Notes

1. Total cargo includes total cargo area and total cargo space with seats folded down.
2. All vehicles (except Tesla models) come with a Level 1 (120V) charger capable of plugging into 3 prong electrical wall outlets. All vehicles are capable of Level 2 (240V) charging. All vehicles (except Tesla models) come with a J1772 connector for Level 2 charging. For Tesla models, a J1772 adapter comes standard for charging at non-Tesla Level 2 stations. All vehicles (except Tesla models and the Nissan Leaf) come standard with a CCS connector for DC Fast charging. For Tesla models, a CCS Adapter comes standard for charging at non-Tesla DC Fast stations. The Nissan Leaf comes standard with a CHAdeMO connector for DC Fast charging. All Tesla models come standard with a Level 2 wall station (installation required).
3. The base Mach-E (non-GT trim) cannot support additional loads beyond the vehicle's standard equipment (upfitting). Do not use this vehicle configuration for applications that require aftermarket equipment. For LE upfitting capability to support additional loads select option "LE" on SIN 96E AWD for the upgraded GT Trim which adds \$20,300.
4. For further information on each model, please refer to the Federal Standards or to AutoChoice.
5. Details on Law Enforcement packages for ZEVs will be available after upfit packages have been finalized.
6. Other vehicle types and models will be added as awards are finalized.
