Bureau is expected to

comply with the instructions and requirements at the beginning of this division and in House Report 118-155 and Senate Report 118-83, unless otherwise specified below. The agreement outlines funding levels in the detailed table accompanying this joint explanatory statement.

Elementary/Secondary Programs (forward funded).—The bill includes \$706,185,000 for Elementary/Secondary Programs. ISEP Formula Funds, ISEP Program Adjustments, and Tribal grant support costs are funded at the fiscal year 2023 enacted level.

Post Secondary Programs (forward funded).—The agreement provides \$127,407,000 for Post Secondary Programs, which maintains funding at the fiscal year 2023 enacted level for Haskell and Southwestern Indian Polytechnic Institute, Tribal Colleges and Universities, including Tribal endowment grants, and Tribal Technical Colleges.

Chemawa Indian School.—The Committees are highly concerned with the findings included in the recent audit published by the Department’s Office of Inspector General regarding the financial oversight and management of the Chemawa School in Oregon. The Bureau is directed to brief the Committees within 30 days of enactment of this Act on how the Bureau intends to address the issues raised and implement the recommendations included in the audit.

EDUCATION CONSTRUCTION

Education Construction.—The bill provides \$234,725,000 for schools and related facilities within the BIE system.

BUREAU OF TRUST FUNDS ADMINISTRATION

FEDERAL TRUST PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$100,009,000 for the Bureau of Trust Funds Administration (BTFA) and approves the proposed internal transfer of \$7,096,000 to the Bureau of Indian Affairs, Operation of Indian Programs account. Bill language specifies the funding for settlement support.

DEPARTMENTAL OFFICES

OFFICE OF THE SECRETARY

DEPARTMENTAL OPERATIONS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$147,418,000 for the Office of the Secretary, Departmental Operations appropriation. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. The bill provides \$1,176,000 for implementation of the NATIVE Act. The Committees recommend not less than \$500,000 to carry out land assessments, appraisals, surveys and other activities in support of the Secretary’s responsibilities under the Hawaiian Home Lands Recovery Act, including up to \$200,000 to add capacity related to infrastructure programs. The bill includes not less than \$1,806,000 for the Indian and Arts and Crafts Board.

Grant Funding.—Within 90 days of enactment of this Act, the Committees direct the Department to provide a briefing to the Committees outlining the steps the Department has taken to ensure compliance with Public Law 116-103. The briefing should also include relevant oversight and audit efforts by the Department to ensure grant recipients are limiting overhead costs.

Office of Subsistence Management.—The Office of Subsistence Management function and funding has been moved from the U.S. Fish and Wildlife Service and is provided for within the Office of the Secretary.

INSULAR AFFAIRS

ASSISTANCE TO TERRITORIES

The bill provides \$120,107,000 for Assistance to Territories. The detailed allocation of funding is included in the table at the end of this explanatory statement.

COMPACT OF FREE ASSOCIATION

The bill provides \$3,463,000 for Compact of Free Association. A detailed table of funding allocations below the account level is provided at the end of this explanatory statement.

OFFICE OF THE SOLICITOR
SALARIES AND EXPENSES

The bill provides \$97,950,000 for the Salaries and Expenses appropriation within the Office of the Solicitor. Specific allocations at the activity level are contained in the table at the back of this explanatory statement.

OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The bill provides \$67,000,000 for the Office of Inspector General.

DEPARTMENT-WIDE PROGRAMS
WILDLAND FIRE MANAGEMENT
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,113,471,000 for the Department of the Interior Wildland Fire Management. The bill provides \$876,021,000 for Wildfire Preparedness and Suppression, of which \$492,364,000 is for preparedness and includes amounts to continue uninterrupted the Federal wildland firefighter base salary increases provided under section 40803(d)(4)(B) of Public Law 117-58 and maintain current firefighting capacity. The Department was provided the authority by Public Law 118-15 to exercise its flexibility regarding wildfire personnel-related costs beyond those that are covered by Preparedness, as well as other ongoing operating requirements needed to maintain fire readiness and firefighting capabilities.

Other Operations.—The bill provides \$237,450,000 for other wildland fire management operations. The Department is directed to provide \$3,000,000 to the Joint Fire Science program for fiscal year 2024, which combined with funding in the Forest Service provides \$6,000,000 in total.

Aviation Resources.—The Committees direct the Department of the Interior to consider including Container Aerial Fire Fighting Systems as well as other innovative wildfire technologies now available in the United States.

WILDFIRE SUPPRESSION OPERATIONS RESERVE
FUND
(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$350,000,000 for the Wildfire Suppression Operations Reserve Fund.

CENTRAL HAZARDOUS MATERIALS FUND

The bill provides \$9,661,000 for the Central Hazardous Materials Fund appropriation.

ENERGY COMMUNITY REVITALIZATION PROGRAM
(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$4,800,000 for the Energy Community Revitalization Program. The detailed allocation of funding is included in the table at the end of this explanatory statement.

NATURAL RESOURCE DAMAGE ASSESSMENT AND
RESTORATION

NATURAL RESOURCE DAMAGE ASSESSMENT FUND

The bill provides \$7,715,000 for the Natural Resource Damage Assessment Fund appropriation. Specific allocations at the activity level are contained in the table at the end of this explanatory statement.

WORKING CAPITAL FUND

The bill provides \$107,710,000 for the Working Capital Fund appropriation.

OFFICE OF NATURAL RESOURCES REVENUE

The bill provides \$167,937,000 for the Natural Resources Revenue appropriation.

Distribution of GOMESA Revenues.—The Office is directed to distribute revenues from

Gulf of Mexico operations in a manner consistent with current law, including the Gulf of Mexico Energy Security Act (GOMESA) of 2006 (Public Law 109-432), as amended.

GENERAL PROVISIONS, DEPARTMENT OF THE
INTERIOR
(INCLUDING TRANSFERS OF FUNDS)

The bill includes various legislative provisions affecting the Department in Title I of the bill, “General Provisions, Department of the Interior.” The provisions are:

Section 101 provides Secretarial authority for the intra-bureau transfer of program funds for expenditures in cases of emergencies when all other emergency funds are exhausted.

Section 102 provides for the Department-wide expenditure or transfer of funds by the Secretary in the event of actual or potential emergencies including forest fires, range fires, earthquakes, floods, volcanic eruptions, storms, oil spills, grasshopper and Mormon cricket outbreaks, and surface mine reclamation emergencies.

Section 103 provides for the use of appropriated funds by the Secretary for contracts, rental cars and aircraft, telephone expenses, and other certain services.

Section 104 provides for the expenditure or transfer of funds from the Bureau of Indian Affairs and Bureau of Indian Education, and the Bureau of Trust Funds Administration, for Indian trust management and reform activities.

Section 105 permits the redistribution of Tribal priority allocation and Tribal base funds to alleviate funding inequities.

Section 106 authorizes the acquisition of lands for the purpose of operating and maintaining facilities that support visitors to Ellis, Governors, and Liberty Islands.

Section 107 continues Outer Continental Shelf inspection fees to be collected by the Secretary of the Interior.

Section 108 provides the Secretary of the Interior with authority to enter into multi-year cooperative agreements with non-profit organizations for long-term care of wild horses and burros.

Section 109 addresses the U.S. Fish and Wildlife Service’s responsibilities for mass marking of salmonid stocks.

Section 110 allows the Bureau of Indian Affairs and Bureau of Indian Education to more efficiently and effectively perform reimbursable work.

Section 111 provides for the establishment of a Department of the Interior Experienced Services Program.

Section 112 requires funds to be available for obligation and expenditure not later than 60 days after the date of enactment.

Section 113 provides the Secretary of the Interior the ability to transfer funds among and between the Bureau of Indian Affairs and the Bureau of Indian Education.

Section 114 provides funding for the Payments in Lieu of Taxes (PILT) program.

Section 115 directs notification of any deviation in procedure or equipment.

Section 116 allows the National Park Service to convey lands for purposes of transportation and recreation for a specific project.

Section 117 authorizes Tribally controlled schools access to interagency motor vehicles in the same manner as if performing activities under the Indian Self Determination and Education Assistance Act.

Section 118 provides the Secretary of the Interior with certain pay authority for the Appraisal and Valuation Services Office.

Section 119 addresses the issuance of rules for sage-grouse.

Section 120 authorizes the National Park Service to retain up to 7 percent of State Conservation Grants to provide matching grants to support state program administrative costs.

Section 121 addresses the retention of concession franchise fees.

Section 122 extends the authorization of deposits into the Historic Preservation Fund.

Section 123 establishes an offshore decommissioning account.

Section 124 establishes a nonrecurring expenses fund for the Department of the Interior.

Section 125 extends the authorization for Ebey’s Landing National Historic Reserve.

Section 126 provides the Secretary of the Interior the ability to authorize and execute agreements to achieve operating efficiencies.

TITLE II—ENVIRONMENTAL
PROTECTION AGENCY

The agreement provides \$9,158,894,000 for the Environmental Protection Agency (EPA). The Agency is expected to comply with the instructions and requirements at the beginning of this division, in House Report 118-155, and Senate Report 118-83, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

PFAS and Contaminants of Emerging Concern.—In lieu of the matter under the heading “PFAS and Contaminants of Emerging Concern” in Senate Report 118-83 and “PFAS National Primary Drinking Water Regulation Rulemaking” in House Report 118-155, the Committees provide the following direction. Within 60 days of enactment of this Act, the Agency is directed to brief the Committees on updated fiscal year 2024 PFAS-related actions and provide the Committees with a spend plan that details funding at the program project level. Additionally, in lieu of the direction in House Report 118-155 regarding a GAO assessment, the Committees direct GAO, following consultation with the Committees, to review cost estimates supporting the final rule.

SCIENCE AND TECHNOLOGY

For Science and Technology programs, the agreement provides \$758,103,000. The bill transfers \$30,343,000 from the Hazardous Substance Superfund account to this account. The agreement provides the following specific funding levels and direction:

Clean Air.—The Committees recognize the important role that Clean Air Allowance Trading Programs play in improving air quality and reducing pollution and note the Science Advisory Board panel’s review of the Clean Air Allowance Trading Program. The Committees direct the Agency to continue this effort, and provide up to \$3,000,000 to modernize the Clean Air Status and Trends Network [CASTNet].

Homeland Security.—The Committees are concerned by public reports of cyberattacks on water systems across the world, and urge the Agency to continue prioritizing activities related to the cybersecurity of the Nation’s water systems.

Research: Air and Energy.—Within available funds, the Committees continue funding for the study under the heading “Partnership Research” contained in the explanatory statement of Public Law 115-141.

Research: Chemical Safety for Sustainability.—The agreement provides \$127,037,000. Of the amount provided, \$1,500,000 is to develop and demonstrate nano-sensor technology with functionalized catalysts that have the potential to degrade selected contaminants in addition to detecting and monitoring pollutants.

Research: National Priorities.—The agreement provides \$19,530,000 for Research: National Priorities, including \$9,500,000 for extramural research grants, independent of the Science to Achieve Results (STAR) grant program, as specified under this heading in Senate Report 118-83.

The Committees support the Agency's effort to prioritize new federal research that will help farmers, ranchers, and rural communities manage PFAS impacts in agricultural settings and communities and provide \$8,000,000 to continue that work. The Agency is directed to follow the directives as specified under this heading in House Report 118-155.

Consistent with House Report 118-155, the bill provides up to \$1,475,000 for advancing full scale applied research and testing capabilities to address threats to drinking water and associated infrastructure at Water Security Test Bed facilities.

The agreement provides \$2,030,000 for Congressionally Directed Spending grants. Further detail on the projects is located in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

Research: Safe and Sustainable Water Resources.—Of the funds provided, up to \$5,000,000 shall be used for grants under section 2007 of America's Water Infrastructure Act (P.L. 115-270).

Additional Guidance.—The following additional guidance is included:

Chemical Reviews.—The Committees direct the Agency to provide a briefing within 90 days of enactment of this Act on efforts to carry out the actions outlined under the headers titled "Chemical Reviews", "New Chemical Submissions", and "Tiered Testing" in House Report 118-155 and Senate Report 118-83.

Harmful Algal Blooms.—The Committees recognize the increasing challenges many communities face from harmful algal blooms (HABs), and encourage the Agency to conduct and fund research that promotes scientific progress towards preventing and controlling HABs, including research to: (1) determine the effectiveness of existing nutrient prevention and treatment technologies; (2) develop methods to monitor, characterize, and predict HABs for early action; (3) identify and evaluate existing excess nutrient prevention and treatment technologies; identify emerging nutrient treatment technologies being scaled up, how to improve upon those technologies, and developing new technologies; and (4) develop best management practices to help both rural and urban communities reduce excess nutrients in their watershed. Within the Safe and Sustainable Water Research Program, the Committees continue providing \$6,000,000 to carry out the research detailed in this paragraph, and to investigate adverse health effects from exposure to HABs and cyanobacteria toxins, how to better understand and address HABs, support States in their efforts to prevent and manage HABs, and develop methods to monitor, predict, and characterize blooms to allow for early action.

Integrated Risk Information System (IRIS) Program.—In lieu of the House directives on IRIS, the Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Landfill Emissions Research.—Consistent with direction in the explanatory statement accompanying Public Law 117-328, the bill provides \$2,000,000 for landfill emissions research.

Renewable Fuel Standards.—The Committees direct the Agency to provide a briefing within 90 days of enactment of this Act on planned actions related to the eRINS proposed rule.

The Committees note that the process for renewable fuel pathways continues to suffer from significant delays and inefficiencies, creating uncertainty for biofuel producers. The Committees direct the Agency to pro-

vide a report, within 90 days of enactment of this Act, outlining recommendations on how to streamline and expedite the RFS pathway petition and approval process, as well as information on its hiring activity.

The Committees include only the following direction regarding waste plastic and waste tires. The Committees direct the Agency to provide a briefing within 120 days of enactment of this Act on the potential benefits and drawbacks of including these waste streams as cellulosic biofuels.

Science to Achieve Results (STAR) Grants.—The agreement provides funds to continue the STAR program and directs the Agency to distribute grants consistent with fiscal year 2023.

Testing Alternatives.—The Committees include only the following direction. The Committees appreciate the Agency's work on New Approach Methods (NAMs), including in vitro tests, in chemico assays, and in silico models, which represent key advances in science to support hazard and risk assessments of pesticides and chemicals. The Committees encourage the Agency to continue supporting and perform research on the development and evaluation of NAMs through the Chemical Safety for Sustainability National Research Program.

Wildfire Smoke Research.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

For Environmental Programs and Management, the bill provides \$3,178,028,000. The agreement provides the following specific funding levels and direction:

Clean Air.—The Committees include only the following direction on the Energy STAR program. The Committees direct the Agency to provide a briefing within 120 days of enactment of this Act on its analyses related to emissions reductions and costs and benefits to consumers of proposals to eliminate products or appliances from the Energy STAR program based on fuel type.

The bill maintains the enacted level for the Agency's wood stove certification and testing standards work. The Agency is directed to use the base funding to increase its staffing and other required efforts to support the wood stove certification and testing program. The Agency is further directed to brief the Committees within 60 days of enactment of this Act on improvements the Agency plans to make to the program and how it will better communicate with State and local stakeholders.

Cost Effective Technologies.—The Committees commend EPA for its efforts through the AirNow Fire and Smoke Map to better forecast and communicate the impact of wildfire smoke on communities. The Committees are concerned that air quality monitors are not currently distributed equitably across impacted communities. The Committees encourage EPA to expand its support for wildfire smoke monitoring, including improving instrumentation, technical assistance, and outreach, using the resources provided in this bill with a focus on traditionally underserved or under-monitored communities. The bill continues funding for wildfire smoke-related activities.

Environmental Protection: National Priorities.—The agreement provides \$30,700,000, for a competitive grant program for qualified non-profit organizations to provide technical assistance for improved water quality or safe drinking water, adequate waste-water to small systems, or individual private well owners. The Agency shall provide \$26,000,000 for Grassroots Rural and Small Community Water Systems Assistance Act (Public Law 114-98), for activities specified under section

1442(e) of the Safe Drinking Water Act (42 U.S.C. 300j-1(e)(8)). The Agency is also directed to provide \$3,450,000 for grants to qualified not-for-profit organizations for technical assistance for individual private well owners, with priority given to organizations that currently provide technical and educational assistance to individual private well owners. The Agency is directed to provide on a national and multi-State regional basis, \$1,250,000 for grants to qualified organizations for the sole purpose of providing on-site training and technical assistance for wastewater systems. The Agency shall require each grantee to provide a minimum 10 percent match, including in-kind contributions. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

Geographic Programs.—The agreement provides \$681,726,000 as described in the table at the end of this division, and includes the following direction:

Great Lakes Restoration Initiative (GLRI).—The agreement provides funding to the GLRI Distinct Tribal Program at no less than \$16,500,000.

Chesapeake Bay.—From within the amount provided, at least \$10,000,000 is for nutrient and sediment removal grants, at least \$10,000,000 is for small watershed grants to control polluted runoff from urban, suburban, and agricultural lands, and at least \$8,000,000 is for State-based implementation in the most effective basins.

San Francisco Bay.—The Committees direct the Agency to undertake priority activities within the San Francisco Bay Estuary Comprehensive Conservation and Management Plan approved under section 320 of the Clean Water Act.

Puget Sound.—The bill provides \$54,000,000 for the Puget Sound program, of which up to 5 percent is to support the Puget Sound Recovery National Program Office as authorized in section 8501(b) of title LXXXV of Public Law 117-263. Further, the Committees direct the EPA to work expeditiously to establish the Puget Sound Recovery National Program Office and Puget Sound Federal Leadership Task Force as authorized in Public Law 117-263, and direct the Agency to brief the Committees no later than 60 days after enactment of this Act on such efforts.

Long Island Sound.—The Committees direct the Agency to utilize up to \$2,000,000 of the funding provided for the Long Island Sound program to execute a Long Island Sound Study with existing academic partners with expertise in oceanography, chemistry, atmospheric science, hydrology, and marine biology. Expanded research initiatives such as these are needed to collect and develop more data, as well as the modeling tools necessary for the continued protection and management of the Sound.

South Florida.—Within the funds provided, the agreement provides at least \$2,000,000 to monitor coral health in South Florida; \$1,150,000 to enhance water quality and seagrass monitoring in the Caloosahatchee Estuary and Indian River Lagoon, especially with respect to assessing the impact of Lake Okeechobee discharges and harmful algal blooms; \$1,150,000 to enhance water quality and seagrass monitoring in Florida Bay and Biscayne Bay, especially with respect to assessing the impact of Everglades Restoration projects and harmful algal blooms; and \$1,000,000 for the expansion of the water quality and ecosystem health monitoring and prediction network which will use vetted, modern procedures for long-term monitoring of Florida waters, including molecular, algal, ocean floor, and seagrasses.

Gulf of Mexico.—The Committees note that hypoxia continues to be a growing cause for concern. The Committees direct the Agency

to coordinate with the Department of Agriculture, the Gulf States, and other State, local, and private partners to leverage greater resources toward conservation projects on working-lands within the Gulf Region and Mississippi River Basin. The Agency is directed to distribute funds in the same manner as fiscal year 2023.

Lake Champlain.—The bill provides \$25,000,000 for the Lake Champlain program. These funds shall be allocated through the Lake Champlain Basin Program, other than continuing the enacted levels to support significant, impactful projects identified in the State implementation plan that will make measurable progress towards meeting the phosphorus reduction targets of the EPA's 2016 Phosphorus Total Maximum Daily Load Plan for Lake Champlain.

Southern New England Estuaries.—The Agency is directed to follow the guidance in House Report 117-83.

Northwest Forest Program.—The Committees continue to support the Northwest Forest Program at not less than fiscal year 2021 funding level.

Information Exchange/Outreach.—Tribal capacity building is funded at not less than the enacted level.

Pesticide Licensing.—The Committees include only the following direction. The Committees recommend that as the Agency conducts Endangered Species Act (ESA) analyses, consistent with statutory and litigation requirements, it will consider best available data on pesticide usage, existing conservation practices, real-world studies on spray drift, ground water and surface water concentrations, and sub-county level species range maps.

Pesticides Rulemaking.—In lieu of the House language on Pesticides Rulemaking, the Committees encourage the Agency to provide a briefing within 90 days of enactment of this Act regarding considerations of potential revisions, if any, to the final rule titled: Pesticides; Exemptions of Certain Plant-Incorporated Protectants (PIPs) Derived From Newer Technologies to regulate based on the environmental and human health risk of the product, rather than the process used to develop the product.

Resource Conservation and Recovery Act (RCRA).—Of the funds provided under this program area, \$9,000,000 is for implementation of a Federal permit program for coal combustion residuals in non-participating states, as authorized under section 4005(d)(2)(B) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)(2)(B)), or to provide technical assistance to states establishing their own permitting program under section 4005(d) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)).

Ensure Clean Water.—The Committees support the work of the WaterSense, Urban Waters, and Trash Free Waters programs and encourage the continuance of these programs.

The agreement provides up to \$2,000,000 for integrated planning activities consistent with section 402(s) of the Federal Water Pollution Control Act (33 U.S.C. 1342(s)).

Ensure Clean Water: National Estuary Program/Coastal Waterways.—The agreement provides \$40,000,000, of which the agreement provides \$850,000 per estuary for each of the 28 national estuaries in the National Estuary Program (NEP) authorized by section 320 of the Clean Water Act (Public Law 92-500). An additional \$2,500,000 is provided for competitive grants.

Ensure Safe Water.—Within available funds, the agreement provides no less than \$5,000,000 for the Agency's continued work within the Underground Injection Control (UIC) program related to Class VI wells for geologic sequestration to help develop exper-

tise and capacity at the Agency. These funds should be used by the Agency to expeditiously review and process Class VI permits and primacy applications from States and Tribes.

In addition, the agreement provides \$1,200,000 to support Class VI regulator education and training programs in conjunction with States or other eligible entities such as an association of States.

Within 270 days of enactment of this Act, the Agency is directed to provide a report to the Committees detailing a plan for consideration of guidance regarding the transition of UIC Class II wells used for long-term geologic storage of carbon dioxide to UIC Class VI wells under the existing regulatory structure.

Within the available funds, the agreement continues the enacted level of \$3,000,000 for the Agency to complete the needs assessment for nationwide rural and urban low-income community water assistance authorized in section 50108 of the Infrastructure Investment and Jobs Act (Public Law 117-58). The Agency is directed to brief the Committees on plans for survey implementation within 120 days of enactment of this Act.

Additional Guidance.—The following additional guidance is included:

Chlorpyrifos.—The Committees note recent court action on the August 2021 rule regarding chlorpyrifos, and direct the Agency to provide a briefing on how the Agency is complying with the court's order within 180 days of enactment of this Act.

Ethylene Oxide.—In lieu of the House and Senate directives regarding ethylene oxide, the Committees note public concerns about ethylene oxide emissions. The Committees request a briefing within 180 days of enactment of this Act on potential impacts from the Agency's proposed standards.

Transboundary Watersheds.—The Committees direct the Agency to continue and expand its work coordinating with Federal, State, local, and Tribal agencies to monitor and reduce transboundary mining pollution in the Kootenai watershed and other U.S.-British Columbia transboundary watersheds. The Committees provide \$2,000,000 for such monitoring, management, and interagency activities in U.S.-British Columbia transboundary watersheds. The Committees remind the Agency of the direction in the explanatory statement accompanying Public Law 117-103 to brief the Committees on the Agency's progress to document baseline conditions and mining-related impacts, and any additional staff or resources needed for this project. The Committees direct the Agency to allocate these funds in its fiscal year 2024 operating plan to the appropriate program project area for carrying out these activities.

Small Refinery Relief.—The Committees recognize that the Renewable Fuels Standard [RFS] under Clean Air Act Section 211(o)(9) provides that the Agency may exempt small refineries from compliance with the RFS in certain circumstances and that a small refinery "may at any time petition the Administrator for an extension of the exemption for the reason of disproportionate economic hardship."

Pre-Commercial Thinning.—The Committees recognize that pre-commercial thinning from non-Federal forestland that is not ecologically sensitive forestland can qualify as renewable biomass for purposes of the RFS under the provisions detailed in 40 C.F.R. 80.1401. The Committees direct the Agency to support other Federal agencies leading efforts to enhance markets for low-grade and low-value wood. The Agency is further directed to brief the Committees on these efforts within 180 days of enactment of this Act.

Hydrofluorocarbons.—The resources provided include funding for the phase down of the use of hydrofluorocarbons.

OFFICE OF INSPECTOR GENERAL

The bill provides \$43,250,000 for the Office of Inspector General. The bill transfers \$11,328,000 from the Hazardous Substance Superfund account to this account.

BUILDINGS AND FACILITIES

The bill provides \$40,676,000 for Buildings and Facilities.

HAZARDOUS SUBSTANCE SUPERFUND

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$537,700,000 for the Hazardous Substance Superfund account and includes bill language to transfer \$11,328,000 to the Office of Inspector General account and \$30,343,000 to the Science and Technology account. The agreement provides the following additional direction:

Research: Chemical Safety and Sustainability.—The agreement provides \$12,961,000 for Research: Chemical Safety and Sustainability. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

Research: Sustainable and Healthy Communities.—The agreement provides \$16,937,000 for Research: Sustainable and Healthy Communities. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

LEAKING UNDERGROUND STORAGE TANK TRUST FUND PROGRAM

The bill provides \$89,214,000 for the Leaking Underground Storage Tank Trust Fund Program.

INLAND OIL SPILL PROGRAMS

The bill provides \$20,711,000 for Inland Oil Spill Programs.

STATE AND TRIBAL ASSISTANCE GRANTS

(INCLUDING RESCISSION OF FUNDS)

The bill provides \$4,418,938,000 for the State and Tribal Assistance Grants program and includes the following specific funding levels and direction:

Community Project Funding Items/Congressionally Directed Spending Items.—From within funds provided for capitalization grants for the Clean Water State Revolving Fund and the Drinking Water State Revolving Fund, the agreement provides \$787,652,267 from the Clean Water SRF and \$631,659,905 from the Drinking Water SRF for Community Project Funding/Congressionally Directed Spending grants for the construction of drinking water, wastewater, and stormwater infrastructure and for water quality protection.

Infrastructure Projects.—Each project shall provide not less than 20 percent matching funds from non-Federal sources, unless approved for a waiver. Applicable Federal requirements that would apply to a Clean Water State Revolving Fund or Drinking Water State Revolving Fund project grant recipient shall apply to a grantee receiving a Congressionally directed spending grant under this section. The Committees note that the following funds are to be treated as non-Federal funds and can be used to meet the non-Federal matching fund requirement: U.S. Department of Housing and Urban Development, Community Development Block Grant Program; U.S. Department of Agriculture, Rural Development Program; Appalachian Regional Commission grants; and Delta Regional Authority grants. Funding made available to jurisdictions through the American Rescue Plan Act of 2021 (Public Law 117-2) is considered Federal funding and may not be applied towards the non-Federal cost share requirement.

The Committees remain concerned that EPA does not have sufficient resources necessary to expeditiously implement this program and fully support recipients as they address applicable Federal grant requirements.

Accordingly, the agreement provides \$13,300,000 in funding for salaries, expenses, and administration for Congressionally Directed Spending and Community Project Funding grants provided in fiscal year 2022 and fiscal year 2023 and this Act. While the Committees appreciate the technical assistance the Agency has provided in recent months, the Committees remain concerned that more work is needed to resolve the Agency's significant backlog of projects, as discussed in the fiscal year 2024 Senate appropriations hearing. Required by a provision in the bill, the Committees direct the Agency to provide a briefing within 45 days and a subsequent report within 90 days of enactment of this Act proposing efficient solutions for substantially increasing the Agency's effectiveness and timeliness in administering Community Project Funding and Congressionally Directed Spending projects. This briefing and report must include: ways to streamline environmental reviews, additional statutory authority that may be helpful to the Agency, and any additional options the Agency sees fit to recommend to the Committees, other than increased staffing at the Agency. The report must include detailed legislative text, including bill language, if necessary, for these proposals.

The agreement further directs the Agency to include in the above-mentioned required report, a detailed legislative structure to allow States to implement and manage Community Project Funding/Congressionally Directed Spending grants. The proposed legislative structure must include the following elements: allow States to apply or elect to manage a project or projects, including where recipients of Community Project Funding/Congressionally Directed Spending projects may opt-out of State management; align the requirements of the grants managed by the States with those that apply to SRF loans; and, an administrative funding set-aside for States to utilize when they elect to manage projects.

The Agency is directed to immediately begin consulting with the States and Tribes on this proposal, solicit their feedback, and the Agency is strongly encouraged to incorporate State and Tribal feedback into its report and legislative proposal.

The Agency shall not obligate or expend the funding provided for salaries, expenses, and administration unless written confirmation is provided by the Committees. If the Committees find the report lacking, the Committees reserve the right to withhold approval for obligation until the Agency provides the Committees with an adequate response. The Committees remind the Agency of previous commitments to seriously engage with the Committees on finding long-term solutions to the growing backlog of projects.

Diesel Emission Reductions Grants (DERA).—The Committees support the use of DERA funding in transportation electrification projects.

Targeted Airshed Grants.—The Committees direct the Agency to follow the directive in Senate Report 118-83.

Wildfire Smoke Preparedness.—The agreement provides \$7,000,000 for wildfire smoke preparedness grants. These grants shall be distributed on a competitive basis to States, federally recognized Tribes, public pre-schools, local educational agencies as defined in 20 U.S.C. 7801(30), and non-profit organizations, for assessment, prevention, control, or abatement of wildfire smoke hazards in community buildings, including schools as defined in 20 U.S.C. 3610(6), and related activities. The Federal share of the costs of such activities shall not exceed 90 percent except that the Administrator may waive such cost share requirement in the case of

facilities located in economically distressed communities. A maximum of 25 percent of grant funding under this paragraph during this fiscal year may go to recipients in any one State. Further, the Committees direct the Agency to allow for grants to be made for research purposes, in addition to current eligibility categories.

Categorical Grants.—The agreement provides \$1,106,333,000 for Categorical Grants. Funding levels are specified in the table at the end of this division.

Categorical Grant: Resource Recovery and Hazardous Waste Grants.—The Agency is directed to follow the directive contained in House Report 118-155 pertaining to coal combustion residuals and the agreement provides \$4,000,000 from the Hazardous Waste Financial Assistance categorical grants program project for this purpose.

Additionally, of the funding provided, \$5,000,000 is to support post-consumer materials management or recycling facilities, consistent with section 302(a) of the Save Our Seas 2.0 Act (Public Law 116-224).

Categorical Grants: Nonpoint Source Section 319.—The Committees expect the Agency to examine the allocation formula to ensure that resources are spent in areas with the most pressing need.

Categorical Grant: Public Water System Supervision.—Of the funds provided, \$12,000,000 is to further support States, Territories, and Tribes in addressing PFAS and other contaminants of emerging concern as they carry out their Public Water System Supervision programs.

PFAS.—The bill clarifies Congressional intent that funding provided in fiscal year 2024, including from Public Law 117-58, for grants for addressing contaminants under subsections (a) through (j) of section 1459A of the Safe Drinking Water Act (42 U.S.C. 300j-19a) may be used by a State to provide assistance to benefit one or more owners of drinking water wells that are not public water systems or connected to a public water system for necessary and appropriate activities related to a contaminant pursuant to subsection (j) of section 1459A of the Safe Drinking Water Act. In implementing this funding, the Committees direct the Agency to encourage States to prioritize beneficiaries that make less than the average household income for the State.

Use of Iron and Steel.—The bill includes language in title IV general provisions that stipulates requirements for the use of iron and steel in State Revolving Fund projects, and the agreement includes only the following guidance: the Committees acknowledge that the Agency may issue a waiver of said requirements for de minimis amounts of iron and steel building materials. The Committees emphasize that any coating processes that are applied to the external surface of iron and steel components that otherwise qualify under the procurement preference shall not render such products ineligible for the procurement preference regardless of where the coating processes occur, provided that final assembly of the products occurs in the United States.

Regional Water Commissions.—The Infrastructure Investment and Jobs Act makes clear that regional water partnerships to address water shortages are eligible for grant funding through the Midsize and Large Drinking Water System Infrastructure Resilience and Sustainability Program.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

The agreement provides a total of \$72,274,000 for the Water Infrastructure Finance and Innovation Act (WIFIA) program.

ADMINISTRATIVE PROVISIONS—ENVIRONMENTAL PROTECTION AGENCY

(INCLUDING TRANSFERS OF FUNDS)

The bill continues several administrative provisions from previous years.

The bill includes a provision providing for further Congressional oversight.

TITLE III—RELATED AGENCIES

DEPARTMENT OF AGRICULTURE

OFFICE OF THE UNDER SECRETARY FOR NATURAL RESOURCES AND ENVIRONMENT

The bill provides \$1,000,000 for the Office of the Under Secretary for Natural Resources and Environment.

FOREST SERVICE

Lake Tahoe Basin.—The Committees direct the Forest Service to support the implementation of Public Law 106-506, as amended, and restoration efforts in the greater Lake Tahoe fireshed, at no less than the fiscal year 2023 enacted levels for hazardous fuels, vegetation and watershed, and forest cooperative health efforts.

White Oak.—The Service shall brief the Committees within 90 days of enactment of this Act on efforts to develop a strategy to regenerate white oak on public and private lands which includes monitoring, research, and increased private landowner outreach and education.

FOREST SERVICE OPERATIONS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,150,000,000 for Forest Service Operations. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

FOREST AND RANGELAND RESEARCH

The bill provides \$300,000,000 for Forest and Rangeland Research. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Funding Directives.—The agreement provides for the following research priorities, for which funding of geographically-based items is in addition to funds otherwise provided to individual research units and therefore is not to be factored into base allocations:

—\$3,000,000 to the Joint Fire Science program, which combined with funding in the Department of Interior provides \$6,000,000 in total.

—\$5,000,000 to support the Northeastern States Research Cooperative consistent with the directives contained in Senate Report 118-83.

