

XXXI GA Business Sessions

26 August 2021

IAU Honorary Member Richard Huziak

Nominated by Canadian Astronomical Society

Amateur astronomer who has made many contributions to variable star astronomy, fireball and meteorite science and light pollution abatement. He was the second person to see, and thus confirmed, the discovery of Comet P/2001 Petriew. He is a long-time member of the Royal Astronomical Society of Canada and the American Association of Variable Star Observers. He has co-authored and provided photometry for more than a dozen research papers on variable stars. Asteroid 4143 Huziak is named after him.