—\$2,000,000 for research on forest-based cellulose nanomaterials, including material forms, manufacturing processes, and technology transfer.

—\$4,000,000 for cooperative research to develop new understandings and innovative solutions to address wildfire impacts on forested source water, downstream clean water, and water treatability.

—\$3,000,000 for university-led research and partnerships to better understand fires in the wildland-urban interface, improve workforce development for wildfire management professionals, and improve the safety and efficiency of wildland firefighting techniques.

—\$500,000 to increase modeling work to better understand the upper limit of fish distribution in the Pacific Northwest.

—\$1,500,000 to continue Forest Products Laboratory university partnerships to optimize biomass commercialization, including lumber standards, mass timber construction, and durability.

STATE, PRIVATE, AND TRIBAL FORESTRY

The bill provides \$303,306,000 for State, Private, and Tribal Forestry. The detailed allocation of funding by activity is included in

the table accompanying this explanatory statement. All funding for specific programs, directives, or congressionally directed spending identified herein is in addition to funds otherwise provided to States and regions through the formula and competitive grant process and therefore is not to be factored into those allocations.

Forest Ecosystem Monitoring Cooperative.—Within the funds provided, \$1,000,000 is for the Forest Ecosystem Monitoring Cooperative consistent with the directives contained in Senate Report 118-83.

Forest Resource Information and Analysis.—The bill provides \$19,806,000 for congressionally directed spending in this program. A detailed list of projects is included in the “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” table accompanying this explanatory statement.

Sudden Oak Death.—The Committees expect the Service to continue these efforts and provides \$2,000,000 for Sudden Oak Death treatments and partnerships with States and private landowners.

NATIONAL FOREST SYSTEM

The bill provides \$1,863,557,000 for the National Forest System. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Recreation, Heritage, and Wilderness.—Within the funds provided, \$1,000,000 is included to continue implementation of the Native American Tourism and Improving Visitor Experience [NATIVE] Act (Public Law 114-221); \$3,000,000 is included to support infrastructure and trails development and to build the capacity of local user groups and partnership organizations for all National Recreation Areas administered by the Forest Service and established after 1997; and \$750,000 is for the maintenance of rural air strips.

Fuels Management.—The bill provides \$175,450,000 for fuels management activities and does not transfer the program to Wildland Fire Management, as proposed in the budget. Of the funds made available for fuels management, \$15,000,000 is for the Community Wood Energy Program; \$30,000,000 is for Wood Innovation Grants; and \$6,600,000 is provided for the Southwest Ecological Restoration Institutes.

Gila National Forest.—The Committees encourage the Forest Service to engage local stakeholders such as ranchers and farmers during the planning stage prior to carrying out species management actions.

Public Access.—In lieu of House direction, the Forest Service shall report to the Committees, within 180 days of enactment of this Act, all trail and road closures in the Cleveland National Forest and when available, cite reasoning for closures and restrictions such as, but not limited to, seasonal closures for weather or wildlife habitat, for timber harvest or prescribed fire operations, ongoing resource damage, or public health and safety concerns.

CAPITAL IMPROVEMENT AND MAINTENANCE

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$156,130,000 for Capital Improvement and Maintenance programs.

Trails.—The bill includes \$20,000,000 for Trails. Of the funds provided, no less than the enacted level is provided for trail operation, maintenance and construction on National Scenic and Historic Trails.

Construction Projects.—The bill provides \$5,130,000 for congressionally directed spending in this program. A detailed list of projects is included in the “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Di-

rected Spending Items” table accompanying this explanatory statement.

ACQUISITION OF LANDS FOR NATIONAL FORESTS SPECIAL ACTS

The bill provides \$664,000 for the Acquisition of Lands for National Forests Special Acts.

ACQUISITION OF LANDS TO COMPLETE LAND EXCHANGES

The bill provides \$150,000 for the Acquisition of Lands to Complete Land Exchanges.

RANGE BETTERMENT FUND

The bill provides \$1,719,000 for the Range Betterment Fund.

GIFTS, DONATIONS AND BEQUESTS FOR FOREST AND RANGELAND RESEARCH

The bill provides \$45,000 for Gifts, Donations and Bequests for Forest and Rangeland Research.

MANAGEMENT OF NATIONAL FOREST LANDS FOR SUBSISTENCE USES

The bill provides \$1,099,000 for the Management of National Forest Lands for Subsistence Uses.

WILDLAND FIRE MANAGEMENT

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$2,312,654,000 for Forest Service Wildland Fire Management, including amounts to continue uninterrupted the Federal wildland firefighter base salary increases provided under section 40803(d)(4)(B) of Public Law 117-58 and maintain current firefighting capacity. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Firefighting Technologies.—The Committees direct the Forest Service to update its procedures and deployment protocols and to consider including Container Aerial Fire Fighting Systems as well as other innovative wildfire technologies now available in the United States.

Wildland Fire Suppression Operations.—The Committees direct the Forest Service to continue to perform a post-fire season audit of the fire suppression program and timely completion of the Annual Report and Large Fire Review.

WILDFIRE SUPPRESSION OPERATIONS RESERVE FUND

(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$2,300,000,000 for the Wildfire Suppression Operations Reserve Fund.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

The bill provides a total of \$4,948,731,000 for the Indian Health Service (IHS) Services account for fiscal year 2024, which includes \$56,061,000 to remain available until September 30, 2025, to provide for staffing of new facilities and \$74,138,000 to remain available until September 30, 2025, for the Indian Health Care Improvement Fund and \$190,564,000, to remain available until expended, for the Electronic Health Record System. The agreement also provides \$4,684,029,000 in advance appropriations for the Services account for fiscal year 2025 with the exception of funding for Electronic Health Records and the Indian Health Care Improvement Fund, which continue to receive an annual appropriation. All programs, projects, and activities are maintained at fiscal year 2023 enacted levels unless otherwise specified below. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118-155 and Senate Report 118-83, unless otherwise specified below. Language contained in the explanatory state-

ment accompanying the Consolidated Appropriations Act, 2022 (Public Law 117-103) regarding market-specific pay scales, limitations on incentives, tracking improvements to patient health, use of accreditation emergency funds, joint venture solicitations, and interoperability and compatibility of the new electronic health record system with the Department of Veterans Affairs system is restated. First aid kit enhancements, as well as language contained in the Public Law 116-260, Consolidated Appropriations Act 2021, regarding the dental health therapist training program, is also restated. Additional details, instructions, and requirements follow below and in the table at the end of this division.

Advance Appropriations.—The agreement provides advance appropriations for the Indian Health Services and Indian Health Facilities accounts totaling \$5,190,883,000 for fiscal year 2025. Advanced appropriations are not provided for the Electronic Health Record System, Indian Health Care Improvement Fund, Contract Support Costs, Payments for Tribal Leases, Sanitation Facilities Construction, and Health Care Facilities Construction. Additional details, instructions, and requirements follow in the table at the end of this division.

Staffing for New Facilities.—The agreement includes \$56,061,000 for staffing newly opened health facilities, which is the full amount required in fiscal year 2024 based upon updated estimates provided to the Committees. Funds for staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or the Joint Venture Construction Program that have opened in fiscal year 2023 or will open in fiscal year 2024. None of these funds may be allocated to a facility until such facility has achieved beneficial occupancy status. As initial estimates included as part of the annual budget request are refined, IHS is expected to communicate updated cost estimates to the Committees.

Hospitals and Health Clinics.—The agreement provides \$2,550,514,000 for Hospitals and Health Clinics, which maintains funding at fiscal year 2023 enacted levels for Alzheimer’s activities and the Produce Prescription Pilot program. The agreement also continues funding at the fiscal year 2023 enacted levels for the Tribal Epidemiology Center Program, domestic violence prevention program, village-built clinics, maternal health, accreditation emergencies, health information technology, healthy lifestyles in youth project, and the National Indian Health Board cooperative agreement.

Electronic Health Records.—The agreement provides \$190,564,000 for Electronic Health Records (EHR) to remain available until expended. The Committees expect the Service to provide detailed quarterly progress updates on the obligation and expenditure of these funds as well as status updates on progress of the Service’s modernization efforts.

Mental Health.—The bill provides \$129,765,000 for Mental Health, which continues funding at fiscal year 2023 enacted levels for the behavioral health integration initiative, for suicide prevention, and for the Telebehavioral Health Center of Excellence. The Director of IHS, in coordination with the Assistant Secretary for Mental Health and Substance Abuse, shall award grants for providing services, provide technical assistance to grantees under this section, and evaluate the performance of the program.

Alcohol and Substance Abuse.—The bill provides \$266,636,000 for the Alcohol and Substance Abuse Programs, which includes support to existing programs, including, among others, culturally adapted treatments for substance abuse disorders as outlined in House Report 118-155, and the Special Behavioral Health Pilot Program that addresses

behavioral health challenges in Indian Country. In addition, the agreement continues the Generation Indigenous, Youth Pilot project, and essential detoxification services, which shall be distributed as directed in Senate Report 116–123.

Purchased/Referred Care.—The agreement provides \$996,755,000 for the Purchased/Referred Care program.

Urban Indian Health.—The agreement provides \$90,419,000 for the Urban Indian health program.

Indian Health Professions.—The agreement provides \$80,568,000 for Indian health professions, which includes enacted levels for the loan repayment program as well as the InMed program, the Quentin N. Burdick Indians into Nursing, and the American Indians into Psychology Programs.

CONTRACT SUPPORT COSTS

The bill continues language from fiscal year 2023 providing an indefinite appropriation to fully fund contract support costs, which are estimated to be \$1,051,000,000 in fiscal year 2024. The bill does not include the budget proposal to make these costs mandatory.

PAYMENTS FOR TRIBAL LEASES

The bill continues language from fiscal year 2023 providing an indefinite appropriation to fully fund payments for Tribal leases, which are estimated to be \$149,000,000 in fiscal year 2024. The bill does not include the budget proposal to make these costs mandatory.

INDIAN HEALTH FACILITIES

The bill provides \$813,183,000 for Indian Health Facilities. The recommendation provides \$506,854,000 in advance appropriations for this account for fiscal year 2025 with the exception of funding for Sanitation Facilities Construction and Health Care Facilities Construction for which \$306,329,000 is provided as an annual appropriation in recognition of the project-based nature of those accounts. IHS is expected to comply with the instructions and requirements at the beginning of this division and in House Report 118–155 and Senate Report 118–83, unless otherwise specified below. Language contained in explanatory statement accompanying Public Law 116–6 regarding health impacts of inadequate sanitation, Mt. Edgecombe, and Alaska facility assessments is restated.

Staffing for New Facilities.—The agreement provides \$5,364,000 for staffing newly opened health facilities, which is the full amount based upon updated estimates provided to the Committees. Funds for staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or Joint Venture Construction Program that have opened in fiscal year 2023 or will open in fiscal year 2024. Further, the stipulations included in the “Indian Health Services” account regarding the allocation of funds pertain to this account as well.

Sanitation Facilities Construction.—The agreement provides \$123,650,000 for sanitation facilities construction. The agreement also includes \$17,023,000 for congressionally directed spending (CDS) projects as shown on the table titled “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” accompanying this explanatory statement. Further, the Committees expect IHS to include an updated five-year spend plan in fiscal year 2024 for any funds requested.

Health Care Facilities Construction.—The agreement provides \$182,679,000 for health care facilities construction. The agreement directs the Service to report to the Committees within 90 days of enactment of this Act

on how these funds will be distributed as well as the estimated number of quarters and associated costs for new staff quarters at existing health facilities.

Facilities and Environmental Health.—The agreement provides \$303,661,000 for this program, which maintains \$3,000,000 for preliminary engineering reports and \$3,000,000 to provide technical assistance, training, and guidance to sanitation operators, families, and communities regarding the operation and maintenance of water supply and sewage disposal facilities as outlined in a re-programming request by the Service.

Equipment.—The agreement provides \$32,598,000 for equipment, which continues \$500,000 for TRANSAM and maintains the enacted levels for emergency generators, as directed in House Report 118–155.

NATIONAL INSTITUTES OF HEALTH

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The agreement provides \$79,714,000 for the National Institute of Environmental Health Sciences. The Committees continue the \$2,000,000 provided in fiscal year 2023 to further the Institute’s work on PFAS and other contaminants of emerging concern. Further, of the funds provided, not less than \$1,750,000 shall be to support risk reduction for Native Americans to hazardous metals mixtures from abandoned uranium mine waste.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

The agreement provides \$81,619,000. The Committees continue the \$2,000,000 provided in fiscal year 2023 to further the Agency’s work on PFAS and other contaminants of emerging concern.

The agreement continues funding as specified in Senate Report 118–83.

OTHER RELATED AGENCIES

EXECUTIVE OFFICE OF THE PRESIDENT

COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF ENVIRONMENTAL QUALITY

The agreement provides \$4,629,000 for the Council on Environmental Quality and Office of Environmental Quality.

The agreement does not include the directive contained in Senate Report 118–83.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

SALARIES AND EXPENSES

The bill provides \$14,400,000 for the Chemical Safety and Hazard Investigation Board.

OFFICE OF NAVAJO AND HOPI INDIAN RELOCATION

SALARIES AND EXPENSES

The bill does not provide new appropriations for fiscal year 2024; however, a total of \$5,024,000 is made available from unobligated balances for fiscal year 2024 operations.

INSTITUTE OF AMERICAN INDIAN AND ALASKA NATIVE CULTURE AND ARTS DEVELOPMENT

PAYMENT TO THE INSTITUTE

The bill provides \$13,482,000 for academic programs of the Institute of American Indian Arts.

SMITHSONIAN INSTITUTION

SALARIES AND EXPENSES

The agreement provides a total of \$1,090,500,000 for all Smithsonian Institution accounts, of which \$892,855,000 is provided for salaries and expenses. A detailed allocation of funding is included in the table at the end of this explanatory statement.

Repressed Cultures Preservation.—The Committees include only the following language. Global conflicts and repressive regimes continue to threaten cultural and linguistic her-

itage across the world. The Committees appreciate the ongoing and longstanding in-person and digital efforts the Smithsonian has made to preserve aspects of threatened cultures that, once lost, cannot be restored.

Repatriation of Human Remains.—The Smithsonian has one of the largest research collections worldwide, including one of the world’s largest collections of human remains. Amassed during the 19th and early 20th centuries, most of the remains of approximately 30,000 individuals, half of whom are Indigenous people, were acquired without the consent of the deceased or their family members. The Committees direct the Smithsonian to act with urgency in correcting these past injustices by prioritizing repatriation activities and expeditiously implementing the policy recommendations in the January 10, 2024, Smithsonian’s Human Remains Task Force Report.

FACILITIES CAPITAL

The agreement provides \$197,645,000 for Facilities Capital.

NATIONAL GALLERY OF ART

SALARIES AND EXPENSES

The bill provides \$174,760,000 for the Salaries and Expenses account of the National Gallery of Art, of which not to exceed \$3,875,000 is for the special exhibition program. The distribution of funds among the Gallery’s various activities is included in the table at the end of this explanatory statement.

REPAIR, RESTORATION AND RENOVATION OF BUILDINGS

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$34,480,000 for the Repair, Restoration and Renovation of Buildings account and includes funds for the design and construction of an off-site art storage facility in partnership with the Smithsonian Institution.

JOHN F. KENNEDY CENTER FOR THE PERFORMING ARTS

OPERATIONS AND MAINTENANCE

The bill provides \$32,293,000 for the Operations and Maintenance account.

CAPITAL REPAIR AND RESTORATION

The bill provides \$12,633,000 for the Capital Repair and Restoration account.

WOODROW WILSON INTERNATIONAL CENTER FOR SCHOLARS

SALARIES AND EXPENSES

The bill provides \$15,000,000 for the Woodrow Wilson International Center for Scholars to continue the Federal commitment and support operations.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

NATIONAL ENDOWMENT FOR THE ARTS

GRANTS AND ADMINISTRATION

The bill provides \$207,000,000 for the National Endowment for the Arts (NEA) to continue the important work of the Endowment. A detailed breakdown of the funding allocation is included in the table at the end of this explanatory statement.

NATIONAL ENDOWMENT FOR THE HUMANITIES

GRANTS AND ADMINISTRATION

The bill provides \$207,000,000 for the National Endowment for the Humanities (NEH) to continue the important work of the Endowment. A detailed breakdown of the funding allocation is included in the table at the end of this explanatory statement.

COMMISSION OF FINE ARTS

SALARIES AND EXPENSES

The bill provides \$3,661,000 for the Commission of Fine Arts.

NATIONAL CAPITAL ARTS AND CULTURAL AFFAIRS

The bill provides \$5,000,000 for the National Capital Arts and Cultural Affairs program.

The agreement provides bill language regarding eligibility for grants.

ADVISORY COUNCIL ON HISTORIC PRESERVATION

SALARIES AND EXPENSES

The bill provides \$8,585,000 for the Advisory Council on Historic Preservation.

NATIONAL CAPITAL PLANNING COMMISSION

SALARIES AND EXPENSES

The bill provides \$8,750,000 for the National Capital Planning Commission, including funding for lease costs.

UNITED STATES HOLOCAUST MEMORIAL MUSEUM

HOLOCAUST MEMORIAL MUSEUM

The bill provides \$65,231,000 for the United States Holocaust Memorial Museum. The Committees continue funding for implementation of the Never Again Education Act (Public Law 116-141) in order to support and strengthen Holocaust education programs.

PRESIDIO TRUST

The bill provides \$90,000,000 in loan authority for the Presidio Trust.

WORLD WAR I CENTENNIAL COMMISSION

SALARIES AND EXPENSES

A general provision is included in the bill continuing the authority for the Commission to accept money, in-kind services, and other types of support. The Committees understand that no additional funds are necessary to support the final World War I Centennial Commission activities, and additional funds are therefore not provided.

UNITED STATES SEMIQUINCENTENNIAL COMMISSION

SALARIES AND EXPENSES

The bill provides \$15,000,000 for the United States Semiquincentennial Commission.

TITLE IV—GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

The bill includes various legislative provisions in Title IV of the bill. The provisions are:

Section 401 continues a provision providing that appropriations available in the bill shall not be used to produce literature or otherwise promote public support of a legislative proposal on which legislative action is not complete.

Section 402 continues a provision providing for annual appropriations unless expressly provided otherwise in this Act.

Section 403 continues a provision providing restrictions on departmental assessments unless approved by the Committees on Appropriations.

Section 404 continues a limitation on accepting and processing applications for patents and on the patenting of Federal lands.

Section 405 continues a provision regarding the payment of contract support costs.

Section 406 addresses the payment of contract support costs for fiscal year 2024.

Section 407 continues a provision providing that the Secretary of Agriculture shall not be considered in violation of certain provisions of the Forest and Rangeland Renewable Resources Planning Act solely because more

than 15 years have passed without revision of a forest plan, provided that the Secretary is working in good faith to complete the plan revision.

Section 408 continues a provision limiting preleasing, leasing, and related activities within the boundaries of National Monuments.

Section 409 restricts funding appropriated for acquisition of land or interests in land from being used for declarations of taking or complaints in condemnation.

Section 410 continues a provision which prohibits no-bid contracts.

Section 411 continues a provision which requires public disclosure of certain reports.

Section 412 continues a provision which delineates the grant guidelines for the National Endowment for the Arts.

Section 413 continues a provision which delineates the program priorities for the programs managed by the National Endowment for the Arts.

Section 414 requires the Department of the Interior, Environmental Protection Agency, Forest Service and Indian Health Service to provide the Committees on Appropriations quarterly reports on the status of balances of appropriations.

Section 415 extends certain authorities allowing the Forest Service to renew grazing permits.

Section 416 prohibits the use of funds to maintain or establish a computer network unless such network is designed to block access to pornography websites.

Section 417 addresses the humane transfer and treatment of excess wild horses and burros.

Section 418 extends the authority of the Forest Service Facility Realignment and Enhancement Act.

Section 419 sets requirements for the use of American iron and steel for certain loans and grants.

Section 420 provides authority for the Secretary of the Interior to enter into training agreements and to transfer excess equipment and supplies for wildfires.

Section 421 provides a one-year extension of the Federal Lands Recreation Enhancement Act.

Section 422 incorporates Reprogramming Guidelines into the Act.

Section 423 continues a provision authorizing the Secretary of the Interior and the Secretary of Agriculture to consider local contractors when awarding contracts for certain activities on public lands.

Section 424 extends the authority for the Shasta-Trinity Marina fee for one year.

Section 425 extends the authority for the Interpretive Association for one year.

Section 426 extends the authority for Forest Botanical Products fee collection for one year.

Section 427 includes certain limitations on oil and gas development near Chaco Culture National Historical Park.

Section 428 requires 105(1) Tribal lease payments to begin no earlier than the date the lease proposal is submitted and for the Federal agencies to consult with Tribes on lease requirements.

Section 429 extends the authority for the Forest Ecosystem Health and Recovery Fund by one year.

Section 430 requires the allocation of funds from the National Parks and Public Land Legacy Restoration Fund and Land and Water Conservation Fund.

Section 431 addresses carbon emissions from forest biomass.

Section 432 addresses the use of small remote incinerators in the State of Alaska.

Section 433 addresses timber sales involving Alaska western red and yellow cedar.

Section 434 provides transfer authority to the Federal Highway Administration for the National Parks and Public Land Legacy Restoration Fund.

Section 435 continues a provision prohibiting the use of funds to promulgate or implement any regulation requiring the issuance of permits under Title V of the Clean Air Act for carbon dioxide, nitrous oxide, water vapor, or methane emissions.

Section 436 continues a provision prohibiting the use of funds to implement any provision in a rule if that provision requires mandatory reporting of greenhouse gas emissions from manure management systems.

Section 437 continues a provision prohibiting the use of funds to regulate the lead content of ammunition or fishing tackle.

Section 438 provides for wildland firefighter pay cap waiver.

Section 439 provides a technical correction to a fiscal year 2023 project.

Section 440 extends authorization for Alaska Native regional health entities.

Section 441 requires the Secretary of the Interior, acting through the Bureau of Land Management, to have analyzed, in consultation with local elected officials and stakeholders, action alternatives designed to reduce impacts prior to expending any funds to grant, issue, or renew a right-of-way for the Lava Ridge Wind Project.

Section 442 requires the Bureau of Land Management to prioritize completion of a validity determination for any mining claims located within the area covered by Public Land Order 7921.

Section 443 extends the existing authority for good neighbor authorities for 1 year and extends the authority to the National Park Service and the Fish and Wildlife Service.

Section 444 establishes a nonrecurring expenses fund for the Forest Service.

Section 445 continues authorities for the World War I Centennial Commission to accept support from other Federal agencies.

Section 446 rescinds \$94,000,000 from fiscal year 2020 and prior discretionary balances, including \$89,000,000 from the National Park Service, Land Acquisition and State Assistance program, and \$5,000,000 from the Bureau of Land Management, Land Acquisition program.

Section 447 rescinds \$350,000,000 from the Indian Health Service from section 11001 of Public Law 117-2.

Section 448 rescinds \$90,000,000 from fiscal year 2023 and prior year balances from the Indian Health Service, Indian Health Services account, for costs related to or resulting from accreditation emergencies.

ALLOCATION OF FUNDS: NATIONAL PARKS AND PUBLIC LAND LEGACY RESTORATION FUND FISCAL YEAR 2024

Table with 4 columns: State(s), Station or Unit Name, Project, and Funding Amount. It lists various states and their corresponding funding allocations for different projects under the Bureau of Land Management.

ALLOCATION OF FUNDS: NATIONAL PARKS AND PUBLIC LAND LEGACY RESTORATION FUND FISCAL YEAR 2024—Continued

State(s)	Station or Unit Name	Project	Funding Amount
OR	Northwest Oregon District	Northwest Oregon District Wildfire Damaged Recreation Site Repairs	11,000,000
OR	Northwest Oregon District	Northwest Oregon District Recreation Site Improvements	3,200,000
OR, WA	Coos Bay, Lakeview, Northwest Oregon, Prineville, Roseburg, Spokane and Vale Districts	Oregon and Washington Recreational Facilities	9,700,000
UT	Color Country District	Color Country Administration Facility Replacements and Repairs	7,000,000
WY	High Desert District and Wind River/Bighorn Basin District	Wyoming Safety of Dams Repairs and Maintenance—Phase III	4,000,000
WY	High Desert District	Rawlins Barracks Replacement	5,600,000
	Subtotal, Bureau of Land Management Projects		86,440,000
	Contingency Fund		9,343,678
	Program Administration (Indirect Costs)		2,850,000
	2023 Previously Sequestered Budget Authority		5,415,000

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or

this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide

a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

EXPLANATORY STATEMENT SUBMITTED BY MRS. MURRAY, CHAIR OF THE SENATE COMMITTEE ON APPROPRIATIONS, REGARDING H.R. 4366, CONSOLIDATED APPROPRIATIONS ACT, 2024

The following is an explanation of the Consolidated Appropriations Act, 2024.

DIVISION F—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2024

CONGRESSIONAL DIRECTIVES

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 118-154 and Senate Report 118-70 carry the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. In cases where the House and Senate have directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. The Department of Transportation [DOT] and the Department of Housing and Urban Development [HUD] are directed to notify the House and Senate Committees on Appropriations 7 days prior to the announcement of a new program, initiative, or authority.

OPERATING PLANS AND REPROGRAMMING GUIDELINES

Reprogramming requests must be submitted to the Committees on Appropriations no later than June 30, 2024, and include funding provided by this act and division J of Public Law 117-58, consistent with Senate direction.

The table in the operating plan required by the House and Senate Committees on Appropriations shall apply to all items for which a dollar amount is specified and to all programs for which new budget (obligational) authority is provided, as well as to discretionary grants and discretionary grant allocations. The operating plan must also identify items of special congressional interest.

REPORTING REQUIREMENTS

Each DOT and HUD agency is expected to comply with report deadlines, as directed by the House, Senate, and this joint explanatory statement. In lieu of House Section 422, DOT and HUD are directed to provide the Committee with quarterly written notifications on the status of pending reports required by this and prior appropriations acts.

TITLE I

DEPARTMENT OF TRANSPORTATION OFFICE OF THE SECRETARY SALARIES AND EXPENSES

The agreement provides \$191,295,000 for the salaries and expenses of the Office of the Secretary [OST], to remain available until September 30, 2025.

Of the total amount, the agreement supports the funding directives identified in Senate Report 118-70 and provides the following levels for each office.

Table with 2 columns: Office Name, Agreement. Rows include Office of the Secretary (\$3,770,000), Office of the Deputy Secretary (1,370,000), Office of the General Counsel (32,272,000), Office of the Under Secretary for Policy* (20,064,000), Office of the Assistant Secretary for Budget and Programs (22,724,000), Office of the Assistant Secretary for Government Affairs (7,138,000), Office of the Assistant Secretary for Administration (43,284,000), Office of Public Affairs and Public Engagement (6,244,000), Office of the Executive Secretariat (2,515,000), Office of Intelligence, Security, and Emergency Response (16,506,000), Office of the Chief Information Officer (33,879,000).

Table with 2 columns: Office Name, Agreement. Rows include Office of Tribal Government Affairs (1,529,000), Total (191,295,000).

*Includes the Office of Multimodal Freight Infrastructure Policy.

Congressional budget justifications.—The agreement reminds OST to delineate the funding for salaries and expenses [S&E] and number of full-time equivalent [FTE] and full-time permanent [FTP] positions separate and distinct from the programmatic funding, including in the detailed tables in the congressional budget justification. This shall include all S&E funding and FTE/FTP positions provided by administrative take-downs from any and all budgetary resources.

Office of Multimodal Freight Infrastructure and Policy.—The agreement does not include the request of \$5,300,000 for the freight logistics optimization works program or expect the related briefing. The report on the establishment of this office, as directed in Senate Report 118-70, has been satisfied and is no longer required.

RESEARCH AND TECHNOLOGY

The agreement provides \$49,040,000 for research and technology, of which \$22,500,000 shall remain available until expended. Of the total amount, the agreement provides the following levels for specific activities:

Table with 2 columns: Activity Name, Amount. Rows include Advanced research projects agency-infrastructure (\$10,000,000), Bridges and other infrastructure research (8,000,000), National laboratory partnerships (2,500,000), Position navigation and timing (Up to 15,000,000), Tribal traffic fatalities pilot program (2,000,000).

Position navigation and timing [PNT] technologies and global positioning system [GPS] backup.—The agreement continues to support investment in GPS backup/complementary PNT technologies and provides at least \$8,000,000 and up to \$15,000,000 in fiscal year 2024. This amount is in addition to \$16,478,374 in carryover from prior year appropriations. This investment will facilitate the wide adoption of multiple technologies that provide the necessary GPS backup and complementary PNT as identified in 2021 in the report entitled “Complementary PNT and GPS Backup Technologies Demonstration Report” [DOT-VNTSC-20-07]. The agreement commends the Department for its action to ensure cybersecurity and all-hazards resilience, including PNT, are part of the standard notice of funding opportunity [NOFO] language in the Department’s discretionary grant programs. As such, the agreement expects the Department to provide adequate notice to its recipients to ensure eligible recipients are informed of the eligible activities. The agreement expects the Department to update the House and Senate Committees on Appropriations of its progress on the complementary action plan within 180 days of enactment of this act.

NATIONAL INFRASTRUCTURE INVESTMENTS (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$345,000,000 for local and regional project assistance grants as authorized under 49 U.S.C. 6702, to remain available until expended. Of this amount, not less than 5 percent is for projects in historically disadvantaged communities or areas of persistent poverty. The agreement directs the Secretary to take such measures to ensure an equitable geographic distribution of funds, an appropriate balance in addressing the needs of rural and urban communities, including Tribal areas, and the investment in a variety of transportation modes. Consistent with 49 U.S.C. 6702, not more than 50 percent of the funding shall be allocated to projects in rural and urbanized areas, respectively. Further, the agreement requires the Secretary to consider and award projects

solely based upon the selection criteria in 49 U.S.C. 6702(d)(3) and (d)(4).

NATIONAL SURFACE TRANSPORTATION AND INNOVATIVE FINANCE BUREAU

The agreement provides \$9,558,000 for the National Surface Transportation and Innovative Finance Bureau, to remain available until expended.

RURAL AND TRIBAL INFRASTRUCTURE ADVANCEMENT

The agreement provides \$25,000,000 for the rural and Tribal infrastructure advancement program as authorized by section 21205 of Public Law 117-58, to remain available until September 30, 2026.

RAILROAD REHABILITATION AND IMPROVEMENT FINANCING PROGRAM

The agreement authorizes the Secretary to issue direct loans and loan guarantees pursuant to chapter 224 of title 49, United States Code.

FINANCIAL MANAGEMENT CAPITAL

The agreement provides \$5,000,000 for the financial management capital program, to remain available until September 30, 2025.

CYBER SECURITY INITIATIVES

The agreement provides \$49,000,000 for departmental cyber security initiatives, to remain available until September 30, 2025.

OFFICE OF CIVIL RIGHTS

The agreement provides \$18,228,000 for the Office of Civil Rights. The agreement specifies that amounts provided above the fiscal year 2023 enacted level are to accommodate adjustments to base.

TRANSPORTATION PLANNING, RESEARCH, AND DEVELOPMENT

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$24,369,000 for planning, research, and development activities, to remain available until expended. Of this amount, \$5,436,000 is for the Interagency Infrastructure Permitting Improvement Center and \$3,443,000 is for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement. Further, the agreement directs that the specific funding allocated in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement shall not diminish or prejudice any application or geographic region to receive other discretionary grants or loans.

Non-traditional and emerging transportation technologies [NETT] council.—The agreement provides up to \$2,500,000 for the NETT council to identify and resolve jurisdictional and regulatory gaps or inconsistencies associated with safety, environmental reviews, funding, and finance.

Pozzolanic research.—The agreement provides \$300,000 for the office to conduct a report, in coordination with the Federal Highway Administration [FHWA], on the use of pozzolanic concrete in Federal infrastructure projects. The report shall include the steps taken to assess the durability, strength, cost and environmental impacts of pozzolanic concrete compared with existing concrete products.

WORKING CAPITAL FUND

(INCLUDING TRANSFER OF FUNDS)

The agreement limits expenditures for working capital fund activities to \$522,165,000.

SMALL AND DISADVANTAGED BUSINESS UTILIZATION AND OUTREACH

The agreement provides \$5,330,000 for small and disadvantaged business utilization and outreach, to remain available until September 30, 2025.

PAYMENTS TO AIR CARRIERS (AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$348,554,000 for payments to air carriers, to remain available until expended, and continues to waive certain eligibility requirements.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE SECRETARY OF TRANSPORTATION (INCLUDING RESCISSIONS) (INCLUDING TRANSFER OF FUNDS)

Section 101 prohibits funds available to the DOT from being obligated for the Office of the Secretary of Transportation to approve assessments or reimbursable agreements pertaining to funds appropriated to the operating administrations, except for activities underway on the date of enactment of this act, unless such assessments or agreements have completed the normal reprogramming process for congressional notification.

Section 102 requires the Secretary of Transportation to post on the Internet a schedule of all council on credit and finance meetings, agendas, and meeting minutes.

Section 103 allows the DOT's working capital fund to provide payments in advance to vendors for the Federal transit pass fringe benefit program, and to provide full or partial payments to, and to accept reimbursements from, Federal agencies for transit benefit distribution services.

Section 104 allows the DOT's working capital fund to use certain recoveries from the transit benefit program to improve the administration of that program.

Section 105 requires approval from the Assistant Secretary for Administration for retention or senior executive bonuses for all DOT employees.

Section 106 requires the DOT's working capital fund to transfer equipment into the working capital fund and collect replacement reserve for the equipment equal to the useful life and estimated replacement cost of such equipment.

Section 107 requires congressional notification before the DOT provides credit assistance under the transportation infrastructure finance and innovation act [TIFIA] program.

Section 108 rescinds previous appropriations.

Section 109 allows the operating administrations to transfer funds to the Office of Tribal Government Affairs for recipients of the Tribal transportation self-governance program.

Section 109A allows the Secretary to transfer and consolidate administrative resources for certain programs.

Section 109B makes funds available to address needs for certain projects.

Section 109C modifies the amount of funding reserved for planning grants under the safe streets and roads for all program.

Section 109D extends the liquidation of valid obligations for one fiscal year for amounts made available for the national infrastructure investments program in Public Law 116-260.

Section 109E increases the set-aside for certain eligible recipients under the national infrastructure investments program in Public Law 117-58.

FEDERAL AVIATION ADMINISTRATION OPERATIONS (AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$12,729,627,000 for the operations of the Federal Aviation Administration [FAA], to remain available until September 30, 2025. Of the total amount provided, \$12,093,150,000 is to be derived from the airport and airway trust fund. The act distributes funds by budget activity. The agreement does not include any specific increases or reductions from the budget re-

quest and does not include the directives in House Report 118-154 under the heading "Staff offices reductions."

Aviation safety.—Increased funding and staffing provided by this act for aviation safety shall be prioritized to improve the FAA's surveillance of production and manufacturing activities as well as air carrier maintenance resulting from the grounding and recent events involving the Boeing 737-9 MAX aircraft.

Aircraft certification service.—The agreement includes not less than \$351,373,000 for aircraft certification service and includes the directives included under this heading in Senate Report 118-70.

Independent study on a future state of type certification processes.—The agreement includes the directives in Senate Report 118-70 under this heading, but does not include the amounts provided in House Report 118-154 under the heading "Certification study."

Commercial space.—Within funding provided for commercial space activities, the agreement does not include amounts in House Report 118-154 for launch and reentry licensing processes, but directs the FAA to dedicate resources to improve these processes.

Flight standards certification services oversight process.—Within amounts provided, the agreement directs the FAA to continue efforts to eliminate the backlog of applications in the certification services oversight process [CSOP] list and to brief the House and Senate Committees on Appropriations within 90 days after the enactment of this act on the staffing allocated to Part 135 and other CSOP-listed applications, the size of the backlogs, the pace at which applications are currently processed, and the steps the FAA will take to provide a more timely process.

Enhanced remote digital tower certification.—The agreement amends the frequency of reports required in House Report 118-154 under this heading and instead directs the FAA to report to the Committees by December 31, 2024.

Airport fees on transportation network companies [TNCs].—The agreement amends the direction required in House Report 118-154 under this heading, and instead directs the FAA to use funding from within the airport cooperative research program to update its research on TNCs and fee setting at airports, survey of airport ground transportation laws, and best practices on ground transportation.

FACILITIES AND EQUIPMENT (AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$3,191,250,000 for facilities and equipment. Of the total amount available, \$634,739,370 is for personnel and related expenses and available until September 30, 2025; \$2,496,360,630 is available until September 30, 2026; and \$60,150,000 is for terminal facilities and is available until September 30, 2028.

The table below provides allocations of funds for FAA facilities and equipment from the Infrastructure Investment and Jobs Act [IIJA] for fiscal year 2024, which are subject to section 405 of this act:

ALLOCATION OF FUNDS FOR FAA FACILITIES AND EQUIPMENT FROM THE INFRASTRUCTURE INVESTMENT AND JOBS ACT—FISCAL YEAR 2024

Table with 2 columns: Description and Agreement. Rows include Terminal and En Route Air Traffic Control Facilities—Replace, Unstaffed Infrastructure Sustainment and Real Property Disposition, Electrical Power System—Sustain/Support and Fuel Storage Tank Replacement and Management, Hazardous Materials Management and National Airspace System [NAS] Facilities, OSHA, and Environmental Standards Compliance.

ALLOCATION OF FUNDS FOR FAA FACILITIES AND EQUIPMENT FROM THE INFRASTRUCTURE INVESTMENT AND JOBS ACT—FISCAL YEAR 2024—Continued

Table with 2 columns: Description and Agreement. Rows include Navigation, Landing and Lighting, Personnel and Related Expenses, Total.

The table below provides details by activity for FAA facilities and equipment from funds made available under this heading in this act:

Table with 2 columns: Description and Agreement. Rows include Activity 1—Engineering, Development, Test and Evaluation; Activity 2—Air Traffic Control Facilities and Equipment; a. En Route Programs; b. Terminal Programs; c. Flight Service Programs; d. Landing and Navigational Aids Program; e. Other ATC Facilities Programs.

Facilities and Equipment	Agreement
Electrical Power Systems—Sustain/Support	99,300,000
Energy Management and Compliance (EMC)	5,355,000
Child Care Center Sustainment	1,600,000
FAA Telecommunications Infrastructure	322,250,000
Operational Analysis and Reporting Systems	3,000,000
Subtotal Other ATC Facilities Programs	554,255,000
Total Activity 2	1,957,632,630
Activity 3—Non-Air Traffic Control Facilities and Equipment:	
a. Support Equipment	
Hazardous Materials Management	20,000,000
Aviation Safety Analysis System [ASAS]	28,000,000
NAS Recovery Communications [RCOM]	12,000,000
Facility Security Risk Management	18,000,000
Information Security	32,000,000
System Approach for Safety Oversight [SASO]	21,000,000
NextGen System Safety Management Portfolio	6,000,000
National Test Equipment Program	3,000,000
Mobile Assets Management Program	2,400,000
Configuration, Logistics, and Maintenance Resource Solutions [CLMRS]	26,800,000
Tower Simulation Systems [TSS]/Tower Training Stimulator [TTS]	6,000,000
Subtotal Support Equipment	175,200,000
b. Training, Equipment and Facilities	
Aeronautical Center Infrastructure Sustainment	39,000,000
Distance Learning	1,000,000
Subtotal Training, Equipment and Facilities	40,000,000
Total Activity 3	215,200,000
Activity 4—Facilities and Equipment Mission Support:	
System Engineering and Development Support	36,500,000
Program Support Leases	45,000,000
Logistics and Acquisition Support Services	12,000,000
Mike Monroney Aeronautical Center Leases	16,400,000
Mike Monroney Aeronautical Center Vertiport Construction	6,000,000
Transition Engineering Support	17,000,000
Technical Support Services Contract [TSSC]	28,000,000
Resource Tracking Program [RTP]	9,000,000
Center for Advanced Aviation System Development [CAASD]	55,000,000
Aeronautical Information Management Program	29,350,000
Total Activity 4	254,250,000
Activity 5—Personnel and Related Expenses:	
Personnel and Related Expenses	634,739,370
Total, All Activities	3,191,250,000

Aeronautical center infrastructure sustainment.—The agreement provides \$19,000,000 above the budget request for this budget line item for air traffic and technical operations training laboratory enhancements, including an additional en route automation modernization lab and a complementary technical operations laboratory. These enhancements will increase throughput for air traffic control trainees at the Mike Monroney Aeronautical Center [the Center] and allow the FAA to hire more than the current maximum of 1,800 trainees per year.

Mike Monroney Aeronautical Center vertiport construction.—The agreement provides \$6,000,000 to establish an electric vertical take-off and landing [eVTOL] vertiport at the Center. These enhancements are in lieu of amounts provided in House Report 118-154 to establish up to four vertiports.

Notice to air missions [NOTAM] system.—The agreement provides \$29,350,000 for the aeronautical information management program, which includes NOTAM sustainment, enhancements, and modernization in support of the NOTAM Improvement Act of 2023 (49 U.S.C. 40101 note). The agreement also directs the FAA to complete implementation of a single NOTAM system as soon as possible and take the necessary steps to implement phase 2 prior to 2027.

High growth, multiuse airports.—The agreement modifies the directive in House Report 118-154 to also direct the FAA to prioritize for expedited review and approval applications for new air traffic control towers where a mobile air traffic control tower currently exists.

Airport ground surveillance portfolio.—The agreement directs the FAA to provide the briefing required by Senate Report 118-70 under this heading and amends the directive under the same header in House Report 118-154 to instead provide a briefing. The agree-

ment also provides an increase of \$15,000,000 above the request. Of this increase, \$10,000,000 shall be to deploy the display of airport surface traffic to air traffic controllers in towers at airports that do not currently have a surface surveillance system. The program will identify commercially available solutions to be placed on a qualified product list. This increase also includes \$5,000,000 to accelerate the deployment of runway incursion devices that provide a visual and aural alert to controllers when a runway is not available for departing or landing aircraft.

Major capital programs.—The agreement directs the FAA to notify the House and Senate Committees on Appropriations within 30 business days of the Joint Resources Council establishing a baseline for previously approved projects or making acquisition program baseline changes that alter program performance, cost, or schedule baseline.

RESEARCH, ENGINEERING, AND DEVELOPMENT (AIRPORT AND AIRWAY TRUST FUND)

The agreement provides \$280,000,000 for the FAA's research, engineering, and development activities, to remain available until September 30, 2026.

The following table provides amounts for budget line items under this heading:

Research, Engineering & Development	Agreement
Fire Research and Safety	\$7,136,000
Propulsion and Fuel Systems	4,000,000
Advanced Materials/Structural Safety	14,720,000
Aircraft Icing	2,472,000
Digital System Safety	3,689,000
Continued Air Worthiness	8,425,000
Flight deck/Maintenance/System Integration Human Factors	14,301,000
System Safety Management/Terminal Area Safety	9,252,000
Air Traffic Control/Technical Operations Human Factors	5,911,000
Aeromedical Research	10,000,000
Weather Program	14,786,000
Unmanned Aircraft Systems [UAS] Research	31,128,000
Alternative Fuels for General Aviation	11,201,000
Commercial Space Transportation Safety	2,000,000
NextGen Wake Turbulence	3,728,000
Information/Cyber Security	5,707,000
Environment & Energy	21,000,000
NextGen—Environmental Research—Aircraft Technologies and Fuels	68,000,000
System Planning and Resource Management	5,097,000
Aviation Grant Management and Sec. 625 Workforce Development	20,000,000
Women in Aviation and Pilot Shortage Study	5,000,000
William J. Hughes Technical Center Laboratory Facilities	5,447,000
Aviation Accessibility Research	2,000,000
Aircraft Radio Altimeter Development, Testing, and Certification	5,000,000
Total	280,000,000

UAS research.—The agreement provides \$10,000,000 to support counter-UAS research, development, testing and evaluation, consistent with direction in House Report 118-154, with the exception of the direction to establish a “program” to carry out these activities.

Radio altimeters.—The agreement includes \$5,000,000 to accelerate testing, certification, and implementation of radio altimeter capabilities, consistent with House Report 118-154, with the exception of the direction to establish a “program” to advance these efforts.

Aviation workforce development.—The agreement includes \$20,000,000 for aviation workforce development programs, as directed by Senate Report 118-70.

Workforce report.—The agreement directs the Secretary to submit a report to the House and Senate Committees on Appropriations on whether, and the degree to which, the FAA's workforce development programs authorized in section 625 of the FAA Reauthorization Act of 2018 (Public Law 115-254) have: (1) helped to expand the pool of prospective personnel to the industry; (2) strengthened aviation programs at minority serving institutions, public institutions of higher education, women-focused institu-

tions, and public postsecondary vocational institutions; and (3) encouraged the participation of populations that are underrepresented in the aviation workforce, including women, minorities, and individuals in economically disadvantaged geographic areas and rural communities. The report shall also provide recommendations on how the section 625 grant programs can be used to address these issues.

GRANTS-IN-AID FOR AIRPORTS (LIQUIDATION OF CONTRACT AUTHORIZATION) (LIMITATION ON OBLIGATIONS) (AIRPORT AND AIRWAY TRUST FUND) (INCLUDING TRANSFER OF FUNDS)

The agreement provides an obligation limitation of \$3,350,000,000 and a liquidating cash appropriation of \$3,350,000,000, to remain available until expended. Within the obligation limitation, the agreement provides not less than \$152,148,000 for administrative expenses, \$15,000,000 for the airport cooperative research program, \$41,801,000 for airport technology research, and \$10,000,000 for the small community air service development program.

Zero-emission vehicle [ZEV] and voluntary airport low emissions [VALE] programs.—The agreement directs the FAA to provide not less than \$25,000,000 for ZEV and VALE eligible projects at any commercial service airport, using funds under this heading, instead of direction in Senate Report 118-70 to use general funds for this purpose. The agreement directs the FAA to actively engage with airport sponsors at major hubs to identify projects suitable for the VALE program, such as energy efficiency, energy resiliency, and renewable energy projects that would help prevent power disruptions or outages. Further, the agreement includes no less than \$5,000,000 for eligible hydrogen and fuel cell-related activities through the ZEV and VALE programs.

Airport environmental mitigation.—The agreement provides no less than \$5,000,000 to: (1) fund demonstration projects for airports to collect and remove uncontained contaminants caused by aqueous film forming foam [AFFF] and other polyfluorinated substances [PFAS] waste resulting solely from aviation operations, and (2) to field test and measure lab-proven, innovative destruction technologies, including Resource Conservation and Recovery Act-permitted incineration in order to measurably reduce and mitigate the aviation impacts of PFAS and AFFF substances on surface and groundwater quality at the airport or within five miles of the airport.

GRANTS-IN-AID FOR AIRPORTS

The agreement provides \$532,392,074 in new budget authority for additional discretionary grants for airport construction projects, of which \$482,392,074 is for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement. Funding allocated for Community Project Funding/Congressionally Directed Spending shall not diminish or prejudice the application of a specific airport or geographic region to receive other airport improvement program [AIP] discretionary grants or multi-year letters of intent.

ADMINISTRATIVE PROVISIONS—FEDERAL AVIATION ADMINISTRATION (INCLUDING RESCISSIONS)

Section 110 allows no more than 600 technical staff-years at the center for advanced aviation systems development.

Section 111 prohibits funds for adopting guidelines or regulations requiring airport sponsors to provide FAA “without cost” building construction or space.

Section 112 allows reimbursement for fees collected and credited under 49 U.S.C. 45303.

Section 113 allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Section 114 prohibits funds for Sunday premium pay unless work was actually performed on a Sunday.

Section 115 prohibits funds from being used to buy store gift cards with government-issued credit cards.

Section 116 requires the Administrator to block the identifying information of an owner or operator's aircraft in any flight tracking display to the public upon the request of an owner or operator.

Section 117 prohibits funds for salaries and expenses of more than nine political and Presidential appointees in the FAA.

Section 118 prohibits funds to increase fees under 49 U.S.C. 44721 until the FAA provides a report to the House and Senate Committees on Appropriations that justifies all fees related to aeronautical navigation products and explains how such fees are consistent with executive order no. 13642.

Section 119 requires the FAA to notify the House and Senate Committees on Appropriations at least 90 days before closing a regional operations center or reducing the services provided.

Section 119A prohibits funds from being used to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey.

Section 119B prohibits funds from being used to withhold from consideration and approval of certain applications for participation in the contract tower program, or for certain reevaluations of cost-share program participation.

Section 119C prohibits funds from being used to open, close, redesignate, or reorganize a regional office, the aeronautical center, or the technical center subject to the normal reprogramming requirements outlined under section 405 of this act.

Section 119D improves the efficiency of the FAA franchise fund.

Section 119E provides restrictions on the use of the authorities under 49 U.S.C. 44502(e) to transfer certain air traffic systems or equipment to the FAA.

Section 119F allows the transfer of funds from the "Grants-in-Aid for Airports" account to reimburse airports affected by temporary flight restrictions for residences of the president.

Section 119G rescinds certain unobligated funds.

Section 119H prohibits the FAA from allowing the assignment of individuals from private sector organizations to serve in the FAA on a temporary basis.

FEDERAL HIGHWAY ADMINISTRATION
LIMITATION ON ADMINISTRATIVE EXPENSES
(HIGHWAY TRUST FUND)
(INCLUDING TRANSFER OF FUNDS)

The agreement limits obligations for the administrative expenses of the FHWA to \$486,799,671, of which \$3,248,000 is for the administrative expenses of the Appalachian Regional Commission.

FEDERAL-AID HIGHWAYS
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement limits obligations for the Federal-aid highways program to \$60,095,782,888 in fiscal year 2024.

Truck size and weight research.—The agreement directs the FHWA to brief the House and Senate Committees on Appropriations within 60 days of enactment of this act on the status of the implementation plan for

the research outlined in the Transportation Research Board's truck size and weight research plan, including any reasons for delay of delivery of such plan, and proposals for progress on delivery of such plan.

Federal-aid highway apportionments.—The agreement does not include the directive to the GAO to conduct the study included under this heading in Senate Report 118-70.

Unobligated balances.—The agreement directs the FHWA to submit a list of all unobligated balances of contract authority and budget authority as of September 30, 2023, to the House and Senate Committees on Appropriations by March 31, 2024, and provide an annual update with each year's President's budget request. The list of unobligated balances shall include the account name, program name, Treasury account symbol, amounts available, date of most recent obligation, and any other information that will help the Committees determine the status of all unobligated balances. Upon submitting the initial list on March 31, 2024, the FHWA shall solicit feedback from State DOTs to identify any amounts allocated to a specific State that the State DOT does not intend to obligate. The FHWA shall submit a list of such amounts to the House and Senate Committees on Appropriations by October 1, 2024, including a list of State DOTs that did not provide feedback in a reasonable amount of time.

Evacuation route planning.—The Secretary of Transportation, in consultation with the Administrator of the Federal Emergency Management Agency, shall develop and publish guidelines and best practices for States, Indian Tribes, and units of local government to use when conducting local emergency evacuation route planning, including routing of emergency response supplies, equipment, and workers, as part of natural disaster preparedness efforts.

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation of \$60,834,782,888, which is available until expended, to pay the outstanding obligations of the various highway programs at the levels provided in this act and prior appropriations acts.

HIGHWAY INFRASTRUCTURE PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$2,224,676,687 from the general fund. Of the total amount, the agreement provides \$1,884,176,687 for the purposes and amounts specified in the table entitled "Community Project Funding/Congressionally Directed Spending" included in this joint explanatory statement; \$100,000,000 for the Appalachian development highway system; \$150,000,000 for the Tribal transportation program; \$5,000,000 to be transferred to the Northern Border Regional Commission; \$18,000,000 to be transferred to the Denali Commission; \$10,000,000 for the regional infrastructure accelerator demonstration program; \$7,500,000 for the national scenic byways program; and \$50,000,000 for a competitive bridge bundling grant program. An additional \$200,000,000 is provided for this bridge program in section 126 from repurposed unobligated balances of TIFIA contract authority.

Regional infrastructure accelerator [RIA] demonstration program.—The agreement directs the Department to select at least one accelerator for the RIA demonstration program that serves a multi-State region and that supports at least one project focused on public and private clean energy investments in the nation's intermodal freight and logistics networks, including efforts to reduce air emissions from commercial vehicles that access ports and long haul commercial vehicles.

ADMINISTRATIVE PROVISIONS—FEDERAL
HIGHWAY ADMINISTRATION
(INCLUDING RESCISSIONS)

Section 120 distributes the Federal-aid highways program obligation limitation.

Section 121 allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the Federal-aid highways account.

Section 122 provides requirements for any waiver of Buy America Act requirements.

Section 123 requires 60-day notification to the House and Senate Committees on Appropriations for any grants awarded under 23 U.S.C. 117.

Section 124 allows State DOTs to repurpose certain highway project funding within 25 miles of its original designation.

Section 125 rescinds certain unobligated funds.

Section 126 repurposes unobligated funds for a new activity.

FEDERAL MOTOR CARRIER SAFETY
ADMINISTRATION
MOTOR CARRIER SAFETY OPERATIONS AND
PROGRAMS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement includes a liquidating cash appropriation of \$346,000,000 and a limitation on obligations of \$411,000,000 for the operations and programs of the Federal Motor Carrier Safety Administration [FMCSA]. Of this limitation, \$14,073,000 is for the research and technology program, and not less than \$99,098,000 is for information technology and information management, to remain available for obligation until September 30, 2026.

MOTOR CARRIER SAFETY GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement includes a liquidating cash appropriation and a limitation on obligations of \$516,300,000 for motor carrier safety grants. The following table provides funding levels for activities within this account:

Motor carrier safety assistance program	\$406,500,000
Commercial driver's license program implementation program	43,500,000
High priority program	60,000,000
Commercial motor vehicle operators grant program	1,300,000
Commercial motor vehicle enforcement training and support grant program	5,000,000

ADMINISTRATIVE PROVISIONS—FEDERAL MOTOR
CARRIER SAFETY ADMINISTRATION

Section 130 requires the FMCSA to send notice of 49 CFR section 385.308 violations by certified mail, registered mail, or some other manner of delivery which records receipt of the notice by the persons responsible for the violations.

Section 131 prohibits funds from being used to enforce the electronic logging device rule with respect to carriers transporting livestock or insects.

NATIONAL HIGHWAY TRAFFIC SAFETY
ADMINISTRATION
OPERATIONS AND RESEARCH

The agreement provides \$223,000,000 from the general fund for operations and research for the National Highway Traffic Safety Administration [NHTSA], to remain available through September 30, 2025. The agreement does not specify an amount for the new car assessment program or for crashworthiness.

Automatic emergency braking [AEB].—The agreement directs NHTSA to brief the House and Senate Committees on Appropriations within 30 days of enactment of this act on

the extent to which the AEB rulemaking will reduce pedestrian fatalities occurring at night and involving vehicles traveling faster than 37 miles per hour. The briefing shall include a timeline for finalizing the AEB rulemaking, and other driver assistance system regulations intended to reduce pedestrian fatalities and injuries.

New car assessment program.—The agreement includes the directives under this heading in House Report 118-154 and Senate Report 118-70, except that the final roadmap required by the Senate Report shall be required by April 30, 2024.

Virtual modeling and simulation.—The agreement directs \$4,000,000 to support the virtual review, assessment, and validation of automated vehicles.

Automated vehicles.—The agreement includes the directives under this heading in House Report 118-154 and Senate Report 118-70, except that the briefing required in the Senate Report shall be provided by April 30, 2024.

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation and an obligation limitation of \$201,200,000, to remain available until expended, which reflects the authorized level of contract authority, and of which \$57,500,000 shall remain available until September 30, 2025. Of the total amount, the agreement provides \$194,000,000 for programs authorized under section 403 of title 23, U.S.C., including behavioral research on automated driving systems and advanced driver assistance systems and improving consumer responses to safety recalls, and section 25024 of Public Law 117-58. The agreement does not include funding and direction included under the last heading under this account in House Report 118-154.

Telematics research.—The agreement directs NHTSA to research the potential public health and safety impacts of telematics technologies to prevent distracted driving. The research shall focus on applications of telematics data for understanding the association between a range of driver behaviors and crash risk and building prevention strategies based on evidence. NHTSA is directed to report to the House and Senate Committees on Appropriations within 270 days of enactment of this act on the potential of telematics technologies, including any testing, development, and deployment strategies for the technology, as well as any considerations that can be made for protecting privacy, deployment of an opt-in framework, and data anonymization. The agreement directs NHTSA to use up to \$2,500,000 from the amounts made available under the heading “Vehicle Safety and Behavioral Research Programs” in title VIII of division J of the IIJA for these activities.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)

The agreement provides a liquidating cash appropriation and an obligation limitation of \$813,300,800 for highway traffic safety grants, to remain available until expended.

ADMINISTRATIVE PROVISIONS—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

Section 140 exempts obligation authority made available in previous public laws from the obligation limitations set for the current year.

Section 141 provides funding for travel and related expenses for State management reviews and highway safety core competency development training.

FEDERAL RAILROAD ADMINISTRATION
SAFETY AND OPERATIONS

The agreement provides \$267,799,000 for the safety and operations of the Federal Railroad Administration [FRA], of which \$25,000,000 shall remain available until expended. The agreement supports the funding directives for personnel as identified in Senate Report 118-70 and provides the following funding levels for specific activities within this account:

Automated track inspection program	No less than \$18,000,000
Positive train control support program	Up to 1,000,000
Trespasser prevention	Up to 3,000,000
Highway-rail grade crossing safety	Up to 3,250,000
Confidential close call reporting system	Up to 4,500,000
Grant and project development technical assistance, oversight	Up to 500,000

Intercity passenger rail competition.—The agreement modifies the direction under this heading in House Report 118-154 to allow for competitive bidding procedures at the option of eligible applicants.

Automated track inspection technologies.—Instead of the direction under this heading in House Report 118-154, the agreement directs the Department to continue to evaluate the performance of automated track inspection technology as directed in fiscal year 2023 and reminds the Department of its outstanding reporting requirement from Public Law 117-328.

Blocked crossings.—The agreement directs the FRA to continue to use the information gathered through the FRA’s website on blocked railroad crossings in order to identify the root causes of blocked crossing incidents and identify meaningful solutions to prevent future occurrences. In doing so, the agreement encourages the FRA to continue working with all stakeholders, including communities, State and local agencies, law enforcement, freight railroads, and others. Further, the agreement directs the FRA to incorporate information collected by the FRA from both the freight railroads and the FRA’s website on blocked railroad crossings into the national highway-rail crossing inventory, to the extent permissible under current law.

RAILROAD RESEARCH AND DEVELOPMENT

The agreement provides \$54,000,000 for railroad research and development, to remain available until expended. Of this amount, up to \$3,000,000 is available to make improvements at the transportation technology center as authorized under 49 U.S.C. 20108(d).

Rolling stock equipment and components [RSEC] maintenance and inspection.—The agreement includes no less than \$5,000,000 to support RSEC research to evaluate, test, and demonstrate the effectiveness and efficiency of automated inspection and maintenance equipment and procedures in order to maximize gains in rail safety. This research shall include the evaluation of existing wayside automated inspection/defect detector technologies in order to assess manufacturer performance, recommended practices, industry-developed voluntary consensus technical standards, and railroad safety data. The agreement expects this research and the subsequent safety standards to reduce the likelihood of derailments from equipment failures and foster the development of wayside and onboard technologies that can provide continuous train component health monitoring.

Alternative fuel locomotives.—The agreement provides not less than \$2,500,000 to further the research, development, testing, and demonstration of innovative technologies and solutions for low or no-emission alternative fuels for locomotives, engine improvements, and motive power technologies. The agreement directs the FRA to coordinate such ac-

tivities with the Department of Energy and the private sector in order to achieve commercial use sooner.

Short-line safety.—The agreement continues \$2,500,000 for improving safety practices and training for class II and class III freight railroads, including efforts to improve the safe transportation of hazardous materials, freight, and passenger rail. The agreement also includes an additional \$2,500,000 to acquire, modify, and renovate rail cars in order to conduct hazardous materials emergency response training.

Workforce development.—The agreement supports workforce development programs that improve railroad industry employee training, recruitment, and retention.

FEDERAL-STATE PARTNERSHIP FOR INTERCITY PASSENGER RAIL

The agreement provides \$75,000,000 for Federal-state partnership for intercity passenger rail grants as authorized under 49 U.S.C. 24911, to remain available until expended.

Regional rail planning.—The agreement directs the Secretary to exercise the authorities under 49 U.S.C. 24911(k) to withhold up to five percent of the total amounts made available to carry out planning and development activities related to the corridor identification and development program authorized under 49 U.S.C. 25101, including planning for rail systems as defined under 49 U.S.C. 26106(b)(4).

Northeast Corridor [NEC] project dashboard.—The agreement directs the Northeast Corridor Commission to make publicly available on the agency’s website a dashboard for each NEC project that receives funding under this heading that summarizes key performance indicators and associated project timelines. The dashboard for each project shall include the amount of funding awarded, steps needed to complete the project, estimated time left until completion of the project, and the amount and status of matching contributions for the project award. These dashboards should be used to support all aspects of a project from planning through post construction and can include both manual and automated systems.

CONSOLIDATED RAIL INFRASTRUCTURE AND SAFETY IMPROVEMENTS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$198,957,997 for consolidated rail infrastructure and safety improvements grants as authorized under 49 U.S.C. 22907, to remain available until expended. Of this amount, \$98,957,997 is for the purposes and amounts specified in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement.

Further, the agreement directs that the specific funding allocated in the table entitled “Community Project Funding/Congressionally Directed Spending” included in this joint explanatory statement shall not diminish or prejudice any application or geographic region to receive other discretionary grants or loans.

THE NATIONAL RAILROAD PASSENGER CORPORATION [AMTRAK]

The agreement provides a total of \$2,427,763,000 for Amtrak.

Station agents.—The agreement directs Amtrak to either provide a station agent in each Amtrak station that had a ticket agent position eliminated in fiscal year 2018 or, with respect to any given station on that list, to instead reach an agreement with the labor organization representing employees at such station to provide a station agent in a different station.

NORTHEAST CORRIDOR GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The agreement provides \$1,141,442,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the NEC.

NATIONAL NETWORK GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The agreement provides \$1,286,321,000, to remain available until expended, for the Secretary to make grants to Amtrak for activities associated with the national network.

Chicago Union Station modernization.—Chicago Union Station [CUS] is the hub for national network trains. Serving millions of long-distance, State-supported, and commuter passengers, CUS connects multiple intercity passenger rail services and transit authorities and is the busiest corridor outside of the NEC. The agreement recognizes the accessibility, safety, and capacity improvements necessary at CUS and directs \$40,000,000 for design, acquisition, and construction activities to improve the concourse and related infrastructure at CUS. Concourse and mezzanine improvements will improve safety and accessibility, expand access, and increase capacity. Project work may also include mail platform construction, dynamic signage, widening grade crossings and other passenger safety enhancements and refinements. Amtrak is directed to report to the House and Senate Committees on Appropriations within 30 days of enactment of this act on the use or planned use of such funding.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION (INCLUDING RESCISSIONS) (INCLUDING TRANSFER OF FUNDS)

Section 150 allows the FRA to transfer certain amounts made available in this and prior acts to the financial assistance oversight and technical assistance account to support the award, administration, project management oversight, and technical assistance of grants administered by the FRA, with an exception.

Section 151 limits overtime to \$35,000 per Amtrak employee, allows Amtrak's president to waive this restriction for specific employees for safety or operational efficiency reasons, and requires Amtrak to submit a report on overtime payments to the House and Senate Committees on Appropriations.

Section 152 prohibits the use of funds made available to Amtrak to reduce the total number of Amtrak police department uniformed officers patrolling on board passenger trains or at stations, facilities or rights-of-way below the staffing level on May 1, 2019.

Section 153 prohibits the use of funds made available by this act by Amtrak in contravention of the Worker Adjustment and Retraining Notification Act.

Section 154 rescinds certain unobligated balances.

Section 155 expresses the sense of Congress that long-distance passenger rail routes and services should be sustained to ensure connectivity throughout the national network.

FEDERAL TRANSIT ADMINISTRATION TRANSIT FORMULA GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION) (LIMITATION ON OBLIGATIONS) (HIGHWAY TRUST FUND)

The agreement includes a liquidation of contract authorization and a limitation on obligations from the mass transit account for transit formula grants of \$13,990,000,000, as authorized by the IJJA.

TRANSIT INFRASTRUCTURE GRANTS

The agreement provides an additional \$252,386,844 in transit infrastructure grants,

to remain available until expended. Of the funds provided, \$20,000,000 is available for ferry boats grants as authorized under 49 U.S.C. 5307(h), of which no less than \$5,000,000 is available only for low or zero emission ferries or ferries using electric battery or fuel cell components and the infrastructure to support such ferries; \$500,000 is available for technical assistance and resources to Tribes through the national rural transportation assistance program authorized under 49 U.S.C. 5311(b)(3)(C); \$1,500,000 is available for bus testing facilities as authorized under 49 U.S.C. 5318; \$206,817,976 is available for the purposes and amounts specified in the table entitled "Community Project Funding/Congressionally Directed Spending" included in this joint explanatory statement; \$20,000,000 is available for ferry service for rural communities as authorized under section 71103 of division G of Public Law 117-58; and \$3,568,868 is available for technical assistance, research, demonstration, or deployment activities or projects to accelerate the adoption of zero emission buses in public transit as authorized under 49 U.S.C. 5312.

The specific funding allocated in the table entitled "Community Project Funding/Congressionally Directed Spending" included in this joint explanatory statement shall not diminish or prejudice the application of a specific project or geographic region to receive other discretionary grants or loans.

TECHNICAL ASSISTANCE AND TRAINING

The agreement provides \$7,500,000 for technical assistance and training activities under 49 U.S.C. 5314, to remain available until September 30, 2025. The funding provided under this heading is supplemental to the funding provided under the heading "Transit Formula Grants", as authorized by the IJJA.

Small-urban, rural, and Tribal transit providers.—The agreement directs that not less than \$1,500,000 shall be for a cooperative agreement for a technical assistance center to assist small-urban, rural, and Tribal public transit recipients and planning organizations with applied innovation and capacity building.

Workforce development and standards-based training.—The agreement directs that not less than \$2,500,000 shall be for a cooperative agreement consistent with the direction in Senate Report 118-70.

CAPITAL INVESTMENT GRANTS

The agreement provides \$2,205,000,000 for fixed-guideway projects, to remain available until expended.

Of the funds provided in this act, \$2,130,950,000 is available for new starts projects, up to \$52,000,000 is available for the expedited project delivery pilot program, and \$22,050,000 is available for oversight activities consistent with 49 U.S.C. 5338(c). The agreement adjusts the set-asides of the amounts provided under this heading in division J of the IJJA in order to ensure that, when combined with amounts provided in this act and the amounts unallocated from Public Law 117-103 and Public Law 117-328, the total level of funding available will satisfy all projects that currently have executed grant agreements with the FTA and projects that met the requirements of 49 U.S.C. 5309 and are anticipating grant agreements in fiscal year 2024.

Capital investment grants [CIG] administration.—The agreement directs the FTA to continue to update the House and Senate Committees on Appropriations, monthly, on the status of projects that are in the current CIG funding pipeline. This update should include anticipated milestone schedules for advancing projects, especially those within 2 years of a proposed full funding grant agreement. It should also highlight and explain any potential cost and schedule changes affecting projects.

GRANTS TO THE WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

The agreement provides \$150,000,000 to carry out section 601 of division B of Public Law 110-432 and section 30019 of the IJJA to remain available until expended.

ADMINISTRATIVE PROVISIONS—FEDERAL TRANSIT ADMINISTRATION (INCLUDING RESCISSION) (INCLUDING TRANSFER OF FUNDS)

Section 160 exempts previously made transit obligations from limitations on obligations.

Section 161 allows funds provided in this act that remain unobligated by September 30, 2027, for fixed guideway capital investment projects to be available for projects to use the funds for the purposes for which they were originally provided.

Section 162 allows for the transfer of appropriations made prior to October 1, 2023, from older accounts to be merged into new accounts with similar current activities.

Section 163 prohibits the use of funds to adjust apportionments pursuant to 26 U.S.C. 9503(e)(4).

Section 164 prohibits the use of funds to impede or hinder project advancement or approval for any project seeking a Federal contribution from the CIG program of greater than 40 percent of project costs.

SECTION 165 RESCINDS CERTAIN AMOUNTS.

GREAT LAKES ST. LAWRENCE SEAWAY DEVELOPMENT CORPORATION OPERATIONS AND MAINTENANCE (HARBOR MAINTENANCE TRUST FUND)

The agreement provides \$40,288,000 for the operations, maintenance, and capital infrastructure activities of the Great Lakes St. Lawrence Seaway Development Corporation [GLS]. Of that amount, not less than \$16,300,000 is provided for the seaway infrastructure program. The agreement provides \$1,000,000 for trade and economic development activities at the GLS, to be carried out in conjunction with system stakeholders.

MARITIME ADMINISTRATION MARITIME SECURITY PROGRAM (INCLUDING RESCISSION)

The agreement provides \$318,000,000 for the maritime security program, to remain available until expended, and rescinds \$17,000,000 in unobligated amounts made available in prior fiscal years.

CABLE SECURITY FLEET

The agreement provides \$10,000,000 for the cable security fleet program, to remain available until expended.

TANKER SECURITY PROGRAM (INCLUDING RESCISSION)

The agreement provides \$60,000,000 for the tanker security fleet program, to remain available until expended, and rescinds \$21,000,000 in unobligated amounts made available in prior fiscal years.

OPERATIONS AND TRAINING

The agreement provides \$267,775,000 for the Maritime Administration's [MARAD] operations and training account. The following table provides funding levels for activities within this account:

United States Merchant Marine Academy [USMMA] operations	\$92,729,000
USMMA facilities maintenance and repair, and equipment	22,000,000
USMMA capital improvement program	70,000,000
Maritime environmental and technical assistance program	7,500,000
United States marine highway program	5,000,000
MARAD headquarters operations	70,546,000

National defense reserve fleet [NDRF] recapitalization.—The agreement provides funding in Section 171 for the Secretary of Transportation to complete vessel designs for the purpose of constructing 10 sealift vessels for the

NDRF. MARAD shall assume the eventual construction of such vessels will be through the use of a vessel construction manager.

USMMA capital improvements.—The agreement does not require a comprehensive master plan as requested in House Report 118-154. The agreement reaffirms the requirement of the USMMA, MARAD, and the Department to continue to provide quarterly briefings to the House and Senate Committees on Appropriations on the status of all short- and long-term capital improvement plan [CIP] projects and provide an annual report on all CIP projects in the same manner and context as in previous fiscal years. The agreement directs the Department to consider using design-build contracts in order to expedite the renovation of academic facilities and related pier infrastructure.

USMMA student safety and support.—The agreement provides \$92,729,000 for the USMMA operations which includes the adjustment to base and \$1,500,000 for activities proposed in the budget request for the implementation of the National Academy of Public Administration [NAPA] study recommendations.

Sexual assault and sexual harassment at USMMA.—The agreement reiterates the requirement in the fiscal year 2023 joint explanatory statement for the MARAD to report quarterly in writing on the ways in which it is conducting outreach and engagement in order to improve every mariner builds a respectful culture [EMBARC] program carrier enrollment. This requirement can also be satisfied in the quarterly USMMA CIP/maintenance and repair activities briefings to Congress.

NAPA tracking.—The agreement acknowledges the Department's submission of the initial report on the implementation of the 2021 NAPA USMMA recommendations, as required by Public Law 117-263, in September 2023. As a result, the briefing requirement in Senate Report 118-70 under this heading is modified to be provided to the appropriate congressional committees upon submission of the next NAPA recommendation implementation report.

STATE MARITIME ACADEMY OPERATIONS

The agreement provides \$125,788,000 for State maritime academy [SMA] operations. The following table provides funding levels for activities within this account:

Training ships	\$22,000,000
National security multi-mission vessel program	86,588,000
Student incentive program	2,400,000
Fuel assistance payments	8,800,000
Direct payments for SMAs	6,000,000

National security multi-mission vessel [NSMV] program.—The agreement includes resources for steel cost increases, SMA shore-side infrastructure improvements to support the berthing and operation of the NSMVs, and the budget request for operations and integration, as well as shore spares to support the vessel class. The agreement reaffirms that all NSMV program requirements included under this heading in Senate Report 118-70 apply to these funds.

ASSISTANCE TO SMALL SHIPYARDS

The agreement provides \$8,750,000 for the small shipyard grant program, to remain available until expended.

SHIP DISPOSAL

(INCLUDING RESCISSION)

The agreement provides \$6,000,000 for the ship disposal program, to remain available until expended, and rescinds \$3,664,000 in unobligated amounts made available in prior fiscal years.

MARITIME GUARANTEED LOAN (TITLE XI) PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$3,000,000 for the administrative expenses of the Title XI program and directs that these funds be transferred to the MARAD's operations and training account. The agreement also provides \$50,586,000 for loan subsidy, to remain available until expended.

PORT INFRASTRUCTURE DEVELOPMENT PROGRAM

The agreement provides \$120,460,124 for the port infrastructure development program, to remain available until expended. Of the total amount, the agreement provides \$70,460,124 for the purposes and amounts specified in the table entitled "Community Project Funding/Congressionally Directed Spending" included in this joint explanatory statement.

ADMINISTRATIVE PROVISIONS—MARITIME ADMINISTRATION

Section 170 authorizes the MARAD to furnish utilities and services and to make necessary repairs in connection with any lease, contract, or occupancy involving government property under control of the MARAD and allows payments received to be credited to the Treasury and to remain available until expended.

Section 171 provides \$12,000,000 for the Secretary of Transportation to complete vessel designs for the purpose of constructing 10 sealift vessels for the NDRF.

PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION OPERATIONAL EXPENSES

The agreement provides \$31,681,000 for the necessary operational expenses of the Pipeline and Hazardous Materials Safety Administration [PHMSA], of which \$4,500,000 shall remain available until September 30, 2026.

HAZARDOUS MATERIALS SAFETY

The agreement provides \$74,556,000 for the PHMSA's hazardous materials safety functions, of which \$12,070,000 shall remain available until September 30, 2026.

The agreement specifies that \$1,000,000 shall be for community safety grants as authorized by 49 U.S.C. 5107(i), and up to \$2,500,000 shall be for the State hazardous materials safety inspection program. The funding level provides no less than \$5,070,000 for the PHMSA's hazardous materials research and development program, including for research activities related to the development of stronger, safer tank cars and valves for tank cars, and other safety features.

PIPELINE SAFETY

(PIPELINE SAFETY FUND) (OIL SPILL LIABILITY TRUST FUND)

The agreement provides \$218,186,000 for the PHMSA's pipeline safety program, to remain available until September 30, 2026. Of that amount, \$30,000,000 is derived from the oil spill liability trust fund, \$180,786,000 is derived from the pipeline safety fund, \$400,000 is derived from fees collected under 49 U.S.C. 60303 and deposited in the liquefied natural gas siting account, and \$7,000,000 is derived from fees collected under 49 U.S.C. 60302 and deposited in the underground natural gas storage facility safety account.

The agreement provides the following levels for specific activities within this account:

Research and development	\$12,500,000
Grants	up to 89,558,000
Operations	not less than 92,165,000
Programs	not less than 23,963,000

Pipeline leak prevention technology.—The agreement includes \$1,000,000 of the amounts provided for research and development for a pilot program to test and validate existing pipeline leak prevention and mitigation technologies, including technologies that can be installed around existing oil, gas, carbon dioxide, and hazardous liquid pipes or installed with new pipelines to help protect high consequence areas and unusually sensitive areas. The agreement directs the PHMSA to provide a status of the pilot program to the House and Senate Committees on Appropriations within 180 days of enactment of this act.

Staffing and hiring plans.—The agreement provides not less than \$92,165,000 for operations, including salaries and benefits, and for authorized activities. The agreement includes the reporting requirement included under this paragraph heading in House Report 118-154.

EMERGENCY PREPAREDNESS GRANTS

(LIMITATION ON OBLIGATIONS)

(EMERGENCY PREPAREDNESS FUND)

The agreement provides an obligation limitation of \$46,825,000 for emergency preparedness grants, to remain available until September 30, 2026.

The agreement directs the PHMSA to utilize carryover from accumulated prior year balances. The agreement encourages the PHMSA to ensure that small businesses are not disproportionately affected by any reasonable, limited fee changes.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The agreement provides \$116,452,000 for the salaries and expenses of the Office of Inspector General.

GENERAL PROVISIONS—DEPARTMENT OF TRANSPORTATION

Section 180 provides authorization for the DOT to maintain and operate aircraft, hire passenger motor vehicles and aircraft, purchase liability insurance, pay for uniforms, and purchase and operate unmanned aircraft systems.

Section 181 limits appropriations for services authorized by 5 U.S.C. 3109 up to the rate permitted for an executive level IV.

Section 182 prohibits recipients of funds in this act from disseminating personal information obtained by State departments of motor vehicles in connection to motor vehicle records with an exception.

Section 183 prohibits funds in this act for salaries and expenses of more than 125 political and presidential appointees in the DOT.

Section 184 stipulates that revenue collected by the FHWA and the FRA from States, counties, municipalities, other public authorities, and private sources for training may be credited to specific accounts within the agencies, with an exception for State rail safety inspectors participating in training.

Section 185 prohibits the DOT from using funds to make a loan, loan guarantee, line of credit, letter of intent, federally funded cooperative agreement, full funding grant agreement, or discretionary grant unless the DOT gives a 3-day advance notice to the House and Senate Committees on Appropriations. The provision requires the DOT to provide a comprehensive list of all such loans, loan guarantees, lines of credit, letters of intent, federally funded cooperative agreements, full funding grant agreements, and discretionary grants that will be announced with a 3-day advance notice to the House and Senate Committees on Appropriations. The provision also requires concurrent notice of any "quick release" of funds from the FHWA's emergency relief program and prohibits notifications from involving funds not available for obligation.

Section 186 allows funds received from rebates, refunds, and similar sources to be credited to appropriations of the DOT.

Section 187 requires reprogramming actions to be approved or denied by the House and Senate Committees on Appropriations, and reprogramming notifications shall be transmitted solely to the Appropriations Committees.

Section 188 allows funds appropriated to operating administrations to be obligated for the Office of the Secretary for costs related to assessments only when such funds provide a direct benefit to the operating administrations.

Section 189 authorizes the Secretary to carry out a program that establishes uniform standards for developing and supporting agency transit pass and transit benefits, including distribution of transit benefits.

Section 190 allows the use of funds to assist a contract utilizing geographic, economic, or other hiring preference not otherwise authorized by law, only if certain requirements are met related to availability of local labor, displacement of existing employees, and delays in transportation plans.

Section 191 directs the Secretary of Transportation to work with the Secretary of Homeland Security to ensure that best practices for industrial control systems procurement are up to date and that systems procured with funds provided under this title were procured using such practices.

Section 192 prohibits funds from being used in contravention of the American Security Drone Act of 2023.

TITLE II

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

MANAGEMENT AND ADMINISTRATION

Reorganizations and staffing realignments.—

The agreement approves the following proposed reorganizations described in the fiscal year 2024 congressional budget justification and subsequent information provided by the Department: the Office of the Chief Information Officer; the Office of Departmental Equal Employment Opportunity [ODEEO]; the Office of Chief Financial Officer [OCFO]; the Office of the General Counsel; and the Office of Housing, except for the proposals described in the congressional budget justification on page 46-5 under Office of Multifamily Housing, only the Asset Management and Portfolio Oversight proposal is approved. The agreement does not provide resources for additional personnel positions requested for the ODEEO or OCFO Office of Strategic Planning and Customer Experience reorganizations and directs those offices to manage within current levels. The agreement directs that as part of the Assistant CFO for Financial Management reorganization within the OCFO, the Department ensure office names are consistent with their purpose and function. The agreement does not approve the proposed realignment of the Office of Gender-Based Violence Prevention, the creation of the Office of Fair Lending, or the proposed creation of the Office of the National Fair Housing Training Academy, but other proposed reorganizations described on page 48-9 of the congressional budget justification are approved. The agreement also does not approve the creation of a separate Office of Resident Services within the Office of Public and Indian Housing; the proposed reorganization of the Office of Special Needs Assistance Programs [SNAPS] within the Office of Community Planning and Development; or the consolidation of the Office of Administration, the Office of the Chief Human Capital Officer, and the Office of the Chief Procurement Officer into a single funding line. Finally, the agreement does not approve any

other realignments or reorganizations for fiscal year 2024 not expressly approved within this paragraph.

Pending reports.—In the report on the status of pending congressional reports submitted to the House and Senate Committees on Appropriations on May 16, 2023, the Department proposed to combine overlapping reports, replace certain reports with briefings, and close reporting requirements that have been overcome by events. The agreement approves all such changes, except those on lines 332, 337, 395, 396, 397, 472, 504, 507, 509, 516, 517, 531, 547, 559, 618, 632, 646, 655, 662, and 668. The agreement directs that the aforementioned reports be retained.

EXECUTIVE OFFICES

The agreement includes \$19,400,000 for the salaries and expenses for executive offices, available until September 30, 2025. The agreement does not approve a realignment of funding for information technology end-user devices and wireless support from the information technology fund to the salaries and expenses accounts.

Of the amounts provided, not less than \$600,000 shall be allocated to the Office of Gender-Based Violence Prevention to support the Director and three staff positions. Continued failure to establish this office as directed by Congress is unacceptable, and HUD shall implement this legislative requirement within 90 days of enactment of this act.

ADMINISTRATIVE SUPPORT OFFICES

The agreement provides \$686,400,000 for the salaries and expenses for administrative support offices, available until September 30, 2025. The agreement does not approve a realignment of funding for information technology end-user devices and wireless support from the information technology fund to the salaries and expenses accounts.

Of the amounts provided for the Office of Administration, not less than \$3,500,000 shall be for the modernization and deferred maintenance of the Weaver Building.

The following table provides funding levels for activities within this account:

Table with 2 columns: Office name and Amount. Includes Office of the Chief Financial Officer (\$91,000,000), Office of the General Counsel (129,700,000), Office of Administration (239,000,000), Office of the Chief Human Capital Officer (52,000,000), Office of the Chief Procurement Officer (32,000,000), Office of Field Policy and Management (68,000,000), Office of Departmental Equal Employment Opportunity (4,700,000), Office of the Chief Information Officer (70,000,000), and Total (686,400,000).

Hiring and separation report.—The agreement continues to direct HUD to submit semiannual reports on hiring and separations by program office, including the Office of Inspector General and the Government National Mortgage Association. This report shall include position titles, location for FTP positions, associated FTEs, total number of unfilled FTEs, and the length of time each individual FTE has been unfilled. The report shall also include a trend analysis on staffing levels in field offices versus headquarters.

PROGRAM OFFICES

The agreement provides \$1,097,164,130 for the salaries and expenses for program offices, available until September 30, 2025. The agreement does not approve a realignment of funding for information technology end-user devices and wireless support from the information technology fund to the salaries and expenses accounts.

The following table provides funding levels for activities within this account:

Table with 2 columns: Office name and Amount. Includes Office of Public and Indian Housing (\$286,000,000).

Table with 2 columns: Office name and Amount. Includes Office of Community Planning and Development (168,514,130), Office of Housing (487,550,000), Office of Policy Development and Research (41,000,000), Office of Fair Housing and Equal Opportunity (102,900,000), Office of Lead Hazard Control and Healthy Homes (11,200,000), and Total (1,097,164,130).

Office of Housing.—The agreement does not include the additional funding, authority, or directive related to participating administrative entities included under this heading in Senate Report 118-70.

WORKING CAPITAL FUND

(INCLUDING TRANSFER OF FUNDS)

For the working capital fund, the agreement permits only centralized activities and funds from this account to include Federal shared services for financial management, procurement, travel, relocation, and human resources; printing; records management (including archiving services); space renovation; furniture; and supply services. The agreement does not approve a realignment of funding for information technology end-user devices and wireless support from the information technology fund to the salaries and expenses accounts.

PUBLIC AND INDIAN HOUSING

TENANT-BASED RENTAL ASSISTANCE

The agreement provides a combined total of \$32,386,831,000, to remain available until expended, for all tenant-based section 8 activities, of which \$6,000,000,000 is designated as an emergency requirement.

The following table provides funding levels for activities funded within this account.

Table with 2 columns: Activity name and Amount. Includes Voucher renewals (\$28,490,955,000), Administrative fees (2,770,935,000), Tenant protection vouchers (337,000,000), Section 811 mainstream vouchers (742,941,000), Incremental HUD-VASH vouchers (15,000,000), Incremental family unification vouchers (30,000,000), and Total (32,386,831,000).

Pilot demonstration on tenant leasing.—The agreement does not include the authority for a pilot demonstration to use housing assistance payments for tenant leasing expenses such as security and utility deposits. As included in Senate Report 118-70, the Department is directed to brief the House and Senate Committees on Appropriations not less than annually on the utilization of administrative fees for such purposes to improve voucher utilization.

HOUSING CERTIFICATE FUND

(INCLUDING RESCISSIONS)

The agreement allows unobligated balances in the housing certificate fund to be used for the renewal of or amendments to section 8 project-based contracts and for performance-based contract administrators.

PUBLIC HOUSING FUND

The agreement provides \$8,810,784,000 for the public housing fund to remain available until September 30, 2027.

Within the total, the agreement provides \$5,475,784,000 for the public housing operating formula for 2024 payments (including amounts for resident participation pursuant to 24 CFR Part 990); \$25,000,000 for need-based allocations to public housing agencies [PHAs] that experience or are at risk of financial shortfalls; \$3,200,000,000 for allocations to PHAs through the capital fund formula; \$30,000,000 for emergency capital needs, of which not less than \$10,000,000 is for safety and security measures; \$65,000,000 for competitive grants to public housing agencies to evaluate and reduce residential health hazards, including lead-based paint, carbon monoxide, mold, radon, and fire safety, of which \$25,000,000 is specifically for lead hazards; and \$15,000,000 for administrative and judicial receiverships.

ASSISTED HOUSING INSPECTIONS AND RISK ASSESSMENTS

The agreement provides \$50,000,000 for the Department’s inspection and assessment programs, to remain available until September 30, 2025.

CHOICE NEIGHBORHOODS INITIATIVE

The agreement provides \$75,000,000 for the choice neighborhoods initiative, to remain available until September 30, 2028. Of this amount, not less than \$37,500,000 shall be made available to PHAs and not more than \$10,000,000 is available for planning grants.

SELF-SUFFICIENCY PROGRAMS

The agreement provides \$195,500,000 for self-sufficiency programs, to remain available until September 30, 2027. Of the total, \$140,500,000 is for the family self-sufficiency program, \$40,000,000 is for the resident opportunity and self-sufficiency program, and \$15,000,000 is for the jobs-plus initiative [JPI]. The agreement does not provide authority related to the payment of JPI financial and rent incentives from housing assistance source accounts.

NATIVE AMERICAN PROGRAMS

The agreement provides \$1,344,000,000 for Native American programs, to remain available until September 30, 2028. The agreement provides \$1,111,000,000 for the Native American housing block grant program; \$150,000,000 for the competitive Native American housing block grant program; \$1,000,000 for the title VI loan guarantee program; \$75,000,000 for the Indian community development block grant program; and \$7,000,000 for training and technical assistance.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The agreement provides \$1,500,000 for the cost of guaranteed loans, to remain available until expended. The agreement allows HUD to use funds in this and prior acts for the cost of guaranteed loans that are unobligated to subsidize a total loan level of not more than \$1,800,000,000 to remain available until September 30, 2025.

NATIVE HAWAIIAN HOUSING BLOCK GRANT

The agreement provides \$22,300,000 for the Native Hawaiian housing block grant program, to remain available until September 30, 2028.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The agreement provides not more than \$28,000,000 in loan guarantee commitment authority, including the authority to guarantee refinance loans, to remain available until September 30, 2025.

COMMUNITY PLANNING AND DEVELOPMENT HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

The agreement provides \$505,000,000 for the housing opportunities for persons with AIDS [HOPWA] program, to remain available until September 30, 2027.

COMMUNITY DEVELOPMENT FUND

The agreement provides \$6,720,054,336 for the community development fund, to remain available until September 30, 2027. Of the total, the agreement provides \$3,300,000,000 in community development block grant [CDBG] formula funding, \$30,000,000 for activities authorized under section 8071 of the SUPPORT for Patients and Communities Act, \$100,000,000 for grants to reduce barriers to affordable housing development, and \$3,290,054,336 for economic development initiatives [EDIs].

EDIs.—The agreement directs HUD to provide funding for the projects listed in the table entitled “Community Project Funding/ Congressionally Directed Spending” at the

end of this joint explanatory statement in the corresponding amounts. The agreement further directs HUD to provide semi-annual briefings to the House and Senate Committees on Appropriations on the implementation of EDIs and the Department’s oversight of projects. The agreement directs HUD to provide regular written updates of technical changes to projects that require congressional approval. Finally, the agreement notes that HUD’s communication and assistance to grantees has, at times, been slow and inconsistent. The agreement directs HUD to prioritize timely outreach and responses to EDI grantees to ensure successful execution of grants.

COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

The agreement provides the authority to collect fees from borrowers adequate to result in a subsidy cost of zero and an aggregate limitation on commitments of no more than \$400,000,000 for loan guarantees under section 108. Instead of the request made in House Report 118-154 under this heading, the agreement directs HUD to provide an update to the House and Senate Committees on Appropriations regarding the demand of the loan program no sooner than 180 days but no later than 270 days after enactment of this act.

HOME INVESTMENT PARTNERSHIPS PROGRAM

The agreement provides \$1,250,000,000, to remain available until September 30, 2027, for the HOME investment partnerships program.

PRESERVATION AND REINVESTMENT INITIATIVE FOR COMMUNITY ENHANCEMENT

The agreement provides \$10,000,000 for the preservation and reinvestment initiative for community enhancement [PRICE] program, to remain available until September 30, 2028.

PRICE program implementation.—The agreement includes the directive in House Report 118-154 under this heading, except that HUD must provide the update to the House and Senate Committees on Appropriations no later than 30 days after enactment of this act.

SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

The agreement provides \$60,000,000, to remain available until September 30, 2026. The agreement provides the following funding levels for specific activities within this account:

Self-help homeownership opportunity program	\$12,000,000
Section 4 program	42,000,000
<i>[Rural capacity building activities]</i>	<i>[not less than 5,000,000]</i>
National rural capacity building	6,000,000
Total	60,000,000

Capacity building to address the needs of Tribal communities.—The agreement directs HUD to ensure that section 4 grantees collectively invest not less than \$1,000,000 in targeted capacity building activities to benefit Native Hawaiian, American Indian, and Alaska Native communities and populations in areas including, but not limited to, rural areas. This minimum investment is separate from the required investment for rural capacity building activities of not less than \$5,000,000.

HOMELESS ASSISTANCE GRANTS

The agreement provides \$4,051,000,000, to remain available until September 30, 2026, for homeless assistance grants. Funding is provided in the amounts shown in the following table:

Emergency solutions grants	\$290,000,000
Continuum of care [CoC] and rural housing stability assistance	3,544,000,000
<i>[Projects to assist survivors of domestic violence, dating violence, sexual assault, or stalking]</i>	<i>[52,000,000]</i>

<i>[Supportive service line items to address COLA]</i>	<i>[25,000,000]</i>
<i>[Technical assistance]</i>	<i>[not less than 20,000,000]</i>
National homeless data analysis project	10,000,000
Comprehensive approach to serving homeless youth	107,000,000
<i>[Youth homelessness system improvement grants]</i>	<i>[not less than 25,000,000]</i>
<i>[Technical assistance]</i>	<i>[up to 10,000,000]</i>
One-time award for new construction, acquisition, or rehabilitation of new permanent supportive housing	100,000,000
<i>[Awards for States with populations less than 2,500,000]</i>	<i>[not less than 35,000,000]</i>
Total	4,051,000,000

Improving access to healthcare and services.—

Within the amounts provided for technical assistance, the agreement provides \$2,500,000 to support efforts between HUD and the Department of Health and Human Services to provide direct technical assistance to communities leveraging programs, such as Medicaid, to cover and provide housing-related supportive services and behavioral healthcare. The agreement also includes \$25,000,000 within the CoC program for supportive service line items to address reasonable cost of living adjustments.

Renewal of projects for specific populations.—

The agreement notes that when the House and Senate Committees on Appropriations fund new projects for specific subpopulations within this account (e.g., homeless youth or survivors of domestic violence, dating violence, sexual assault or stalking) it is the Committees’ expectation that renewal funding for such projects be used to continue serving the specified subpopulation. The agreement directs HUD to immediately consult with CoCs, youth action boards, and other relevant stakeholders on appropriate conditions that should be met before funds may be reallocated to either a different subpopulation or the overall homeless population, and to brief the House and Senate Committees on Appropriations on such consultations within 30 days of enactment of this act.

HOUSING PROGRAMS

PROJECT-BASED RENTAL ASSISTANCE

The agreement provides a combined total of \$16,010,000,000, to remain available until expended, for project-based rental assistance [PBRA] activities, of which \$2,000,000,000 is designated as an emergency requirement. Of the total, not more than \$468,000,000 is for performance-based contract administrators [PBCAs], which, in addition to unobligated balances available in the housing certificate fund, will be sufficient to support PBCAs. The agreement does not include additional funding for HUD to provide budget-based rent adjustments to PBRA contracts that have been renewed through the mark-to-market program.

Performance-based contract administrators.—

The agreement prohibits HUD from issuing a solicitation or accepting bids on any solicitation that is substantially equivalent to the draft solicitation entitled “Housing Assistance Payments (HAP) Contract Support Services (HAPSS)” issued by HUD on July 27, 2022. The agreement directs HUD to ensure that any future funding arrangements for PBCAs do not impede housing finance agencies or PHAs from competing on a state-basis. Should HUD determine that a subsequent draft solicitation that is not substantially equivalent to the July 27, 2022 draft solicitation is not feasible, the agreement directs HUD to include a legislative proposal as part of the fiscal year 2025 budget request with detailed analysis for why such changes are needed in order to avoid a disruption in PBRA activities. If HUD determines that a

legislative proposal is necessary, HUD is directed to work with relevant stakeholders to ensure any potential legislative proposal results in effective and efficient oversight and monitoring of the PBRA program, quality services offered to property owners in each state, and maintains safe, stable, and affordable housing for the over 1,300,000 households living in PBRA properties across the country. The agreement recognizes that HUD faces a complicated task of developing new PBRA arrangements before the existing agreements expire and expects the Department to liaise with the House and Senate Committees on Appropriations, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs on any necessary changes.

HOUSING FOR THE ELDERLY

The agreement provides \$913,000,000 for the section 202 program, to remain available until September 30, 2027, of which up to \$112,000,000 shall be for service coordinators and the continuation of existing congregate service grants. This amount fully funds all annual project-based rental assistance contract renewals and amendments.

HOUSING FOR PERSONS WITH DISABILITIES

The agreement provides \$208,000,000 for the section 811 program, to remain available until September 30, 2027.

HOUSING COUNSELING ASSISTANCE

The agreement provides \$57,500,000 for housing counseling, including up to \$4,500,000 for administrative contract services, to remain available until September 30, 2025.

The agreement modifies direction in Senate Report 118-70 regarding the timing of grant obligations and instead directs the Department to expeditiously obligate the comprehensive housing counseling grants and notify the House and Senate Committees on Appropriations if such obligations are not made within 180 days of enactment of this act.

PAYMENT TO MANUFACTURED HOUSING FEES TRUST FUND

The agreement provides \$14,000,000 for the manufactured housing standards programs, to remain available until expended, of which \$14,000,000 is to be derived from fees collected and deposited in the manufactured housing fees trust fund.

FEDERAL HOUSING ADMINISTRATION

MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

The agreement sets a limit of up to \$400,000,000,000 on commitments to guarantee single-family loans and provides \$150,000,000 for administrative contract expenses, which shall be available until September 30, 2025.

Increasing affordable housing supply.—The agreement includes the directives under this heading in Senate Report 118-70 and requires the Federal Housing Administration [FHA] to also take into consideration State and local laws in its legislative proposals. The legislative proposals and briefings shall be provided to the House and Senate Committees on Appropriations, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs.

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

The agreement sets a limit of up to \$35,000,000,000 on multifamily and specialized loan guarantees and provides that such commitment authority shall be available until September 30, 2025.

Multifamily loan program.—The agreement directs the Department to brief the House and Senate Committees on Appropriations within 180 days of enactment of this act on actions taken by the Department to respond

to market conditions and increase volume of FHA multifamily lending for new construction and rehabilitation loans.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

GUARANTEES OF MORTGAGE-BACKED SECURITIES LOAN GUARANTEE PROGRAM ACCOUNT

The agreement sets a limit of up to \$550,000,000,000 for new commitments and provides \$54,000,000 for salaries and expenses for the Government National Mortgage Association, which shall be available until September 30, 2025.

Non-personnel expenses.—The agreement notes the important role the Government National Mortgage Association [GNMA] plays in the U.S. mortgage market and global economy and the resources needed to support this work, particularly during times of budgetary uncertainties. However, the agreement notes its expressed concern about the GNMA's understanding of its resource needs as operational changes emerge. The agreement directs the GNMA to continue to consult and confer with the appropriations attorneys in the OCFO and to refer all appropriations law issues to such attorneys within the OCFO. These appropriations law staff routinely provide prompt, accurate, and reliable information on various appropriations law matters, including training HUD staff in funds control procedures and directives, as required by section 215 of this act. The agreement reiterates that all communications regarding budget and appropriations issues should be conducted through proper official channels, consistent with the Office of Management and Budget guidance and 18 U.S.C. 1913. The agreement also directs the GNMA to submit quarterly reports to the House and Senate Committees on Appropriations on the status of all non-personnel expenses, including travel, training, conferences, contracts and supplies, and how it is using carryover balances of contingent spending authority from offsetting collections.

POLICY DEVELOPMENT AND RESEARCH

RESEARCH AND TECHNOLOGY

The agreement provides \$119,000,000 for research and technology activities and technical assistance, to remain available until September 30, 2025, and an additional \$20,000,000 for competitive grants to non-profit or governmental entities to provide legal assistance to eligible low-income tenants at risk of or subject to eviction, to remain available until September 30, 2026. Funding is provided in the amounts shown in the following table:

Core research and technology	No less than \$70,000,000
<i>[Cooperative agreements and research partnerships with minority-serving institutions]</i>	<i>[10,000,000]</i>
Legal assistance to low-income tenants at risk of or subject to eviction	\$20,000,000
Research, evaluations, and demonstrations	Up to 7,000,000
Technical assistance	Up to 42,000,000
<i>[Manufactured housing communities]</i>	<i>[up to 2,500,000]</i>
Total	139,000,000

Core research and technology.—The agreement provides not less than \$70,000,000 for the core research and technology programs, including market surveys, research support and dissemination, data acquisition, housing finance studies, research partnerships, and housing technology, of which \$10,000,000 is for cooperative agreements and research partnerships with historically Black colleges and universities, Tribal colleges and universities, Hispanic serving institutions, and Alaska Native and Native Hawaiian serving institutions.

Research, evaluation, and demonstration.—The agreement provides up to \$7,000,000 for

new and continuing studies and demonstration evaluations, including Moving to Work [MTW] expansion, Native American housing block grants competitive program evaluation, and missing middle financing.

Technical assistance.—The agreement provides up to \$42,000,000 for technical assistance. The agreement further directs the Department to continue to use funds included in fiscal years 2022 and 2023 for training and technical assistance to support implementation of the Violence Against Women Act and to coordinate with entities whose primary purpose and expertise is in assisting survivors of sexual assault, domestic violence, dating violence, and/or stalking. The agreement further directs that up to \$2,500,000 shall be available on a competitive basis to non-profit organizations to provide technical assistance to resident-owned manufactured housing communities, owners and residents of manufactured housing and communities, and units of general local government or States that have manufactured housing in their community or are looking to expand manufactured housing opportunities.

FAIR HOUSING AND EQUAL OPPORTUNITY

FAIR HOUSING ACTIVITIES

The agreement provides \$86,355,000 for fair housing activities, to remain available until September 30, 2025. This includes \$26,000,000 for the fair housing assistance program, \$56,000,000 for the fair housing initiatives program [FHIP], \$1,355,000 for the limited English proficiency initiative, and \$3,000,000 for the national fair housing training academy. Of the funds available for FHIP, not less than \$10,400,000 is for education and outreach programs, and not less than \$3,700,000 is for fair housing organization initiatives.

OFFICE OF LEAD HAZARD CONTROL AND HEALTHY HOMES

LEAD HAZARD REDUCTION

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$345,000,000 for lead hazard control and healthy homes programs, to remain available until September 30, 2026. Of that amount, \$49,400,000 shall be derived from unobligated balances from prior year appropriations for the lead risk assessment demonstration, which has concluded.

The following table provides funding levels for activities within this account:

Lead hazard reduction grants	\$200,000,000
<i>[Areas with the highest lead-based paint abatement needs]</i>	<i>[105,000,000]</i>
Healthy homes initiative	140,000,000
<i>[Weatherization cooperation demonstration]</i>	<i>[5,000,000]</i>
<i>[Aging-in-place home modification grants]</i>	<i>[30,000,000]</i>
Healthy homes technical studies	3,000,000
Radon testing and mitigation demonstration	2,000,000
Total	345,000,000

New financing mechanism pilot.—The agreement does not fund the pilot or include related directives under this heading in House Report 118-154.

Improving the lead grant application process.—The agreement directs HUD to continue to conduct outreach and improve its NOFOs to encourage more grantees to apply, especially those that may not have access to professional grant writers, such as smaller and more rural communities. Additionally, HUD shall continue to clearly state in its NOFOs that an application may include nonprofit co-applicants, provided that an eligible city, county/parish, other unit of local government, or eligible State or Tribe are identified as the lead or co-applicant. Non-profit co-applicants may include community development financial institutions that are positioned to accelerate the pace at which low-income homeowners and rental property owners can address lead paint hazards in high-risk communities.

Lead risk assessment.—The agreement directs the Offices of Lead Hazard Control and Healthy Homes and Public and Indian Housing to jointly engage with PHAs and other stakeholders to assess why so few applications were submitted for the lead risk assessment demonstration and brief the House and Senate Committees on Appropriations on the findings of this engagement no later than 270 days after the enactment of this act.

INFORMATION TECHNOLOGY FUND

The agreement provides \$383,050,000 for the information technology fund, to remain available until September 30, 2026, of which up to \$23,950,000 is available for development, modernization, and enhancement [DME] projects. The agreement includes an increase of \$8,300,000 for cybersecurity as requested but does not approve a realignment of funding for information technology end-user devices and wireless support from the information technology fund to the salaries and expenses accounts.

The following table provides allocations of funds to continue existing DME projects, which are subject to section 405 of this act:

Table with 2 columns: Item description and Amount. Items include Electronic special needs assistance (\$5,000,000), Public and Indian Housing modernization (1,102,000), Line of credit control system/Treasury Administrative Resource Center Oracle Federal financials financial interface modernization (3,000,000), FHA modernization (3,000,000), Enterprise identity credential access management, zero trust & trusted Internet connection (11,848,000).

Quarterly briefings.—The agreement does not require HUD to submit information technology performance plans as directed under this heading in House Report 118-154. Instead, the agreement directs HUD to provide sufficient detail on DME projects in its congressional justifications and to provide quarterly briefings on information technology modernization efforts as directed under this heading in Senate Report 118-70. The briefings shall also summarize the status, cost, and plan for all modernization projects.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$152,924,000 for the salaries and expenses of the Office of Inspector General.

GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

Section 201 splits overpayments evenly between the Treasury and State housing finance agencies.

Section 202 prohibits funds from being used to investigate or prosecute lawful activities under the Fair Housing Act.

Section 203 requires any grant or cooperative agreement to be made on a competitive basis, unless otherwise provided, in accordance with section 102 of the Department of Housing and Urban Development Reform Act of 1989.

Section 204 relates to the availability of funds for services and facilities for government-sponsored enterprises and others subject to the Government Corporation Control Act and the Housing Act.

Section 205 prohibits the use of funds in excess of the budget estimates, unless provided otherwise.

Section 206 relates to the expenditure of funds for corporations and agencies subject to the Government Corporation Control Act.

Section 207 requires the Secretary to provide quarterly reports on uncommitted, unobligated, recaptured, and excess funds in each departmental program and activity.

Section 208 exempts the Government National Mortgage Association from certain requirements of the Federal Credit Reform Act of 1990.

Section 209 authorizes HUD to transfer debt and use agreements from an obsolete project to a viable project, provided that no additional costs are incurred and other conditions are met.

Section 210 sets forth certain requirements for section 8 eligibility and includes consideration for persons with disabilities.

Section 211 distributes Native American housing block grants to the same Native Alaskan recipients as in fiscal year 2005.

Section 212 instructs HUD on managing and disposing of any multifamily property that is owned or held by HUD.

Section 213 allows PHAs that own and operate 400 or fewer units of public housing to be exempt from asset management requirements.

Section 214 restricts the Secretary from imposing any requirements or guidelines relating to asset management that restrict or limit the use of capital funds for central office costs, up to the limits established in law.

Section 215 requires that no employee of the Department be designated as an allotment holder unless the CFO determines that such employee has received certain training.

Section 216 requires the Secretary to notify the public of NOFOs for competitively awarded funds and establishes how such notification may occur.

Section 217 requires attorney fees for programmatic litigation to be paid from the individual program office and the Office of General Counsel salaries and expenses appropriations.

Section 218 allows the Secretary to transfer up to 10 percent of funds or \$5,000,000, whichever is less, appropriated under the headings "Administrative Support Offices" or "Program Offices" to any other office funded under such headings.

Section 219 requires HUD to take certain actions against owners receiving rental subsidies that do not maintain safe properties.

Section 220 places a salary and bonus limit on public housing agency officials and employees.

Section 221 requires the Secretary to notify the House and Senate Committees on Appropriations at least 3 full business days before grant awards are announced, and requires such notification to include State and congressional district information.

Section 222 prohibits funds for HUD financing of mortgages for properties that have been subject to eminent domain.

Section 223 prohibits the use of funds to terminate the status of a unit of general local government as a metropolitan city with respect to grants under section 106 of the Housing and Community Development Act of 1974.

Section 224 allows funding for research, evaluation, and statistical purposes that is unexpended at the time of completion of the contract, grant, or cooperative agreement to be re-obligated for additional research.

Section 225 prohibits funds for financial awards for employees subject to administrative discipline.

Section 226 allows program income as an eligible match for 2015 through 2024 continuum of care funds.

Section 227 permits HUD to provide one year transition grants under the continuum of care program.

Section 228 maintains current promise zone designations and agreements.

Section 229 addresses the establishment of reserves for public housing agencies designated as MTW agencies.

Section 230 prohibits funds from being used to make certain eligibility limitations as part of a notice of funding opportunity for competitive grant awards under the public housing fund.

Section 231 makes programmatic changes to the rental assistance demonstration.

Section 232 addresses the manner in which HUD may make adjustments for formula allocation corrections.

Section 233 allows for transfers to the information technology fund.

Section 234 requires compliance with all process requirements when revising any annual contributions contract.

Section 235 establishes a nonrecurring expenses fund for capital needs of the Department.

Section 236 rescinds certain unobligated balances.

Section 237 prohibits the use of funds by HUD to issue a solicitation or accept bids on any solicitation that is substantially equivalent to the draft solicitation entitled "Housing Assistance Payments (HAP) Contract Supports Services (HAPSS)" posted on July 27, 2022.

Section 238 clarifies the use of funds for the family self-sufficiency program.

Section 239 extends the expenditure period for certain previously appropriated choice neighborhoods initiatives and lead hazard reduction program funds.

Section 240 allows for limited transfer of funds from the Office of Policy Development and Research to the information technology fund.

Section 241 extends certain MTW agreements for 10 years.

Section 242 allows a 2-year NOFO for the continuum of care program.

Section 243 allows the Secretary to waive or specify alternatives for certain requirements for the mainstream and family unification voucher programs.

TITLE III

RELATED AGENCIES

ACCESS BOARD

SALARIES AND EXPENSES

The agreement provides \$9,955,000 for salaries and expenses.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

The agreement provides \$40,000,000, of which \$2,000,000 shall remain available until September 30, 2025, for the salaries and expenses of the Federal Maritime Commission [FMC]. Of the funds provided, not more than \$3,500 shall be available for official reception and representation expenses and up to \$629,628 is available for the FMC Office of Inspector General.

NATIONAL RAILROAD PASSENGER CORPORATION

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The agreement provides \$29,240,000 for the salaries and expenses of the National Railroad Passenger Corporation Office of Inspector General.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

The agreement provides \$140,000,000 for the salaries and expenses of the National Transportation Safety Board [NTSB].

The amounts provided will allow the NTSB to cover baseline adjustments, and provide \$5,693,000 for increased staffing, program investments, and operational expenses. Within 30 days of enactment of this act, the NTSB shall report to the House and Senate Committees on Appropriations on the number of staff on board in each office on October 1, 2023, and the number of staff it anticipates having on board in each office on September 30, 2024. The agreement directs the NTSB to submit quarterly staffing data for each office, including hiring and separations, to the House and Senate Committees on Appropriations. The agreement directs the NTSB to include both FTE and FTP data in future

budget justifications, and to ensure its staffing levels do not exceed the level of staff supported by the amounts made available in this act.

NEIGHBORHOOD REINVESTMENT CORPORATION
PAYMENT TO THE NEIGHBORHOOD
REINVESTMENT CORPORATION

The agreement provides \$158,000,000 for the Neighborhood Reinvestment Corporation, operating under the trade name “Neighbor Works America.”

Shared equity homeownership.—The agreement supports NeighborWorks in its efforts to continue to advance shared equity models, but does not specify a set-aside for such activities. NeighborWorks is directed to work with affiliated organizations with extensive experience in offering shared equity homeownership opportunities as technical assistance providers, and to continue to develop and enhance professional development offerings around shared equity housing.

SURFACE TRANSPORTATION BOARD
SALARIES AND EXPENSES

The agreement provides \$47,452,000 for the salaries and expenses of the Surface Transportation Board [STB]. The agreement permits the collection of up to \$1,250,000 in user fees to be credited to this appropriation and provides that the general fund appropriation be reduced on a dollar-for-dollar basis by the actual amount collected in user fees to result in a final appropriation from the general fund estimated at not more than \$46,202,000.

UNITED STATES INTERAGENCY COUNCIL ON
HOMELESSNESS
OPERATING EXPENSES

The agreement provides \$4,300,000 for operating expenses of the U.S. Interagency Council on Homelessness [USICH].

Annual reporting requirements.—The direction under this heading in House Report 118-154 is modified to direct the USICH to submit the fiscal year 2024 report no later than 120 days after the end of the fiscal year.

TITLE IV

GENERAL PROVISIONS—THIS ACT

Section 401 prohibits the use of funds for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings.

Section 402 prohibits the obligation of funds beyond the current fiscal year and the transfer of funds to other appropriations, unless expressly provided.

Section 403 limits consulting service expenditures through procurement contracts to those contracts contained in the public record, except where otherwise provided under existing law.

Section 404 prohibits funds from being used for certain types of employee training.

Section 405 specifies requirements for the reprogramming of funds and requires agencies to submit a report in order to establish the baseline for the application of reprogramming and transfer authorities.

Section 406 provides that not to exceed 50 percent of unobligated balances for salaries and expenses may remain available until September 30, 2025, for each account for the purposes authorized, subject to the approval of the House and Senate Committees on Appropriations.

Section 407 prohibits the use of funds for any project that seeks to use the power of eminent domain, unless eminent domain is employed only for a public use.

Section 408 prohibits funds from being transferred to any department, agency, or instrumentality of the U.S. Government, except where transfer authority is provided in this or any other appropriations act.

Section 409 prohibits funds from being used by an entity unless the expenditure is in compliance with the Buy American Act.

Section 410 prohibits funds from being made available to any person or entity that has been convicted of violating the Buy American Act.

Section 411 prohibits funds from being used for first-class airline accommodations in contravention of sections 301-10.122 and 301-10.123 of title 41, CFR.

Section 412 restricts the number of employees that agencies may send to international conferences unless such attendance is important to the national interest.

Section 413 caps the amount of fees the STB can charge or collect for rate or practice complaints filed at the amount authorized for district court civil suit filing fees.

Section 414 prohibits funds from being used to maintain or establish computer networks unless such networks block the viewing, downloading, or exchange of pornography.

Section 415 prohibits funds from being used to deny an Inspector General timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities, or to prevent or impede that Inspector General’s access to such records, documents, or other materials.

Section 416 prohibits funds to be used to pay award or incentive fees for contractors whose performance is below satisfactory, behind schedule, over budget, or failed to meet requirements of the contract, with exceptions.

Section 417 prohibits funds from being used to permanently replace an employee intent on returning to his or her past occupation following completion of military service.

Section 418 prohibits funds from being used for the approval of a new foreign air carrier permit or exemption application if that ap-

proval would contravene U.S. law or Article 17 bis of the U.S.-E.U.-Iceland-Norway Air Transport Agreement.

Section 419 makes technical corrections to division L of Public Law 117-103 and Public Law 117-328.

Section 420 prohibits funds made available by this act to HUD from being used in contravention of 42 U.S.C. 5155.

Section 421 prohibits funds made available by this act to the DOT from being used in contravention of 54 U.S.C. 306108.

Section 422 prohibits funds from being used to require the use of inward-facing cameras or require a motor carrier to be enrolled in the Department of Labor’s registered apprenticeship program as conditions for participation in the safe driver apprenticeship pilot program.

Section 423 prohibits the use of funds to direct a grantee to undertake specific changes to existing zoning laws as part of carrying out the final rule entitled, “Affirmatively Furthering Fair Housing” or the notice entitled, “Affirmatively Furthering Fair Housing Assessment Tool”.

Section 424 restates current law regarding eligibility and ineligibility of immigrants to receive housing assistance.

Section 425 increases the weight limitations for certain vehicles on the interstate in Mississippi and West Virginia by special permit.

Section 426 prohibits funds made available to the DOT from being used to enforce a mask mandate in response to the COVID-19 virus.

DISCLOSURE OF EARMARKS AND CON-
GRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member’s immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator’s immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

LEGISLATIVE SESSION

MORNING BUSINESS

Mrs. MURRAY. Mr. President, I ask unanimous consent that the Senate proceed to legislative session and be in a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

TRIBUTE TO CAITLIN CLARK

Mr. GRASSLEY. Mr. President, I am proud to recognize University of Iowa's Caitlin Clark, a true generational talent, for her historic achievements in women's collegiate basketball. Clark is a West Des Moines native.

In the Hawkeyes' February 15, 2024, matchup against the Michigan Wolverines, Clark became the all-time leading scorer in NCAA women's basketball history. She clinched the record in the opening 2 minutes with three baskets, including a logo 3-point shot. She put up 49 total points that game in the Carver Hawkeye Arena, a new school and personal best.

Less than 3 weeks later, during her last regular season game with the Hawkeyes, Clark surpassed "Pistol" Pete Maravich's 1970 record for highest number of points scored in the NCAA. To date, Clark has racked up 3,685 career points, more than any Division I player in history, men's or women's.

Clark's success is undoubtedly the dividend of her hard work, discipline, and dedication. It seems to have earned her a suffix: "the first."

Clark, the first player to record a 40-point triple-double in men's or women's NCAA tournament history.

Clark, the first player to drop consecutive 40-point games in the women's NCAA tournament.

Clark, the first Division I player to top 3,000 points, 1,000 assists, and 800 rebounds.

Clark, the first Big Ten player to win every major national player of the year award: AP Player of the Year, the Honda Sports Award, the John R. Wooden Award, Naismith College Player of the Year, USBWA National Player of the Year, and the Wade Trophy.

She is a team player, too. In the 2022-23 season, Clark was responsible for 48 percent of the team's assists—another first. No other Division I player, male or female, had ever accounted for more than 42 percent of their team's assists.

Clark is captivating the world with her talent, competitiveness, team spirit, sportsmanship, leadership, work ethic, and evident love for the game of basketball. Already, she has become one of history's most influential women in sports.

Public engagement in women's college basketball has never before reached today's heights. During the 2023 NCAA Tournament, the championship boasted a sellout crowd of 19,482 ticket holders and 9.9 million at-home

viewers. The Hawkeyes' Final Four faceoff garnered 5.5 million viewers, making it the most-watched Women's NCAA Tournament semifinals game on the books. Weeks ahead of the Hawkeyes' 2023-24 season opener, the team broke the all-time attendance record for a single women's basketball game when 55,646 spectators packed Kinnick Stadium for a charity-benefit exhibition. The 2024 Big Ten Women's Basketball Tournament is sold out for the first time ever.

The "Caitlin Clark Effect" is not just changing women's college basketball; it is inspiring athletes of all ages, across all sports. As Clark continues to rise through the ranks of the "all-time greats," I congratulate her on behalf of the Hawkeye State. Keep making us proud. Go Hawks.

TRIBUTE TO JON SHAW

Mr. SCOTT of Florida. Mr. President, I stand to recognize and congratulate Mr. Jon Shaw on his retirement from Federal Civilian Service after serving over 16 years in U.S. Central Command's Special Staff Office of Legislative Affairs. Mr. Shaw served in various legislative affairs positions including legislative analyst, deputy director, and executive director. In his civilian service, Mr. Shaw has served under nine commanders from Admiral Fallon, General Dempsey, General Petraeus, General Allen, General Mattis, General Austin, General Votel, General McKenzie, and U.S. Central Command's present commander, General Kurilla. During his time in the civil service, Mr. Shaw has been a part of numerous operational planning teams, crisis action teams, councils, and boards providing legislative expertise.

Mr. Shaw's 44 years of faithful service to our Nation began on April 4, 1980, when he enlisted in the U.S. Army. His 23 years of military service culminated with his retirement as a sergeant major from U.S. Central Command on 1 October 2003. Once again, congratulations to Mr. Shaw on his retirement and for his service to the United States of America.

ADDITIONAL STATEMENTS

RECOGNIZING DUNGEY'S FURNITURE & FLOORS

• Ms. ERNST. Mr. President, as ranking member of the Senate Committee on Small Business and Entrepreneurship, each week, I recognize an outstanding Iowa small business that exemplifies the American entrepreneurial spirit. This week it is my privilege to recognize Dungey's Furniture & Floors of New Hampton, IA, as the Senate Small Business of the Week.

Dungey's Furniture & Floors was founded by Everett Dungey in 1963 on East Main Street in New Hampton. Dungey's Furniture & Floors offers high-quality furniture, flooring, bed-

ding, and window treatments to customers throughout Northeast Iowa. In 1983, Everett Dungey's sons Mark and Trace took over the business and have been running it ever since. In 1987, Mark and Trace expanded to a second location in Osage, IA. In 2014, 1 year after they celebrated their 50th business anniversary, their New Hampton location was tragically destroyed by a fire. Dungey's Furniture & Floors moved to a temporary location on Industrial Avenue in New Hampton and broke ground on a new permanent New Hampton location in 2016. In October 2017, their new location opened on Cauty Avenue in New Hampton, thanks to the perseverance of the Dungey family, their employees, and their community.

Today, the 25,000-square-foot New Hampton store is open and proudly serving the Iowa community. Dungey's Furniture & Floors are members of the Horizons Chamber of Commerce and the New Hampton Economic Development. They are also members of the Furniture First Buying Group, a national cooperative of independently owned retail furniture dealers.

The Dungey's Furniture & Floors team is actively involved in the New Hampton community. They have participated in the New Hampton Light Project, a New Hampton community project that decorates the town around the holiday season. In 2023, Dungey's Furniture & Floors were named the marshals for the New Hampton Heartland Days. Due to their hard work, Dungey's Furniture & Floors celebrated its 61st business anniversary in 2024.

I want to commend the Dungey family for achieving their American dream and operating a fantastic small business. Congratulations to the Dungey family and the entire Dungey's Furniture & Floors team on their incredible commitment to our communities. I look forward to seeing your continued growth and success in Iowa. ●

TRIBUTE TO NANCY FLAKE JOHNSON

• Mr. OSSOFF. Mr. President, I rise to commend Nancy Flake Johnson of the Urban League of Greater Atlanta for her leadership and service to the State of Georgia.

Ms. Johnson has served as president and CEO of the Urban League of Greater Atlanta since 2008. She previously served as vice president of programs for the Detroit Urban League, led Howard University's Small Business Development Center, and operated an accounting practice. Under Ms. Johnson's leadership, the Urban League of Greater Atlanta has worked tirelessly to deliver impactful programs focusing on economic mobility; developing, delivering, and advocating for innovative policies; and creating partnerships in both public and private sectors. The Urban League works to empower Black-owned small businesses, provide

direct support to young people, and help connect job seekers with workforce development and employment opportunities.

This year, Ms. Johnson was named one of Georgia Trend's 2024 Most Influential Georgians. She was previously honored as one of 21 Women Who Mean Business for 2020 by the Atlanta Business Chronicle and was a 2019 Honoree as one of Atlanta's 500 Most Powerful Leaders by Atlanta Magazine.

As Georgia's U.S. Senator, I commend Nancy Flake Johnson for her work and for her leadership as president of the Urban League of Greater Atlanta.●

TRIBUTE TO PEDRO MARIN

● Mr. OSSOFF. Mr. President, I rise today to honor State Representative Pedro "Pete" Marin, Georgia's longest serving Hispanic State legislator, as he concludes his distinguished career in Georgia's State House.

Earlier this year, Representative Marin announced he would not seek reelection to Georgia's State House after over two decades of service representing the people of Gwinnett County. Born in Puerto Rico, Representative Marin moved to Georgia in 1995. He was elected to Georgia's State House in 2002, among a trio who became the first Hispanic lawmakers in Georgia's history. Throughout his tenure, Representative Marin has been a tireless advocate for his constituents, championing causes like education and social justice, helping bring the needs of Georgia's Latino community to the forefront of the legislative discussion. Representative Marin's commitment to education has been unwavering, ensuring that children in Georgia have access to a quality education, regardless of their background. His dedication to empowering Hispanic youth has and will continue to leave a lasting impact on the future of our State. Representative Marin has long worked to break down barriers and create opportunities for all communities, not just Georgia's Latino community.

As we reflect on Representative Marin's remarkable career, let us express our gratitude for his service and leadership. His integrity and dedication to public service serve as an inspiration to us all.

As Georgia's U.S. Senator, I recognize and commend Georgia State Representative Pedro Marin for his outstanding contributions to the State of Georgia, for his tireless efforts on behalf of Georgia's beloved Latino community, and for his decades of public service.●

TRIBUTE TO NICK SELIMOS

● Mr. RUBIO. Mr. President, I honor Nick Selimos in celebration of his 50 years as manager and maitre d' at The Monocle Restaurant, a fixture on Capitol Hill.

Nick Selimos was born in Sparta in the Peloponnese region of Greece. He

spent his childhood there before immigrating to the United States of America to study physics at the University of Maryland. On Friday, March 8, 1974, Nick started what he expected to be a part-time job working with a Greek family but ended up with a 50-year career at The Monocle.

When you enter The Monocle, it is Nick that who greet you by name, firm handshake, and a smile. He always asks about your day, your family, and enjoys a little political banter as he walks you to your table. An avid reader, Nick takes current events seriously; he is always on top of what is happening on Capitol Hill, across the country, and internationally.

Nick embodies true "Greek hospitality" by always treating everyone with respect and familial ease. The magic of Nick's charm is evidenced by the regular customers who dine at The Monocle who enjoy spending time with him. His tireless work ethic has set a standard for excellence in the industry. Please join me in congratulating Nick Selimos on his remarkable career.●

RECOGNIZING THE KIEL OPERA HOUSE

● Mr. SCHMITT. Mr. President, I rise today to honor the Kiel Opera House, now known as the Stifel Theatre, for 90 years of professional entertainment and creativity.

In 1917, Mayor Henry Kiel, opera impresario Guy Golterman, and Parks Commissioner Nelson Cunliff committed to building a civic opera house in downtown St. Louis that would rival those of Europe. Citizens of St. Louis passed the 1923 bond issue to improve the infrastructure of St. Louis, including the creation of the Municipal Auditorium complex on Market Street with the opera house and large auditorium as the centerpiece. The Municipal Auditorium was inaugurated in April 1934, opening with 61 shows, concerts, operas, and special events.

Kiel Opera House served admirably for five decades. In its early years, the theatre was home to the St. Louis Symphony Orchestra and celebrities like Rex Harrison and Jose Ferrer. Between the 1950s and 1980s, stars like Louis Armstrong, Ella Fitzgerald, Johnny Cash, Tony Bennett, Aretha Franklin, Frank Sinatra, Bob Dylan, The Rolling Stones and others graced the stage.

In October 2011, after nearly 20 years vacant, the Kiel Opera House was restored. Its economic strength inspired community leaders and catalyzed 13 years of development and redevelopment across Missouri from Market West to Jefferson and north to Washington.

The Kiel Opera House is a historic gemstone that highlights St. Louis's commitment to the arts, and I hope it continues to be a treasured host of the arts for years to come.●

RECOGNIZING SOUTH CAROLINA CITIZENS FOR LIFE

● Mr. SCOTT of South Carolina. Mr. President, as the junior Senator from the great State of South Carolina, it is my pleasure to honor the legacy of South Carolina Citizens for Life, SCCL, as they celebrate their 50th jubilee anniversary. Formed in the wake of Roe v. Wade, SCCL's tireless work has been instrumental in saving hundreds of thousands of lives over the past five decades. Today, I ask my colleagues to join me in celebrating all they have done to create a culture of life in South Carolina and across the country.

South Carolina Citizens for Life has an incredible record of successfully fighting to nurture life at every stage. Their efforts have championed a total of 16 pro-life measures that became law, including legislation which banned doctor prescribed suicide and the Parental Consent Act, which resulted in a 16 percent drop in abortions the year following its passage.

Additionally, South Carolina Citizens for Life spreads awareness about the value of every human life through its booth at the South Carolina State Fair. As SCCL's largest educational resource, this booth has been instrumental in helping millions encounter the humanity of the unborn, many for the first time. For the past 45 years, fair volunteers have faithfully provided crucial information and resources, empowering vulnerable pregnant mothers to choose life.

In 2022, South Carolina Citizens for Life rejoiced when the U.S. Supreme Court overturned Roe v. Wade, ushering in a new chapter for the pro-life movement. While they celebrated the lifesaving decision, SCCL continues to press forward, leading the Palmetto State in fighting abortion on demand and helping expectant women choose life. Whether they are fighting to pass the Human Life Protection Act or continuing to spread the pro-life message at our State fair, SCCL's unwavering commitment to the sanctity of life remains stronger than ever.

Congratulations to SCCL on their 50th jubilee anniversary and for championing the unborn for half a century.●

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Mrs. Stringer, one of his secretaries.

PRESIDENTIAL MESSAGE

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 13692 OF MARCH 8, 2015, WITH RESPECT TO THE SITUATION IN VENEZUELA—PM 40

The PRESIDING OFFICER laid before the Senate the following message

from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13692 of March 8, 2015, with respect to the situation in Venezuela is to continue in effect beyond March 8, 2024.

The situation in Venezuela continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13692 with respect to the situation in Venezuela.

JOSEPH R. BIDEN, Jr.
THE WHITE HOUSE, March 5, 2024.

MESSAGE FROM THE HOUSE RECEIVED DURING ADJOURNMENT

ENROLLED BILL SIGNED

Under the authority of the order of the Senate of January 3, 2023, the Secretary of the Senate, on March 1, 2024, during the adjournment of the Senate, received a message from the House of Representatives announcing that the Speaker pro tempore (Mr. SMITH of Nebraska) has signed the following enrolled bill:

H.R. 7463. An act making further continuing appropriations for fiscal year 2024, and for other purposes.

Under the authority of the order of the Senate of January 3, 2023, the enrolled bill was signed on March 1, 2024, during the adjournment of the Senate, by the President pro tempore (Mrs. MURRAY).

MESSAGE FROM THE HOUSE

At 3:03 p.m., a message from the House of Representatives, delivered by Mrs. Alli, one of its reading clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 5426. An act to require the Administrator of the Small Business Administration to provide a link to resources for submitting reports on suspected fraud relating to certain COVID-19 loans.

H.R. 7102. An act to establish an Office of Native American Affairs within the Small Business Administration, and for other purposes.

H.R. 7128. An act to establish requirements relating to size standard compliance of small

business concerns owned and controlled by women for certain purposes, and for other purposes.

MEASURES REFERRED

The following bills were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 4984. An act to direct the Secretary of the Interior to transfer administrative jurisdiction over the Robert F. Kennedy Memorial Stadium Campus to the District of Columbia so that the District may use the campus for purposes including residential and commercial development and for other purposes; to the Committee on Energy and Natural Resources.

H.R. 5426. An act to require the Administrator of the Small Business Administration to provide a link to resources for submitting reports on suspected fraud relating to certain COVID-19 loans; to the Committee on Small Business and Entrepreneurship.

H.R. 7128. An act to establish requirements relating to size standard compliance of small business concerns owned and controlled by women for certain purposes, and for other purposes; to the Committee on Small Business and Entrepreneurship.

MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

S. 3853. A bill to extend the period for filing claims under the Radiation Exposure Compensation Act and to provide for compensation under such Act for claims relating to Manhattan Project waste, and to improve compensation for workers involved in uranium mining.

The following bill was read the first and second times by unanimous consent, and placed on the calendar:

H.R. 7102. An act to establish an Office of Native American Affairs within the Small Business Administration, and for other purposes.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-3662. A communication from the Senior Counsel of Legal Policy, Department of Justice, transmitting, pursuant to law, the report of a rule entitled "Civil Monetary Penalties Inflation Adjustment for 2024" (Docket No. OLP 176) received in the Office of the President of the Senate on February 28, 2024; to the Committee on the Judiciary.

EC-3663. A communication from the Director of Recruitment and Management, Justice Management Division, Department of Justice, transmitting, pursuant to law, the report of a rule entitled "Whistleblower Protection for Federal Bureau of Investigation Employees" (RIN1105-AB47) received during adjournment of the Senate in the Office of the President of the Senate on February 22, 2024; to the Committee on the Judiciary.

EC-3664. A communication from the Assistant General Counsel, Federal Bureau of Prisons, Department of Justice, transmitting, pursuant to law, the report of a rule entitled "Inmate Legal Activities: Visits by Attorneys" (RIN1120-AB75) received during adjournment of the Senate in the Office of the

President of the Senate on February 22, 2024; to the Committee on the Judiciary.

EC-3665. A communication from the Chief of the Regulatory Coordination Division, Citizenship and Immigration Services, Department of Homeland Security, transmitting, pursuant to law, the report of a rule entitled "Asylum Interview Interpreter Requirement Modification Due to COVID-19; Extension" (RIN1615-AC70) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on the Judiciary.

EC-3666. A communication from the Acting Chief Privacy and Civil Liberties Officer, Department of Justice, transmitting, pursuant to law, the report of a rule entitled "Privacy Act Regulations" (RIN1105-AB66) received in the Office of the President of the Senate on February 13, 2024; to the Committee on the Judiciary.

EC-3667. A communication from the Deputy Assistant Attorney General, Office of Legislative Affairs, Department of Justice, transmitting, pursuant to law, a report relative to the activities of the Department of Justice, Community Relations Service for fiscal year 2022; to the Committee on the Judiciary.

EC-3668. A communication from the Deputy Assistant Attorney General, Office of Legislative Affairs, Department of Justice, transmitting, pursuant to law, a report entitled "2021 Annual Report of the National Institute of Justice"; to the Committee on the Judiciary.

EC-3669. A communication from the Acting Director, Judicial Conference of the United States, transmitting, pursuant to law, a report entitled "Report of the Proceedings of the Judicial Conference of the United States" for the September 2023 calendar session; to the Committee on the Judiciary.

EC-3670. A communication from the Chief of the Regulatory Coordination Division, Citizenship and Immigration Services, Department of Homeland Security, transmitting, pursuant to law, the report of a rule entitled "U.S. Citizenship and Immigration Services Fee Schedule and Changes to Certain Other Immigration Benefit Request Requirements" (RIN1615-AC68) received in the Office of the President of the Senate on February 6, 2024; to the Committee on the Judiciary.

EC-3671. A communication from the Deputy Assistant Attorney General, Office of Legislative Affairs, Department of Justice, transmitting, pursuant to law, the eleventh annual report relative to the Department of Justice's activities regarding pre-1980 racially motivated homicides, as required by the Emmett Till Unsolved Civil Rights Crimes Act of 2007 and fifth annual report to Congress pursuant to the Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016; to the Committee on the Judiciary.

EC-3672. A communication from the President of the United States, transmitting, pursuant to law, a report of the continuation of the national emergency with respect to Cuba that was originally declared in Proclamation 6867 of March 1, 1996; to the Committee on Commerce, Science, and Transportation.

EC-3673. A communication from the Assistant Secretary for Legislative Affairs, Department of Homeland Security, transmitting a legislative proposal entitled "Supplemental Coast Guard Authorization Act of 2024"; to the Committee on Commerce, Science, and Transportation.

EC-3674. A communication from the Attorney, Office of the General Counsel, Consumer Product Safety Commission, transmitting, pursuant to law, the report of a rule entitled "Standard for All-Terrain Vehicles" (Docket No. CPSC-2017-0032) received in the Office of

the President of the Senate on February 8, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3675. A communication from the Bureau Chief, Wireline Competition Bureau, Federal Communications Commission, transmitting, pursuant to law, the report of a rule entitled “Federal Communications Commission released a Second Report and Order entitled Connect America Fund” ((RIN3060-AK57) (FCC 23-118) (WC Docket No. 10-90)) received in the Office of the President of the Senate on January 25, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3676. A communication from the Federal Register Liaison Officer, Alcohol and Tobacco Tax and Trade Bureau, Department of the Treasury, transmitting, pursuant to law, the report of a rule entitled “Expansion of the Red Hills Lake County Viticultural Area” (RIN1513-AC82) received in the Office of the President of the Senate on February 27, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3677. A communication from the Biologist of Protected Resources, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled “Taking of Marine Mammals Incidental to Commercial Fishing Operations; Atlantic Large Whale Take Reduction Plan Regulations” (RIN0648-BM31) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3678. A communication from the Marine Resources Management Specialist, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled “Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to the Empire Wind Project, Offshore New York” (RIN0648-BL97) received in the Office of the President of the Senate on February 27, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3679. A communication from the Program Analyst, Media Bureau, Federal Communications Commission, transmitting, pursuant to law, the report of a rule entitled “2018 Quadrennial Regulatory Review—Review of the Commission’s Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996” ((FCC-23-117) (MB Docket No. 18-349)) received in the Office of the President of the Senate on February 8, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3680. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments; Amendment No. 4095” ((RIN2120-AA65) (Docket No. 31526)) received in the Office of the President of the Senate on February 13, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3681. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Amendment of Class D and Class E Airspace; San Juan, PR” ((RIN2120-AA66) (Docket No. FAA-2024-0052)) received during adjournment of the Senate in the Office of the President of the Senate on February 20, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3682. A communication from the Management Analyst, Federal Aviation Adminis-

tration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Establishment of Class E Airspace; Liberty, TX” ((RIN2120-AA66) (Docket No. FAA-2023-1984)) received during adjournment of the Senate in the Office of the President of the Senate on February 20, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3683. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Amendment of Class E Airspace; Litchfield, MN” ((RIN2120-AA66) (Docket No. FAA-2023-2117)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3684. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Amendment of Class E Airspace; Harrison, OH” ((RIN2120-AA66) (Docket No. FAA-2023-2118)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3685. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Amendment of VOR Federal Airway V-36 and Establishment of RNAV Route T-675; Northcentral United States” ((RIN2120-AA66) (Docket No. FAA-2023-1325)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3686. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Modification of Class E Airspace; Minden-Tahoe Airport, Minden, NV; Correction” ((RIN2120-AA66) (Docket No. FAA-2023-1006)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3687. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Establishment of United States Area Navigation Route (RNAV) Q-476, and Amendment of United States (RNAV) Route T-393; Northeastern United States” ((RIN2120-AA66) (Docket No. FAA-2023-1417)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3688. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments; Amendment No. 4098” ((RIN2120-AA65) (Docket No. 31529)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3689. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Mis-

cellaneous Amendments; Amendment No. 4097” ((RIN2120-AA65) (Docket No. 31528)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3690. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments; Amendment No. 4096” ((RIN2120-AA65) (Docket No. 31527)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3691. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22657” ((RIN2120-AA64) (Docket No. FAA-2023-1041)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3692. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22655” ((RIN2120-AA64) (Docket No. FAA-2023-1037)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3693. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22658” ((RIN2120-AA64) (Docket No. FAA-2023-0429)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3694. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22652” ((RIN2120-AA64) (Docket No. FAA-2023-0657)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3695. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes; Amendment 39-22649” ((RIN2120-AA64) (Docket No. FAA-2023-1895)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3696. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes; Amendment 39-22656” ((RIN2120-AA64) (Docket No. FAA-2023-2004)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3697. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Airbus SAS Airplanes; Amendment 39-22661" ((RIN2120-AA64) (Docket No. FAA-2024-0033)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3698. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Airbus SAS Airplanes; Amendment 39-22643" ((RIN2120-AA64) (Docket No. FAA-2023-1498)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3699. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Bombardier, Inc. Airplanes; Amendment 39-22645" ((RIN2120-AA64) (Docket No. FAA-2023-1890)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3700. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Dassault Aviation Airplanes; Amendment 39-22634" ((RIN2120-AA64) (Docket No. FAA-2023-1502)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3701. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; General Electric Company Engines; Amendment 39-22650" ((RIN2120-AA64) (Docket No. FAA-2023-1647)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3702. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Various Helicopters; Amendment 39-22662" ((RIN2120-AA64) (Docket No. FAA-2024-0034)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3703. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; GE Aviation Czech s.r.o. (Type Certificate Previously Held by WALTER Engines a.s., Walter a.s., and MOTORLET a.s.) Engines; Amendment 39-22654" ((RIN2120-AA64) (Docket No. FAA-2023-1811)) received during adjournment of the Senate in the Office of the President of the Senate on February 14, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3704. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives;

Airbus Helicopters; Amendment 39-22665" ((RIN2120-AA64) (Docket No. FAA-2024-0039)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3705. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Airbus SAS Airplanes; Amendment 39-22659" ((RIN2120-AA64) (Docket No. FAA-2023-2136)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3706. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Bombardier, Inc. Airplanes; Amendment 39-22651" ((RIN2120-AA64) (Docket No. FAA-2023-1219)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3707. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; Bombardier, Inc. Airplanes; Amendment 39-22660" ((RIN2120-AA64) (Docket No. FAA-2023-2145)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3708. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22667" ((RIN2120-AA64) (Docket No. FAA-2023-1649)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3709. A communication from the Management Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; The Boeing Company Airplanes; Amendment 39-22673" ((RIN2120-AA64) (Docket No. FAA-2024-0224)) received in the Office of the President of the Senate on February 28, 2024; to the Committee on Commerce, Science, and Transportation.

EC-3710. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled "Airworthiness Directives; De Havilland Aircraft of Canada Limited (Type Certificate Previously Held by Bombardier, Inc.) S. 3853

At the request of Mr. HAWLEY, the names of the Senator from New Mexico (Mr. LUJÁN), the Senator from Idaho (Mr. CRAPO), the Senator from Missouri (Mr. SCHMITT), the Senator from New Mexico (Mr. HEINRICH) and the Senator from Arizona (Mr. KELLY) were added as cosponsors of S. 3853, a bill to extend the period for filing claims under the Radiation Exposure Compensation Act and to provide for compensation under such Act for claims relating to Manhattan Project waste, and to improve compensation for workers involved in uranium mining.

S. 3855

At the request of Mr. MARKEY, the name of the Senator from Oregon (Mr. MERKLEY) was added as a cosponsor of S. 3855, a bill to interconnect the Electric Reliability Council of Texas to its neighbors, and for other purposes.

S.J. RES. 62

At the request of Mr. TESTER, the names of the Senator from Nevada (Ms. ROSEN), the Senator from Kansas (Mr. MORAN), the Senator from Ohio (Mr. BROWN), the Senator from North Dakota (Mr. CRAMER) and the Senator from Wyoming (Ms. LUMMIS) were added as cosponsors of S.J. Res. 62, a joint resolution providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Animal and Plant Health Inspection Service relating to "Importation of Fresh Beef From Paraguay".

S. RES. 450

At the request of Mr. MARKEY, the name of the Senator from California (Ms. BUTLER) was added as a cosponsor of S. Res. 450, a resolution expressing the sense of the Senate that paraprofessionals and education support staff should have fair compensation, benefits, and working conditions.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 571—HONORING THE LEADERSHIP AND CELEBRATING THE RETIREMENT OF EDWIN WALKER, THE DEPUTY ASSISTANT SECRETARY FOR AGING FOR THE ADMINISTRATION FOR COMMUNITY LIVING

Mr. CASEY (for himself, Mr. KAINE, Mr. MARKEY, and Mr. SANDERS) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 571

Whereas Edwin Walker is a consummate public servant whose steadfast leadership has had an immeasurable impact on the health and well-being of older adults and their family caregivers;

Whereas Edwin Walker began his career in aging services with the Missouri Division on Aging and has remained committed to strengthening the aging services network;

Whereas Edwin Walker has led the Administration on Aging, which carries out the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.) and promotes the well-being of older adults by providing services and programs designed to help them live independently in their homes and communities, since June 1992;

Whereas Edwin Walker has ensured the sustainability of the Administration on Aging by remaining focused on the mission of supporting older adults with the greatest economic and social need, and through the cultivation of partnerships across Federal, State, and local governments and with community organizations;

Whereas Edwin Walker has provided leadership, stability, and vision during periods of transition, including between 6 different administrations and through the establishment of the Administration for Community Living in 2012, which now houses the Administration on Aging;

Whereas Edwin Walker has provided expert guidance during 5 reauthorizations of the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.) and led the translation and adoption of evidence-based interventions to improve health, reduce hospitalizations and emergency department visits, and reduce overall expenditures related to chronic diseases, diabetes, falls prevention, and behavioral health;

Whereas Edwin Walker worked in partnership with the aging services network at the Federal, State, and local levels to meet the critical needs of older adults during the COVID-19 pandemic, including through the timely distribution of pandemic relief funding;

Whereas Edwin Walker led the team that—

- (1) developed the Family Caregiving Advisory Council pursuant to section 4(a) of the Recognize, Assist, Include, Support, and Engage Family Caregivers Act of 2017 (42 U.S.C. 3030s note; Public Law 115-119);

- (2) developed the Advisory Council to Support Grandparents Raising Grandchildren established section 3(a) of the Supporting Grandparents Raising Grandchildren Act (Public Law 115-196; 132 Stat. 1511); and

- (3) informed the creation of the 2022 National Strategy to Support Family Caregivers;

Whereas Edwin Walker built the Federal infrastructure needed to better address elder abuse and neglect in the United States, including through the implementation of the Elder Justice Coordinating Council established by section 2021(a) of the Social Security Act (42 U.S.C. 1397k(a));

Whereas Edwin Walker serves as a trusted and respected partner to many, and the guidance provided by Edwin Walker has advanced the impact of the aging network by fostering a community of mission-driven leaders committed to advancing the health and well-being of older adults with the greatest economic and social need; and

Whereas the legacy of Edwin Walker—

- (1) is one of public service, steadfast commitment to the mission and supporting older adults with the greatest economic and social need, and cultivation of a robust aging network; and

- (2) will remain long after his retirement from public service and will forever serve as

a beacon to those pursuing careers that advance the public good; Now, therefore, be it Resolved, That the Senate—

- (1) honors the leadership of Edwin Walker, the Deputy Assistant Secretary for Aging for the Administration for Community Living;

- (2) celebrates the retirement of Edwin Walker; and

- (3) directs the Secretary of the Senate to transmit a copy of this resolution to the family of Edwin Walker.

SENATE RESOLUTION 572—CONGRATULATING IOWA NATIVE CAITLIN CLARK ON BECOMING THE NATIONAL COLLEGIATE ATHLETIC ASSOCIATION DIVISION I BASKETBALL LEADING SCORER

Ms. ERNST (for herself and Mr. GRASSLEY) submitted the following resolution; which was referred to the Committee on Commerce, Science, and Transportation:

S. RES. 572

Whereas, on March 3, 2024, during a basketball game between the University of Iowa Hawkeyes and the Ohio State University Buckeyes, Caitlin Clark (referred to in this preamble as “Clark”) became the National Collegiate Athletic Association (referred to in this preamble as the “NCAA”) Division I basketball all-time leading scorer;

Whereas, because of Clark and the University of Iowa Hawkeyes women’s basketball team (referred to in this preamble as the “Hawkeyes”), women’s sports are being covered and talked about at the national level in the United States with the same fervor as men’s sports;

Whereas the Hawkeyes have sold out games at home in Carver Hawkeye Arena and on the road in arenas across the United States;

Whereas every sold-out game is full of young girls watching Clark and the Hawkeyes demonstrate the excitement, competition, and fun that is possible because of women’s sports;

Whereas women’s sports serve as an important way for young girls to develop discipline, teamwork, confidence, and leadership skills, and the achievements of female athletes should be celebrated;

Whereas Clark serves as a role model, demonstrating that dreams are achievable with hard work and dedication; and

Whereas Iowans are proud of Clark and thankful for the opportunity to watch Clark, one of the greatest athletes to ever play college basketball, compete for the Hawkeyes: Now, therefore, be it

Resolved, That the Senate—

- (1) congratulates Caitlin Clark on becoming the National Collegiate Athletic Association Division I basketball all-time leading scorer; and

- (2) respectfully requests that the Secretary of the Senate transmit an enrolled copy of this resolution to—

- (A) Caitlin Clark;

- (B) the athletic director at the University of Iowa, Beth Goetz; and

- (C) the head coach of the University of Iowa Hawkeyes women’s basketball team, Lisa Bluder.

SENATE RESOLUTION 573—COMMEMORATING THE 50TH ANNIVERSARY OF THE BOLDT DECISION OF 1974

Mrs. MURRAY (for herself, Ms. CANTWELL, Mr. WYDEN, and Mr. MERKLEY)

submitted the following resolution; which was referred to the Committee on Indian Affairs:

S. RES. 573

Whereas, since time immemorial, fish have been an integral part of Native American cultural, spiritual, and economic life in the Northwest;

Whereas, between 1854 and 1859, the United States Government signed a series of treaties with Indian Tribes across the Northwest, reserving to the Indian Tribes the right to fish in their usual and accustomed places, in common with the citizens of the Washington Territory;

Whereas article VI of the Constitution of the United States recognizes treaties as the supreme law of the land, including those with Indian Tribes;

Whereas, after the Indian Tribes signed these treaties, their right to fish in accordance with these treaties was not upheld, leading to more than 100 years of litigation;

Whereas, following decades of arrests and fish-ins during which Billy Frank Jr. and other Tribal members exercised their treaty-protected fishing rights, Indian Tribes won a historic legal victory protecting those rights;

Whereas, on February 12, 1974, United States District Court Judge George Boldt ruled in *United States v. State of Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), that—

- (1) Indian Tribes that were parties to treaties which reserved their right to fish could take up to 50 percent of the fish harvest that passed through their recognized fishing grounds, to be calculated on a river-by-river, run-by-run basis;

- (2) State law could not regulate treaty-based tribal fishing rights; and

- (3) Treaty Tribes would co-manage fisheries in Washington State;

Whereas the decision was affirmed by the United States Court of Appeals for the Ninth Circuit in *United States v. State of Washington*, 520 F.2d 676 (9th Cir. 1976);

Whereas Tribal co-management of Washington fisheries led to the creation of the Northwest Indian Fisheries Commission and the Columbia River Inter-Tribal Fish Commission;

Whereas the Northwest Indian Fishing Commission member Indian Tribes include the Lummi, Nooksack, Swinomish, Upper Skagit, Sauk-Suiattle, Stillaguamish, Tulalip, Muckleshoot, Puyallup, Nisqually, Squaxin Island, Skokomish, Suquamish, Port Gamble S’Klallam, Jamestown S’Klallam, Lower Elwha Klallam, Makah, Quileute, Quinault, and Hoh Tribes;

Whereas the Columbia River Inter-Tribal Fish Commission member Indian Tribes include the Nez Perce Tribe, the Confederated Tribes of the Umatilla Indian Reservation, the Confederated Tribes of the Warm Springs Reservation of Oregon, and the Confederated Tribes and Bands of the Yakama Nation;

Whereas sharply declining salmon populations continue to threaten the ability of the Indian Tribes to exercise their treaty rights, secure their economic futures, and protect important cultural practices; and

Whereas the Boldt decision reinforced Tribal sovereignty, elevated the legal status of Tribal treaty rights, and advanced resource co-management: Now, therefore, be it Resolved, That the Senate—

- (1) commemorates the 50th anniversary of the Boldt decision;

- (2) recognizes the importance of Tribal treaty rights;

- (3) acknowledges the invaluable role that the Northwest Indian Fisheries Commission and the Columbia River Inter-Tribal Fish Commission play in fisheries management; and

(4) reaffirms its commitment to support salmon recovery.

ORDERS FOR WEDNESDAY,
MARCH 6, 2024

Mrs. MURRAY. Mr. President, I ask unanimous consent that when the Senate completes its business today, it stand adjourned until 10 a.m. on Wednesday, March 6; that following the prayer and pledge, the morning hour be deemed expired, the Journal of proceedings be approved to date, the time for the two leaders be reserved for their use later in the day, and morning business be closed; further, that following the conclusion of morning business, the Senate proceed to executive session and resume consideration of the Keohane nomination postcloture; further, that all time be considered expired at 11:30 a.m.; and that following the cloture vote on the Marvit nomination, the Senate recess until 2:15 p.m. for the weekly caucus meetings; that at 2:15 p.m., if cloture has been invoked on the Marvit nomination, the Senate vote on confirmation of the nomination; and that if cloture is invoked on the Harris nomination, all time be considered expired at 5:45 p.m.; and, finally, that if any nominations are confirmed during Wednesday's session, the motions to reconsider be considered made and laid upon the table and the President be immediately notified of the Senate's actions.

The PRESIDING OFFICER. Without objection, it is so ordered.

ORDER FOR ADJOURNMENT

Mrs. MURRAY. Mr. President, if there is no further business to come before the Senate, I ask that it stand adjourned under the previous order, following the remarks of Senator KENNEDY.

The PRESIDING OFFICER. Without objection, it is so ordered.

The PRESIDING OFFICER. The Senator from Louisiana.

MAYORKAS IMPEACHMENT

Mr. KENNEDY. Mr. President, I would like to begin with a quotation:

Let me tell you something, New Yorkers, never in my life have I had a problem that I did not see an ending to [but] I don't see an ending to this. This issue will destroy New York City.

"This issue will destroy New York City."

That is New York Mayor Eric Adams. He was responding to the crisis at our border. Mayor Adams is the mayor of our country's largest city.

Now, New York City is about 2,000 miles from Eagle Pass, TX, but the breathtaking influx of illegal immigrants into our country and the Secretary of Homeland Security's refusal to detain or deport them has brought New York City to its knees—to its knees.

Mayor Adams now knows what Secretary Alejandro Mayorkas won't

admit. When reality calls, you can only ignore it for so long.

Secretary Mayorkas's actions have had consequences, and time is up. Time is up.

I am only going to say a brief word about the open, bleeding wound that is our southern border, which has been open wide to unknown people—to criminals, to cartels, and, yes, to terrorists.

No. 1, I know you know that fentanyl is now the No. 1 killer of Americans between the ages of 18 and 45 and that fentanyl is coming across our open southern border.

No. 2, we know that under Secretary Mayorkas's watch, human traffickers have built a \$13 billion—not \$13 million—\$13 billion business trafficking human beings across our border.

No. 3, we also know that roughly 450,000 children unaccompanied have shown up at the border. And most of them have been released into our country. Many of them—we don't know how many—many of them have ended up in dangerous places with dangerous, evil people.

And, finally, as best we can tell, since President Biden has been President and Secretary Mayorkas has been Secretary of the Department of Homeland Security, we have had 8.6 million people—8.6 million people—come into our country illegally. That is four Nebraskas—that is four Nebraskas. And we don't have the slightest idea who they are.

Now, the U.S. House of Representatives has investigated this crisis, and it has found that some of the blame for this crisis lies with Secretary Mayorkas. And the U.S. House of Representatives has impeached Secretary Mayorkas for it.

In its first Article of Impeachment, the House alleges that Secretary Mayorkas has "willfully and systematically refused to comply with Federal immigration law." The House says that Secretary Mayorkas has refused to detain some illegal immigrants, as the law requires them to do, and has, instead, embraced his own catch-and-release scheme in which he has released huge numbers—I think any fair-minded American would call 8.6 million people huge—huge numbers of illegal immigrants into the United States.

The House says that Secretary Mayorkas has refused to follow unambiguous and clear Federal laws that require him to detain illegal immigrants who are subject to deportation for engaging in criminal or terrorism-related behavior.

The House says that Secretary Mayorkas has failed to make case-by-case parole determinations, which the law clearly requires—clearly. And, instead, he has, on his own, paroled millions of people illegally into the United States en masse.

In its second Article of Impeachment, the House alleges that Secretary Mayorkas has breached the public trust in two respects: by knowingly

making false statements to Congress that the border is "secure" and that the Department of Homeland Security has "operational control" of the border and by failing to comply with subpoenas issued by congressional committees seeking to exercise oversight over DHS activities.

Any fairminded person can see that these are serious charges. And they demand a full trial.

Let me say that again. They demand a full trial.

The Senate must let the House present its case. And then we must do our job and give that case careful consideration. If the Senate dismisses these charges without trial—as if it is just a parking ticket being fixed by some politician—it will be the first time—the very first time—in the Senate's long history that it has dismissed impeachment charges against an official it has jurisdiction over without that official first resigning—the very first time.

The House of Representatives of the U.S. Congress has voted to impeach 21 times—only 21 times—in the history of this country. The Senate has only dismissed those cases three times—three times. And two of the cases the Senate dismissed, the impeached official chose to resign instead of facing a trial in the Senate. As a result, the Senate dismissed the charges.

Secretary Mayorkas has not resigned.

In one of those cases—the last remaining case—the impeached official was a U.S. Senator. Perhaps some remember it. And the Senate concluded that the Constitution did not give it jurisdiction to remove a U.S. Senator through its impeachment process.

Now, in this case, everyone agrees that the Constitution gives Congress the power to impeach and remove a sitting Cabinet Secretary.

I repeat: The U.S. Senate cannot and should not turn a deaf ear to the democratically elected Members of the U.S. House of Representatives by dismissing their charges against Secretary Mayorkas without a full and fair trial.

Precedent demands a trial. Respect for the House of Representatives demands a trial. Respect for the law demands a trial. And the American people demand a trial, and they deserve it. The U.S. Senate should do its job.

I yield the floor.

ADJOURNMENT UNTIL 10 A.M.
TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands adjourned until time 10 a.m. tomorrow.

Thereupon, the Senate, at 7:16 p.m. adjourned until Wednesday, March 6, 2024, at 10 a.m.

EXTENSIONS OF REMARKS

RECOGNIZING TAMPA BAY'S TRAILBLAZER RUTH DUNCAN BELL, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today during Black History Month to celebrate the life of service of a true public servant and philanthropist in the Tampa Bay area, Mrs. Ruth Duncan Bell.

Mrs. Bell was born in Lansing, Michigan and received her bachelor's degree in mass communications from Arizona State University and after moving to the Tampa Bay area she obtained a master's in public administration from the University of South Florida. She has worked at the federal, state and local levels of government and served as an advocate for the public employment agencies associations in Washington, D.C.

After 27 years of service as senior vice president of public affairs, Mrs. Bell retired from the LifeLink Foundation, which is a non-profit that facilitates the recovery of life-saving organs and tissue for transplantation. She has also participated on national professional organization boards, related to organ and tissue donation, and she is committed to increasing awareness and donor registration for those in need of life-saving transplants.

Mrs. Bell's work in the organ donation and transplantation community is nationally recognized. In 2018, in Madrid, Spain before the 27th International Congress of the Transplantation Society, she presented "Success of a Multicultural Donation Education Program to Increase African American Organ Donation in a Donor Service Area with a High African American Population," which is a work showcasing best practices that led to successful organ donation education and registration programs inclusive of the African American community.

Education is also an important part of Mrs. Bell's life and she and her husband have worked to improve the lives of African American students. During her time at Arizona State University, she and her now husband Jerry noticed friends or acquaintances leave on school break and not return due to financial reasons. It was at this time that they both agreed that if they were ever in a position to help, they would prevent this from happening.

At their alma mater Arizona State University, they established the Jerry and Ruth Bell W.P. Carey Black Student Success Scholarship for any students engaged with the Black Business Student Association or a similar association that supports Black students at ASU. They were also the first Black couple to endow a scholarship for Black students at the University of South Florida, and to date it has had a significant impact in the lives of more than 100

young people who have obtained their college degree through this fund. Mrs. Bell is also an active member of Tampa Alumni Chapter of Delta Sigma Theta Sorority, Inc., the Tampa Chapter of The Links, Inc., the Athena Society and numerous other professional organizations.

Mr. Speaker, on behalf of the Tampa Bay community, I am proud to recognize Mrs. Ruth Duncan Bell for her undeniable impact on our community and her unwavering commitment to supporting young African Americans through their college journey.

HONORING STAMPS BURGERS

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor one of many great restaurants in Jackson, Mississippi, Stamps Burgers.

Stamps Burgers, often known as Stamps or Stamps Super Burgers, is a popular, family-friendly, well-known burger restaurant located in Jackson, Mississippi, and this week, it has made national news: Along with 46 other restaurants, Stamps Super Burgers was included in the 2024 USA TODAY Restaurants of the Year list.

A Black-owned family business, Stamps has legions of loyal fans and a casual walk-in atmosphere. Stamps serves all with a juicy burger, potato fries and a vibe you just can't help but love to feel. Co-owned by Phil Stamps Sr., who gives everyone a greeting when they walk into Stamps, the restaurant has been operating in the Washington Addition neighborhood in West Jackson since 1986.

The kitchen is an open area at the center of the restaurant with a Stamps employee who will more than likely be working behind the counter hand-making their famous beef patties or slicing potatoes for fries as a side right in front of your eye.

"We just want to continue to build relationships with people so that we can continue to grow our media platforms and take advantage of opportunities like this of such an amazing recognition and of course growing the business and having conversations with economic developers not only in the city of Jackson but other cities to grow our business and provide incentives for smaller businesses like ours to come to their city," Stamps Jr. said.

Mr. Speaker, I ask my colleagues to join me in recognizing Stamps Burgers for their dedication to serving the best burgers in the state of Mississippi.

RECOGNIZING THE SERVICE OF COMMANDER DAVID T. ST. AUBIN

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. BERGMAN. Mr. Speaker, it is my honor to recognize Commander David T. St. Aubin for his 25 years of dedicated service to the United States Navy and our Nation. I'd also like to congratulate him on his retirement as Commander of Navy Patrol Squadron Four Zero.

Commander St. Aubin, a Negaunee native, enlisted in the United States Navy in 1999 and completed Nuclear Power School and prototype in 2001. Commander St. Aubin later graduated from the United States Naval Academy in 2005, receiving his Wings of Gold in 2007 upon his graduation from flight training. He would later receive his first assignment with Patrol Squadron Four Five in Jacksonville, Florida.

Before joining Patrol Squadron Four Zero, Commander St. Aubin served in multiple duty stations all over the globe. He has deployed with the Fourth, Fifth, Sixth, and Seventh Fleets as well as the J3 Directorate at the Pentagon and the Joint Chiefs of Staff. Finally, in 2021 he was selected for command of Patrol Squadron Four Zero.

Commander St. Aubin has diligently served as the Commanding Officer of Patrol Squadron Four Zero for the past two years. Standing by the squadron mantra, "Laging Handa,—Always Ready", Commander St. Aubin proudly served as the 73rd Commander of Squadron VP-40. From his time in service, Commander St. Aubin's personal awards include: the Defense Meritorious Service Medal, Navy Commendation Medal, Navy Achievement Medal, and various unit and campaign awards.

Mr. Speaker, it is my honor to thank Commander David T. St. Aubin for his 25 years of service and for his retirement. I wish the Commander a well-deserved retirement and all the best in his future endeavors.

PERSONAL EXPLANATION

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. SEWELL. Mr. Speaker, on March 5, 2024, I was attending to matters in my district. Had I been present, I would have voted YES on H.R. 3391 (Roll Call No. 60), and YES on H.R. 3838 (Roll Call No. 61).

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

HONORING THE IMPACT OF JESSY LAKIN AND TIANA FREEMAN ON ALASKA'S VETERANS

HON. MARY SATTLER PELTOLA

OF ALASKA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mrs. PELTOLA. Mr. Speaker, I rise today to honor two exemplary Alaskans. They have been inspirational to others, as well as a gift to the communities they serve across our great state.

Jessy Lakin of Wasilla has served as the Program Lead for the Alaska Warrior Partnership since December 2022. As a combat veteran, co-founder of Battle Dawgs 501(c)(3) and veteran advocate, Jessy's skillset in collaboration, problem solving, marketing, and community relations has helped AKWP grow exponentially. Jessy's ability and collaboration skills have helped find solutions to generate momentum within the state to address difficult issues that veterans face. Jessy has spearheaded and organized monthly meetings that host up to 85 various agencies. This collaboration and partnership have been instrumental in the ability to assist veterans and their needs. Jessy also volunteers as a Co-Chair for the Veteran Community Partnership (VCP) with the Department of Veterans Affairs Alaska Health Care System. This group works with VA programs and community partners to address gaps in service, access to care, and provide outreach opportunities to connect veterans to the VA system.

Tiana Freeman of Eagle River serves as a case coordinator for the Alaska Warrior Partnership. Tiana works to engage veterans and stakeholders who are seeking resources for the warriors in our community needing assistance. Her duties include intake of warriors, determination of needs, and screening for Suicidal Ideation and Risk before then connecting the warriors with resources in the community. Tiana has worked and closed 147 cases so far this year. Tiana goes above and beyond for each warrior; she establishes a trusting and lasting relationship with everyone she encounters. She has outstanding reviews from veterans, community partners and state and federal level agencies.

Together, Tiana and Jessy work to identify gaps in services. They also work to obtain grants and funding. Their efforts to engage and recruit community agencies, businesses, and other non-profits have resulted in over 85 partnerships across Alaska. These partnerships have worked and closed 730 cases resulting in a successful closure rate of 97.5 percent since December 2022.

Jessy's and Tiana's dedication, selflessness, and empathy have positively impacted the veterans they assist as well as the community partners they engage.

RECOGNIZING TAMPA BAY'S TRAILBLAZER MARCUS BROOKS, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today during Black History Month to celebrate

a change agent and one of Tampa Bay's most distinguished torch bearers, Marcus Brooks.

Mr. Brooks is a fourth-generation resident of St. Petersburg, Florida, where he currently lives with his wife and children. He received his bachelor's degree in political science with a minor in communications from Florida State University. Brooks credits his upbringing of racial contrast in Clearwater, Florida and South St. Petersburg, which afforded him different perspectives to shape him into the leader he is today. He is also a recipient of the St. Petersburg NAACP's Next-Gen Trailblazer award and currently serves on the boards of the St. Petersburg Downtown Partnership and Allegheny Franciscan Ministries.

"Whatever gifts you are believed to have are not yours. They were gifted to you for a finite amount of time to be passed on and used in service of others." These are words Mr. Brooks uses to govern his work and daily life. After graduating from Florida State University, he began his journey in public service of more than 15 years. Mr. Brooks has served as the youth coordinator for Coordinated Childcare of Pinellas, development officer at St. Petersburg College, regional director of Junior Achievement of Tampa Bay, director of development for Eckerd Youth Alternatives, to name a few. While serving in these roles, his goal was to cultivate, plan and execute developmental efforts that would change and touch the lives of our youth through education.

Mr. Brooks is an advocate for diversity, equity and inclusion, and believes unequivocally that if we advance racial equity and improve the overall health of the community, we will see the growth of more sustainable communities. Mr. Brooks is the executive director of the Center for Health Equity, whose mission is to inspire and empower people, share ideas, exchange information, organize and build relationships to end differences in health due to institutional racism. Under his leadership, the Center for Health Equity has pushed new bounds with the creation of Courageous Conversations, which is an award-winning protocol for effectively engaging, sustaining and deepening interracial dialogue. This conversation examines the impact of race in our lives and fosters the development of essential literacy and competency through which to experience our personal, professional and organizational journeys. Mr. Brooks believes that if we are able to strip away past beliefs, experiences and actions to truly get to know our neighbor, we can begin to have a better understanding of one another.

Mr. Speaker, on behalf of the Tampa Bay community, I am honored to recognize the outstanding accomplishments, leadership and service of Mr. Marcus Brooks, who stands as a shining example of the tremendous impact of hard work, nurturing others and service to the community to encourage others to reach their highest potential.

HONORING TRISTAN CROCKETT

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable servant, Tristan Crockett.

Mr. Crockett was born and reared in Grenada, Mississippi, to the parents, Mr. Chris Crockett and Mrs. Earline Crockett. Mr. Crockett attended and graduated from Grenada High School the year of 2015, graduating with high honors.

After graduating from high school, Mr. Crockett embarked on his career journey by enrolling at Delta State University (DSU), where he pursued a major in Commercial Aviation in Flight Operations. Through diligent effort and dedication, Mr. Crockett successfully completed his studies at DSU, earning his Bachelor of Commercial Aviation in Flight Operations degree.

After obtaining his degree, Mr. Crockett diligently advanced in his career path. Presently, he holds the position of Current First Officer at Delta Air Lines.

Mr. Speaker, I ask my colleagues to join me in recognizing Mr. Tristan Crockett for his dedication and tenacity to serving his community and desire to be an example for all.

HONORING DR. VANESSA ALLEN-MC CLOUD DURING WOMEN'S HISTORY MONTH

HON. FRANK J. MRVAN

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. MRVAN. Mr. Speaker, it is with great respect that I rise to celebrate National Women's History Month and its 2024 theme, Women Who Advocate for Equity, Diversity, and Inclusion. Each year, the National Women's History Alliance selects a unifying theme in honor of Women's History Month. This year's theme recognizes the numerous brave women throughout history who have fought and continue to fight for justice and equality for women in all aspects of American society.

As we celebrate the relentless efforts of women who have devoted their lives to this cause, I would like to take the time to honor a true leader in Northwest Indiana, Dr. Vanessa Allen-McCloud. Her passion for civil service and education serves as an inspiration for women throughout the region and beyond. Dr. Allen-McCloud holds a Bachelor of Science degree in Organizational Leadership from Calumet College of St. Joseph and a Master of Education degree from Purdue University Northwest. In 2013, she earned her Doctorate in Educational Leadership. Dr. Allen-McCloud's impressive career includes various professional positions in the field of education at Purdue University Calumet, South Suburban College, and the Gary Community School Corporation. In 2010, Dr. Allen-McCloud became President and CEO of the Urban League of Northwest Indiana, an organization that works to "promote, encourage, and enhance services to improve social, educational, and economic conditions of African Americans and other minority groups in Lake, Porter, and LaPorte counties." Under her leadership, the Urban League continues to grow and succeed and has become an outstanding source of support for many individuals and organizations. Throughout the years, the Urban League has hosted numerous programs and seminars highlighting opportunities for women. In addition, Dr. Allen-McCloud is a certified civility trainer in Civility in the Workplace and

Cultural Competence and has been a noteworthy speaker in this regard. For her extraordinary leadership and passion for giving back to the community, Dr. Allen-McCloud is worthy of the highest praise.

Over the years, Dr. Allen-McCloud has received many accolades honoring her impressive career. In addition, Dr. Allen-McCloud has generously served her community by giving her time and efforts to numerous charitable endeavors, and she serves on several local and national boards. For her exceptional devotion to these earnest causes, Dr. Allen-McCloud is to be commended.

Mr. Speaker, I ask you and my other distinguished colleagues to join me in celebrating Women's History Month and recognizing the dedication and contributions of Dr. Allen-McCloud and so many other extraordinary women who work to make our communities more equal, diverse, and inclusive.

HONORING CARLA JEAN
MARTINEZ

HON. BLAKE D. MOORE

OF UTAH

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. MOORE of Utah. Mr. Speaker, I am grateful for the opportunity to honor the exceptional accomplishments of Carla Jean Martinez who currently serves as the National President for the Veterans of Foreign Wars of the United States (VFW) Auxiliary. She is the first veteran to hold this position. She is a dual member of both the VFW Auxiliary and the VFW and is also an All-American District Commander with VFW Post 409 in Salt Lake City, Utah.

Ms. Martinez's life serves as an exemplary model of selfless, patriotic service. Born in South Carolina, she joined the United States Navy in 1981, embarking on an honorable career as a cryptologist until her retirement in 1997. Her military service spanned the globe, including assignments in Japan, England, Korea, Virginia, and at the Pentagon. Whether stationed overseas or at home, Ms. Martinez consistently distinguished herself through unwavering commitment to her country. She was awarded the Defense Meritorious Service Medal in recognition of her exceptional military service.

Following her military retirement, Ms. Martinez moved to Utah and married Stanley Martinez in 2001. Her son, following in her footsteps, served in the United States Air Force. Shortly after retiring, Ms. Martinez joined the VFW Auxiliary and dedicated countless hours to serving fellow veterans through the VFW and at VA hospitals.

I express my deep gratitude to Ms. Martinez for her decades of dedicated service and sacrifice. She epitomizes courage, selflessness, and unwavering commitment to her fellow veterans and the Nation.

It is my honor to recognize her accomplishment as the first veteran to serve as the National President for the VFW Auxiliary.

RECOGNIZING TAMPA BAY'S
TRAILBLAZER GERARD (JERRY)
A. BELL, IN HONOR OF BLACK
HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today during Black History Month with immense gratitude for the selfless community service of philanthropist and retired Tampa Bay Buccaneers player, Gerard (Jerry) A. Bell. Through Mr Bell's dedication to advancing the success of his neighbors, young and old, our neighborhoods have positively transformed. Mr. Bell devoted his considerable time and talents to improving African American student retention and completion of higher education, and in doing has lifted us all.

Mr. Bell was born in Derby, Connecticut, in 1959. He earned his bachelor's degree in computer information systems from Arizona State University where he was a standout Tight End on the Sun Devil's football team and a master's in business administration from the University of Tampa. For the past 20 years, Mr. Bell has served as an adjunct faculty member at Hillsborough Community College, Pasco Hernando State College, and the University of Phoenix. He teaches various college courses in introduction to business, marketing, and personal finance.

Mr. Bell is married to Ruth Bell, his partner in life and in philanthropic and community service. They are notably most proud of their two children, Vanessa and David.

After five seasons as a Tight End for the Tampa Bay Buccaneers, Mr. Bell pursued his passion outside of the game and entered technology sales during the 1990's, a time when this industry was evolving before the world's eyes. Mr. Bell currently serves as the president and owner of Bell & Associates Business Consultants, Inc., a value-added reseller of information technology where he collaborates with local and national clients. Community service is at the crux of Mr. Bell's life and purpose. During his time with the Tampa Bay Buccaneers, when he was not on the field, he was organizing food drives, tutoring young African American students for their SATs and ACTs, and holding football camps. Mr. Bell has served on numerous local and non-profit boards and he is a proud member of Kappa Alpha Psi Fraternity, Inc.

Mr. Bell's steadfast commitment to advancing student achievement has produced transformative results in diversifying higher education. The Bells were the first African-American couple to endow a scholarship at the University of South Florida, and to date have been able to provide financial assistance to more than 100 students who have successfully obtained a college degree, crediting the Bells' scholarship for their ability to succeed. Currently, Mr. Bell is a founding member of a new initiative at the University of South Florida, the Black Leadership Network, which is focused on the pillars of scholarship, mentorship, and internships for Black students.

Mr. Bell's public service is recognized widely. He was named a Community Hero by the Tampa Bay Lightning Foundation. Additionally, Mr. Bell's commitment to students was hon-

ored by the University of South Florida through the President's Distinguished Citizen Award.

Mr. Speaker, on behalf of the Tampa Bay community, I am proud to recognize Gerard (Jerry) A. Bell, for his selfless public service and commitment to educational success and his work in diversity and uplifting the Tampa Bay community one neighborhood at a time.

HONORING PHILLIP C. WEST

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable servant, Phillip C. West.

Mr. West was born and reared in Natchez, Mississippi, to the parents, Mr. and Mrs. Sam West. Mr. West attended and graduated from Sadie V. Thompson High School in 1964.

After completing high school, Mr. West advanced his career by enrolling at Alcorn State University, where he emerged as a student activist between 1966 and 1968. Demonstrating unwavering dedication, Mr. West ascended to the position of Vice-President of the Natchez NAACP from 1972 to 1974. His leadership continued to flourish as he assumed the role of President of the NAACP from 1974 to 1980.

He was elected and served on the Adams County Board of Supervisors from 1980 to 1997. Notably, in 1992, he achieved a historic milestone by becoming the first black individual to serve as President of the board. Following his tenure on the board, Mr. West was elected three times to the Mississippi House of Representatives, serving from 1997 to 2004. During his legislative tenure, he distinguished himself as a two-term chairman of the Mississippi Legislative Black Caucus.

In 2004, Mr. West continued to break barriers by being elected as Mayor of Natchez, marking the first time a black individual had held the position since Reconstruction.

Presently, Mr. West is serving as Vice-President of the Natchez-Adams School Board of Trustees for approximately (7) years. He is still active in many community affairs. He has continued his lifelong fight for equal opportunity, equal justice under law, and real progress for all.

Mr. Speaker, I ask my colleagues to join me in recognizing Mr. Phillip C. West for his continuing dedication and tenacity to serving his community and desire to be an example for all.

RECOGNIZING BILLY MCKINNEY'S
CONTRIBUTIONS TO NORTH-
WESTERN UNIVERSITY ATH-
LETICS AND ITS COMMUNITY

HON. BRADLEY SCOTT SCHNEIDER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. SCHNEIDER. Mr. Speaker, I proudly rise today to recognize the outstanding achievements and public service of a basketball star, radio announcer, local mayor and my

good friend, William Mervin “Billy” McKinney, III.

On March 2, Northwestern Athletics, along with the Wildcats men’s basketball program, will formally recognize Billy’s athletic accomplishments and lifetime of community contributions with the retirement of his jersey number 30 during Northwestern’s home game against Iowa. It marks the first time in school history that a student-athlete’s jersey has been retired.

Billy McKinney played varsity basketball all four of his years at Northwestern (from 1973 through 1977). He is widely regarded as one of the greatest players in Northwestern basketball history. He set numerous records and earned many accolades during his collegiate career, including multiple All-Conference and All-America honors. Billy was inducted into Northwestern Athletic Hall of Fame in 1986.

Following his collegiate career, McKinney enjoyed a successful career in the NBA, first as a player and then a front office executive. His eight-year playing career included stints with the Kansas City Kings, Utah Jazz, Denver Nuggets, San Diego Clippers, and Chicago Bulls. McKinney’s high energy play and his quickness on the court earned him the nickname “The Crazy Hummingbird.”

After retiring as a player in 1985, McKinney transitioned to NBA front office management—working over 30 years with the Chicago Bulls, Minnesota Timberwolves, Detroit Pistons, Seattle SuperSonics and Milwaukee Bucks. McKinney made history as the first African American front office executive in Chicago Bulls franchise history.

Following his days as an NBA Executive, McKinney has dedicated himself to public service. Returning to his hometown of Zion, IL, Billy was elected mayor in 2019. Since then, he has worked tirelessly to improve housing, address environmental concerns, and improve economic opportunities for his constituents.

McKinney also remains actively involved with Northwestern University. He serves as the men’s basketball radio color analyst and has a role with Northwestern University Development and Alumni Relations (NUDAR). The organization presents The Billy McKinney Award to the male student-athlete with outstanding leadership, effort, and a positive attitude.

As a player, Billy McKinney wore a medalion with the inscription: “They can conquer who believe they can.” Billy McKinney’s life story, his commitment and dedication to excellence, and his service to others set an example for us all.

As a fellow Northwestern University alum, I am pleased to recognize and celebrate his distinguished career and the well-deserved recognition bestowed on him by our alma mater. I wish Billy McKinney all the best in his future endeavors and continued success.

RECOGNIZING THE LIFE OF JAMES
OLIVER FORD

HON. TRENT KELLY

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. KELLY of Mississippi. Mr. Speaker, I rise to honor the life of James Oliver Ford, known affectionately as J.O., Jimmy, Jim, or

Ford, who peacefully passed away at the age of 79 on Thursday, February 1, in Tupelo, Mississippi. He was the eldest child of the late Oliver Ford, Jr. and Annie Mae Ford of Pontotoc, Mississippi.

James embraced Christianity at a young age and remained a dedicated member of McDonald United Methodist Church in Pontotoc, Mississippi. He served his church fervently as an usher, choir member, assistant Sunday School teacher, and President of the McDonald United Methodist Church Board of Trustees.

Graduating from Pontotoc Attendance Center in 1963, James pursued higher education, earning a Bachelor of Arts degree in History and Political Science from Jackson State University in 1967. He actively participated in Civil Rights movements, notably joining the historic James Meredith March of 1966 from Memphis, Tennessee to Jackson, Mississippi. Subsequently, he pursued a Juris Doctorate from the University of Mississippi in 1970.

Following his studies, James commenced his legal career, initially with North Mississippi Rural Legal Services in Oxford, Mississippi, before establishing his practice in Tupelo, Mississippi in 1973. He played a significant role in advocating for integration in school districts across North Mississippi, addressing violations of Brown v. Board of Education. Throughout his life, James remained committed to seeking justice for his clients, participating in free legal clinics and serving as the City Prosecutor for Baldwin, Mississippi.

Beyond his legal endeavors, he was elected President of the Concerned Citizens Coalition of Pontotoc. He also actively engaged in sports, particularly running and cycling, fostering camaraderie within the Pontotoc Runners and Bikers group.

James was a member of various organizations, including the Lee County NAACP, Black Business Association of Tupelo, and the Mississippi Bar Association. He also maintained a lifelong membership in Alpha Phi Alpha Fraternity, Inc.

In recognition of his lifelong dedication to justice and peace, James was honored with the 2024 Dr. Martin Luther King, Jr. Drum Major Award by the Pontotoc MLK Dream Committee.

James is survived by his beloved wife, Rachel H. Ford; two sons, Steven Ford of Denver, CO and J. Corey Ford of Atlanta, GA; two daughters, Kristi Listenbee of Tupelo, MS and Ashley Listenbee of Atlanta, GA; four grandchildren, Antonio Lipsey, Kyle Ford, Matthew Rowe, and Laken Ruff; one great-granddaughter, Graycn; one brother, Barry Ford of Madison, MS; one sister, Phyllis (Rev. David) High of Pontotoc, MS; one brother-in-law, Hosie Holoman of Tupelo, MS; one sister-in-law, Joann (Barry) Ledbetter of Tupelo, MS; and numerous nieces, nephews, cousins, family, and friends who will cherish his memory dearly.

RECOGNIZING TAMPA BAY’S
TRAILBLAZER ANTONIO BROWN,
IN HONOR OF BLACK HISTORY
MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today during Black History Month with appreciation of St. Petersburg native, small business owner and youth advocate, Antonio Brown. Through Mr. Brown’s dedication to increasing children’s literacy, especially Black and brown children, our youngest neighbors are empowered through stories and given the opportunity to turn the page on their lives to a new chapter filled with quality education and opportunity.

Mr. Brown was born in the Child’s Park neighborhood of St. Petersburg, and he comes from a community-minded family. Mr. Brown’s grandfather led recreation centers across the country and his grandmother helped babysit many neighborhood children. He was raised in a single-parent household and attended Boca Ciega High School and later took college courses at St. Petersburg College and St. Pete Technical College where he earned his plumbing certificate. In 2009, Brown graduated from the American Institute of Beauty.

Mr. Brown is a proud father of his son, Jaelyn and anecdotally, he strives to be a better man and father than the example he had.

Early in his career, Mr. Brown began as a telemarketer but knew this was not his calling. After spending time in meaningful reflection, he specifically thought about what was important to his life as a Black man and the impactful lessons his grandmother instilled in him while caring for children, bringing his new dream of becoming a barber and an impactful father to fruition.

While navigating fatherhood and an 18-month program to become a master barber, Mr. Brown knew his mission in life was to serve his community, particularly Black and brown youth. In 2015, he successfully opened his Barber Shop—Central Station Barbershop & Grooming—and in 2016, he began the Barbershop Book Club where kids could ‘grow up in his chairs’ and be surrounded by a positive environment that solidified their path for a chance at a better life.

When kids walk in for haircut at his Barber Shop, they have the option to receive their service for free, if they read a book aloud throughout the duration of the haircut. The children walk away with a fresh haircut and a new book to keep at no cost. In an effort to teach financial literacy, Mr. Brown encourages the families of the children to put the money they would have spent on the haircut, in a bank account for their child.

Mr. Brown curates a selection of books that are ‘culturally relevant’ and have characters that children recognize themselves in and stories that would teach them positive messages to do good in the world. After nine years of service to the St. Petersburg community through the Barbershop Book club, Mr. Brown has given out over 1,500 books and haircuts and expanded his shop to 10 different locations.

Mr. Brown’s work with children’s literacy has sparked local partnerships between beloved

bookstores in the St. Petersburg area and notably the Shirley Proctor Puller Foundation, Junior League of St. Pete, and the Juvenile Welfare Board to ensure every child that comes to his Barber Shop has the opportunity to enhance their literary skills.

When Mr. Brown is not at the Barber Shop serving local children, he serves his neighbors as the 13th President of St. Pete Heights Neighborhood Association, a St. Petersburg Sunshine City Ambassador, and a Pinellas Barbering College Instructor.

Mr. Speaker, on behalf of the St. Petersburg community, I am proud to recognize Antonio Brown for his selfless community service and dedication to fostering a safe environment for children to grow and thrive. Mr. Brown's commitment to increasing childhood literacy is a priceless investment helping our future generations one haircut at a time.

HONORING THE REVEREND
GEORGE LEE MUSEUMS OF AFRICAN
AMERICAN HISTORY AND
HERITAGE

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable organization, The Reverend George Lee Museums of African American History and Heritage.

The Reverend George Lee Museums of African American History and Heritage is a 501(c)(3) non-profit organization located at 17150 Highway 49 in Belzoni, Mississippi.

Who is Rev. George W. Lee? Rev. George W. Lee was a pivotal figure in the fight for civil rights for Black Americans. He is recognized as the first person to die in this struggle. His name holds a place of honor as the first among 40 names listed on the Civil Rights Memorial in Montgomery, Alabama. Rev. Lee was a prominent Baptist pastor in Belzoni, Mississippi, where he led a congregation. He was deeply committed to the cause of civil rights and served as a local official for the NAACP. Rev. Lee tirelessly encouraged his congregation to register and exercise their right to vote, recognizing that meaningful change for Black citizens in Mississippi, a state marked by racial discrimination, could only be achieved through the ballot box.

The mission of The Reverend George Lee Museums of African American History and Heritage is to safeguard and celebrate history, culture, arts, and heritage within the African American community. Through various programs and initiatives, the museum aims to increase awareness and appreciation of African American and Mississippi's history, while fostering racial harmony and a deeper understanding of cultural diversity. Collaborating with existing projects and organizations, as well as establishing new initiatives, the museum endeavors to preserve and promote the rich cultural heritage of the Mississippi Delta. The museum's primary focus areas include Blues, Gospel, Civil Rights, and the Arts.

Mr. Speaker, I ask my colleagues to join me in recognizing The Reverend George Lee Museums of African American History and Heritage for their passion and dedication to serving their community and the state of Mississippi.

CELEBRATING THE LIFE OF
ROBERT "BOB" RAMIREZ

HON. JIMMY GOMEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. GOMEZ. Mr. Speaker, I rise today to mourn the loss of Robert "Bob" Ramirez, who passed away at the age of 78.

Robert, a lifelong Angeleno and founding member of the El Rio Veterans Collaborative, leaves behind a legacy of dedicated service and community leadership.

A proud graduate of Cathedral High School, Bob's career path led him from the Southern Pacific Railroad to the U.S. Air Force in 1965. His deployment to Vietnam in 1966 as a security police specialist with a scout patrol fire team earned him the Air Force Commendation Medal for his meritorious service.

Following his military service, Bob's commitment to advocacy and representation was evident in his role as general chairman for IBEW, where he tirelessly served for over 30 years.

His pursuit of knowledge culminated in a degree from California State University, Los Angeles, and he shared his expertise as a professor at Los Angeles Trade-Technical College. Bob's impact is felt not only through his professional and academic contributions but also through his role as a founding member of the El Rio Veterans Collaborative. He is survived by his wife, Caroline, and their two children.

Mr. Speaker, I hope everyone will join me in mourning the loss of Robert "Bob" Ramirez and celebrating his life of service.

CELEBRATING THE 10TH
ANNIVERSARY OF MxD

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. QUIGLEY. Mr. Speaker, I rise today to celebrate the 10th anniversary of MxD, a Chicago-area manufacturing innovation institute.

Manufacturing times Digital, of MxD, was announced by President Barack Obama on February 25, 2014 as a partnership between private sector and federal government military focusing on digital manufacturing and design. MxD advances national security and economic prosperity by strengthening U.S. manufacturing competitiveness through technological innovation, workforce development, and cybersecurity preparedness. With nearly 240,000 manufacturers and 14 million manufacturing workers in the United States, MxD's work in digital technology adoption, cybersecurity readiness, and workforce development is essential to national economic competitiveness.

Over the past decade, MxD has launched a virtual training center to educate the next generation of manufacturing sector employees, worked closely with the Department of Defense to modernize manufacturing facilities, and supported local and federal pandemic-related needs throughout the COVID-19 crisis. MxD has received numerous awards and been recognized consistently for its leadership and innovation. These are just a few accomplish-

ments that the institute has achieved over the past decade, and I am excited to see what comes next. With nearly 300 members across industry, academia, and government, MxD is constantly advancing the field of manufacturing, and I am honored to have such an organization here in my district.

RECOGNIZING TAMPA BAY'S
TRAILBLAZER DR. CYNTHIA
JOHNSON, IN HONOR OF BLACK
HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today during Black History Month to celebrate a true public servant, Dr. Cynthia Johnson. Her commitment to service in the community began at an early age while she accompanied her mother on weekly deliveries for Meals on Wheels and participated in other community service endeavors. Dr. Johnson developed a compassionate determination to make a positive impact on others' lives. Her family's unwavering support, appreciation for diversity, and the passion to serve others have shaped her servant leadership style.

Dr. Johnson is a native of St. Petersburg, where she grew up as the youngest of eight children. Her early experiences in the local public school system instilled in her a deep appreciation for education. She is a first-generation college student and received her bachelor's degree in education from Florida Memorial University and a doctorate in educational leadership & organization from Nova Southeastern University. Dr. Johnson also received her certification from Cornell University in diversity, equity, and inclusion and she later received the distinguished certification as a Master Economic Development Practitioner.

Dr. Johnson has more than 24 years of experience in economic development and over 27 years in leadership training and development. She has worked in Pinellas County government since 2000, where she currently serves as the Director of Pinellas County Economic Development. In her dual role as the Director of the Pinellas County Economic Development and a community change agent, she is committed to lighting the way for others.

Dr. Johnson has a wealth of knowledge in diversity, equity and inclusion. She is a fierce advocate for public policies and business practices that lift people, businesses and non-profits agencies. As a trusted advisor to businesses large and small, government agencies, policymakers, and community leaders throughout Florida, she has built her career around the diverse and inclusive space of economic development. As an economic development practitioner, trainer, mentor, and educator, she has supported hundreds of individuals with the creation, retention, and expansion of their businesses. She specializes in partner relations, federal and state grants management and compliance, business and strategic planning, entrepreneurial development, finance, and small business innovation.

She is also passionate about cultivating the next generation of leaders and dedicates her free time to mentorship and community involvement. Dr. Johnson is a member of the St.

Petersburg Chapter of the Links and Delta Sigma Theta Sorority, Inc. She has served on numerous boards including the Grow Smarter Steering Committee at the St. Petersburg Area Chamber, Chair of the Enterprise Florida Urban Working Group, Chair of Small Business Vendor Relations for Super Bowl XLIII in Tampa, and member of the Moffitt Cancer Center African American Advisory Board. She also actively supports the National Negro College Fund and advocates for participation in Historically Black Colleges and Universities (HBCUs) across the United States. Dr. Johnson is married to “the best husband ever,” Kevin, and for over 21 years their four children and blended family have urged her on in service.

Mr. Speaker, on behalf of the Tampa Bay community, I am honored to recognize the outstanding accomplishments, leadership and service of Dr. Cynthia Johnson and her dedicated commitment to diversity and uplifting her neighbors in the Tampa Bay community.

HONORING THE EMMETT TILL
HISTORIC INTREPID CENTER

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable organization, The Emmett Till Historic Intrepid Center (E.T.H.I.C. Museum).

The Emmett Till Historic Intrepid Center, also known as the E.T.H.I.C. Museum, is situated in Glendora, Mississippi (Tallahatchie County). This historic town holds significance as the birthplace of Sonny Boy Williamson II, a legendary figure celebrated as the “King of the Harmonica.” Since its inception in August 2005 under the visionary leadership of Mayor Johnny B. Thomas, the E.T.H.I.C. Museum has emerged as a beacon of remembrance and resilience, offering a sanctuary for reflection and education. As the first and sole museum dedicated to Emmett Till, the E.T.H.I.C. Museum holds a sacred responsibility to honor his memory and preserve his legacy. It stands as a testament to the enduring spirit of justice and reconciliation, bearing witness to the tumultuous chapters of history while striving to illuminate pathways towards healing and renewal.

Housed in a former cotton gin once owned by J.W. Milam, one of Emmett’s abductors, the museum’s mission is to provide an immersive, thought-provoking, and educational journey to preserve and celebrate the historical and cultural heritage of Glendora, Tallahatchie County, and Mississippi.

Through its diverse programs and initiatives, the museum seeks to raise awareness of African American and Mississippi’s history, while promoting racial harmony and a deeper understanding of cultural diversity. By collaborating with existing projects and organizations and spearheading new initiatives, the museum endeavors to uphold and promote the rich cultural legacy of the Mississippi Delta.

Mr. Speaker, I ask my colleagues to join me in recognizing The Emmett Till Historic Intrepid Center, as a beacon of inspiration, driven by an unwavering dedication to enhancing our community and the esteemed state of Mississippi.

HONORING HIS EXCELLENCY
MARKO DJURIC, AMBASSADOR
OF THE REPUBLIC OF SERBIA TO
THE UNITED STATES

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. SWALWELL. Mr. Speaker, I rise to recognize the outstanding service of His Excellency Mr. Marko Djuric, Ambassador Extraordinary and Plenipotentiary of the Republic of Serbia to the United States of America. Ambassador Djuric is an exceptional diplomat who has dedicated his career to expanding Serbia’s relationships across the globe and shepherding his country’s accession into the European Union.

Ambassador Djuric assumed his duties as Ambassador to the United States in January 2021. In his three years of diplomatic service in Washington D.C., Ambassador Djuric has made countless contributions to the 140-year-old United States-Serbia relationship.

In Congress, the Ambassador substantially expanded the Serbian Caucus, forging new relationships on Capitol Hill while strengthening bonds with American industry through a series of working visits.

I was proud to host him in my district last year to connect him with the Lawrence Livermore National Laboratory and some of California’s most innovative and influential companies. I am hopeful that the Ambassador’s visit to my district will lead to permanent partnerships in the areas of fundamental physics, critical materials development, and other pressing issues of our time.

Under Ambassador Djuric’s leadership, the United States became Serbia’s number one trade partner in software and IT services, and the Serbian-American Business Council was established to promote US businesses inside of Serbia. He has also worked to promote the Open Balkan Initiative, which aims to bring more political and economic stability to the Western Balkans region.

I have had the pleasure of visiting Serbia twice, with the Ambassador serving as my host and guide. During those trips, I met with the Serbian President to discuss assistance to Ukraine and visited United States businesses with significant operations in Belgrade. We’ve also discussed, at length, the unique impact that wine production has on our regions.

I have the honor of calling Ambassador Djuric a true friend. The people of Serbia and of the United States owe Ambassador Djuric thanks for his steadfast service to his homeland and for his honesty and curiosity about our shared future.

TRUMAN STATE UNIVERSITY
GREENWOOD AUTISM CENTER

HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. GRAVES of Missouri. Mr. Speaker, I rise today to recognize and congratulate Truman State University in my district in Missouri. Since 2015, Truman State and its partners have been working to create the Greenwood

Interprofessional Autism Center. The Greenwood Center is now fully operational.

But before I talk more about the new Center, let me tell you about Truman State University. Truman State was founded in 1867 in Kirksville, Missouri and is Missouri’s only statewide public liberal arts and sciences university. Truman is consistently ranked among the nation’s best colleges. For 26 consecutive years, U.S. News and World Report has recognized Truman as the No. 1 public university in the Midwest Regional category. They also gave Truman a No. 1 ranking for “Best Undergraduate Teaching,” and Truman has rated No. 1 on the list of “Best Value Schools” in the region.

Autism is the fastest-growing developmental disorder in the United States. The Center will provide in-depth, interdisciplinary assessment and intervention for those with autism or suspected autism, as well as other neuro-developmental disorders in Northeast Missouri where these services do not exist. The Center will provide applied behavior analysis (ABA) services internally and work with a variety of external partners to meet the needs of the people the Center will serve. All partners will work within the Center’s model and guidelines to ensure consistency, quality, and collaboration.

The Center also provides high-quality training for students at Truman State University. Licensed professionals will supervise Truman students enrolled in health-related academic programs (Applied Behavior Analysis, communication disorders, counseling, education, exercise science, health science, nursing, and psychology).

I congratulate Truman State and its partners for creating this Center that will bring invaluable and much needed resources to the families and children of Northeast Missouri.

RECOGNIZING TAMPA BAY’S
TRAILBLAZER DR. KANIKA
TOMALIN, IN HONOR OF BLACK
HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today to honor and celebrate the remarkable contributions and achievements of a life-long servant leader, Dr. Kanika Tomalin. Dr. Tomalin has devoted her life to improving access and opportunity for the underserved—who are not undeserved of opportunity.

For more than a decade, Dr. Tomalin served in key leadership positions at Bayfront Health which fueled her passion for a healthier St. Petersburg. She is the first Black woman to serve as a healthcare executive at Bayfront Health and while there, she led the creation of the joint venture partnership that resulted in the formation of the Foundation for a Healthy St. Petersburg.

In 2014, she was appointed St. Petersburg deputy mayor by Mayor Rick Kriseman and is the first Black woman to serve in that role. Dr. Tomalin helped launch numerous initiatives that have made St. Petersburg more vital, inclusive and healthier, including founding the Innovation District and Healthy St. Pete, which both helped reduce the Black poverty rate to

a new low. Ten years ago, Pinellas County ranked 38th of 67 counties in Florida for overall health and today, it ranks 17th. Also, out of Healthy St. Pete came St. Pete Eats: A Cookbook, which Dr. Tomalin published during the pandemic. It emphasizes healthy ingredients and recipes are taken from her own as well as from the city's independent restaurants as a salute to "the special role our small businesses play in this paradise of a place we call home." Proceeds from the book helped support small businesses affected by the public health crisis.

Before returning to the Foundation for a Healthy St. Petersburg for her full circle moment, Dr. Tomalin was chief operating officer and vice president for strategy for Eckerd College in St. Petersburg. Now as president and chief executive officer of the Foundation, which has a mission to understand health disparities and support community-driven solutions to achieve health equity, Dr. Tomalin is passionate about helping to rewrite the story of St. Petersburg's underserved communities so they can attain their full potential.

As a fifth-generation St. Petersburg native, Dr. Tomalin is the oldest of two daughters born to Yvonne and David Jelks. She grew up in West St. Petersburg, attending Bay Point Elementary School, Bay Point Middle School, Tyrone Middle School and graduated from Boca Ciega High School. She says she had an idyllic childhood, cradled by her extended family of about 250 relatives, who mostly live in St. Petersburg or within miles. During her formative years, Dr. Tomalin was an Ebony Scholar, a program that provides institutional and financial support to high-achieving African-American students and was the vision of Vyrle Davis, an education giant who became Pinellas County's first Black area superintendent. Her interest in journalism began early—her childhood best friend's mother was an editor at the then-St. Petersburg Times. Dr. Tomalin received her bachelor's degree in journalism from Florida A&M University, her master's degree in business administration from the University of Miami and her doctorate in law and policy from Northeastern University.

Dr. Tomalin was a Poynter Institute scholar writing stories for the St. Petersburg Times when she met her future husband, sports and outdoors writer Terry Tomalin. They raised two children, Kai and Nia, and were married for 17 years until his passing in 2016.

Dr. Tomalin also worked at the Palm Beach Post and television stations in Tallahassee, Florida and Louisville, Kentucky, as well as radio in St. Petersburg.

Mr. Speaker, I am pleased to recognize Dr. Kanika Tomalin, who is honorably carrying forward the legacy of her deeply rooted St. Petersburg family while making an indelible mark on progress for St. Petersburg, the Sunshine City that is moving along the margin of excellence from great to iconic where opportunity shines on all.

HONORING THE LIFE OF GWEN-DOLYN "GWEN" BENSON-WALKER

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. NORTON. Mr. Speaker, I rise today to honor Gwendolyn "Gwen" Elaine Benson-

Walker, my former chief of staff, who died on February 2, 2024.

Gwen worked for me in various capacities for 20 years, starting as my scheduler and ultimately becoming my chief of staff. As my chief of staff, Gwen fostered a collaborative environment and helped me hire the best and brightest for my office.

Gwen was also a devoted mother and grandmother, and had a passion for wellness, physical fitness, and world travel. After her retirement, Gwen traveled the world and lived in Spain from 2013 to 2022.

Gwen was not only beloved by her family, friends and colleagues, she was also beloved by me. I am honored to have known Gwen, and I will be forever grateful for her service to Congress, as well as to the District of Columbia.

Again, I ask the House of Representatives to join me in honoring the life of Gwen Benson-Walker.

RECOGNIZING DIRECTOR OF CASEWORK DECONTEE SAWYER FOR HER EXCELLENT WORK ON BEHALF OF MINNESOTA'S THIRD CONGRESSIONAL DISTRICT

HON. DEAN PHILLIPS

OF MINNESOTA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. PHILLIPS. Mr. Speaker, I rise today to recognize my Director of Casework, Deontee Sawyer, for her work on behalf of every constituent in Minnesota's Third Congressional District. This week, Deontee will depart my office for a new opportunity serving as Rep. ANGIE CRAIG's Casework Director, and I could not be more proud or grateful for her service.

As Director of Casework, Deontee masterfully led my casework operations and team of caseworkers, working tirelessly for our constituents. Deontee has always gone above and beyond to advocate for constituents, lending her expertise to a wide range of cases and crises. As a true servant-leader on the front lines, she restored Americans' faith in government one passport, immigration case, tax return, and VA benefit at a time.

A St. Cloud State University graduate, Deontee was an organizer on my first campaign in 2018, before joining my congressional staff as a Constituent Advocate. Her impressive success in that role and dedication to service led me to promote her to Director of Casework in 2023. From the beginning of her time with my office, Deontee demonstrated her commitment to our ethos that "Representation Begins with Listening" by connecting casework to policymaking. When Deferred Enforced Departure (DED) status was about to expire for the Liberian community, Deontee worked with our legislative team to introduce the bipartisan Protect Our Liberian Community Act. She and our team worked diligently on this issue until a pathway to citizenship for Liberians on DED was included in the NDAA that passed at the end of my first year in office.

Deontee has been our office ethos of "Radical Hospitality" personified for the past five years. She has been the heart of our casework team since our office opened—a role that allowed her to seamlessly blend her

professional experiences as a mental health professional and community organizer. No case has ever proven too big or too small for Deontee; she treats every constituent with an expert blend of professionalism and compassion. She has put her effortless way of connecting with people to work building authentic connections with communities throughout Minnesota's Third District.

Deontee's positive energy, radiant smile, enthusiasm for trivia, and inclination to dance after receiving good news on behalf of a constituent will be deeply missed by her colleagues. She has been a leader in our office, never afraid to share what is on her mind and stand up for her beliefs. Deontee knows the importance of bringing joy into work that can often feel heavy. She encourages team members to have fun in their jobs and celebrate hard-fought wins, and she demonstrates genuine care for her colleagues' wellbeing.

The people of Minnesota's Third Congressional District were lucky to have her expertise and leadership, and she will be dearly missed. However, I'm extraordinarily happy that this expertise will continue to serve the nation and the people of Minnesota's Second Congressional District. I wish Deontee all the best in her future endeavors and thank her for her five years of faithful service to this Nation.

RECOGNIZING TAMPA BAY'S TRAILBLAZER, GLORIA JEAN ROYSTER, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, this Black History Month I rise to celebrate the life of a local trailblazer, author, and historian, Ms. Gloria Jean Royster.

Ms. Royster is a resident of north downtown Tampa where she regularly advocates for safer pedestrian access and infrastructure, and quality-of-life issues for residents living in her River Arts District neighborhood. In late 2022, she contributed to the story and history of Ashley Drive and the surrounding area for the City of Tampa's application for the Reconnecting Communities Grant Pilot Program/Ashley Drive Redesign Project. When the city was awarded the grant it shared credit with Ms. Royster for helping to tell Tampa's story as part of the application. Ms. Royster shared this significant achievement with some of the historic residents who were impacted by demolished communities and with her River Arts District community leaders. This project will include removal of an interstate ramp and open streets which fulfills a dream of Ms. Royster and her neighbors for direct pedestrian access to The Tampa Riverwalk.

She retired to Tampa to be a full-time tourist and ended up volunteering in her community. An avid Tampa history buff and researcher, Ms. Royster currently spends her time telling the story of Tampa through her signature Tampa History Postcards, which include many historical nuggets of Tampa's Black community. Ms. Royster helped erect the Madame Fortune Taylor Bridge Historical Marker (2018) in downtown Tampa and she is the creator of the Tampa Bay History Center Madame Fortune Taylor Walking Tour, which she led for

three years and received a “Best of the Bay 2021” nomination for Best Walking Tour. Madame Fortune was born into slavery and, after gaining her freedom, became a Tampa businesswoman who owned more than 30 acres of land in the late 1880s but sold it as part of an agreement that a bridge be built over the river which would connect East and West Tampa. The historic bridge was built in 1892 and named after Taylor.

Ms. Royster is a native of Philadelphia, Pennsylvania, but life has taken her many places, and she considers Chicago, Illinois home, where she raised her only child Ike Murray, Jr. (ret. USAF), and where four of her seven siblings live. Ms. Royster has a passion for her two strengths, caring for others or writing about them. After high school she taught and cared for 2-year-olds at a pre-school in Raleigh, North Carolina before entering the hospitality industry. While in college she was hired as a Feature Writer for Muhammad Speaks Newspaper in Chicago (later Bilalian News and The American Muslim Journal).

While observing her story subjects she caught the hospitality bug again and left journalism for several years.

When she lived in Atlanta, Ms. Royster worked as a community grassroots organizer and was nicknamed the “The Quiet Riot.” It was at this time she was encouraged by her mother, Mrs. Doris L. Muhammad Royster to write children’s books. Ms. Royster wrote her first children’s book manuscript while spending time with her young nephew. He was a window to her destiny. She wrote her second children’s book manuscript “GO! In The Snow” and self-published in 2019. Her third children’s book manuscript, “Al Li Gator and J. Louis Bat”, which takes place at the Bat House in Tampa near the Historic Fortune Taylor Bridge will be released this spring and we will see other book projects in the future.

Mr. Speaker, on behalf of the entire Tampa Bay community, I am honored to recognize Ms. Gloria Jean Royster for her outstanding contributions to keep our local Black history alive and using it to create positive change in the future as well as her selfless acts of community service in uplifting her neighbors.

RECOGNIZING SETH UTTERBACK

HON. BRUCE WESTERMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. WESTERMAN. Mr. Speaker, it is with great pride and admiration that I rise today to recognize a remarkable student currently attending classes at Cass Job Corps, located in Franklin County, within the bounds of Arkansas’ esteemed Fourth Congressional District. Seth Utterback embodies the spirit of dedication, leadership, and excellence that we strive to cultivate in our youth.

Throughout his time at Cass Job Corps, Seth has experienced tremendous growth and success, particularly within the culinary program where he has truly distinguished himself. Serving as both a dorm president and lead chef in the culinary arts trade, Seth exemplifies servant leadership, tirelessly ensuring that his fellow students feel welcome and supported on campus. His commitment to the success of others is truly commendable.

Seth’s passion for culinary arts is evident in his unwavering dedication to honing his skills. His natural talent, coupled with his strong communication and teamwork abilities, sets him apart as a standout student and a valued team player. Whether he is mastering new techniques or assisting his classmates, Seth consistently goes above and beyond, embodying the values of reliability, respect, and positivity.

In addition to his exemplary academic and leadership achievements, Seth has been selected to represent Cass Job Corps at the Leadership Summit in Washington, D.C., a testament to his exceptional leadership qualities. Furthermore, his participation in the Work Experience Program through WIOA has provided him with invaluable real-world skills and experiences under the guidance of Mr. Mike Brown, further preparing him for success in his future endeavors.

Looking ahead, Seth’s ambitions extend beyond the borders of Arkansas as he plans to attend Treasure Island Job Corps in California, with the long-term goal of becoming a chef on a cruise line. His determination, outstanding work ethic, and unwavering commitment to his dreams serve as an inspiration to us all.

I ask my colleagues to join me in congratulating Seth Utterback on his achievements and in wishing him continued success as he embarks on the next chapter of his journey. Seth is truly a testament to the limitless potential of our Nation’s youth, and I have no doubt that he will continue to make us proud in all his future endeavors.

HONORING CHIEF PATRICK PARKER

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. BERGMAN. Mr. Speaker, Chief Patrick Parker grew up in Petoskey, Michigan as the oldest of 11 children and carried with him from a young age a sense of duty and responsibility. In high school, Chief Parker played football for the Petoskey Northmen, was a Proud Eagle Scout of Troop 7, and graduated in 1979. Chief Parker then attended North Central Michigan College where he earned an Associate’s Degree and later received a Bachelor of Science in Business Administration from Lake Superior State College.

Chief Parker started his fire service career in 1983 as a volunteer and morphed into a part-paid/on-call firefighter and EMT. He filled many roles such as Firefighter, Lieutenant, Captain, and Battalion Chief; and in 2004, he was promoted to the rank of full-time Deputy Chief. On January 1, 2006, Parker became the Chief of the Grand Traverse Metro Fire Department, encouraging his members to foster an atmosphere where everyone is empowered to give their best and live up to the credo: *Omnis Cedo Domus—Everyone Goes Home.*

Additionally, Chief Parker is involved professionally in the Michigan Association of Fire Chiefs Board, Northern Michigan Fire Chiefs Association Board, Grand Traverse County Local Emergency Planning Committee, Local Planning Team and 911 Advisory Board. Chief Parker is the founding member of MI-Mutual

Aid Box Alarm System Division 3701, which at the time of its founding included all of Region-7. He is the chairperson of the MABAS-Michigan Special Operations Work Group, the State’s Urban Search and Rescue Team, overseeing Michigan Task Force-1. Chief Parker was Michigan’s representative to the Great Lakes Division (GLD) of the International Association of Fire Chiefs (IAFC), and he currently is the immediate past president of the GLD.

Always looking for new ways to help his community, Chief Parker is involved with many local boards and committees, serving as the President of the American Red Cross—Northern Michigan, Camps and Services member of the Rotary Club of Traverse City, board member of the Rotary Camps & Services with the Knights of Columbus No. 9979, and board member of the Michigan Crossroads Council—Boy Scouts of America. He is the founding member and President of the Grand Traverse Region First Responder Alliance, a 501(c)(3) organization founded to find solutions to the unmet needs of the region’s first responders.

Chief Parker is also a dedicated husband, enjoying 39 years of marriage to his wife Michelle and their 3 golden retrievers. In his spare time, he is known for being an avid hiker, hunter, and Great Lakes boater, and he enjoys camping and snowmobiling in the wintertime.

Mr. Speaker, it’s my honor to congratulate Chief Patrick Parker on an exemplary career and legacy of giving back to his community. I thank him for his humble service and wish him and his family the best in their future endeavors.

HONORING THE LIFE OF BETTY HOLZENDORF

HON. DEBBIE WASSERMAN SCHULTZ

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. WASSERMAN SCHULTZ. Mr. Speaker, it is in the spirit of bereavement that I rise to recognize the remarkable life of former Florida State Senator Betty Holzendorf. As a dedicated public servant, community leader, and advocate for social justice, her impact on the city of Jacksonville and the great State of Florida and its people will be felt for generations to come.

Senator Holzendorf passed away on February 29, 2024 at the age of 84.

As a lifelong resident of Jacksonville, Senator Holzendorf dedicated her life to the betterment of her community. She received her bachelor’s degree from Edward Waters University and her master’s in educational administration from the University of North Florida, the latter of which has a road named after her on campus.

As a former public school teacher and administrator at her alma mater, Edward Waters University, she was committed to quality education and began her career in public service in 1975 as an affirmative action officer under Jacksonville Mayor Hans Tanzler. Following several years of service in this role, she joined the staff of Jacksonville Mayor Jake Godbold as City Council liaison, where she developed the political skills that would catapult her into the Florida House of Representatives in 1988.

Throughout her esteemed career, Senator Holzendorf championed causes that uplifted the most vulnerable members of her community. Whether it was fighting for affordable housing, advocating for quality education, or promoting access to healthcare, she never wavered in her dedication to improving the lives of her constituents, especially children.

Senator Holzendorf's passion for justice and equality was matched only by her unwavering determination to create positive change. After four years in the Florida House, she served with distinction in the Florida State Senate from 1992 to 2002, where her leadership earned her the respect and admiration of colleagues on both sides of the aisle.

Beyond her legislative accomplishments, Senator Holzendorf was a pillar of her community, known for her kindness, compassion, and incredible cooking. Her impact extended far beyond the boundaries of Tallahassee and Jacksonville, truly touching the lives of countless individuals throughout Florida.

My heart is with Senator Holzendorf's family during this time of mourning. May they find solace in knowing that her legacy will live on in the hearts and minds of all who had the privilege of knowing her, and may her memory be for a blessing.

HONORING THE EDUCATIONAL CONTRIBUTIONS OF MR. MYCHAL THREETS

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. GARAMENDI. Mr. Speaker, I rise today to honor the critical contributions of Mr. Mychal Threets to the Solano County community. As the Supervising Librarian at the Fairfield Civic Center Library and a social media content creator, Mr. Threets impacted the lives of countless youth in the Solano community and beyond.

As a homeschooled student in Solano County, Mr. Threets grew up taking advantage of the wide array of resources and services offered at his local library and received his first library card at just five years old. After earning his master's degree in library information science, Mr. Threets began working at the Fairfield Civic Center Library in 2013 and helped expand the library programs and resources that were fundamental to his education.

With the growing mental health crisis and declining literacy rates, Mr. Threets took to social media to discuss the vital emotional health resources and educational services that libraries provide. He wanted to ensure people knew that libraries are not just places with books but offer something for everyone. Through his social media posts, Mr. Threets shared stories about the vital role libraries play in people's lives and the "library joy" he sees in action every day. Mr. Threets used his viral social media presence to spread kindness and inspire American youth to fall in love with reading and libraries, just as he did.

For his advocacy and outspoken love of libraries, Mr. Threets was one of 10 librarians across the country to win the I Love My Librarian Award for Public Service. While Mr. Threets will be stepping away from his role in

the Solano County Library, I know he will continue striving to improve the Solano community and increase literacy rates for young children. I look forward to seeing his work to expand access to educational resources and make our communities more inclusive.

RECOGNIZING TAMPA BAY'S TRAILBLAZER WALLACE Z. BOWERS, IN HONOR OF BLACK HISTORY MONTH

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. CASTOR of Florida. Mr. Speaker, I rise today to honor and celebrate the remarkable contributions and achievements of a distinguished individual of the Tampa Bay community, Mr. Wallace Z. Bowers. Supported by his wife, Lois Bowers, and son, Warren Lyle Bowers, his lifelong dedication to community service, advocacy, and leadership embodies the spirit of stewardship we all must strive towards.

Mr. Bowers grew up in Bascom, FL, the 11th of 13 children. In describing his upbringing, Mr. Bowers considered himself a "country boy," and often recalls the lessons of hard work and "making a difference" which his parents instilled in him and his siblings. This foundation inspired a call to service in the U.S. Army and later, his decades of community service within the Tampa Bay community. After returning from military service, Mr. Bowers moved to Tampa, Florida, eventually settling in a little community called Progress Village. He went on to study at the University of Tampa, Tampa Bible College and Florida Theological Seminary & Bible College.

Mr. Bowers was an early member of the Progress Village Civic Council, a Tampa-based community organization which played a pivotal role in offsetting the displacement of African Americans during the Civil Rights era. He also co-founded and served as President from 1986 until 1996 of the Progress Village Foundation which provides scholarships to local students. Mr. Bowers also played a pivotal role in rezoning negotiations with the Hillsborough County Commission, resulting in significant benefits for the community, including the revitalization of the Progress Village Park, and various other improvements.

Mr. Bowers' commitment to public service is also exemplified by his gubernatorial appointment to the Florida Housing Authority from 1983 to 1989, where he served as Chair during the later years of his tenure. Additionally, his dedication to transportation and community development is reflected in his roles as a county appointee to the Hillsborough County Regional Transit Authority (HART) and as a past member of the Hillsborough County Metropolitan Planning Organization (MPO) Board and Tampa Streetcar Board.

Throughout his life Mr. Bowers has invested in the communities and people of Tampa. And often recalling his parents' teachings of hard work and making a difference, Mr. Bowers was always aware of his higher calling as a spiritual leader. He was the Vice Moderator of the Mount Pilgrim Association for six years and is currently a member of the Progressive M & E Baptist State Convention of Florida and

National Baptist Convention of America International, Inc. As a licensed and ordained minister, he led and pastored the Saint Mary Missionary Baptist Church from 1996 to 2018 being given the honorary title of Pastor Emeritus.

In 1970, Mr. Bowers founded his own real estate business and has been practicing for over five decades. His entrepreneurial spirit also led him to own and operate Bowers Barber Shop. Mr. Bowers served as the Property Manager for the Progress Village Shopping Center and Progressive M & E Baptist State Convention Headquarters, always working hard and always making a difference.

Mr. Bowers has stated that for any community to progress and move forward we all must take an interest in improving the welfare of our fellow citizens. Not only has he led by that example for decades, but he has helped establish a foundation in the community that would ensure future generations, regardless of where they were from or the challenges they face so that they have the appropriate educational, economic, and social opportunities needed to achieve success.

Mr. Speaker, I am honored to recognize Mr. Wallace Z. Bowers, whose work is engraved in the streets of our Tampa community. His legacy of service, leadership, and hard work serve as an inspiration to future generations.

HONORING JOHN S. JOSSELL

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor John Jossell.

John Jossell was born in Jackson, Mississippi, on December 2, 1985, to Michael and Evelyn Jossell. He is the second oldest of five siblings and spent his early years in Clarksdale, Mississippi. After attending Clarksdale Municipal School District, he later moved to Marks, Mississippi.

During his upbringing in Quitman County, John discovered a passion for teaching as he practiced with his siblings. This passion led him to graduate from Madison S. Palmer High School with a strong desire to pursue a teaching career.

Choosing Rust College as his alma mater, John focused his studies on English, the subject he was most passionate about teaching. As a student at Rust, he actively participated in the Baptist Student Union Gospel Choir and became a member of the esteemed Alpha Phi Alpha Fraternity, Inc. After graduating in 2009, John's mother encouraged him to begin his teaching career in his hometown at Quitman County School District.

Starting as a first-year teacher at Quitman County Middle School, John taught Reading. He thoroughly enjoyed the learning environment, the students, and the educational culture. Motivated to enhance his teaching skills, he pursued a master's degree in Curriculum, Instruction, & Assessment from Walden University. This program equipped him with effective tools and assessment techniques to better educate his students. Transitioning to Madison S. Palmer High School, John faced the challenge of preparing students for the English II state test. Despite the difficulties, he found

great fulfillment in inspiring his students to excel academically beyond the Mississippi Delta. Recognizing his passion for teaching, several individuals encouraged him to explore administrative roles.

Building on his master's degree, John decided to pursue a specialist degree in Educational Leadership and Administration. While serving as the Assistant Principal of Madison S. Palmer High School, he continued to teach English II. Although demanding, John's determination propelled him to succeed in his position. During his tenure, numerous students pursued higher education outside of Mississippi, fulfilling their college dreams.

Presently, John serves as the principal of Quitman County Middle School as he diligently works towards his doctorate degree in Educational Leadership & Administration from Walden University. Guided by the scripture, "Do everything with Love" (1 Corinthians 16:14), he brings this spirit to his interactions with the faculty, staff, and students at Quitman County School District.

Mr. Speaker, I ask my colleagues to join me in recognizing Mr. John Jossell for his dedication in serving his school and community.

HONORING THE RETURN OF SHEN YUN TO THE DAVID H. KOCH THEATER AT LINCOLN CENTER IN NEW YORK CITY

HON. PATRICK RYAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. RYAN. Mr. Speaker, I rise to recognize the return of the Shen Yun Performing Arts Company to the David H. Koch theater at Lincoln Center in New York City in April 2024.

Shen Yun Performing Arts was established in New York in 2006 and has become a worldwide phenomenon as they travel to 180 cities every year to perform. Millions of people travel to see this unique performance time and time again and with the development of new dances each year, the performers, choreographers, and conductors continually develop an amazing show for all to enjoy.

The ancient Chinese traditions that are rooted in virtue, faith, and moral values are brought to life in the performances that feature dancing and singing with performers wearing intricate costumes. Artistic freedom is essential to a society and Shen Yun expresses that ideal in the face of continued opposition from the Chinese government.

I had the privilege of meeting many members of the Shen Yun community located in my district and watched the performance in Washington, D.C. It was a huge honor to see such talent.

I want to thank the members of Shen Yun for their great success thus far and wish them all the best performing at Lincoln Center.

HONORING ELLISON CAPERS "E.C." GRAYSON, JR.

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. WILSON of South Carolina. Mr. Speaker, today I honor the life of Mr. Ellison Capers "E.C." Grayson, Jr. and offer my sympathy to his family. E.C. Grayson, born in 1928 in Saint Paul, Minnesota, was known for his vibrant personality, dedication to family and friends, and lifelong commitment to civil service. From his early achievements as an Eagle Scout, student leader, and athlete, to his distinguished career in the U.S. Navy, serving during the Korean war and as Assistant Secretary of the Navy under President Reagan, and later as a successful CEO and leader, E.C. left a lasting impact on all who knew him, celebrated in a Memorial Mass on March 1, 2024, in Tiburon, California. We deeply appreciate his exemplary service and personal courage, which epitomized the highest traditions of Navy service. I include in the RECORD the following obituary for E.C. Grayson, Jr.:

Ellison Capers "E.C." Grayson, passed away peacefully and faithfully on January 13, 2024, in La Quinta, Calif.

E.C. was born in Saint Paul, Minn., on September 7, 1928, son of Ellison Capers Grayson, Sr. and Inez Santos Grayson; and brother of Richard A. Grayson, Esq. E.C. will always be remembered for his big smile, boundless energy, eternal optimism, devotion to duty, honor, country, and his deep love of family and friends. E.C. loved the magic of relationships, knew everyone, and delighted in connecting them.

E.C. was raised in St. Paul, Minn., and was a student leader and athlete. He was an Eagle Scout, President of Central High School, a lifeguard, and a varsity football player. At the University of Minnesota, E.C. was President of Sigma Alpha Epsilon and the Inter-Fraternity Council. He loved his summers on the Isle of Palms, S.C., where his family had a long history. E.C. was an athlete his entire life, still swimming at 95. He loved tennis, downhill skiing, running, rowing on the Bay and playing water polo on the Olympic Club team. As a member of the Saint Francis and Corinthian Yacht Clubs, he loved racing around the Bay on "The Darby" to the delight of his granddaughters and their friends.

After graduation, E.C. joined the U.S. Navy as an officer during the Korean war. From his ship, he witnessed a nuclear detonation test off the Bikini Atoll. His active duty took him across the Pacific and ultimately, to San Francisco, where he met the love of his life, Jean Amy Mason. She was a flight attendant for United Airlines and for President Dwight Eisenhower during his presidential campaign. E.C. and Jean were engaged in Honolulu and married on Treasure Island Naval Base on December 26, 1953. They spent their honeymoon driving through Europe for three months and returned home to San Francisco aboard the QE II.

Thereafter, E.C. had a successful career as an insurance industry CEO. He was very active in civic affairs, including as President of St. Mary's Hospital and The Navy League, a Regent at Saint Ignatius College Prep, Commanding Officer of a Naval Intelligence Reserve unit and an advisor to Mayors George Moscone and Dianne Feinstein and Governor Pete Wilson.

In 1981, President Ronald Reagan appointed E.C. as the Assistant Secretary of the Navy. He received numerous awards, including the Navy's Distinguished Civilian Service medal. After serving in the Pentagon, E.C. returned to San Francisco and joined Spencer Stuart, becoming one of the country's top "headhunters" of Fortune 500 CEO's, CFO's, and board members. In later years, E.C. joined the Grayson Group as senior advisor and loving mentor to its founder, Laurie Grayson.

E.C. especially loved The Bohemian Club and Grove. He was a true Bohemian in spirit and deed. He also greatly enjoyed The Alfalfa Club, The Knights of Malta, The Metropolitan Club of Washington, D.C., and serving on The Guardsmen board. He was a member of The Springs Country Club in Rancho Mirage and a devout parishioner of St. Hilary Church in Tiburon.

E.C. is survived by his wife of seventy years, Jean Mason Grayson; his children, Darby Grayson Sutherland (Bruce) and William Ellison "Bill" Grayson (Laurie); his four granddaughters, Katherine (Washington, D.C.), Elizabeth and Caroline Grayson (Manhattan), and Lauren Gordon (Austin, Texas). He is also survived by Shadow, his beloved standard poodle. E.C.'s zest for life, service to his country, devotion to his family and love of his friends will continue to live on in all of us.

The Memorial Mass was on Friday, March 1, 2024, at 1:30 p.m., at St. Hilary Church in Tiburon, Calif.

COMMEMORATING THE WORK OF THE NAVY FEDERAL CREDIT UNION

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. CORREA. Mr. Speaker, I rise today to honor the work of the Navy Federal Credit Union and its strong support for the military community throughout California and the United States. With a statewide membership totaling almost 1.5 million, with 18,000 residing in my district, I applaud the work they do everyday to ensure that our beloved servicemembers have access to convenient financial services.

Spread throughout its 50 branches in California, the Navy Federal Credit Union has worked tirelessly for the past 90 years to ensure that their mission of being the preferred financial institution to members of the military and their families stands true. As a member-owned and not-for-profit credit union, their worldwide membership consists of 13.3 million members. Additionally, they have 356 branches worldwide, ensuring that all servicemembers can take advantage of their services and products in the pursuit of financial wellbeing.

Furthermore, their awards and recognition speak to the impact of their mission for both their employees and members. With branches spread across the United States and the world, they've proven that they provide a well-rounded workplace for their employees. Most notably, they have been awarded the FORTUNE 100 Best Companies to Work For and have been named a Top Workplace by the

Washington Post. In addition, they have proven to have a strong military focus when they were named the Best Military Bank/Credit Union by the US News and World Report.

Their member-focused mission, including serving with compassion, putting members first, and championing community helps to ensure that there is a strong understanding of the needs for service members, while displaying integrity and honesty in their services.

I ask my colleagues to join me in commemorating the work of the Navy Federal Credit Union and the services they provide for servicemembers in California and the United States.

HONORING LATONZIA DORSEY-
EVANS

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a tenacious and self-motivated leader, Mrs. LaTonzia Dorsey-Evans. LaTonzia has shown what can be done through hard work, dedication, and a desire to achieve success.

LaTonzia, a resident of Mayersville, Mississippi, is currently working on her Doctorate at The University of Memphis in African American Literature and Cultural Studies. Her research interest includes the Black Arts Movement, African American Literature, and Hip-Hop. She also holds a Bachelor of Science and a Master of Arts from William Carey University.

LaTonzia spent a year as the 11th and 12th grade English teacher at South Delta High School before transitioning to Mississippi Valley State University (MVSU) as the Sophomore Year Experience Coordinator in University College. Currently, she serves as an Instructor of English in the English and Foreign Languages Department at MVSU. In recognition of her outstanding contributions, she was awarded the title of Humanities Teacher of the Year for 2023–2024 by the Office of Academic Affairs.

Mr. Speaker, I ask my colleagues to join me in recognizing Mrs. LaTonzia Dorsey-Evans for her passion and dedication to the Arts & Social Justice.

INTRODUCTION OF THE WASHINGTON, D.C. AREA HELICOPTER NOISE INFORMATION EXCHANGE ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Ms. NORTON. Mr. Speaker, I introduce the Washington, D.C. Area Helicopter Noise Information Exchange Act, which would require the Federal Aviation Administration (FAA) to create and implement a helicopter noise-sharing

mechanism for all helicopter operators in the National Capital Region (NCR) and to make such mechanism accessible to the public online. I got this bill included in the Securing Growth and Robust Leadership in American Aviation Act (H.R. 3935), which the House passed last year.

Residents of the NCR have been plagued by helicopter noise for years. Yet, there is no centralized complaint system nor any comprehensive data about helicopter noise in the NCR. Helicopter noise can harm health, quality of life, and the structural integrity of homes. In 2019, I led members of the NCR in requesting that the Government Accountability Office (GAO) study helicopter noise in the NCR. In 2021, GAO recommended that the FAA implement a noise sharing mechanism for helicopter operators in the NCR.

In 2022, the FAA initiated a pilot program with a private company to create a helicopter noise sharing mechanism in the NCR. After the end of the pilot program, Fairfax and Arlington Counties contracted with the private company to maintain such a mechanism solely for Northern Virginia. However, the company is not required to share the collected data with any jurisdictions, other than those in Northern Virginia, or the public. The FAA must be involved in the collection and analysis of helicopter noise data in the NCR to effectively address the impacts on the public, and the public has a right to know the source of the noise.

This bill would direct the creation of a more effective information sharing mechanism, which would allow for better, more comprehensive data on helicopter noise complaints. This data would in turn help us develop solutions to address helicopter noise.

I urge my colleagues to support this bill.

SPECIALIST JUSTIN MEDINA,
CLEMENTON TOWN HALL HOME-
TOWN HERO

HON. DONALD NORCROSS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. NORCROSS. Mr. Speaker, born and raised in Blackwood, New Jersey, Specialist Justin Medina has shown dedication and commitment throughout his life. During his time at Highland Regional High School, he was involved in sports. Immediately after graduating from Highland Regional High School, Specialist Justin Medina enlisted in the United States Army.

Specialist Justin Medina enlisted in February of 2021 and served for two years, achieving the rank of PSE E-4, before he was honorably discharged in 2023. Specialist Justin Medina served as a paratrooper during his enlistment, and he was stationed at Fort Bragg, now known as Fort Liberty.

During his tenure in the United States Armed Forces, he served with distinction. Specialist Justin Medina was the recipient of multiple Army Commendation Medals which are granted for sustained acts of heroism or meritorious service.

Following his military service, Specialist Justin Medina began working as a security officer

and is presently employed at a local smoke shop. Throughout his career he has shown a willingness to learn in different environments.

Today, Specialist Justin Medina is determined to further his education and pursue a college degree and he desires to earn a Real Estate License. Specialist Justin Medina has a strong work ethic, and there is no doubt that he will continue to make significant contributions to our community.

Mr. Speaker, I ask you to join me in honoring and commending Specialist Justin Medina for his service to his community, the United States Army, and to the United States of America.

HONORING ED MELL

HON. GREG STANTON

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 5, 2024

Mr. STANTON. Mr. Speaker, I rise to honor the life and legacy of Ed Mell, who we lost at the age of 81 on February 21, 2024. An inspiration to the Arizona arts community and the world, Ed will forever be remembered as the originator of some of the most iconic depictions of the desert landscape.

A Phoenix native, Ed was born in 1942 and at a very young age was drawn to the arts. He went on to graduate from Phoenix Junior College and the ArtCenter College of Design in Pasadena. After a six-year stint in New York City where he pursued his interest in commercial advertising, Ed aspired to have greater creative freedom which he was only able to find back in his home state of Arizona. In 1970, Ed accepted a teaching position on the Hopi Reservation during which he rediscovered the charm and beauty of the desert. Ed then relocated to Phoenix and in the decades that followed, he became one of the most respected and venerated artists of Arizona, dedicated to capturing the Southwest desert landscape.

Throughout his long career, museums and galleries around the globe exhibited his work, while private collectors sought the chance to add one of his pieces to their possessions. Although recognized globally for artistic accolades, Ed will always be remembered as generous and kind. He was a devoted friend and a loving and proud husband and father. Beyond his personal relationships, Ed's impact can be seen in numerous city projects including the imposing bronze rider astride a bucking horse in the middle of Old Town Scottsdale and his U.S. Postal Service Centennial stamp.

Ed's depictions of the vibrant Arizona sunsets, sweeping vistas, and dramatic mountains will forever cement him as one of the greatest landscape artists of all time. Ed is survived by his wife, Rose Marie, and his son, Carson, along with a deeply admiring and extensive fan base.

I thank Ed for his years of inspiration and dedication. Godspeed.

Daily Digest

HIGHLIGHTS

See *Résumé of Congressional Activity*.

Senate

Chamber Action

Routine Proceedings, pages S1095–S2216

Measures Introduced: Fifteen bills and three resolutions were introduced, as follows: S. 3860–3874, and S. Res. 571–573. **Pages S2212–13**

Consolidated Appropriations Act, 2024—Agreement: A unanimous-consent agreement was reached to print and include in the *Congressional Record* at the appropriate place the joint explanatory statement to accompany H.R. 4366, making appropriations for military construction, the Department of Veterans Affairs, and related agencies for the fiscal year ending September 30, 2024, with the technical and conforming edits made in the copy at the desk, including the removal of a House CPF project and Senate CDS project, both at the request of Members. **Pages S1104–S2207**

Message from the President: Senate received the following message from the President of the United States:

Transmitting, pursuant to law, a report of the continuation of the national emergency that was originally declared in Executive Order 13692 of March 8, 2015, with respect to the situation in Venezuela; which was referred to the Committee on Banking, Housing, and Urban Affairs. (PM–40)

Pages S2209–10

Keohane Nomination—Agreement: Senate resumed consideration of the nomination of Ronald T. Keohane, of New York, to be an Assistant Secretary of Defense. **Pages S1097, S1101–04**

During consideration of this nomination today, Senate also took the following action:

By 65 yeas to 29 nays (Vote No. EX. 68), Senate agreed to the motion to close further debate on the nomination. **Page S1101**

A unanimous-consent agreement was reached providing for further consideration of the nomination, post-cloture, at approximately 10 a.m., on Wednesday,

March 6, 2024; that all time be considered expired at 11:30 a.m.; that at 2:15 p.m., if cloture has been invoked on the nomination of Moshe Z. Marvit, of Pennsylvania, to be a Member of the Federal Mine Safety and Health Review Commission, Senate vote on confirmation of the nomination; and that if cloture is invoked on the nomination of Cathy Ann Harris, of Maryland, to be Chairman of the Merit Systems Protection Board, all time be considered expired at 5:45 p.m. **Page S2216**

Noti Nomination—Cloture: Senate began consideration of the nomination of Adrienne Jennings Noti, of the District of Columbia, to be an Associate Judge of the Superior Court of the District of Columbia. **Pages S1097–S1101**

A motion was entered to close further debate on the nomination, and, in accordance with the provisions of Rule XXII of the Standing Rules of the Senate, a vote on cloture will occur upon disposition of the nomination of Cathy Ann Harris, of Maryland, to be Chairman of the Merit Systems Protection Board. **Page S1097**

Prior to the consideration of this nomination, Senate took the following action:

Senate agreed to the motion to proceed to Legislative Session. **Page S1097**

Senate agreed to the motion to proceed to Executive Session to consider the nomination. **Page S1097**

Doc. 118–114). **Page H805**

Quorum Calls—Votes: Two yea-and-nay votes developed during the proceedings of today and appear on pages H805–06 and H806.

Adjournment: The House met at 12 p.m. and adjourned at 9:02 p.m.

Committee Meetings

EXPANDING ACCESS TO CAPITAL ACT OF 2023; LAKEN RILEY ACT

Committee on Rules: Full Committee held a hearing on H.R. 2799, the “Expanding Access to Capital Act of 2023”; and H.R. 7511, the “Laken Riley Act”. The Committee granted, by a record vote of 9–3, a rule providing for consideration of H.R. 2799, the “Expanding Access to Capital Act of 2023”, and H.R. 7511, the “Laken Riley Act”. The rule provides for consideration of H.R. 2799, the “Expanding Access to Capital Act of 2023”, under a structured rule. The rule waives all points of order against consideration of the bill. The rule provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Financial Services or their respective designees. The rule provides that the amendment in the nature of a substitute recommended by the Committee on Financial Services now printed in the bill, modified by the amendment printed in part A of the report, shall be considered as adopted, and the bill, as amended, shall be considered as read. The rule waives all points of order against provisions in the bill, as amended. The rule makes in order only those further amendments printed in part B of the report. Each amendment shall be considered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question. The rule waives all points of order against the amendments printed in part B of the report. The rule provides for one motion to recommit. The rule further provides for consideration of H.R. 7511, the “Laken Riley Act”, under a closed rule. The rule waives all points of order against consideration of the bill. The rule provides that the bill shall be considered as read. The rule waives all points of order against provisions in the bill. The rule provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on the Judiciary or their respective designees. The rule provides for one motion to recommit. Testimony was heard from Chairman McHenry, and Representatives Garcia of Texas, Cline, and Nadler.

Joint Meetings

No joint committee meetings were held.

NEW PUBLIC LAWS

(For last listing of Public Laws, see DAILY DIGEST, p. D175)

H.R. 7463, making further continuing appropriations for fiscal year 2024. Signed on March 1, 2024. (Public Law 118–40)

Next Meeting of the SENATE

10 a.m., Wednesday, March 6

Next Meeting of the HOUSE OF REPRESENTATIVES

10 a.m., Wednesday, March 6

Senate Chamber

Program for Wednesday: Senate will continue consideration of the nomination of Ronald T. Keohane, of New York, to be an Assistant Secretary of Defense, post-cloture, and vote on confirmation thereon at 11:30 a.m.

Following disposition of the nomination of Ronald T. Keohane, Senate will vote on the motion to invoke cloture on the nomination of Moshe Z. Marvit, of Pennsylvania, to be a Member of the Federal Mine Safety and Health Review Commission. If cloture is invoked on the nomination, Senate will vote on confirmation thereon at 2:15 p.m.

Following disposition of the nomination of Moshe Z. Marvit, Senate will vote on the motion to invoke cloture on the nomination of Cathy Ann Harris, of Maryland, to be Chairman of the Merit Systems Protection Board. If cloture is invoked on the nomination, Senate will vote on confirmation thereon at 5:45 p.m.

(Senate will recess following the vote on the motion to invoke cloture on the nomination of Moshe Z. Marvit until 2:15 p.m. for their respective party conferences.)

House Chamber

Program for Wednesday: Consideration of H.R. 2799—Expanding Access to Capital Act (Subject to a Rule).
